

Grand Lake Health System Selects Allscripts Sunrise(TM)

May 8, 2015

Sunrise Acute Suite Provides Comprehensive Single Patient Record

CHICAGO, May 8, 2015 (GLOBE NEWSWIRE) -- Grand Lake Health System of St. Marys, OH, U.S.A., selected the [Allscripts](#) (Nasdaq:MDRX) Sunrise™ platform as the core electronic health record (EHR) for its community of medical centers.

Grand Lake Health System, which has selected the Allscripts Sunrise suite to further its commitment to community health strategy by creating a comprehensive single patient record that supports acute, ambulatory, clinical, emergency, surgical care and post-acute home care. The organization will also use Sunrise to support enhancement of the patient-care management processes. Grand Lake Health System intends to use the comprehensive Sunrise suite for all venues of care along with Sunrise's enhanced revenue cycle management solution to support today's value based reimbursement model.

"With Sunrise, we are committed to delivering an integrated community of care based on industry best practices and protocols," said Lori Miller, CIO of Grand Lake Health System. "Sunrise will help enable our care providers to deliver value-based care with access to data that can help drive continuous enhancements to our ability to provide the Grand Patient Experience."

Allscripts Sunrise is an integrated suite of solutions for emergency, acute, post-acute, ambulatory, and revenue cycle. Used by many of the leading hospitals and health systems in the world, Allscripts Sunrise is a highly configurable solution that offers clinician-specific workflows that help drive adoption of clinical decision support that can lead to improved outcomes.

"The flexibility and robustness of Allscripts Sunrise will help empower Grand Lake Health System to better serve its patient population in a way that best fits its community," said Senior Vice President of Field Sales Steve Holmquist. "Our partnership with Grand Lake Health System will help bring a more seamless and enhanced experience for the Grand Lake clinicians and patients to whom they provide service."
