Safe Harbor for Forward-Looking Statements

This report contains forward-looking statements within the meaning of the federal securities laws that involve risks and uncertainties. We develop forward-looking statements by combining currently available information with our beliefs and assumptions. These statements relate to future events, including our future performance, and management's expectations, beliefs, intentions, plans or projections relating to the future and some of these statements can be identified by the use of forward-looking terminology such as "believes," "expects," "anticipates," "estimates," "projects," "intends," "seeks," "future," "continue," "contemplate," "would," "will," "may," "should," and the negative or other variations of those terms or comparable terminology or by discussion of strategy, plans, opportunities or intentions. As a result, actual results, performance or achievements may vary materially from those anticipated by the forward-looking statements.

Among the factors that could cause actual results, performance or achievements to differ materially from those indicated by such forward-looking statements are:

- the possibility that our current initiatives focused on product delivery, client experience, streamlining our cost structure, and financial performance may not be successful, which could result in customer attrition;
- the impact of the realignment of our sales and services organization;
- potential difficulties or delays in achieving platform and product integration and the connection and movement of data among hospitals, physicians, patients and others;
- the risk that we will not achieve the strategic benefits of the merger (the "Eclipsys Merger") with Eclipsys Corporation (Eclipsys), or that the Allscripts and Eclipsys products will not be integrated successfully;
- competition within the industries in which we operate, including the risk that existing clients will switch to products of competitors;
- failure to maintain interoperability certification pursuant to the Health Information Technology for Economic and Clinical Health Act, with resulting increases in development and other costs for us and possibly putting us at a competitive disadvantage in the marketplace;
- the volume and timing of systems sales and installations, the length of sales cycles and the installation process and the possibility that our products will not achieve or sustain market acceptance;
- the timing, cost and success or failure of new product and service introductions, development and product upgrade releases;
- we may incur costs or customer losses relating to the standardization of our small office electronic health record and practice management systems that could adversely affect our results of operations;
- competitive pressures including product offerings, pricing and promotional activities;
- our ability to establish and maintain strategic relationships;
- errors or similar problems in our software products or other product quality issues;
- the outcome of any legal proceeding that has been or may be instituted against us and others;
- compliance obligations under new and existing laws, regulations and industry initiatives, including new regulations relating to HIPAA/HITECH, increasing enforcement activity in respect of anti-bribery, fraud and abuse, privacy, and similar laws, and future changes in laws or regulations in the healthcare industry, including possible regulation of our software by the U.S. Food and Drug Administration;
- the possibility of product-related liabilities;
- our ability to attract and retain qualified personnel;
- the continued implementation and ongoing acceptance of the electronic record provisions of the American Recovery and Reinvestment Act of 2009, as well as elements of the Patient Protection and Affordable Care Act (aka health reform) which pertain to healthcare IT adoption, including uncertainly related to changes in reimbursement methodology and the shift to pay-for-outcomes;

- maintaining our intellectual property rights and litigation involving intellectual property rights;
- legislative, regulatory and economic developments;
- risks related to third-party suppliers and our ability to obtain, use or successfully integrate third-party licensed technology;
- breach of data security by third parties and unauthorized access to patient health information by third parties resulting in enforcement actions, fines and other litigation; and
- those factors discussed in “Risk Factors” in our periodic filings with the Securities and Exchange Commission (the “SEC”).

We make these statements under the protection afforded by Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Because forward-looking statements are subject to assumptions and uncertainties, actual results, performance or achievements may differ materially from those expressed or implied by such forward-looking statements. Stockholders are cautioned not to place undue reliance on such statements, which speak only as of the date such statements are made. Except to the extent required by applicable law or regulation, Allscripts undertakes no obligation to revise or update any forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.

PART I

Item 1. Business

Overview

Allscripts is a leading provider of healthcare clinical, financial, connectivity and information solutions and related professional services that empower hospitals, physicians and post-acute organizations, such as nursing homes, to deliver world-class outcomes. We deliver innovative solutions that provide healthcare professionals with the information, insights and connectivity with the goal of transforming healthcare by improving the quality and efficiency of patient care.

We provide a variety of integrated clinical software applications for hospitals, physician practices and post-acute organizations. For hospitals and health systems these applications include our Sunrise Enterprise suite of clinical solutions, comprising a full acute care Electronic Health Record (“EHR”), integrated with financial/administrative solutions including performance management and revenue cycle/access management. Our hospital and health system solutions include modules of the Sunrise suite that are available on a stand-alone basis, as well as additional stand-alone solutions including Emergency Department Information System (“EDIS”), care management and discharge management. Allscripts IT Outsourcing enables hospitals and physician groups to concentrate on their core mission while using IT to improve clinical, financial and operational outcomes. Allscripts Remote Hosting helps healthcare organizations manage their complex healthcare IT solutions infrastructure while freeing up the physical space, resources and costs associated with maintaining computer servers and deploying client-based applications on-site.

For physician practices of every size and kind, our solutions include: integrated EHR and practice management functionality available either via traditional on-premise delivery or via Software-as-a-Service (“SaaS”) (such solutions are also available independent of one another); revenue cycle management software and our new Revenue Cycle Management Services solution, which enables practices to outsource their full revenue cycle to us or address requirements in-house; clearinghouse services; stand-alone electronic prescribing; and document imaging solutions for physician practices. We also provide a variety of solutions for home care, hospice, skilled nursing, and other post-acute organizations; these range from a fully integrated EHR and financial management solution to Referral Management.

Clients in every care setting can leverage Allscripts mobile solutions to deliver remote access to EHR and other capabilities on a wide variety of mobile devices including iPad, iPhone, BlackBerry, Android and Windows Mobile smartphones. Additional add-on applications include our Patient Portal, Patient Kiosk, Prenatal, and Analytics solutions. Our community-based solutions for hospitals and health systems, provided in partnership with dbMotion, deliver meaningful health information exchange and enable information connectivity across entire communities of providers, regardless of what technology vendor they use, helping our clients to compete in an evolving marketplace.

We primarily derive our revenue from sales of our proprietary software and related hardware, professional services and IT outsourcing services. These sales also are the basis for our recurring service contracts for software maintenance and certain transaction processing services. Prior to this year, we used three reportable segments: Clinical Solutions, Hospital Solutions, and Health Solutions. In connection with the integration of the Eclipsys operations, in 2012 we realigned certain functions within our business. This realignment included the integration of our sales and services functions in the first quarter of 2012 as well as our solutions research and development team. After the realignment and based on the information used by management for making operating decisions and assessing performance, we identified the following reportable segments: Software Delivery, Services Delivery, Client Support, Pathway Solutions and IT Outsourcing.

Eclipsys Merger

The combination of Allscripts and Eclipsys in 2010 has produced a larger, more competitive and complete solutions provider within the healthcare information technology industry. Today we bring to market one of the

[Table of Contents](#)

most comprehensive solution offerings for healthcare organizations of every size and setting. We provide a single platform of clinical, financial, connectivity and information solutions for every segment of the acute, ambulatory and post-acute market.

Given our unique breadth of solutions and customer types, we are ideally positioned to connect physicians, other care providers and patients across all health care provider settings including hospitals, small or large physician practices, post-acute facilities, or a home care setting. We provide one of the broadest suites of applications available in healthcare, enabling our clients to connect caregivers, provide information where and when needed, and generate insights that lead to better clinical and financial outcomes. We are well-positioned to compete for opportunities among large hospitals and health systems that increasingly are looking to one information technology vendor to provide a single, end-to-end solution across all points of care.

At the same time, our unique service-oriented architecture enables hospitals and health systems to pursue a best-of-class strategy that protects their current IT investments and applications without the added expense of the rip-and-replace strategy promoted by many acute care competitors. Moreover, our ability to field interoperable, vendor-agnostic solutions built on an “open” IT architecture provides us a competitive edge by enabling hospitals to easily connect their IT systems with those of affiliated physicians who use systems from another vendor. Hospitals view their affiliated base of referring physicians as important clinical partners, so information connectivity with these physicians streamlines the referral process and strengthens bonds with a key business constituency.

Our Competitive Strengths

We believe that the following competitive strengths are the keys to our success:

Industry-Leading Solutions

We have been an innovator in the development and adoption of healthcare information technology solutions. We believe our clinical and healthcare solutions provide the following advantages:

- **Client Reach.** Healthcare providers can instantly access our web-based clinical solutions from the hospital, the clinic or remote locations. Providers appreciate the convenience of remote connectivity that enables them to easily perform critical tasks such as documenting patient visits, reviewing lab results and writing prescriptions after hours and while on call. In addition to the standard desktop computers, our solutions run on a wide variety of mobile devices including tablet PCs, every major smartphone, desktop workstations and other wireless devices.
- **Innovation.** Allscripts has developed a reputation for innovation through the introduction of pioneering new products. Recent examples include:
 - In 2012 we released Allscripts Wand™, our native iPad® application for Enterprise and Professional EHR. It couples the latest in tablet technology with the latest in user-experience innovation for a revolutionary approach to how clinicians practice medicine. Wand enables the mobile healthcare professional to move between their desktop and iPad for patient consultations and management. The result is a streamlined workflow and faster access to data.
 - Sunrise Mobile MD, a mobile solution that offers physicians greater control of the patient encounter on an Apple iPhone® or iPod touch®. Sunrise Mobile MD is built on the company’s industry-defining open platform to enable proprietary, native integration with the Sunrise Enterprise 5.5 suite. Physicians using the Allscripts iPhone application gain direct access to and from the Sunrise Enterprise electronic health record enabling them to remotely monitor their hospitalized patients.
 - Allscripts Remote, the ambulatory corollary to Sunrise Mobile MD, enables physicians to access their Allscripts ambulatory EHR using an iPhone™, iPod touch®, BlackBerry®, Windows Mobile® or Android® smartphone. Capabilities include quick access to real-time patient summary information; fast communication to local hospital emergency rooms; convenient ePrescribing to the patient’s regular pharmacy; and real-time access to all the information a physician needs to make decisions, including medical history, lab results and medications.

[Table of Contents](#)

- Allscripts Patient Kiosk is the first kiosk from a major practice management and EHR vendor. The kiosk connects to our EHR and practice management solutions to enable patients to quickly check-in, pay their co-pays using a credit card and conduct other business while taking control of their own healthcare with a dashboard view of all their personal information, including a complete health maintenance plan and alerts about upcoming or overdue tests.
- The Allscripts Developer Program (ADP) enables clients and third parties to use Allscripts technology to natively integrate their applications with our clinical and business performance solutions. Clients can search the Allscripts Application Store & Exchange (ASX) to select or share applications developed through the ADP. By enabling Allscripts clients to easily locate and exchange technologies that are natively integrated with Sunrise Enterprise, ASX protects their existing technology investments and helps avoid expensive rip-and-replace situations. In October 2012, Allscripts launched a \$1 million health innovation program, called the Open App Challenge. The program challenges developers and vendors to create and integrate applications that become an extension of Allscripts Open Electronic Health Records software. The goal is to make it easier for providers to add new apps to their workflow to improve patient outcomes in a measurable way. The program will feature awards for apps focused on the management of high cost chronic diseases and value-based care imperatives.
- Allscripts Revenue Cycle Management Services (RCM Services) is an end-to-end, integrated financial and administrative management solution for physician practices. The SaaS business solution requires no new hardware or up-front costs, and is designed to meet the regulatory requirements of health reform. Allscripts RCM Services provides physician practices of every size and specialty with a complete outsourced revenue cycle solution that is paid for on an ongoing basis, as a percentage of their monthly collections. The turnkey, full-service billing and collections solution manages the entire revenue cycle continuum, from operational planning to final collections and denials management—all working in synch to drive out costs and drive in cash flow.
- **SaaS solutions.** By making a wide variety of our solutions available on-demand over the Internet using a web browser we believe we have significantly increased their ease of adoption. This capability is especially important for physicians in independent practice and small groups who lack the resources and know-how to manage an on-premise software application. Notably, SaaS delivers all of the benefits of a “cloud-based” approach to delivering software while also providing the rich features and functionality of traditional software, which can be limited in some cloud-based healthcare IT architectures. Furthermore, our approach is a prudent response to persistent concerns with data privacy in the cloud. We believe our SaaS approach to on-demand software offers significant future flexibility without sacrificing current performance.
- **Interoperability.** Our products are designed to operate with existing installed systems, in both ambulatory and acute settings. Our open architecture platform enables vendor freedom of choice to our clients and brings the management of healthcare technology into the modern age. The platform is intended to reduce the costs and resource demands hospitals experience in managing hundreds of vendor systems while effectively ending the battle between best-of-breed applications versus enterprise solutions. This platform opens the door to clients and third parties to natively build applications without the need for interfaces, thus providing a cost of ownership that can be dramatically lower than a single vendor with a closed proprietary architecture. Additionally, by making it easy for clients to deploy our Sunrise Enterprise and SCM solutions in combination with their existing IT assets, we can deliver Sunrise at a total-cost-of-ownership that is more manageable for mid-sized community hospitals than a total rip-and-replace approach, a model we believe represents a significant market opportunity.
- **Enhancing the Revenue Cycle.** We focus on making it easier for our clients to access new opportunities for financial gain through a variety of revenue cycle solutions. In particular, we believe that our Payerpath solution is one of the leading revenue cycle management and clearinghouse services in the United States with more than 600 million revenue cycle management transactions processed each year. Available on a stand-alone basis or integrated with our practice management systems, Payerpath’s comprehensive suite of internet solutions addresses every step in the reimbursement cycle for physician

[Table of Contents](#)

practices, clearinghouses and payers, delivering improved reimbursement and claim management processes that lead to cleaner claims and faster payments. For example, Payerpath Eligibility provides instant verification of patient insurance eligibility, ending phone calls to payers to clarify covered procedures and patient eligibility. Another example, Allscripts Patient Payment Assurance provides point-of-care collection of credit card and debit card payments, reducing the need for patient billing, which can dramatically reduce patient receivables. By enabling significant return on investment, our revenue cycle solutions allow providers to focus less on running their businesses and more on providing quality patient care. Our new Allscripts RCM Services takes this approach to the next level with a fully outsourced business office.

- **Accelerated Upgrades.** Our Upgrade Enablement Center (UEC) provides a quick and accelerated migration path for users of our legacy Misys EMR. The typically four- to six-week process lets clients protect their investment in software and information while upgrading to our Professional EHR, providing a rapid opportunity to participate in Health Information Technology for Economic and Clinical Health Act (HITECH) incentives.

