## Wyckoff Heights Medical Center selects Allscripts Sunrise™

August 1, 2016

### New York metropolitan area hospital builds on partnership with Allscripts

CHICAGO, Aug. 01, 2016 (GLOBE NEWSWIRE) -- In the second quarter of 2016, Wyckoff Heights Medical Center expanded its relationship with Allscripts (NASDAQ:MDRX) by selecting the Sunrise solution to replace its legacy electronic health record (EHR) and provide an integrated patient record and support revenue cycle management. In addition, the Medical Center also chose Allscripts Staff Augmentation for its Managed Services & Professional Services.

Wyckoff Heights Medical Center is a 350-bed teaching hospital that sees 90,000 visits annually in its pediatric/adult emergency departments and offers outpatient services through a network of community ambulatory care centers. The organization will use the integrated suite of Allscripts Sunrise solutions for acute care, radiology and revenue cycle management, which will help lead the transition to value-added care and improve clinical decision support. An existing Allscripts ED™ and Allscripts® Care Management client, Wyckoff chose to build on its success and take advantage of Sunrise's clinical functionality.

"Wyckoff Heights Medical Center is excited to continue our partnership with Allscripts and join our peers in the  New York metropolitan area who use Allscripts Sunrise solutions to deliver superior care," said  Ramon Rodriguez, President and CEO of Wyckoff Heights Medical Center. "Our community of clinicians and patients will benefit greatly from the enhanced functionally and support it provides across care settings."

Used by many of the leading hospitals and health systems in the world, Sunrise is a highly configurable solution that offers clinician-specific workflows that help drive adoption of clinical decision support that leads to improved outcomes.

"Wyckoff Heights Medical Center is taking a leap forward in how it delivers care to the greater  New York metropolitan area," said  John Sage, Allscripts Senior Vice President, Client Organization. "We look forward to continuing our partnership and helping this organization deliver excellent care while evolving to a value-based model."
