

Automated Medical Chart Retrieval Expands to 300,000+ U.S. Healthcare Providers via Veradigm eChart Courier

October 3, 2024

The Veradigm Network continues to expand, driving value while saving time for healthcare providers and payers

CHICAGO--(BUSINESS WIRE)--Oct. 3, 2024-- [Veradigm®](#) (OTCMKTS: MDRX), a leading provider of healthcare data and technology solutions, announced today that more than 300,000 healthcare providers throughout the United States are currently using its automated medical chart retrieval solution, Veradigm eChart Courier.

This milestone reflects the growing demand for solutions that improve efficiency, reduce administrative burden, and seamlessly connect healthcare providers and payers.

"Manual chart chasing is time consuming and resource intensive for health plans and providers," said Tom Langan, Interim CEO, President and Chief Commercial Officer of Veradigm. "Veradigm is committed to helping health care providers, health plans, and other healthcare stakeholders control costs and optimize health outcomes through actionable insights and innovative tools such as eChart Courier."

Veradigm eChart Courier is an easy-to-use solution that helps save time, resources, and expenses for providers and health plans by automating the medical chart retrieval process. It delivers medical records securely via electronic transfer and provides clinical data to health plans in an easy-to-digest format for analysis.

"Ensuring a practice is running efficiently can be a challenge, but Veradigm eChart Courier has made the process of managing medical record requests much easier," said Keri Straub of Clinix Center for Health. "By automating the process, we've reduced time spent on paperwork and improved our compliance with health plan requirements, all while allowing our clinical team to focus more on patient care."