Significant Installed Base

Approximately 180,000 physicians and 1,500 hospitals and more than 10,000 post-acute organizations nationwide use Allscripts solutions to automate and connect their clinical and business operations. Our significant installed base, including some of the country's most prestigious medical groups and hospitals, serves as a reference source for prospective clients who are interested in purchasing our solutions.

Market Demand for Ambulatory EHR among Hospital Base

The proportion of U.S. physician practices owned by hospitals or health systems continues to grow. Industry observers expect this trend to continue for the foreseeable future and have projected the number to reach 75% by 2014 as hospitals seek to strengthen their relationships with physicians, who constitute by far their largest source of income (via patient referrals), and seek competitive advantage in their communities. A primary strategic imperative of hospital CIOs is to bring their current and newly-employed physicians live on a common EHR platform, ensuring continuity of care and greater efficiencies through seamless information exchange. At the same time, hospitals increasingly are seeking to take advantage of the HITECH incentives for EHR adoption by providing an EHR to their affiliated physicians at a subsidized rate. Their selection of an EHR for both employed and affiliated physicians hinges in large part on the level of integration between the EHR and their existing inpatient information system. The integration of Allscripts EHRs for physician practices and hospitals and health systems is intended in part to meet this rapidly evolving market demand.

Population Health

Allscripts' open architecture supports the impending shift in care delivery from single patient, episodic care to continuous population health management by connecting communities and providing robust clinical analytics tools that stratify and offer valuable insights into patient populations. Allscripts clinical decision support tools at the point of care provide evidence based guidelines that facilitate better provider decisions, and ultimately, better patient outcomes. As requirements advance, Allscripts clinical intelligence solutions can help to identify high risk patients, reduce preventable costs and improve performance – all while providing a longitudinal view of the patient over the entire continuum of care. Additionally, patient engagement tools are integrated through the Allscripts open platform, promoting proactive patient involvement in their own care which is essential to optimizing patient outcomes, lowering overall costs and managing chronically ill populations.

A Solution for Accountable Care

Key healthcare stakeholders have proposed several solutions that fall under the general heading of Value-Driven Healthcare. The federal government's leadership in this arena includes the HITECH Act, new payment models, such as Patient Centered Medical Home, and Accountable Care Organizations (ACOs), and demonstration

[Table of Contents](#)

projects, such as the Comprehensive Primary Care Initiative. Each of these efforts hinges on the need to improve care coordination between teams of providers and streamline transitions in care—the movement of patients from one care setting to another—which remains the weakest link in the healthcare chain. An interoperable, connected EHR is a required element to improve care transitions and ensure that providers in every setting have access to the latest information on their patients. The Allscripts Connected Community of Health takes the EHR to its logical conclusion. The connected community uses a combination of our open technology platform, our full spectrum connectivity to ambulatory, acute and post-acute solutions, and our robust community solutions to securely share information between providers in all care settings, no matter which health IT systems they use. Not only does this facilitate seamless care coordination between providers inside their own organization, but also with affiliated physicians and other independent stakeholders outside their organization. The goal is to create a “single source of truth” about a patient—a unified community record—to deliver effective and economical care.

Breadth of Product and Service Offering

Allscripts provides one of the most comprehensive solution offerings in the industry for healthcare organizations of every size and setting. We offer a single platform of clinical, financial, connectivity and information solutions, as well as standalone best-of-breed solutions in virtually every health information management category. Moreover, we are one of the few healthcare IT companies able to provide solutions that service every healthcare setting, from solo physician practices to the largest academic medical groups, hospitals of every size and configuration, and post-acute organizations including skilled nursing facilities, homecare and hospice.

Strength of Distribution Network and Payer Relationships

We employ a highly differentiated sales and distribution strategy to reach potential clients in all segments of the physician market, ranging from solo and small-group practices to the largest academic medical groups. Our strategy employs three sales channels—a large direct sales force, a national distribution network, and multiple hospitals that are marketing our solutions.

Allscripts has growing partnerships with retail health clinics in the United States. For example, in February 2012, a leading retail health clinic in the United States announced it will transition from its existing, proprietary Electronic Medical Record system to Allscripts. This transition will assist this provider in its mission of delivering high quality accessible medical care in hundreds of retail clinics across the United States.

The strength of our distribution network has enabled Allscripts to take a unique, three-pronged approach to addressing the physicians practice market one practice at a time, one community at a time, and one region at a time. *One practice at a time* refers to our basic selling model executed by our direct sales force. *One community at a time* is an approach demonstrated by multiple sales in 2012 including Coordinated Health, a top integrated healthcare delivery network across Pennsylvania and New Jersey. Coordinated Health selected Sunrise Clinical Manager™ from Allscripts to support collaborative care initiatives across Coordinated Health’s 11 locations, two hospitals, and one ambulatory surgery center, enhancing decision-making and automating processes for accuracy and patient safety. *One region at a time* is a strategy developed recently through our partnership with a large payer in North Carolina. Blue Cross and Blue Shield of North Carolina, in partnership with NC Health Information Exchange, announced in September 2011, they will provide an 85 percent subsidy for at least 750 physicians across the state to acquire Allscripts EHR and related training and support. The program will also enable participating providers to electronically exchange patient information with other North Carolina healthcare organizations through the NC Health Information Exchange. This partnership is representative of more payers investing in healthcare IT to encourage their network providers to deliver higher quality care.

Comprehensive Connect Strategy

The Allscripts Community Architecture helps local and regional health systems share information between a range of technologies from any source, creating a single patient record for providers across the continuum of care. The Allscripts Community Solution enables all the members of a patient’s care team to access the same up-to-date

[Table of Contents](#)

information about the patient, regardless of whether they work in acute, ambulatory or post-acute settings inside or outside the health system. The Allscripts Community Solution combines the Allscripts Community Exchange or Kinexus™ with the Allscripts Community Record. Kinexus efficiently connects and manages electronic transactions of all kinds between health systems and community/affiliated physician practices. The Community Record, provided in partnership with a third party, dbMotion, aggregates and harmonizes data from virtually any EHR or other clinical IT system, creating a single patient record across a health system or community.

Meaningful Use Certification

Our core go-to-market acute care and ambulatory EHRs are certified as meeting the Stage 1 requirements for demonstrating Meaningful Use of an EHR, a requirement for healthcare organizations that demonstrate they have earned financial incentives as allowed for under the HITECH portion of the American Recovery & Reinvestment Act (ARRA). The following products are compliant with the criteria set for the 2011 Edition of our software by the Office of the National Coordinator for Health Information Technology (ONC) and certified by either the Drummond Group or Certification Commission for Health Information Technology (CCHIT), both of which qualify as an ONC Authorized Testing and Certification Body (ONC-ATCB), in accordance with the applicable eligible provider and hospital certification criteria adopted by the Secretary of Health and Human Services. Initial certifications were completed by the end of 2010 and subsequently have continued to be enhanced on an as-needed basis as product updates were released.

We expect to certify these products for the “2014 Edition” criteria in 2013. This certification will be required for users who intend to demonstrate Meaningful Use for either Stage 1 or Stage 2 beginning with their 2014 participation (this begins as soon as the October 2013 start date for Eligible Hospitals and January 2014 for Eligible Providers)

Ambulatory:

- Allscripts Enterprise EHR (Complete): 11.2, 11.3, 11.4
- Allscripts Enterprise EHR (Modular): 11.2, 11.2.0.496, 11.3, 11.4
- Allscripts ePrescribe (Modular): 15.2.0, 16.0, 16.1
- Allscripts Professional EHR (Complete): 9.2, 9.2.2, 9.3, 10, 12, 12.1
- Sunrise Ambulatory Care Module Set (Modular): 5.5, 5.5 FP1, 6.0
- Sunrise Patient Portal and Sunrise Ambulatory Care EHR (Modular): 5.5

Inpatient:

- Allscripts ED (Complete): 7.0, 7.1
- Allscripts ED (Modular): 6.3 Service Release 4
- Sunrise Acute Care (Complete): 5.5, 5.5 FP1, 6.0
- Sunrise Acute Care Module Set (Modular): 5.5, 5.5 FP1, 6.0

- Sunrise Emergency Care Module Set (Modular): 5.5, 5.5 FP1, 6.0
- Sunrise Patient Portal and Sunrise Acute Care EHR (Modular): 5.5

We certified some of our solutions as both “complete” and “modular” EHRs under the ARRA regulations to provide clients with the flexibility to choose elements of the EHR which best fit their current IT environment. For instance, if an Enterprise EHR client wants to keep a previously-installed and certified patient portal application, under ARRA rules they need to implement our “modularly certified” version of that EHR, which is stripped of Enterprise’s portal capabilities.

Sales and Marketing

We employ sales executives with industry expertise, and we primarily sell directly to our customers through our sales force. In addition to our direct sales force, we also have established reseller relationships with a number of strategic partners. A number of our large hospital and health system clients also actively resell our solutions to other healthcare entities, primarily physician practices.

We continue efforts to expand sales of our solutions outside of North America, primarily in the European and Asia-Pacific region. We achieved initial success with sales of Sunrise Clinical Manager to the largest healthcare provider in Singapore as well as other hospital groups in Asia. Our performance with our Asian clients is proving to be a catalyst to help us drive additional business across the Asia-Pacific region. For example, in December 2011, we announced an agreement with a public health system in Australia to implement our Sunrise Enterprise acute care solution across their network. Further to our international success, Allscripts signed two new customers in the United Kingdom. Also in 2012, Allscripts extended our agreement with one of our customers in Italy.

Allscripts Offerings

We provide the following software and services:

- **Allscripts Enterprise EHR** is an award-winning EHR solution with an open architecture designed to enhance physician productivity using tablet PCs, smartphones, or a desktop workstation for the purpose of automating the most common physician activities, including prescribing, dictating, ordering lab tests and viewing results, documenting clinical encounters and capturing charges, among others. Allscripts Enterprise is the clinical software solution of choice for multi-specialty and specialty practices as well as academic medical centers and hospital sponsored initiatives. Uniquely designed for the specific needs of physicians in today's increasingly interconnected healthcare environment, Allscripts Enterprise empowers and connects an organization clinically, operationally and financially.
- **Allscripts Practice Management** is a practice management system that streamlines financial and administrative aspects of physician practices, including patient scheduling and registration, electronic claims submission, electronic remittances and patient billing and collections. This system also provides multiple resource scheduling, instant reporting and referral tracking. Our electronic data interchange ("EDI") solution facilitates statement management processing, claims management processing, electronic remittances and appointment reminders.
- **Allscripts Professional EHR** is targeted at small to mid-sized physician practice groups and communities. Similar to our Enterprise EHR, this open solution offers advanced point-of-care clinical decision support and automates the most common physician activities, such as prescribing, clinical reporting, ordering lab tests and viewing results and capturing charges.
- **Allscripts ePrescribe** is an easy-to-use, web-based e-prescribing solution that is safe, secure, requires no downloading and no new hardware. The software is being offered free of charge to every prescriber in America in furtherance of the National ePrescribing Patient Safety Initiative, a collaborative initiative introduced and led by us to enhance patient safety and reduce preventable medication errors. Allscripts ePrescribe can be a starting point for medical groups to transition over time to a complete EHR.
- **Allscripts ED** is an emergency department information system designed to manage patient flow through the emergency department by tracking patient location, activity and outstanding orders and procedures. These solutions guide emergency clinicians in entering consistent, complete and efficient documentation on patients and provide shareable, real-time, mobile access to patient information from registration to discharge.
- **Allscripts Payerpath** is a claims management service in the United States with more than 600 million claims and revenue cycle transactions processed annually. Used by approximately 110,000 physicians, Payerpath provides the credibility, experience and results demanded by both payers and providers. Payerpath can help organizations succeed in the business of healthcare through improved medical claim and claim management processes that lead to cleaner claims and faster payments.

- **Allscripts Revenue Cycle Management Services (RCM Services)** is a complete end-to-end, integrated financial and administrative management solution for physician practices. The SaaS business solution requires no new hardware and minimal up-front costs, and is designed to meet the regulatory requirements of health reform. Allscripts RCM Services provides physician practices of every size and specialty with a complete outsourced revenue cycle solution that is paid for on an ongoing basis, as a percentage of their monthly collections.
- **Allscripts Homecare** is designed to improve clinical quality of care, financial performance, and operational control for large, integrated home care organizations and small home care companies. With a strong mobility platform, business, clinical and scheduling functionalities, it enables all users across home health, hospice and private duty organizations.
- **Allscripts Post-Acute Solutions** streamline the transition of care process between hospitals and post-acute care facilities. We currently have more than 10,000 acute and post-acute care customers nationwide that will exchange over four million electronic hospital referrals. Allscripts post-acute solutions include: Referral Management, Referral Management Plus, Allscripts Mobile and Core System Integration.
- **Allscripts Care Management** is a fully-integrated web-based solution that simplifies and consolidates utilization management, discharge planning, documentation integrity, audit management, quality management and risk management. Providing a single worklist for all care management processes, the Allscripts Care Management system transforms the administrative process for hospitals and post-acute care facilities, improving efficiency, streamlining and improving the quality of patient care, and generating cost savings and higher revenues. The suite of software that makes up Allscripts Care Management includes: Allscripts Utilization Management, Allscripts Discharge Planning, Allscripts Documentation Integrity, Allscripts Audit Management, Allscripts Quality and Risk Management. These systems are based on a SaaS model designed to provide ease of use and minimal IT staff involvement at the hospital.

