

Allscripts Expands Patient Administration System Presence in United Kingdom

May 26, 2015

Allscripts Signs Two New PAS Clients

LONDON, May 26, 2015 (GLOBE NEWSWIRE) -- [Allscripts](#) (Nasdaq:MDRX) is pleased to announce [East Kent Hospitals University NHS Foundation Trust](#) and [Maidstone and Tunbridge Wells NHS Trust](#) have each signed an agreement to deploy Allscripts PAS™. The Allscripts PAS will replace the Trusts' existing system and will empower the organisations to use a highly flexible and configurable solution to manage patient data. Allscripts PAS is used across the National Health Service (NHS) in more than a dozen trusts and hospitals.

"East Kent is committed to 'putting patients first,' and our agreement to deploy the Allscripts PAS will help us better deliver value-added comprehensive client care," said Andrew Barker, Chief Information Officer. "Allscripts has shown that it offers a value-added, best-in-class solution, for us to keep on delivering excellent care for patients."

"At Maidstone and Tunbridge, patients are our number-one focus, and we look forward to further enhancing their experience through Allscripts PAS," said Angela Gallagher, Chief Operating Officer. "The integrated workflow and the flexibility of the solution will enable our organisation to continually improve the efficiency of our care and make smarter decisions for our patients."

"East Kent and Maidstone and Tunbridge support our vision for how to transform health care in the UK," said Rich Berner, President of Allscripts International. "We are honored to have them join the Allscripts family and look forward to partnering with these NHS trusts to help them better serve their communities with greater quality and efficiency."

These deployments reflect Allscripts continued expansion and progress in the UK. Last month, the company was awarded a place on the NHS SBS Clinical Information Systems Framework. The Framework can help NHS Trusts by providing access to critical technology like the solutions Allscripts' offer, reducing procurement costs and enabling the NHS Trusts to localise their requirements. Allscripts was named in five of the six SBS categories.

About Allscripts

Allscripts (Nasdaq:MDRX) is a leader in healthcare information technology solutions that advance clinical, financial and operational results. Our innovative solutions connect people, places and data across an Open, Connected Community of Health™. Connectivity empowers caregivers to make better decisions and deliver better care for healthier populations.
