(Attach extra Sheets if Needed)

Veradigm Inc. (the "Company") is filing this Notification of Late Filing on Form 12b-25 with respect to its Annual Report on Form 10-K for the fiscal year ended December 31, 2023 (the "2023 Form 10-K"). The Company has determined that it is unable to file its 2023 Form 10-K within the prescribed time period provided by the applicable rules of the U.S. Securities and Exchange Commission (the "SEC") without unreasonable effort and expense.

On March 22, 2023, the Company's Board of Directors (the "Board"), after discussion with management, reached a determination that the Company's consolidated financial statements and related disclosures as of and for the year ended December 31, 2021 included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2021, as of and for the interim periods ended March 31, 2021, June 30, 2021 and September 30, 2021 included in

its Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2021, June 30, 2021 and September 30, 2021, respectively, and as of and for the interim periods ended March 31, 2022, June 30, 2022, and September 30, 2022 included in its Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2022, June 30, 2022, and September 30, 2022, respectively, should no longer be relied upon because of misstatements to the Company's previously reported revenue resulting from certain internal control failures. The internal control failures identified at that time primarily stem from accounting processes and a software tool implemented by the Company in order to comply with the requirements of FASB's rule ASC 606. Testing during the fiscal quarter ended December 31, 2022 highlighted some duplicate transactions and other errors impacting the results the Company had reported. An extended timeline then arose from the need to build a new supplemental revenue system tool and the extensive manual work to aggregate and map the Company's historical transaction data into the new system tool. In addition, the Audit Committee of the Board began independently investigating other matters relating to the Company's financial reporting, internal controls over financial reporting, and disclosure controls, which investigation (the "Audit Committee Investigation") is ongoing.

Because of the internal control failures described above and the ongoing Audit Committee Investigation, the Company has been unable to file its Annual Report on Form 10-K for the fiscal year ended December 31, 2022 (the "2022 Form 10-K"), its Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2023 (the "Q1 Form 10-Q"), its Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2023 (the "Q2 Form 10-Q") or its Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2023 (the "Q3 Form 10-Q" and, together with the Q1 Form 10-Q and the Q2 Form 10-Q, the "2023 Form 10-Qs"). Accordingly, the Company has also not yet filed its 2023 Form 10-K.

On February 27, 2024, the Company received a notice from The Nasdaq Stock Market LLC ("Nasdaq") indicating that the Nasdaq Hearings Panel determined to delist the common stock of the Company from Nasdaq (the "Delisting Decision") due to the Company remaining noncompliant with Nasdaq Listing Rule 5250(c)(1), because the Company has not filed the 2022 Form 10-K and the 2023 Form 10-Qs, and Nasdaq Listing Rule 5620(a), which requires companies listing common stock to hold an annual meeting of stockholders no later than one year after the end of the company's fiscal year.

The Company is working diligently to file the 2022 Form 10-K, the 2023 Form 10-Qs and the 2023 Form 10-K, and ultimately to regain compliance with all of the Nasdaq Listing Rules and restore its listing as soon as practicable; however, no assurance can be given as to the definitive date on which such periodic reports will be filed or whether the Company will ultimately regain compliance with all of the Nasdaq Listing Rules and return to being listed on The Nasdaq Global Select Market in the future.

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes  No

The 2022 Form 10-K, Q1 Form 10-Q, Q2 Form 10-Q and Q3 Form 10-Q have not been filed.

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

On May 2, 2022, the Company sold substantially all of the assets of its Hospitals and Large Physician Practices Business. The Hospitals and Large Physician Practices Business sale represented a strategic shift and a significant change on the Company's operations and financial results. Accordingly, as of June 30, 2022, the Company reported the Hospitals and Large Physician Practices Business as discontinued operations. Prior to the sale, the Hospitals and Large Physician Practices Business was part of the former Hospitals and Large Physician Practices reportable segment and was included in the Company's results of operations for the 2021 fiscal year. These changes are unrelated to the delay in filing the 2022 Form 10-K or the 2023 Form 10-K.

As of the date hereof, the Company anticipates that the cumulative impact of the internal control failures noted above will be approximately \$20 million and will not materially exceed 3% of full year revenue from continuing operations for 2021 and 2022. A portion of this impact is also expected to relate to 2020, and the Company is reviewing whether a restatement of the Company's financial statements as of and for the year ended 2020 will be required. The Company has determined that the impact for 2021 will require a restatement of the Company's financial statements as of and for the year ended December 31, 2021, and these restated amounts will accompany the 2022 Form 10-K filing. The Company also expects that there will be an impact on the Company's revenue from discontinued operations for the corresponding periods.

As of the date hereof, the potential adjustments to the Company's previously issued financial statements prepared in accordance with US generally accepted accounting principles that have been identified as a result of the Audit Committee Investigation are non-cash items relating to the timing of certain impairments and accrual amounts. However, the Audit Committee Investigation remains ongoing, and additional adjustments may be identified.

Except to the extent related to the internal control failures noted above and the Audit Committee Investigation, no significant changes in results of operations for fiscal year 2023 as compared to fiscal year 2022 are expected to be reflected by the earnings statements to be included in the 2023 Form 10-K.

#### DISCLOSURE REGARDING FORWARD-LOOKING INFORMATION

This Form 12b-25 contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include, but are not limited to, statements regarding the Company's beliefs and expectations relating to the filing of the 2022 Form 10-K, the 2023 Form 10-Qs and the 2023 Form 10-K, the financial impacts of the misstatements, the financial results of the Company for fiscal year 2023, the financial and other impacts of the items subject to the Audit Committee Investigation, the impacts of the material weakness or weaknesses identified and the Company's remediation efforts. These forward-looking statements are based on the current beliefs and expectations of the Company's

Important factors that may cause actual results to differ materially from those in the forward-looking statements include, but are not limited to, a further material delay in the Company’s financial reporting or ability to hold an annual meeting of stockholders, including as a result of the leadership changes announced in December 2023; an inability to timely prepare restated financial statements; unanticipated factors or factors that the Company currently believes will not cause delay; the impacts of the Audit Committee Investigation, including on the Company’s remediation efforts and preparation of financial statements or other factors that could cause additional delay or adjustments; the possibility that the ongoing review may identify additional errors and material weaknesses or other deficiencies in the Company’s accounting practices; the likelihood that the control deficiencies identified or that may be identified in the future will result in additional material weaknesses in the Company’s internal control over financial reporting; risks relating to the Company’s voluntary disclosure to the SEC of information concerning the Audit Committee Investigation; risks relating to the putative securities class action lawsuit filed against the Company and any other future litigation or investigation relating to the Audit Committee Investigation; risks relating to the Company’s common stock not trading on a national securities exchange, including risks relating to the fact that in the event the Company’s common stock ceases to be listed or quoted on Nasdaq, holders of the Company’s convertible notes have the right to put the notes to the Company or convert the notes into Company stock at the conversion price and applicable make-whole set forth in the indenture governing the notes, and other factors contained in the “Risk Factors” section and elsewhere in the Company’s filings with the SEC from time to time, including, but not limited to, the Company’s Current Report on Form 8-K filed on January 10, 2024.