Sunrise Enterprise is our suite of solutions for hospitals and health systems, including the following clinical, access, financial and departmental solutions for hospitals:

- **Sunrise Clinical Manager** includes the major integrated applications Sunrise Acute Care, Sunrise Ambulatory Care, Sunrise Critical Care, Sunrise Emergency Care and Sunrise Pharmacy, in addition to related modules and capabilities, such as Knowledge-Based Charting, Knowledge-Based Medication Administration and others. Sunrise Clinical Manager enables a physician or other authorized clinician to view patient data and enter orders quickly at the point of care, from virtually any other point in the enterprise or through secure remote access, providing evidence-based clinical decision support at the time of order entry.
- **Sunrise Ambulatory Care** is considered a module of Sunrise Clinical Manager that is typically implemented within physician practices owned by Sunrise-client hospitals; however, it is a full-service EHR that may also serve as a stand-alone solution for independent physician practices. Sunrise Ambulatory Care is built on the same database as Sunrise Clinical Manager, ensuring seamless integration and flow of patient information between the physician office and hospital.
- **Sunrise Surgery Powered by SIS** is a comprehensive perioperative and anesthesia information management solution that is integrated through the Helios™ platform. Sunrise Surgery helps organizations increase quality and efficiency, improve patient safety, decrease costs and maximize revenues across the perioperative care continuum.
- **Sunrise Access Manager**, which shares the Sunrise platform and database, which includes Sunrise Enterprise Scheduling and Sunrise Enterprise Registration. These integrated solutions enable healthcare providers to identify a patient at any time within a healthcare organization and to collect and maintain accurate patient information on an enterprise-wide basis.
- **Sunrise Financial Manager** is a comprehensive revenue cycle solution for hospitals and health systems. It provides comprehensive revenue cycle functionality including revenue capture, billing and

[Table of Contents](#)

receivables for management for both hospital and hospital-based physician billing. It enables compliance, improves billing and collections accuracy and optimizes revenue cycle through a unique visual view of workflows, allowing users to easily adapt as their business changes.

- **Allscripts EPSi** is an HFMA Peer-Reviewed financial performance management solution that provides integrated analytics, budgeting and knowledge-based performance management. EPSi brings together all the major components of financial management—strategic planning, product line budgeting, cost accounting and operation and capital budgeting—to more effectively and accurately plan for the future and address the financial challenges facing healthcare organizations today.
- **Allscripts Patient Flow** is an enterprise-wide patient throughput management solution that automates complex and labor intensive operational processes which improve care coordination and communication while increasing overall efficiency and resource use. It addresses all aspects of patient flow in a hospital, from bed management to transport and turnover. The solution provides transparency and control over the flow process from a patient's arrival in the Emergency Department or Admitting to patient placement and care delivery throughout hospital departments with well-coordinated discharge planning and faster bed turnover.
- **Sunrise Clinical Analytics (SCA)** is an analytics solution for Sunrise Clinical Manager (SCM) users to monitor and improve clinical performance, report on ARRA Stage 1 and Stage 2, and, ultimately, reduce the cost of care. With prebuilt or customized reporting and dashboards, the organization gains access to insights on performance to drive improved clinical outcomes. With indicators and structured reports for over 90 quality measures, SCA provides actionable, automated clinical reporting, and seamlessly organizes transactional clinical data into meaningful information. In addition to nationally standardized quality measures, Sunrise Clinical Analytics provides an analytical view on the usage patterns, adoption barriers and care processes custom to a health system.
- **Allscripts Wand** is the native iPad® application for Enterprise and Professional EHR. It couples the latest in tablet technology with the latest in user-experience innovation for a revolutionary approach to how clinicians practice medicine. With Wand, mobile healthcare professionals can access and manage the most commonly used features of Allscripts EHR throughout the day from their iPad—moving between their desktop and iPad for patient consultations and management.

Other Clinical/Ancillary acute solutions include:

- **Sunrise Record Manager** is a health information management (HIM) solution that automates the workflow associated with the collection, maintenance and distribution of information to maximize EHR benefits. Sunrise Record Manager helps hospitals better meet regulatory reporting requirements by making data centrally, electronically accessible for easier, faster information gathering and compilation in the enterprise health information system.
- **Sunrise Laboratory** helps high-volume hospital laboratories improve operational performance, saving both time and money and improving effective patient care. Sunrise Laboratory helps automate laboratory departmental workflow from end to end, with decision-making and reporting driven by real-time clinical information. Laboratory departments face increasing regulatory requirements, growing cost pressures, and the need to meet clinical service levels and maintain patient and physician satisfaction despite increasing volumes of work. With fully automated workflow and support for multi-departmental laboratories across a healthcare organization integrated into one information system, Sunrise Laboratory helps labs maximize throughput, decrease turnaround time, capture more revenue, and improve quality and compliance.
- **Sunrise Radiology**, a comprehensive radiology information system, delivers imaging data as an integrated part of the overall patient record that is accessible to clinicians at the point of care or other points of decision-making using any Sunrise Enterprise-enabled device.

Services

Managed IT Services (IT Outsourcing) Allscripts Managed IT Services helps clients maximize the power of their IT investments by delivering modular, cost-effective services that enhance productivity for users

providing patient care and performing the core functions critical to running their healthcare organization. Our distinctive services model incorporates skilled professionals, best practices, and proven technology, which in return establish a driving infrastructure for continuous improvement across the healthcare organization. The Allscripts Managed IT Services portfolio is designed to enhance business agility, enabling organizations to focus on healthcare core competencies – improving patient outcomes. Our dynamic services assist clients in need of productive, experienced staff to augment IT projects or implementations; alternatively, our team can help clients manage complexity, gain scalability and lower costs by outsourcing specific IT business processes to our team or outsourcing the entire IT function, if desired.

Remote Hosting We offer remote hosting services to help our clients manage their complex healthcare IT solutions infrastructure while freeing up physical space, resources and costs associated with maintaining computer servers and deploying client-based applications on-site. Under this offering, we assume responsibility for processing Allscripts and/or non-Allscripts applications for our clients using equipment and personnel at our facilities. Other remote services, such as remote monitoring and remote help desk, are also offered. Software installation, upgrades and patches and network configuration and repairs are handled by Allscripts IT professionals behind the scenes, so hospital IT departments can focus on more strategic initiatives.

Allscripts Professional Services Healthcare information technology services have been increasingly important, as federal initiatives have driven aggressive adoption of Electronic Health Records (EHR) and surrounding applications in both hospitals and ambulatory markets, driving a related need for workflow optimization and a strategic look at how organizations can maximize their opportunities via other health reform programs included in the Patient Protection and Affordable Care Act (PPACA). Allscripts' highly skilled Professional Services team maintains in-depth knowledge of our products, a myopic focus on our client's business processes and market needs in order to develop and deliver unparalleled Speed to Value for our products and solutions. Our world-class service team is dedicated to helping clients achieve quality outcomes through workflow optimization, best practices, applied technologies and world-class learning experiences. By deploying a customer-centric service model we are committed to delivering high-value healthcare solutions that build client trust, loyalty and a high degree of product and engagement satisfaction. Allscripts provides comprehensive offerings in implementation, consulting, education, managed IT services and technical support, including:

- Clinical and Operations Consulting Services
- ICD-10 and Meaningful Use Assessment Solutions
- Optimization Services
- Speed to Value—Implementation Services
- Managed IT Services
- Proactive Application Monitoring Services
- Remote Database Administration and Monitoring Services
- Education and Adoption Services
- Native Integration Services
- Technical Support Services

Research and Development

The majority of our software is based on Microsoft's .NET Framework and other industry standards.

Our latest-generation clinical and access solutions use the same architecture and share the same health data repository and many other components, while being adapted for the workflows of different environments. This enables our clients to tie together their workflows and operations across the entire continuum of care. Further, our software is built on an open architecture that supports the secure exchange of data between systems, as well as the ability to embed and present content.

[Table of Contents](#)

Our commitment to deliver world-class products means we must continually invest in software development. In recent years we have significantly expanded our software development efforts in India, which enables us to respond more efficiently and cost effectively to changes in our software design and product development strategy.

The primary purposes of our research and development groups are to develop new features and enhancements to our respective solutions, ensure that our solutions comply with continually evolving regulatory requirements and create additional opportunities to connect our systems to the healthcare community.

We capitalize software development costs incurred from the time technological feasibility of the software is established until the software is available for general release. Non-capitalizable research and development costs and other computer software maintenance costs related to software development are expensed as incurred. Our total spending consists of research and development costs directly recorded to expense and also includes capitalized software development costs as follows:

<u>(Dollar amounts in thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Research and development costs directly recorded to expense	\$162,158	\$104,106	\$43,261	\$49,206
Capitalized software development costs	42,965	60,748	36,936	21,097
Total non-GAAP R&D-related expense	<u>\$205,123</u>	<u>\$164,854</u>	<u>\$80,197</u>	<u>\$70,303</u>
Total revenue	\$1,446,325	\$1,444,077	\$613,309	\$704,502
Total expense as a % of total revenue	14%	11%	13%	10%

Industry and Competition

The market for our products and services is intensely competitive and is characterized by rapidly evolving technology and product standards, technology and user needs and the frequent introduction of new products and services. Some of our competitors may be more established, benefit from greater name recognition and have substantially greater financial, technical, and marketing resources than us. We compete on the basis of several factors, including: breadth and depth of services, reputation, reliability, accuracy and security, client service, price, and industry expertise and experience.

There are numerous companies that offer acute and/or ambulatory EHR (along with related services) and practice management products, and the marketplace remains fragmented. We face competition from several types of organizations, including providers of practice management solutions, electronic prescribing solutions, ambulatory and acute care EHR solutions, hospital computerized physician order entry, emergency department information systems, analytics, performance management and care management solutions, post-acute discharge management solutions, and homecare EHR solutions.

Our principal existing competitors in the physician healthcare information systems and services market include athenahealth Inc., Cerner Corporation, eClinicalWorks Inc., Emdeon, Epic Systems Corporation, General Electric Company, Greenway Medical, McKesson Corporation, Quality Systems, Inc., The Trizetto Group, Inc., Vitera Healthcare Solutions and Wellsoft Corporation.

Our principal existing competitors in the hospital and post-acute healthcare information systems and services market include Cerner Corporation, Curaspan Health Group, Epic Systems Corporation, General Electric Company, Maxsys Ltd., McKesson Corporation, MedHost, Meditech, Midas+, Optum, Picis, ProviderLink, Quadramed, Siemens AG and Wellsoft Corporation.

Recent Industry Developments

On February 17, 2009, President Barack Obama signed the American Recovery & Reinvestment Act (ARRA), which incorporated the HITECH Act (HITECH) and federal Meaningful Use incentive program.

[Table of Contents](#)

HITECH provides financial incentives through the Centers for Medicare and Medicaid Services (CMS) to physicians and hospitals that prove they have adopted and are using Electronic Health Record (EHR) technology to improve both the quality and cost-effectiveness of patient care. Studies demonstrate that effective use of EHRs can reduce medical errors, improve clinical quality and lead to better patient outcomes by enabling real-time access to patient records, medical information and best practices, and electronic connectivity to all healthcare stakeholders, including patients.

In addition to other components of the law, the ARRA provides for what is expected to be approximately \$30 billion in funds to encourage health information technology utilization. The total included \$2 billion in discretionary funds for supporting programs and an estimated \$27 billion for incentives that began to be distributed through Medicare and Medicaid beginning in 2011 to promote widespread adoption and use of interoperable healthcare IT systems, such as the EHR. Physicians who have not adopted certified EHR systems by 2014 will have their Medicare reimbursements reduced by up to 5 percent over a period of time beginning in 2015. Hospitals that do not successfully demonstrate Meaningful Use in 2015 and beyond will also see a significant payment adjustment in their Medicare reimbursement.

Through the Meaningful Use incentives, CMS provides physicians with financial incentive payments of up to \$44,000 for Medicare providers or \$64,000 for Medicaid providers over five years, beginning in 2011, for deploying and using a certified EHR to care for patients. Hospital incentives under HITECH are tied to several factors but begin with a base payment of \$2 million. The law already has ignited significant job growth in the information technology sector and, according to a Congressional Budget Office review of the law's impact, is expected to drive up to 90 percent of US physicians to adopt EHRs in the next decade.

The U.S. Department of Health & Human Services announced in July 2012 within the final regulation related to Stage 2 of the Meaningful Use Electronic Health Record Incentive Program that providers (hospitals and physicians) who attested to their participation in 2011 will not have to start complying with Stage 2 requirements until 2014 rather than the originally scheduled 2013. The deferral was provided in order to provide sufficient time to develop and test updates to software applications meeting the anticipated Stage 2 requirements and transition all providers participating in the program to the updated applications while also ensuring patient safety. To date the deferral has not provided incentive or disincentive for new orders. Additionally, those participating in 2014 will only be required to do so for a single quarter, not for a full twelve months as originally required, and all participating providers will be required to use the 2014 Edition of the EHR provided by their software vendor. Under this change, we will thus have to transition all clients who have attested in 2011, 2012 and/or 2013 to the 2014 Editions of our software by the time they start their program participation in 2014.

The required implementation of new diagnosis and disease codes under ANSI-5010 and ICD-10 by 2013 is also of immediate interest to our client base. These regulations will present a positive opportunity for the company in the context of product upgrades, client service and training. However, the adoption of these standards and the deadline that corresponds with the start of the 2014 period for the EHR Incentive Program could place additional burden on us to meet implementation and training demands during a period of significant client upgrades and new orders associated with accelerating EHR adoption.

Another factor impacting demand for our solutions is the significant revision to provider reimbursement that is being undertaken at the federal level, fostering the move to a value-based system of care. As an example, the Centers for Medicare and Medicaid Services, or CMS, announced the Comprehensive Primary Care Initiative designed to reward providers who demonstrate an emphasis on cost containment and quality improvement specifically through care coordination and an increased emphasis on the role of the primary care provider. Healthcare organizations will need solutions like ours to shift from fee-for-service to fee-for-outcomes because their basic reimbursement will be based, ultimately, on proving quality outcomes that are captured, communicated, measured and shared with other relevant providers. Coordinated care models, of which Accountable Care Organizations (ACOs) are one example, will require an interoperable Electronic Health Record that connects providers across entire communities to coordinate care. Another notable element of the new models being created by the department of Health & Human Services is that every part of the healthcare community is important, which highlights our strategic asset—the Allscripts footprint in our 50,000 ambulatory

[Table of Contents](#)

practices, our relationships with over 1,500 acute care hospitals and our strong and growing penetration of the post-acute world, with more than 10,000 locations including homecare. Allscripts' open platform is able to connect patient information into a single view and help to coordinate care, both inside an organization and throughout a community. Our analytics capabilities also provide insights that will drive both clinical and financial outcomes which will be core to provider revenue in the future.

A related development is the Hospital Readmission Reduction Program that took effect October 1, 2011. The final rules require hospitals to be financially responsible for the cost of care provided to discharged patients readmitted to the hospital for the same problem within 30 days after discharge. As a result, we believe more hospitals may be interested in using our Care Management and Discharge Management products, which streamline the flow of patient information from the hospital to community providers.

