Healthcare organization furthers commitment to community health strategy by adding Sunrise™ solution suite

CHICAGO, July 31, 2017 (GLOBE NEWSWIRE) -- Catholic Medical Center (CMC) in Manchester, NH has expanded its portfolio of Allscripts (NASDAQ:MDRX) solutions to offer a fully-integrated, patient-centered healthcare information system. The multi-year expansion, signed in the second quarter of 2017, leverages CMC's current footprint with Allscripts and adds the integrated suite of Sunrise™ solutions to drive adoption of clinical decision support and improve patient outcomes. The expansion includes Sunrise Ambulatory Care, Sunrise Emergency Care, Sunrise Surgical Care, Sunrise Radiology, Sunrise Financial Manager, Sunrise Enterprise Registration and Scheduling, Sunrise Critical Care, Sunrise Mobile MD and Sunrise Mobile Care. In addition, the healthcare organization will also implement iProcedures to collect, share and analyze critical data, and Allscripts FollowMyHealth® for its patient portal. CMC currently uses Sunrise Acute Care, Sunrise Critical Care and Sunrise Pharmacy.

Catholic Medical Center is a 330-bed not-for-profit, full-service acute care hospital located in Manchester, New Hampshire, United States. CMC offers medical-surgical care with more than 26 subspecialties, inpatient and outpatient services, primary care, diagnostic imaging and a 30-bed 24-hour emergency department. It is home to the New England Heart & Vascular Institute and is a member of GraniteOne Health, an organization dedicated to providing accessible, patient-centered, high quality care through exceptional collaboration and integration across the continuum of health. CMC made the decision to expand its vision of a fully-integrated system by collaborating with Allscripts to more efficiently and effectively provide superior health services to patients in its community.

"As one of New Hampshire's largest healthcare organizations, we are committed to our vision of becoming the finest customer experience, lowest cost and best outcome provider in the region and as such, we are pleased to have partnered with Allscripts to help us accomplish our vision," said Catholic Medical Center's President and Chief Executive Officer Joseph Pepe, MD.

"Allscripts has been a collaborative partner with CMC for a solid 13 years," Catholic Medical Center's Vice President and Chief Information Officer Tom Della Flora. "Having access to a single, comprehensive patient record within our home system--which integrates all departments, as well as inpatient and ambulatory care settings--will help us improve patient care, satisfaction and outcomes."

Sunrise offers an intelligent, comprehensive suite of electronic health record (EHR) solutions. Built on an Open platform with advanced clinical decision support, Sunrise provides immediate analysis and insights, extending across inpatient, ambulatory, emergency and other high-acuity care settings. The suite of solutions delivers a single patient record, seamless workflows and consolidated analytics for the entire organization.

"CMC and Allscripts have enjoyed a long, productive and innovative collaboration," said Allscripts Chief Executive Officer Paul M. Black. "The healthcare organization shares our commitment to an Open, connected community of health and we applaud CMC's partnership with other New Hampshire health systems to provide better, more seamless and less expensive healthcare for patients."