Strategic Alliances

Our key strategic relationships include the following:

- **Cisco Systems, Inc.** We have a strategic partnership with Cisco to support our core business through enhanced communications technologies. Cisco technology powers many of the systems by which we communicate with our clients and employees.
- **CVS Caremark** Our strategic partnership with CVS Caremark, the largest pharmacy healthcare provider in the United States, began in January 2010 when CVS Caremark transitioned thousands of providers using the company's proprietary iScribe e-prescribing tool to Allscripts e-prescribing and retired iScribe. Since then, the companies have continued to collaborate. For example, most recently CVS Caremark selected Allscripts retail health solutions as the EHR for its MinuteClinic retail clinics nationwide. The first phase of the deployment, which is expected to ultimately include all 600+ MinuteClinics, began in 2012.
- **dbMotion** In 2011, we made a strategic investment in dbMotion, a private company that provides the technology behind the Allscripts Community Record. dbMotion and Allscripts are working together to deliver integrated core solutions to improve Meaningful Use of information from the physician's office to the hospital—connecting the community—within the patient's continuum of care and the physician's existing workflow.
- **Dell, Inc.** We have a strategic partnership with Dell that encompasses hardware, hosting, and connecting healthcare communities. Dell is Allscripts' primary hardware partner, providing the computer equipment needed by our clients to implement our solutions. Additionally, we signed an agreement with Dell in early 2010 to integrate Allscripts EHR and Practice Management solutions into Dell's hosted EHR solution for U.S. health systems and their affiliated physicians. The Dell program offers health systems and physicians the scale and expertise of one of the world's largest technology services organizations. Dell helps sponsor hospitals to configure the Allscripts solutions they select to meet the specific needs of their affiliated physician community. The solution includes application hosting, Health Information Exchange management and revenue opportunities for sponsor hospitals, and everything necessary to promote the solution to physicians.
- **Intuit, Inc.** We have a strategic partnership with Intuit, a provider of business and financial management solutions for small and mid-sized businesses; financial institutions, including banks and credit unions; consumers and accounting professionals. Allscripts was the first practice management company to offer Quicken HealthSM Bill Pay. The online service integrates with our practice management and revenue cycle management solutions, used by 110,000 physicians, to help patients understand their medical bills and pay them online while helping physicians get paid faster. We also collaborate with Intuit in providing secure patient portals and personal health records, connecting patients to selected information about their physician's practice, including information from Allscripts' EHR, e-prescribing and practice management solutions.
- **M*Modal (formerly MedQuist Inc.)** In August of 2011, we entered into a strategic partnership with Medquist/M*Modal Inc. to license their CDS Interactive Speech Recognition Applications for our suite

[Table of Contents](#)

of EHR solutions. M*Modal is a leading provider of clinical narrative capture services, speech understanding technology and clinical documentation workflow. M*Modal's enterprise solutions include mobile voice capture devices, speech recognition, Natural Language Understanding, and web-based workflow platforms and global network of medical editors. This strategic partnership helps healthcare organizations adopt our EHRs, transition to ICD-10, improve patient care, increase physician satisfaction and lower operational costs.

- **Microsoft Corporation** We have a strategic partnership with Microsoft, on whose technology Allscripts products are built. Microsoft SQL Server database and .NET Framework are at the core of our product development platform. The Microsoft platform and .NET Framework offer the ability to improve developer productivity and to deliver flexible applications faster. Microsoft .NET technologies enable healthcare organizations to achieve a lower total cost of ownership by easily integrating legacy applications with new technologies and enabling them to share information across organizations and platforms. Developing our solutions on the Microsoft platform eases our path for integration.
- **Nuance Communications, Inc.** Our strategic partnership with Nuance encompasses utilizing the Nuance Dragon Speech recognition products with our suite of EHR and Radiology applications. Nuance, a leading provider of voice and language solutions for businesses and consumers around the world, has been a longtime partner of Allscripts and is focused on the areas of speech recognition, medical transcription, and clinical language understanding. By speech-enabling our applications, Nuance is helping to drive increased utilization of our products and improving overall client satisfaction. Revenue from the resale of Dragon has increased significantly over the past three years.
- **Quintiles, Inc.** Quintiles helps biopharmaceutical companies develop and commercialize products to improve and lengthen patients' lives while demonstrating value to stakeholders. Quintiles is a fully integrated biopharmaceutical services company offering clinical, commercial, consulting and capital solutions worldwide. Through our strategic partnership with Quintiles we plan to jointly develop software solutions to enable improvements to the drug development process. The goal of this partnership is to develop products that are designed to significantly reduce some of the bottlenecks that traditionally impede clinical research, outcomes, education and proof of new compound safety, effectiveness and value.

Financial Information About Segments

Financial information about our segments is described in Part II, Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Contract Backlog

Contract backlog represents the value of bookings and maintenance contracts that have not yet been recognized as revenue. A summary of contract backlog by revenue category is as follows:

<u>(Dollar amounts in millions)</u>	<u>As of December 31, 2012</u>	<u>As of December 31, 2011</u>	<u>% Change</u>
Contract backlog:			
System sales	\$107	\$136	(21.3%)
Professional services	376	393	(4.3%)
Maintenance	875	833	5.0%
Transaction processing and other	1,450	1,492	(2.8%)
Total contract backlog	<u>\$2,808</u>	<u>\$2,854</u>	<u>(1.6%)</u>

[Table of Contents](#)

Total contract backlog as of December 31, 2012 decreased slightly compared with December 31, 2011 as an increase in maintenance revenue backlog was offset by decreases in systems sales, professional services, transaction processing and other backlog categories. Maintenance revenue backlog increased as a result of new client activations as well as maintenance renewals in our installed base. System sales backlog declined as we experienced a decline in orders during the year ended December 31, 2012; we continue our efforts to improve product performance and delivery execution. We estimate that approximately 44% of the total backlog at December 31, 2012 will be recognized as revenue during 2013.

Employees

As of December 31, 2012, we had approximately 7,100 employees. None of our employees are covered by a collective bargaining agreement or are represented by a labor union.

Geographic Information

We hereby incorporate by reference Note 18, "Geographic Information," of the Notes to Consolidated Financial Statements in Part II, Item 8 of this report.

Available Information

Our website address is www.allscripts.com. Information on our website is not incorporated by reference herein. Copies of our annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K and any amendments to those reports, as well as Section 16 reports filed by our insiders, are available free of charge on our website as soon as reasonably practicable after we file the reports with, or furnish the reports to, the Securities and Exchange Commission.

Item 1A. Risk Factors

You should carefully consider the risks and uncertainties described below and other information in this report. These are not the only risks and uncertainties that we face. Additional risks and uncertainties that we do not currently know about or that we currently believe are immaterial may also harm our business operations. If any of these risks or uncertainties occurs, it could have a material adverse effect on our business.

Risks Related to Our Business

Our current initiatives focused on product delivery, client experience, streamlining our cost structure, and financial performance may not be successful.

In an effort to address lower than expected financial results and sales in 2012, our management team is executing on a series of initiatives including improving product delivery and client experience, streamlining our cost structure, and improving financial performance. In 2013 we expect to invest over \$200 million in research and development efforts to improve product performance, accelerate product integration and innovation, and to introduce enhancements for regulatory requirements. We have already taken important steps to help maximize the return on our research and development investments by creating "Centers of Excellence" for our development organization with a goal of providing a more concentrated and focused work environment while reducing complexity and cost. We also recently announced a site consolidation plan that is aligned with the Centers of Excellence strategy. In addition, we plan to more fully align our business terms and financial model with future market demands and unlock our competitive advantages by expanding our solution offerings to our large, diverse client base. Despite these efforts, there can be no assurance that these initiatives will be successful or will improve our results of operations. If these initiatives are not successful, we may experience customer attrition.

The realignment of our sales and service teams could adversely affect client relationships.

We recently realigned our sales and service teams in an effort to improve client service. This change combines and aligns our sales and services teams into multiple geographic regions and fully integrates our sales,

[Table of Contents](#)

services and client management resources into a single team that is closer to the client and accountable for ensuring excellent client service. As a result of this realignment, many of our clients have experienced a change in the Allscripts sales and service employees with whom they interact. While we believe that these changes will improve our clients' experience overall, it is possible that they could adversely impact individual client relationships, client retention and sales of products and services to existing clients. In addition, it is possible that changes in our sales teams could adversely affect our ability to sell our products and services to new customers, which could have an adverse effect on our business, financial condition and results of operations.

If physicians and hospitals do not accept our products and services, or delay in deciding whether to purchase our products and services, our business, financial condition and results of operations will be adversely affected.

Our business model depends on our ability to sell our products and services. Acceptance of our products and services requires physicians and hospitals to adopt different behavior patterns and new methods of conducting business and exchanging information. We cannot provide assurance that physicians and hospitals will integrate our products and services into their workflow or that participants in the healthcare market will accept our products and services as a replacement for traditional methods of conducting healthcare transactions. Achieving market acceptance for our products and services will require substantial sales and marketing efforts and the expenditure of significant financial and other resources to create awareness and demand by participants in the healthcare industry. If we fail to achieve broad acceptance of our products and services by physicians, hospitals and other healthcare industry participants, or if we fail to position our services as a preferred method for information management and healthcare delivery, our business, financial condition and results of operations will be adversely affected.

We may not see the benefits of government programs initiated to accelerate the adoption and utilization of health information technology and to counter the effects of the current economic situation.

While government programs have been initiated to improve the efficiency and quality of the healthcare sector and also counter the effects of the current economic situation, including expenditures to stimulate business and accelerate the adoption and utilization of health care technology, we cannot provide assurance that we will receive any of those funds. For example, the passage of the Health Information Technology for Economic and Clinical Health Act, or HITECH, under the American Recovery and Reinvestment Act of 2009 (ARRA) authorizes what is expected to be up to almost \$30 billion in expenditures, including discretionary funding, to further adoption of electronic health records. Although we believe that our service offerings will meet the requirements of the HITECH Act in order for our clients to qualify for financial incentives for implementing and using our services, there can be no certainty that the planned financial incentives, if made, will be made in regard to our services. We also cannot predict the speed at which physicians will adopt electronic health record systems in response to such government incentives, whether physicians will select our products and services or whether physicians will implement an electronic health record system at all. Any delay in the purchase and implementation of electronic health records systems by physicians in response to government programs, or the failure of physicians to purchase an electronic health record system, could have an adverse effect on our business, financial condition and results of operations. It is also possible that Congress will repeal or not fund HITECH or otherwise amend it in a manner that would be unfavorable to our business.

Our integration of the legacy Eclipsys business continues to be a complicated undertaking, which presents risks and expenses.

The success of the Eclipsys Merger depends, in part, on the ability to realize the anticipated synergies, growth opportunities and cost savings from integrating Eclipsys' legacy business with our other business segments. The integration of the two businesses continues to be a complex, costly and time-consuming process and involves numerous risks, including difficulties in the assimilation of operations, services, products and personnel, the diversion of management's attention from other business concerns, the entry into markets in which we have little or no direct prior experience, the potential loss of our key employees, and the potential inability to maintain the goodwill of existing clients.

[Table of Contents](#)

If management is unable to successfully combine our businesses in a manner that permits us to achieve the cost savings and operating synergies anticipated to result from the Eclipsys Merger, such anticipated benefits of the Eclipsys Merger may not be realized fully or at all or may take longer to realize than expected. Any of the described difficulties could adversely affect our ability to maintain relationships with customers, partners, suppliers and employees or our ability to achieve the anticipated benefits of the Eclipsys Merger, or could reduce our earnings or otherwise adversely affect our business and financial results.

Our failure to compete successfully could cause our revenue or market share to decline.

The market for our products and services is intensely competitive and is characterized by rapidly evolving technology and product standards, technology and user needs and the frequent introduction of new products and services. Some of our competitors may be more established, benefit from greater name recognition and have substantially greater financial, technical and marketing resources than us. Moreover, we expect that competition will continue to increase as a result of potential incentives provided by the Stimulus and as a result of consolidation in both the information technology and healthcare industries. If one or more of our competitors or potential competitors were to merge or partner with another of our competitors, the change in the competitive landscape could adversely affect our ability to compete effectively. We compete on the basis of several factors, including:

- breadth and depth of services, including the level of product integration;
- reputation;
- reliability, accuracy and security;
- client service;
- price; and
- industry expertise and experience.

Our principal existing competitors in the physician healthcare information systems and services market include Aprima Medical Software (formerly iMedica Corporation), Athenahealth, Inc., Cerner Corporation, eClinicalWorks Inc., Emdeon Business Services LLC, Epic Systems Corporation, General Electric Company, Greenway Medical Technologies, McKesson Corporation, Quality Systems, Inc., Sage Software, Inc., The Trizetto Group, Inc., and Wellsoft Corporation.

Our principal existing competitors in the hospital and post-acute healthcare information systems and services market include Cerner Corporation, eDischarge, Epic Systems Corporation, General Electric Company, Maxsys Ltd., McKesson Corporation, MedHost, Meditech, Midas+, Picis, ProviderLink, Quadramed, Siemens AG and WellSoft.

There can be no assurance that we will be able to compete successfully against current and future competitors or that the competitive pressures that we face will not materially adversely affect our business, financial condition and results of operations.

It is difficult to predict the sales cycle and implementation schedule for our software solutions.

The duration of the sales cycle and implementation schedule for our software solutions depends on a number of factors, including the nature and size of the potential customer and the extent of the commitment being made by the potential customer, which is difficult to predict. Our sales and marketing efforts with respect to hospitals and large health organizations generally involve a lengthy sales cycle due to these organizations' complex decision-making processes. Additionally, in light of increased government involvement in healthcare, and related changes in the operating environment for healthcare organizations, our current and potential customers may react by curtailing or deferring investments, including those for our services. If potential customers take longer than we expect to decide whether to purchase our solutions, our selling expenses could

[Table of Contents](#)

increase and our revenues could decrease, which could harm our business, financial condition and results of operations. If customers take longer than we expect to implement our solutions, our recognition of related revenue would be delayed, which would adversely affect our business, financial condition and results of operations.

Our future success depends upon our ability to grow, and if we are unable to manage our growth effectively, we may incur unexpected expenses and be unable to meet our customers' requirements.

We will need to expand our operations if we successfully achieve market acceptance for our products and services. We cannot be certain that our systems, procedures, controls and existing space will be adequate to support expansion of our operations. Our future operating results will depend on the ability of our officers and key employees to manage changing business conditions and to implement and improve our technical, administrative, financial control and reporting systems. We may not be able to expand and upgrade our systems and infrastructure to accommodate these increases. Difficulties in managing any future growth, including as a result of the Eclipsys Merger, could have a significant negative impact on our business, financial condition and results of operations because we may incur unexpected expenses and be unable to meet our customers' requirements.

Competition for our employees is intense, and we may not be able to attract and retain the highly skilled employees we need to support our business.

Our ability to provide high-quality services to our clients depends in large part upon our employees' experience and expertise. We must attract and retain highly qualified personnel with a deep understanding of the healthcare and health information technology industries. We compete with a number of companies for experienced personnel and many of these companies, including clients and competitors, have greater resources than we have and may be able to offer more attractive terms of employment. In addition, we invest significant time and expense in training our employees, which increases their value to clients and competitors who may seek to recruit them and increases the costs of replacing them. If we fail to retain our employees, the quality of our services could diminish, which could have a material adverse effect on our business, financial condition and results of operations.

If we lose the services of our key personnel, we may be unable to replace them, and our business, financial condition and results of operations could be adversely affected.

Our success largely depends on the continued skills, experience, efforts and strategies of our management, technical and product design staff and other key personnel and our ability to continue to attract, motivate and retain highly qualified employees. Because competition for skilled employees is intense, and the process of finding qualified individuals can be lengthy and expensive, we believe that the loss of the services of key personnel could adversely affect our business, financial condition and results of operations. We cannot provide assurance that we will continue to retain such personnel. We do not maintain keyman insurance for any of our key employees.

If we are unable to successfully introduce new products or services or fail to keep pace with advances in technology, our business, financial condition and results of operations will be adversely affected.

The successful implementation of our business model depends on our ability to adapt to evolving technologies and increasingly aggressive industry standards and introduce new products and services accordingly. We cannot provide assurance that we will be able to introduce new products on schedule, or at all, or that such products will achieve market acceptance. Moreover, competitors may develop competitive products that could adversely affect our results of operations. A failure by us to introduce planned products or other new products or to introduce these products on schedule could have an adverse effect on our business, financial condition and results of operations.

[Table of Contents](#)

If we cannot adapt to changing technologies, our products and services may become obsolete, and our business could suffer. Because the health information technology market is characterized by rapid technological change, we may be unable to anticipate changes in our current and potential customers' requirements that could make our existing technology obsolete. Our success will depend, in part, on our ability to continue to enhance our existing products and services, develop new technology that addresses the increasingly sophisticated and varied needs of our prospective customers, license leading technologies and respond to technological advances and emerging industry standards and practices on a timely and cost-effective basis. The development of our proprietary technology entails significant technical and business risks. We may not be successful in using new technologies effectively or adapting our proprietary technology to evolving customer requirements or emerging industry standards, and, as a result, our business could suffer.

Our business depends in part on our ability to establish and maintain additional strategic relationships.

To be successful, we must continue to maintain our existing strategic relationships and establish additional strategic relationships with leaders in a number of healthcare and health information technology industry segments. This is critical to our success because we believe that these relationships contribute towards our ability to:

- extend the reach of our products and services to a larger number of physicians and hospitals and to other participants in the healthcare industry;
- develop and deploy new products and services;
- further enhance the Allscripts brand; and
- generate additional revenue and cash flows.

Entering into strategic relationships is complicated because strategic partners may decide to compete with us in some or all of our markets. In addition, we may not be able to maintain or establish relationships with key participants in the healthcare industry if we conduct business with their competitors. We depend, in part, on our strategic partners' ability to generate increased acceptance and use of our products and services. If we lose any of these strategic relationships or fail to establish additional relationships, or if our strategic relationships fail to benefit us as expected, we may not be able to execute our business plan, and our business, financial condition and results of operations may suffer.

Future acquisitions may result in potentially dilutive issuances of equity securities, the incurrence of indebtedness and increased amortization expense.

Future acquisitions may result in dilutive issuances of equity securities, the incurrence of debt, the assumption of known and unknown liabilities, and the amortization of expenses related to intangible assets, all of which could have an adverse effect on our business, financial condition and results of operations. We have taken, and, if an impairment occurs, could take, charges against earnings in connection with acquisitions.

If our products fail to perform properly due to errors or similar problems, our business could suffer.

Complex software, such as ours, often contains defects or errors, some of which may remain undetected for a period of time. It is possible that such errors may be found after the introduction of new software or enhancements to existing software. We continually introduce new solutions and enhancements to our solutions, and, despite testing by us, it is possible that errors may occur in our software. If we detect any errors before we introduce a solution, we might have to delay deployment for an extended period of time while we address the problem. If we do not discover software errors that affect our new or current solutions or enhancements until after they are deployed, we would need to provide enhancements to correct such errors. Errors in our software could result in:

- harm to our reputation;
- lost sales;

[Table of Contents](#)

- delays in commercial releases;
- product liability claims or patient safety issues;
- delays in or loss of market acceptance of our solutions;
- license terminations or renegotiations;
- unexpected expenses and diversion of resources to remedy errors; and
- privacy and/or security vulnerabilities.

Furthermore, our customers might use our software together with products from other companies or those that they have developed internally. As a result, when problems occur, it might be difficult to identify the source of the problem. Even when our software does not cause these problems, the existence of these errors might cause us to incur significant costs, divert the attention of our technical personnel from our solution development efforts, impact our reputation and cause significant customer relations problems.

Our business depends on our intellectual property rights, and if we are unable to protect them, our competitive position may suffer.

Our business plan is predicated on our proprietary systems and technology products. Accordingly, protecting our intellectual property rights is critical to our continued success and our ability to maintain our competitive position. In addition to existing trademark, trade secret and copyright law, we protect our proprietary rights through confidentiality agreements and technical measures. Allscripts also has a patent program where we identify and seek patent protections on certain technologies. We generally enter into non-disclosure and assignment agreements with our employees and consultants and limit access to our trade secrets and technology. Nonetheless, in some instances, third parties may have access to source-code versions of software. Furthermore, our use and distribution of open source software and modules in connection with our business also presents risks. Open source commonly refers to software whose source code is subject to a license allowing it to be modified, combined with other software and redistributed, subject to restrictions set forth in the license. We cannot be certain that, under the terms of those licenses, our software will be found to be in material compliance with such agreements or that it might subject the company to claims of infringement. We cannot provide assurance that the steps we have taken have prevented or will prevent misappropriation of our technology. Misappropriations of our intellectual property have occurred in the past. Misappropriation of our intellectual property could have an adverse effect on our competitive position. In addition, we may have to engage in litigation in the future to enforce or protect our intellectual property rights or to defend against claims of infringement, misappropriation or other violations of third-party intellectual property rights. We may incur substantial costs and the diversion of management's time and attention as a result and an adverse decision could have a negative impact on our business.

If we are deemed to infringe, misappropriate or violate the proprietary rights of third parties, we could incur unanticipated expense and be prevented from providing our products and services.

We are and may continue to be subject to intellectual property infringement, misappropriation or other intellectual property violation claims as our applications' functionality overlaps with competitive products and third parties may claim that we do not own or have rights to use all intellectual property rights used in the conduct of our business. We do not believe that we have infringed or are infringing on any valid or enforceable proprietary rights of third parties. However, claims are occasionally asserted against us, and we cannot provide assurance that infringement, misappropriation or claims alleging intellectual property violations will not be asserted against us in the future. Also, we cannot provide assurance that any such claims will be unsuccessful. We could incur substantial costs and diversion of management resources defending any such claims. Furthermore, a party making a claim against us could secure a judgment awarding substantial damages, as well as injunctive or other equitable relief that could effectively block our ability to provide products or services. In addition, we cannot provide assurance that licenses for any intellectual property of third parties that might be required for our products or services will be available on commercially reasonable terms, or at all. Such claims also might require indemnification of our clients at significant expense.

We are and in the future may be involved in legal proceedings that could materially adversely affect us.

We are currently engaged in legal proceedings on a variety of matters and additional claims or disputes may arise in the future. Results of legal proceedings are subject to significant uncertainty and, regardless of the merit of the claims, litigation may be expensive, time-consuming, disruptive to our operations and distracting to management. If one or more of these matters were resolved against us, it could have a material adverse impact on our business, financial condition, results of operations or cash flows. Legal proceedings could also result in consent decrees, criminal sanctions or orders requiring a change in our business practices, which could also adversely affect our business and results of operations. For additional information regarding certain legal proceedings in which we are involved, see Note 19, "Contingencies," of the Notes to Consolidated Financial Statements in Part II, Item 8 of this report.

If our content and service providers fail to perform adequately, or to comply with laws, regulations or contractual covenants, our reputation and our business, financial condition and results of operations could be adversely affected.

We depend on independent content and service providers for communications and information services and for many of the benefits we provide through our software applications and services, including the maintenance of managed care pharmacy guidelines, drug interaction reviews, the routing of transaction data to third-party payers and the hosting of our applications. Our ability to rely on these services could be impaired as a result of the failure of such providers to comply with applicable laws, regulations and contractual covenants, or as a result of events affecting such providers, such as power loss, telecommunication failures, software or hardware errors, computer viruses and similar disruptive problems, fire, flood and natural disasters. Any such failure or event could adversely affect our relationships with our customers and damage our reputation. This would adversely affect our business, financial condition and results of operations. In addition, we may have no means of replacing content or services on a timely basis or at all if they are inadequate or in the event of a service interruption or failure. We also rely on independent content providers for the majority of the clinical, educational and other healthcare information that we provide. In addition, we depend on our content providers to deliver high quality content from reliable sources and to continually upgrade their content in response to demand and evolving healthcare industry trends. If these parties fail to develop and maintain high quality, attractive content, the value of our brand and our business, financial condition and results of operations could be impaired.

We may be liable for use of content we provide.

We provide content for use by healthcare providers in treating patients. Third-party content suppliers provide certain of this content. If this content is incorrect or incomplete, adverse consequences, including death, may occur and give rise to product liability and other claims against us. In addition, certain of our solutions provide applications that relate to patient clinical information, and a court or government agency may take the position that our delivery of health information directly, including through licensed practitioners, or delivery of information by a third party site that a consumer accesses through our websites, exposes us to personal injury liability, or other liability for wrongful delivery or handling of healthcare services or erroneous health information. While we maintain product liability insurance coverage in an amount that we believe is sufficient for our business, we cannot provide assurance that this coverage will prove to be adequate or will continue to be available on acceptable terms, if at all. A claim that is brought against us that is uninsured or under-insured could harm our business, financial condition and results of operations. Even unsuccessful claims could result in substantial costs and diversion of management resources.

If our security is breached, we could be subject to liability, and customers could be deterred from using our products and services.

Our business relies on the secure electronic transmission, storage, and hosting of sensitive information, including protected health information, financial information, and other sensitive information relating to our customers, company and workforce. As a result, we face some risk of a deliberate or unintentional incident involving unauthorized access to our computer systems or data that could result in the misappropriation or loss of

[Table of Contents](#)

assets or the disclosure of sensitive information, the corruption of data, or other disruption of our business operations. Similarly, denial-of-service or other Internet-based attacks may range from mere vandalism of our electronic systems to systematic theft of sensitive information and intellectual property.

In light of this risk, we have devoted and continue to devote significant resources to protecting and maintaining the confidentiality of this information, including implementing security and privacy programs and controls, training our workforce, and implementing new technology. We have no guarantee that these programs and controls will be adequate to prevent all possible security threats. We believe that any compromise of our electronic systems, including the unauthorized access, use or disclosure of sensitive information or a significant disruption of our computing assets and networks, would adversely affect our reputation, our ability to fulfill contractual obligations, and would require us to devote significant financial and other resources to mitigate such problems, and increase our future cybersecurity costs including through organizational changes, deploying additional personnel and protection technologies, further training employees, and engaging third party experts and consultants. Moreover, unauthorized access, use, or disclosure of such sensitive information could result in civil or criminal liability or regulatory action, including potential fines and penalties. In addition, any real or perceived compromise of our security or disclosure of sensitive information, may result in lost revenues by, deterring customers from using or purchasing our products and services in the future or to use competing suppliers.

In addition, we use third-party contractors, to store, transmit, or host sensitive information for our customers. While we have contractual relationships with these third-party contractors that require them to have appropriate security programs and controls in place and, frequently, to indemnify us, any compromise or failure of these contractors' security, could adversely affect our reputation, require us to devote financial and other resources to mitigate these breaches, or subject us to litigation from our customers.

Recently, other companies have experienced many high profile incidents involving data security breaches by entities that transmit and store sensitive information. Lawsuits resulting from these security breaches have sought very significant monetary damages, although many of these suits have yet to be resolved. While we maintain some insurance to cover these types of damages and costs, if we are sued for this type of security breach it is uncertain whether this coverage would be sufficient to cover the costs or damages assessed in this type of lawsuit against us.

If we are unable to obtain additional financing for our future needs, our ability to respond to competitive pressures may be impaired and our business, financial condition and results of operations could be adversely affected.

We cannot be certain that additional financing will be available to us on favorable terms, or at all. If adequate financing is not available or is not available on acceptable terms, our ability to fund our expansion, take advantage of potential acquisition opportunities, develop or enhance services or products, or respond to competitive pressures would be significantly limited.

If we are forced to reduce our prices, our business, financial condition and results of operations could suffer.

We may be subject to pricing pressures with respect to our future sales arising from various sources, including practices of managed care organizations, group purchasing arrangements made through government programs such as the Regional Extension Centers, and government action affecting reimbursement levels affecting physicians, hospitals, home health professionals or any combination thereof under Medicare, Medicaid and other government health programs. Our customers and the other entities with which we have a business relationship are affected by changes in statutes, regulations and limitations in governmental spending for Medicare, Medicaid and other programs. Recent government actions and future legislative and administrative changes could limit government spending for the Medicare and Medicaid programs, limit payments to hospitals

[Table of Contents](#)

and other providers, increase emphasis on competition, impose price controls, initiate new and expanded value-based reimbursement programs and create other programs that potentially could have an adverse effect on our customers and the other entities with which we have a business relationship. If our pricing experiences significant downward pressure, our business will be less profitable and our results of operations would be adversely affected. In addition, because cash from sales funds some of our working capital requirements, reduced profitability could require us to raise additional capital sooner than we would otherwise need.

If we incur costs exceeding our insurance coverage in lawsuits pending against us or that are brought against us in the future, it could adversely affect our business, financial condition and results of operations.

We are a defendant in lawsuits arising in the ordinary course of business. In the event we are found liable in any lawsuits filed against us, and if our insurance coverage were unavailable or inadequate to satisfy these liabilities, it could have an adverse effect on our business, financial condition and results of operations.

Our failure to license and integrate third-party technologies could harm our business.

We depend upon licenses for some of the technology used in our solutions from third-party vendors, and intend to continue licensing technologies from third parties. These technologies might not continue to be available to us on commercially reasonable terms or at all. Most of these licenses can be renewed only by mutual consent and may be terminated if we breach the terms of the license and fail to cure the breach within a specified period of time. Our inability to obtain, maintain or comply with any of these licenses could delay development until equivalent technology can be identified, licensed and integrated, which would harm our business, financial condition and results of operations.

Most of our third-party licenses are non-exclusive and our competitors may obtain the right to use any of the technology covered by these licenses and use the technology to compete directly with us. Our use of third-party technologies exposes us to increased risks, including, but not limited to, risks associated with the integration of new technology into our solutions, the diversion of our resources from development of our own proprietary technology and our inability to generate revenue from licensed technology sufficient to offset associated acquisition and maintenance costs. In addition, if our vendors choose to discontinue support of the licensed technology in the future or are unsuccessful in their continued research and development efforts, we might not be able to modify or adapt our own solutions.

If we fail to maintain and expand our business with our existing customers, or to effectively transition our customers to newer products, our business, financial condition and results of operations could be adversely affected.

Our business model depends on our success with maintaining our existing customers and selling follow-on and incremental products and services to our existing customers. In addition, our success with certain clients requires our achieving interoperability among the products offered by legacy Allscripts and legacy Eclipsys to provide a single solution that connects healthcare providers across care settings. Also critical to our success is our ability to sell our electronic health record products to our legacy entities' practice management customer base. Additionally, certain of our clinical solutions business unit customers initially purchase one or a limited number of our products and services. These customers might choose not to expand their use of, or purchase, additional modules. Also, as we deploy new applications and features for our existing solutions or introduce new solutions and services, our current customers could choose not to purchase these new offerings. If we fail to generate additional business from our current customers, our revenue could grow at a slower rate or even decrease.

In addition, the transition of our existing customers to current versions of our products presents certain risks, including the risk of data loss or corruption, or delays in completion. If such events occur, our client relationships and reputation could be damaged, which could adversely affect our business and results of operations.

Changes in interoperability and other regulatory standards applicable to our software could require us to incur substantial additional development costs.

Our clients and the industry leaders enacting regulatory requirements are concerned with and often require that our software solutions be interoperable with other third party health IT suppliers. Market forces or governmental/regulatory authorities could create software interoperability standards that would apply to our solutions, and if our software solutions and/or healthcare devices are not consistent with those standards, we could be forced to incur substantial additional development costs. HITECH, which is part of ARRA, provides financial incentives to hospitals and doctors who demonstrate that they are “meaningful electronic health record users,” including a requirement that they use health information technology systems that are “certified” according to a set of standards for functionality, interoperability and security developed under the supervision of the Secretary of the Department of Health and Human Services. HITECH also imposes certain requirements upon governmental agencies to use, and requires health care providers, health plans, and insurers contracting with such agencies to use, systems that are certified according to such standards. The Secretary of the Department of Health and Human Services continues to modify those standards. Achieving HITECH certification is becoming a competitive requirement, resulting in increased software development and administrative expense to conform to these requirements. These standards and specifications, once finalized, will be subject to interpretation by the entities designated to test and certify such technology.

We will incur increased development costs in delivering solutions to upgrade our software and healthcare devices to be in compliance with these varying and evolving standards, and delays may result in connection therewith. If our software solutions are not consistent with these evolving standards, our market position and sales could be impaired and we may have to invest significantly in changes to our software solutions, although we do not expect such costs to be significant in relation to the overall development costs for our solutions.

Changes in CMS diagnosis and inpatient procedure coding require us to make modifications to our products and services, which could result in significant development costs and which if unsuccessful could adversely affect our sales.

The Centers for Medicare and Medicaid Services, or CMS, has mandated the use of new patient codes for reporting medical diagnosis and inpatient procedures, referred to as the ICD-10 codes. CMS is requiring all providers, payers, clearinghouses, and billing services to utilize these ICD-10 codes when submitting claims for payment. ICD-10 codes will affect diagnosis and inpatient procedure coding for everyone covered by the Health Insurance Portability and Accountability Act (HIPAA), not just those who submit Medicare or Medicaid claims. Claims for services provided on or after October 1, 2013 must use ICD-10 codes for medical diagnosis and inpatient procedures or they will not be paid.

If our products and services do not accommodate CMS mandates at any future date, customers may cease to use those products and services that are not compliant or may choose alternative vendors and products that are compliant. This could adversely impact future revenues.

We are subject to a number of existing laws, regulations and industry initiatives, non-compliance with certain of which could materially adversely affect our operations or otherwise adversely affect our business, financial condition and results of operations, and we are susceptible to a changing regulatory environment.

As a participant in the healthcare industry, our operations and relationships, and those of our customers, are regulated by a number of federal, state and local governmental entities. The impact of this regulation on us is direct, to the extent we are ourselves subject to these laws and regulations, and is also indirect in that, in a number of situations, even though we may not be directly regulated by specific healthcare laws and regulations, our products must be capable of being used by our customers in a manner that complies with those laws and regulations. Inability of our customers to do so could affect the marketability of our products or our compliance with our customer contracts, or even expose us to direct liability under the theory that we had assisted our customers in a violation of healthcare laws or regulations. Because our business relationships with physicians,

[Table of Contents](#)

hospitals and other provider customers are unique and the healthcare information technology industry as a whole is relatively young, the application of many state and federal regulations to our business operations and to our customers is uncertain. Indeed, there are federal and state fraud and abuse laws, including anti-kickback laws and limitations on physician referrals, and laws related to distribution and marketing, including off-label promotion of prescription drugs that may be directly or indirectly applicable to our operations and relationships or the business practices of our customers. It is possible that a review of our business practices or those of our customers by courts or regulatory authorities could result in a determination that could adversely affect us. In addition, the healthcare regulatory environment may change in a way that restricts our existing operations or our growth. The healthcare industry generally and the EHR industry specifically is expected to continue to undergo significant legal and regulatory changes for the foreseeable future, which could have an adverse effect on our business, financial condition and results of operations. We cannot predict the effect of possible future enforcement, legislation and regulation.

Specific risks include, but are not limited to, risks relating to:

- **Healthcare Fraud.** Federal and state governments continue to enhance regulation of and increase their scrutiny over practices involving healthcare fraud affecting healthcare providers and professionals whose services are reimbursed by Medicare, Medicaid and other government healthcare programs. The healthcare industry is subject to laws and regulations on fraud and abuse which, among other things, prohibit the direct or indirect payment or receipt of any remuneration for patient referrals, or for the purchase or order, or arranging for or recommending referrals or purchases, of any item or service paid for in whole or in part by these federal or state healthcare programs. Federal enforcement personnel have substantial funding, powers and remedies to pursue suspected or perceived fraud and abuse. Moreover, both federal and state laws forbid bribery and similar behavior. Any determination by a regulatory, prosecutorial or judicial authority that any of our activities involving our clients, vendors or channel partners violate any of these laws could subject us to civil or criminal penalties, require us to change or terminate some portions of our business, require us to refund a portion of our license or service fees and disqualify us from providing services to clients doing business with government programs, all of which could have a material adverse effect on our business, financial condition and results of operations. Even an unsuccessful challenge by regulatory or prosecutorial authorities of our activities could result in adverse publicity, could require a costly response from us and could have a material adverse effect on our business, financial condition and results of operations.
- **Patient Information.** As part of the operation of our business, our customers provide to us patient-identifiable medical information related to the prescription drugs that they prescribe and other aspects of patient treatment. Government and industry legislation and rulemaking, especially HIPAA, HITECH and standards and requirements published by industry groups such as the Joint Commission on Accreditation of Healthcare Organizations, require the use of standard transactions, standard identifiers, security and other standards and requirements for the transmission of certain electronic health information. National standards and procedures under HIPAA include the “Standards for Electronic Transactions and Code Sets” (the Transaction Standards); the “Security Standards” (the Security Standards); and the “Standards for Privacy of Individually Identifiable Health Information” (the Privacy Standards). The Transaction Standards require the use of specified data coding, formatting and content in all specified “Health Care Transactions” conducted electronically. The Security Standards require the adoption of specified types of security measures for certain patient identifiable health information (called Protected Health Information) in electronic form. The Privacy Standards grant a number of rights to individuals as to their Protected Health Information and restrict the use and disclosure of Protected Health Information by Covered Entities, defined as “health plans,” “health care providers,” and “health care clearinghouses.”

We have reviewed our activities and believe that we are a Covered Entity to the extent that we maintain a “group health plan” for the benefit of our employees. We have taken steps we believe to be appropriate and required to bring our group health plan into compliance with HIPAA and HITECH. For our operating functions, we believe that we are a hybrid entity, with both covered and non-covered

[Table of Contents](#)

functions under HIPAA. The Payerpath portion of our business qualifies as a health care clearinghouse when it files electronic health care claims on behalf of health care providers that are subject to HIPAA and HITECH and we have instituted policies and procedures to comply with HIPAA and HITECH in that role.

With respect to our other business functions, we do not believe we are a Covered Entity as a health care provider or as a health care clearinghouse; however, the definition of a health care clearinghouse is broad and we cannot offer any assurance that we could not be considered a health care clearinghouse under HIPAA or that, if we are determined to be a healthcare clearinghouse, the consequences would not be adverse to our business, financial condition and results of operations. In addition, certain provisions of the Privacy and Security Standards apply to third parties that create, access, or receive Protected Health Information in order to perform a function or activity on behalf of a Covered Entity. Such third parties are called "Business Associates." Covered Entities and Business Associates must enter a written "Business Associate Agreement", containing specified written satisfactory assurances, consistent with the Privacy and Security Standards and HITECH and its implementing regulations, that the third party will safeguard Protected Health Information that it creates or accesses and will fulfill other material obligations. Most of our customers are Covered Entities, and we function in many of our relationships as a Business Associate of those customers. We would face liability under our Business Associate Agreements and HIPAA and HITECH if we do not comply with our Business Associate obligations and applicable provisions of the Privacy and Security Standards and HITECH and its implementing regulations. The penalties for a violation of HIPAA or HITECH are significant and could have an adverse impact upon our business, financial condition and results of operations, if such penalties ever were imposed.

Subject to the discussion set forth above, we believe that the principal effects of HIPAA are, first, to require that our systems be capable of being operated by us and our customers in a manner that is compliant with the Transaction, Security and Privacy Standards and, second, to require us to enter into and comply with Business Associate Agreements with our Covered Entity customers. For most Covered Entities, the deadlines for compliance with the Privacy Standards and the Transaction Standards occurred in 2003, and for the Security Standards occurred in 2005.

Additionally, Covered Entities that are providers are required to adopt a unique standard National Provider Identifier, or NPI, for use in filing and processing health care claims and other transactions. Most Covered Entities were required to use NPIs in standard transactions by May 23, 2007.

We have policies and procedures that we believe comply with federal and state confidentiality requirements for the handling of Protected Health Information that we receive and with our obligations under Business Associate Agreements. In particular, we believe that our systems and products are capable of being used by or for our customers in compliance with the Transaction, Security and Privacy Standards and are capable of being used by or for our customers in compliance with the NPI requirements. If, however, we do not follow those procedures and policies, or they are not sufficient to prevent the unauthorized disclosure of Protected Health Information, we could be subject to civil and/or criminal liability, fines and lawsuits, termination of our customer contracts or our operations could be shut down. Moreover, because all HIPAA Standards and HITECH implementing regulations and guidance are subject to change or interpretation, we cannot predict the full future impact of HIPAA, HITECH or their implementing regulations on our business and operations. In the event that HIPAA, HITECH or their implementing regulations change or are interpreted in a way that requires any material change to the way in which we do business, our business, financial condition and results of operations could be adversely affected. Additionally, certain state privacy laws are not preempted by HIPAA and HITECH and may impose independent obligations upon our customers or us. Additional legislation governing the acquisition, storage and transmission or other dissemination of health record information and other personal information, including social security numbers, continues to be proposed and come into force at the state level. There can be no assurance that changes to state or federal laws will not materially restrict the ability of providers to submit information from patient records using our products and services.

On January 25, 2013, the Federal Register published the final omnibus rules of the U.S. Department of Health and Human Services (HHS) which modify the HIPAA Privacy, Security, Breach Notification and Enforcement Rules. These rules impose additional obligations and burdens on covered entities, business associates and subcontractors relating to the privacy and security of Protected Health Information. Much of the Privacy and all of the Security Rule now applies directly to business associates and their subcontractors. These new rules may increase the cost of compliance and could subject us to additional enforcement actions.

- **Electronic Prescribing.** The use of our software by physicians to perform a variety of functions, including electronic prescribing (ePrescribing), which refers to the electronic routing of prescriptions to pharmacies and the ensuing dispensation, is governed by state and federal law, including fraud and abuse laws. States have differing prescription format requirements, which we have programmed into our software. Many existing laws and regulations, when enacted, did not anticipate methods of e-commerce now being developed. While federal law and the laws of many states permit the electronic transmission of certain prescription orders, the laws of several states neither specifically permit nor specifically prohibit the practice. Restrictions exist at the Federal level, however, on the use of ePrescribing for controlled substances and certain other drugs, including a new regulation enacted by the Drug Enforcement Association (DEA) in mid-2010. Given the rapid growth of electronic transactions in healthcare, and particularly the growth of the Internet, we expect many additional states to directly address these areas with regulation in the near future. In addition, the Department of Health and Human Services published its final “E-Prescribing and the Prescription Drug Program” regulations on November 7, 2005 (effective January 1, 2006), and final regulations governing the standards for ePrescribing Under Medicare Part D on April 7, 2008 (effective June 6, 2008) (E-Prescribing Regulations). These regulations are required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA). The E-Prescribing Regulations consist of detailed standards and requirements, in addition to the HIPAA Standard discussed above, for prescription and other information transmitted electronically in connection with a drug benefit covered by the MMA’s Prescription Drug Benefit. These standards cover not only transactions between prescribers and dispensers for prescriptions but also electronic eligibility and benefits inquiries and drug formulary and benefit coverage information. The standards apply to prescription drug plans participating in the MMA’s Prescription Drug Benefit. Other rules governing ePrescribing apply to other areas of Medicare and to Medicaid. The Medicare Improvements for Patients and Providers Act of 2008 (MIPPA) authorized a new and separate incentive program for individual eligible professionals who are successful electronic prescribers as defined by MIPPA, as well as a set of penalties for those not transmitting a minimum number of electronic prescriptions or participating in the Electronic Health Record Incentive Program (Meaningful Use). This incentive program is separate from and is in addition to the quality reporting incentive program authorized by Division B of the Tax Relief and Health Care Act of 2006 —Medicare Improvements and Extension Act of 2006 and which is now known as the Physician Quality Reporting System (PQRS). Eligible professionals do not need to participate in PQRS to participate in the ePrescribing Incentive Program. Both programs were in effect throughout 2012 and remain in effect for 2013, with both generating payment adjustments for non-participating providers. To the extent that these new initiatives and regulations foster the accelerated adoption of ePrescribing and Allscripts is a leader in the ePrescribing space, our business benefits from these incentive programs. However HITECH is the most prominent incentive program since its passage, reducing the impact the MIPPA and PQRS programs have in spurring greater adoption of ePrescribing or other health information technology.

In general, regulations in this area impose certain requirements which can be burdensome and evolve regularly, meaning that any potential benefits may be reversed by a newly-promulgated regulation that adversely affects our business model. Aspects of our clinical products are affected by such regulation because of the need of our customers to comply, as discussed above. Compliance with these regulations could be burdensome, time-consuming and expensive. We also are subject, as discussed above, to future legislation and regulations concerning the development and marketing of healthcare software systems or requirements related to product functionality. These could increase the cost and time necessary to market new services and could affect us in other respects not presently foreseeable.

- **Electronic Health Records.** A number of important federal and state laws govern the use and content of electronic health record systems, including fraud and abuse laws that may affect the donation of such technology. As a company that provides electronic health record systems to a variety of providers of healthcare, our systems and services must be designed in a manner that facilitates our customers' compliance with these laws. Because this is a topic of increasing state and federal regulation, we continue to monitor legislative and regulatory developments that might affect our business practices as they relate to electronic health record systems, revenue cycle management systems, ePrescribing and others. We cannot predict the content or effect of possible future regulation on our business practices. Also, as described above under "Risks Related to Our Business," our Sunrise Clinical Manager suite of solutions, Allscripts ED, Allscripts Enterprise EHR, modular and complete, Allscripts Professional EHR, Allscripts MyWay EHR and Allscripts PeakPractice EHR are all certified by an ONC-approved certifying body as meeting the standards for functionality, interoperability and security under HITECH. Our failure to maintain this certification or otherwise meet industry standards would adversely impact our business.

Under HITECH, eligible health care professionals and hospitals may qualify for Medicare and Medicaid payment for the Meaningful Use of certified electronic health record technology that meets specified objectives. The criteria for meaningful use will be staged in at least three stages over the course of several years. Ongoing compliance with regulations related to this evolving program could be expensive and time-consuming.

- **Claims Transmission.** Our system electronically transmits medical claims by physicians to patients' payers for immediate approval and reimbursement. In addition, we offer revenue cycle management services that include the manual and electronic processing and submission of medical claims by physicians to patients' payers for approval and reimbursement. Federal law provides that it is both a civil and a criminal violation for any person to submit, or cause to be submitted, a claim to any payer, including, without limitation, Medicare, Medicaid and all private health plans and managed care plans, seeking payment for any services or products that overbill or bills for items that have not been provided to the patient. We have in place policies and procedures that we believe assure that all claims that are transmitted by our system and through our services are accurate and complete, provided that the information given to us by our customers is also accurate and complete. If, however, we do not follow those procedures and policies, or they are not sufficient to prevent inaccurate claims from being submitted, we could be subject to liability. As discussed above, the HIPAA Transaction and Security Standards also affect our claims transmission services, since those services must be structured and provided in a way that supports our customers' HIPAA compliance obligations. Furthermore, to the extent that there is some type of information security breach, it could have a material adverse effect on our business.
- **Medical Devices.** Certain computer software products are regulated as medical devices under the Federal Food, Drug, and Cosmetic Act. The FDA may become increasingly active in regulating computer software intended for use in healthcare settings. Depending on the product, we could be required to notify the FDA and demonstrate substantial equivalence to other products on the market before marketing such products or obtain FDA approval by demonstrating safety and effectiveness before marketing a product. Depending on the intended use of a device, the FDA could require us to obtain extensive data from clinical studies to demonstrate safety or effectiveness or substantial equivalence. If the FDA requires these data, we could be required to obtain approval of an investigational device exemption before undertaking clinical trials. Clinical trials can take extended periods of time to complete. We cannot provide assurances that the FDA will approve or clear a device after the completion of such trials. In addition, these products would be subject to the Federal Food, Drug and Cosmetic Act's general controls. The FDA can impose extensive requirements governing pre—and post-market conditions like approval, labeling and manufacturing. The FDA can impose extensive requirements governing product design controls and quality assurance processes. Failure to comply with FDA requirements can result in criminal and civil fines and penalties, product seizure, injunction, and civil monetary policies—each of which could have an adverse effect on our business.

Additionally, recently enacted public laws reforming the U.S. healthcare system may have an impact on our business. The Patient Protection and Affordable Care Act (H.R. 3590; Public Law 111-148) (“PPACA”) and The Health Care and Education and Reconciliation Act of 2010 (H.R. 4872) (the “Reconciliation Act”), which amends the PPACA (collectively the “Health Reform Laws”), were signed into law in March 2010. The Health Reform Laws contain various provisions which may impact the Company and our customers. Some of these provisions (including Accountable Care Organizations and the Comprehensive Primary Care Initiative) may have a positive impact by requiring the expanded use of electronic health records and analytics tools to participate in certain federal programs, for example, while others, such as those mandating reductions in reimbursement for certain types of providers, may have a negative impact by reducing the resources available to purchase our products. Increases in fraud and abuse enforcement and penalties may also adversely affect participants in the healthcare sector, including the Company. Additionally, conversations continue in Congress around the Medicare Sustainable Growth Rate reimbursement model and possible replacement payment methodologies, some of which would further encourage the adoption of health information technology in order to satisfy possible new requirements tying the report of quality measurements to the receipt of payment through Medicare but which also currently raise ambiguity among physician populations and healthcare organizations.

Increased government involvement in healthcare could adversely affect our business.

U.S. healthcare system reform at both the federal and state level could increase government involvement in healthcare, lower reimbursement rates and otherwise change the business environment of our customers and the other entities with which we have a business relationship. We cannot predict whether or when future healthcare reform initiatives at the federal or state level or other initiatives affecting our business will be proposed, enacted or implemented or what impact those initiatives may have on our business, financial condition or results of operations. Our customers and the other entities with which we have a business relationship could react to these initiatives and the uncertainty surrounding these proposals by curtailing or deferring investments, including those for our products and services. Additionally, the government has signaled increased enforcement activity targeting healthcare fraud and abuse, which could adversely impact our business, either directly or indirectly. To the extent that our customers, most of whom are providers, may be affected by this increased enforcement environment, our business could correspondingly be affected. Additionally, government regulation could alter the clinical workflow of physicians, hospitals and other healthcare participants, thereby limiting the utility of our products and services to existing and potential customers and curtailing broad acceptance of our products and services. Further examples of government involvement could include requiring the standardization of technology relating to electronic health records, providing customers with incentives to adopt electronic health record solutions or developing a low-cost government sponsored electronic health record solution, such as the VistA-Office electronic health record. Additionally, certain safe harbors to the federal Anti-Kickback Statute and corresponding exceptions to the federal Stark law may alter the competitive landscape. These safe harbors and exceptions are intended to accelerate the adoption of electronic prescription systems and electronic health records systems, and therefore provide new and attractive opportunities for us to work with hospitals and other donors who wish to provide our solutions to physicians. At the same time, such safe harbors and exceptions may result in increased competition from providers of acute electronic health record solutions, whose hospital customers may seek to donate their existing acute electronic health record solutions to physicians for use in ambulatory settings.

If the electronic healthcare information market fails to develop as quickly as expected, our business, financial condition and results of operations will be adversely affected.

The electronic healthcare information market is in the early stages of development and is rapidly evolving. A number of market entrants have introduced or developed products and services that are competitive with one or more components of the solutions we offer. We expect that additional companies will continue to enter this market, especially in response to recent government subsidies. In new and rapidly evolving industries, there is significant uncertainty and risk as to the demand for, and market acceptance of, recently introduced products and services. Because the markets for our products and services are new and evolving, we are not able to predict the size and growth rate of the markets with any certainty. We cannot provide assurance that markets for our

[Table of Contents](#)

products and services will develop or that, if they do, they will be strong and continue to grow at a sufficient pace. If markets fail to develop, develop more slowly than expected or become saturated with competitors, our business, financial condition and results of operations will be adversely affected.

Consolidation in the healthcare industry could adversely affect our business, financial condition and results of operations.

Many healthcare industry participants are consolidating to create integrated healthcare delivery systems with greater market power. As provider networks and managed care organizations consolidate, thus decreasing the number of market participants, competition to provide products and services like ours will become more intense, and the importance of establishing relationships with key industry participants will become greater. These industry participants may try to use their market power to negotiate price reductions for our products and services. Further, consolidation of management and billing services through integrated delivery systems may decrease demand for our products. If we were forced to reduce our prices, our business would become less profitable unless we were able to achieve corresponding reductions in our expenses.

Business disruptions could affect our operating results.

A significant portion of our research and development activities and certain other critical business operations are concentrated in a few geographic areas. We are a highly automated business and a disruption or failure of our systems could cause delays in completing sales and providing services. A major earthquake, fire or other catastrophic event that results in the destruction or disruption of any of our critical business or information technology systems could severely affect our ability to conduct normal business operations and, as a result, our future operating results could be materially and adversely affected.

We may experience customer attrition and incur costs relating to the standardization of our small office electronic health record and practice management systems that could adversely affect our results of operations.

To serve our clients and the healthcare market better, in October 2012 we initiated a plan to standardize our small office electronic health record and practice management systems. As part of this plan, we will converge, over time, our MyWay Electronic Health Record System (MyWay) and Professional Suite Electronic Health Record System (Professional Suite). We plan to upgrade MyWay clients electing to migrate to the converged platform between January 2013 and September 2013, at no additional cost to the MyWay clients. The upgrade will position MyWay clients for Meaningful Use Stage 2 and ICD-10 compliance, and prepare them for the shift to value-based care that focuses on costs, quality and outcomes. MyWay clients not electing to upgrade will continue to have use of the application. As a result of this decision, we recorded a non-cash charge to earnings in the quarter ended September 30, 2012 related to the impairment of previously capitalized software development costs for MyWay plus the net carrying value of a perpetual license for certain software code incorporated in MyWay totaling \$11 million, on a pre-tax basis. Additional non-recurring period costs will be incurred in future quarters to upgrade the MyWay clients that elect to upgrade. The incremental period costs will be partially offset by cost savings we expect to realize through lower development and support costs. The amount of such costs and anticipated savings are not determinable at this time and will ultimately be based on the number of clients electing to migrate. Additionally, a complaint against us was filed in December 2012 related to the plan we have initiated. The complaint seeks to certify a class of MyWay customers and seeks damages for claims of breach of warranty and unjust enrichment. The costs associated with this upgrade initiative and litigation could exceed our expectations and, accordingly, adversely affect our results of operations.

Risks Related to Our International Business Strategy

Our growing operations in India expose us to risks that could have an adverse effect on our results of operations.

We have a significant workforce employed in India engaged in a broad range of development, support and corporate infrastructure activities that are integral to our business and critical to our profitability. Further, while there are certain cost advantages to operating in India, significant growth in the technology sector in India has increased competition to attract and retain skilled employees with commensurate increases in compensation costs. In the future, we may not be able to hire and retain such personnel at compensation levels consistent with our existing compensation and salary structure. Many of the companies with which we compete for hiring experienced employees have greater resources than we have and may be able to offer more attractive terms of employment. In addition, our operations in India require ongoing capital investments and expose us to foreign currency fluctuations, which may significantly reduce or negate any cost benefit anticipated from such expansion.

In addition, our reliance on a workforce in India exposes us to disruptions in the business, political and economic environment in that region. Maintenance of a stable political environment is important to our operations, and terrorist attacks and acts of violence or war may directly affect our physical facilities and workforce or contribute to general instability. Our operations in India may also be affected by trade restrictions, such as tariffs or other trade controls, as well as other factors that may adversely affect our operations.

Our business strategy includes expansion into markets outside North America, which will require increased expenditures and if our international operations are not successfully implemented, such expansion may cause our operating results and reputation to suffer.

We are working to expand operations in markets outside North America. There is no assurance that these efforts will be successful. We have limited experience in marketing, selling, implementing and supporting our software abroad. Expansion of our international sales and operations may require a significant amount of attention from our management, establishment of service delivery and support capabilities to handle that business and commensurate financial resources, and may subject us to risks and challenges that we would not face if we conducted our business only in the United States. We may not generate sufficient revenues from international business to cover these expenses.

The risks and challenges associated with operations outside the United States may include: the need to modify our software to satisfy local requirements and standards, including associated expenses and time delays; laws and business practices favoring local competitors; compliance with multiple, conflicting and changing governmental laws and regulations, including healthcare, employment, tax, privacy, healthcare information technology, and data and intellectual property protection laws and regulations; laws regulating exports of technology products from the United States; fluctuations in foreign currency exchange rates; difficulties in setting up foreign operations, including recruiting staff and management; and longer accounts receivable payment cycles and other collection difficulties. One or more of these requirements and risks may preclude us from operating in some markets.

Foreign operations subject us to numerous stringent U.S. and foreign laws, including the Foreign Corrupt Practices Act, or FCPA, and comparable foreign laws and regulations that prohibit improper payments or offers of payments to foreign governments and their officials and political parties by U.S. and other business entities for the purpose of obtaining or retaining business. As we expand our international operations, there is some risk of unauthorized payments or offers of payments by one of our employees, consultants, sales agents or distributors, which could constitute a violation by Allscripts of various laws including the FCPA, even though such parties are not always subject to our control. Safeguards we implement to discourage these practices may prove to be less than effective and violations of the FCPA and other laws may result in severe criminal or civil sanctions, or other liabilities or proceedings against us, including class action law suits and enforcement actions from the SEC, Department of Justice and overseas regulators.

[Table of Contents](#)

Foreign operations present certain additional risks, including:

- the general economic and political conditions existing in those countries;
- difficulties in staffing and managing our foreign offices, and the increased travel, infrastructure and legal and compliance costs associated with multiple international locations;
- product standards or regulations that differ from country to country and from those imposed upon the country by the United States government;
- devaluations and fluctuations in currency exchange rates;
- imposition of limitations on conversion of foreign currencies or remittance of dividends and other payments by foreign subsidiaries;
- imposition or increase of withholding and other taxes on remittances and other payments by subsidiaries;
- imposition or increase of investment and other restrictions by foreign governments;
- longer payment cycles; and
- greater difficulties in accounts receivable collection.

Risks Related to Our Common Stock

Future sales of our common stock in the public market could adversely affect the trading price of our common stock that we may issue and our ability to raise funds in new securities offerings.

Future sales of substantial amounts of our common stock in the public market, or the perception that such sales could occur, could adversely affect prevailing trading prices of our common stock and could impair our ability to raise capital through future offerings of equity or equity-related securities. As of February 8, 2013, we had approximately:

- 172 million shares of common stock outstanding;
- 3 million shares of common stock reserved and available for issuance pursuant to outstanding stock options (at a weighted average exercise price of \$12.06 per share); and
- 7 million shares of common stock reserved and available for issuance to settle outstanding restricted stock units and awards.

In connection with our acquisition strategy, we may issue shares of our common stock as consideration in other acquisition transactions. We cannot predict the effect, if any, that future sales of shares of common stock or the availability of shares of common stock for future sale will have on the trading price of our common stock.

Any issuance of preferred stock could adversely affect holders of our common stock and discourage a takeover.

Our Board of Directors is authorized to issue up to 1 million shares of preferred stock without any action on the part of our stockholders. Our Board of Directors also has the power, without stockholder approval, to set the terms of any series of preferred stock that may be issued, including voting rights (except that shares of preferred stock may not have more than one vote per share), dividend rights, preferences over our common stock with respect to dividends or in the event of a dissolution, liquidation or winding up and other terms. In the event that we issue preferred stock in the future that has preference over our common stock with respect to payment of dividends or upon our liquidation, dissolution or winding up, or if we issue preferred stock that is convertible into our common stock at greater than a one-to-one ratio, the voting and other rights of the holders of our common stock or the market price of our common stock could be adversely affected. In addition, the ability of our Board of Directors to issue shares of preferred stock without any action on the part of our stockholders may impede a takeover of us and prevent a transaction favorable to the holders of our common stock.

Provisions of our charter documents, Delaware law and our stockholder rights plan may delay or inhibit potential acquisition bids that stockholders may believe are desirable, and the market price of our common stock may be lower as a result.

Our charter documents include an election to be governed by Section 203 of the Delaware General Corporation Law, which we refer to as the DGCL, which prohibits us from engaging in any business combination with an interested stockholder for a period of three years from the date the person became an interested stockholder, unless certain conditions are met. These provisions will make it more difficult for stockholders or potential acquirers to acquire us without negotiation and may apply even if some of our stockholders consider the proposed transaction beneficial to them. These provisions could also limit the price that investors are willing to pay in the future for shares of our common stock.

Our charter documents also contain provisions that may delay or inhibit potential acquisition bids, including provisions that:

- our stockholders are not allowed to act by written consent; and
- our stockholders are not allowed to call a special meeting of stockholders.

In addition, we recently adopted a stockholder rights plan. The rights issued under the stockholder rights plan may cause substantial dilution to a person or group that attempts to acquire the Company on terms or in a manner not approved by our board of directors, except pursuant to an offer conditioned upon the negotiation, purchase or redemption of the rights. Accordingly, the rights plan may have the effect of rendering more difficult or discouraging an acquisition of the Company deemed undesirable by our board of directors. Our Board of Directors expects the stockholder rights plan approved on May 7, 2012, to expire under its original terms on May 6, 2013, without being renewed.

Our goodwill could become impaired and adversely affect our net worth and the market value of our common stock.

Goodwill and other acquired intangibles expected to contribute indefinitely to our cash flows are not amortized, but must be evaluated by management at least annually for impairment. If the carrying value of goodwill exceeds its estimated fair value, impairment is deemed to have occurred and the carrying value of goodwill is written down to fair value. Under generally accepted accounting principles (“GAAP”) in the United States of America, this would result in a charge to our operating earnings. Accordingly, any determination requiring the write-off of a significant portion of goodwill could have a material impact on our operating results. A further decline in the market value of our common stock resulting in a significant reduction in the market capitalization of the Company could be considered an indicator of potential impairment of our goodwill, causing us to perform an evaluation of the carrying amount of our goodwill which could result in a charge against our earnings.

Failure to maintain effective internal controls in accordance with Section 404 of the Sarbanes-Oxley Act of 2002 could have an adverse effect on our business and the trading price of our common stock.

Section 404 of the Sarbanes-Oxley Act requires us to evaluate annually the effectiveness of our internal controls over financial reporting as of the end of each fiscal year and to include a management report assessing the effectiveness of our internal controls over financial reporting in our annual report. If we fail to maintain the adequacy of our internal controls, as such standards are modified, supplemented, or amended from time to time, we can make no assurance that we will be able to conclude in the future that we have effective internal controls over financial reporting in accordance with Section 404. Additionally, if our independent registered public accounting firm is not satisfied with our internal controls over financial reporting or the level at which these controls are documented, designed and operated, or if our independent registered public accounting firm interprets the requirements, rules or regulations differently than we do, then it may issue an adverse opinion. If we fail to maintain a system of effective internal controls, it could have an adverse effect on our business and stock price and we could be subject to sanctions or investigations by NASDAQ, the SEC or other regulatory authorities, which would require additional financial and management resources.

The market price of our common stock has been and may continue to be volatile.

The market price of our common stock is volatile and could fluctuate significantly in response to the factors described above and other factors, many of which are beyond our control, including:

- actual or anticipated variations in our quarterly operating results;
- announcements of technological innovations or new services or products by our competitors or us;
- changes in financial estimates by securities analysts;
- conditions and trends in the electronic healthcare information, Internet, e-commerce and pharmaceutical markets; and
- general market conditions and other factors.

In addition, the stock markets, especially The NASDAQ Global Select Market, have experienced extreme price and volume fluctuations that have affected the market prices of equity securities of many technology companies and Internet-related companies in particular. These fluctuations have often been unrelated or disproportionate to operating performance. These broad market factors may materially affect the trading price of our common stock. General economic, political and market conditions such as recessions and interest rate fluctuations may also have an adverse effect on the market price of our common stock. Volatility in the market price for our common stock may result in the filing of securities class action litigation.

Our quarterly operating results may vary.

Our quarterly operating results have varied in the past, and we expect that our quarterly operating results will continue to vary in future periods depending on a number of factors, some of which we have no control over, including customers' budgetary constraints and internal acceptance procedures, seasonal variances in demand for our products and services, the sales, service and implementation cycles for our software products, potential downturns in the healthcare market and in economic conditions generally, and other factors described in this "Risk Factors" section.

We base our expense levels in part on our expectations concerning future revenue, and these expense levels are relatively fixed in the short term. If we have lower revenue than expected, we may not be able to reduce our spending in the short term in response. Any shortfall in revenue would have a direct impact on our results of operations. In addition, our product sales cycle for larger sales is lengthy and unpredictable, making it difficult to estimate our future bookings for any given period. If we do not achieve projected booking targets for a given period, securities analysts may change their recommendations on our common stock. For these and other reasons, we may not meet the earnings estimates of securities analysts or investors, and our stock price could suffer.

Our indebtedness will decrease business flexibility and increase borrowing costs.

The covenants under the Credit Agreement and our increased indebtedness and higher debt-to-equity ratio in comparison to our debt-to-equity ratio on a recent historical basis could have the effect, among other things, of:

- requiring us to apply a substantial portion of our cash flow from operations to payments on our debt, reducing the availability of cash flow to fund working capital, capital expenditures and other general corporate purposes;
- increasing our vulnerability to adverse general economic and industry conditions;
- limiting our flexibility in planning for, or reacting to, changes in business and the industry in which we operate;
- placing us at a competitive disadvantage compared to competitors that have less debt;
- limiting our ability to borrow additional funds on terms that are satisfactory or at all; and
- increasing our interest rates.

[Table of Contents](#)

If we fail to comply with financial covenants under our credit facilities, our results of operation and financial condition could be adversely affected.

Our credit facilities contain certain financial covenants, including interest coverage and total leverage ratios. If we fail to comply with these covenants, an event of default may occur, resulting in, among other things, the requirement to immediately repay all outstanding amounts owed thereunder. Depending on borrowing levels in such an event, our liquid assets might not be sufficient to repay in full the debt outstanding under the credit facilities. Such an acceleration also would expose us to the risk of liquidation of collateral assets at unfavorable prices.

Coniston Exchange LLC (successor to Coniston, Inc.) may be liable for significant potential contingent tax liabilities arising out of the Misys Transactions and certain related transactions, or out of prior activities of Coniston Exchange LLC unrelated to those transactions.

Coniston Exchange LLC (successor to Coniston, Inc.), a Delaware limited liability company acquired by us in exchange for approximately 61 million shares of our common stock issued to subsidiaries of Misys (which transaction we refer to as the Exchange), might be subject to significant taxes, which we refer to as Transaction Taxes, arising out of the Exchange, certain share repurchases by us from subsidiaries of Misys and certain related restructuring transactions, which we refer to collectively as the Misys Transactions. In particular, the Exchange or other Misys Transactions might have resulted in the recognition of the built-in gain inherent in our shares of common stock held by Coniston Exchange LLC, which is significant. At the time of the Exchange, Coniston Exchange LLC held approximately 61 million shares of our common stock. Pursuant to the Framework Agreement, Misys agreed to indemnify us against any Transaction Taxes imposed on Coniston Exchange LLC. On November 3, 2010, Coniston Exchange LLC received a letter ruling from the Internal Revenue Service, which we refer to as the IRS, in response to a request submitted to the IRS by Misys on August 9, 2010. The letter ruling confirms, in effect, that the Misys Transactions will not result in the recognition of the built-in gain inherent in our shares of common stock held by Coniston Exchange LLC, and addresses certain other tax issues related to the Misys Transactions.

The ability to rely on any letter ruling depends on the accuracy and completeness of the information submitted to the IRS, which was primarily determined by Misys as the party that requested the letter ruling from the IRS. If any factual statements or representations submitted to the IRS were incorrect or untrue in any material respect, the letter ruling could be invalidated. As a result, no assurances can be given that our ability to rely on the letter ruling could not be challenged, in which case we would be required to rely on Misys' indemnification obligation and ability to satisfy such indemnification obligation.

Item 1B. Unresolved Staff Comments

None.

Item 2. Properties

Our properties consist of approximately 1 million square feet of leased facilities. Our facilities house various sales, services, support, development, data processing, technology functions, certain ancillary functions and other back-office functions for current operations of all segments. We believe that adequate, suitable lease space will continue to be available for our needs. Our corporate headquarters are located in Chicago, Illinois. In addition, we maintain leased facilities in Raleigh and Morrisville, North Carolina; Atlanta, Georgia; Burlington, Vermont; Glen Allen, Virginia; Louisville, Kentucky; Burlington, Massachusetts; Malverne and Pittsburgh, Pennsylvania; St. Louis, Missouri; Richmond, British Columbia, Canada; Vadodara (formerly known as Baroda), Pune and Bangalore, India; and certain other smaller facilities.

Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities Public Market for Common Stock

Our common stock is quoted on the NASDAQ Global Select Market under the symbol “MDRX.” The following table sets forth, for the periods indicated, the high and low sales prices per share of the common stock of Allscripts Healthcare Solutions, Inc. for the applicable periods as reported on the NASDAQ Global Select Market.

	<u>High</u>	<u>Low</u>
Fiscal Year 2012 Quarter Ended		
December 31, 2012	\$14.23	\$8.85
September 30, 2012	\$13.17	\$8.84
June 30, 2012	\$16.90	\$8.99
March 31, 2012	\$21.66	\$16.55
Fiscal Year 2011 Quarter Ended		
December 31, 2011	\$21.10	\$16.13
September 30, 2011	\$20.51	\$13.85
June 30, 2011	\$23.13	\$18.27
March 31, 2011	\$22.21	\$19.20

We had 172 million and 190 million common shares outstanding at December 31, 2012 and 2011, respectively. On February 8, 2013, we had approximately 523 common stock holders of record according to the records of our transfer agent. We currently do not intend to declare or pay cash dividends on our shares of common stock in the foreseeable future. Any future determination to pay cash dividends will be at the discretion of our Board of Directors and will depend upon our results of operations, financial condition, current and anticipated cash needs, contractual restrictions, restrictions imposed by applicable law and other factors that our Board of Directors deems relevant. Our Senior Secured Credit Facility covenants include a restriction on our ability to declare dividends and other payments in respect of our capital stock.

In April 2011, our Board of Directors approved a stock repurchase program under which we may purchase up to \$200 million of our common stock over three years expiring on May 9, 2014 or such earlier time that the total dollar amount authorized by these resolutions has been used. In April 2012, our Board of Directors approved the repurchase of an additional \$200 million bringing the total repurchase authorization to \$400 million. Any share repurchases may be made through open market transactions, block trades, privately negotiated transactions (including accelerated share repurchase transactions) or other means. Any repurchase activity will depend on factors such as our working capital needs, cash requirements for investments, debt repayment obligations, our stock price, and economic and market conditions. Our stock repurchase program may be accelerated, suspended, delayed or discontinued at any time.

The following table summarizes the stock repurchase activity for the three months ended December 31, 2012 (which consisted of the withholding of shares upon the vesting of restricted stock awards to pay withholding taxes) and the approximate dollar value of shares that may yet be purchased pursuant to our stock repurchase program:

year ended May 31, 2009 include the results of operations of Misys Healthcare Systems (“MHS” or “legacy MHS”) for the full year ended May 31, 2009 and the results of operations of legacy Allscripts are included from the completion of the transactions (the “2008 Transactions”) contemplated by the Agreement and Plan of Merger dated as of March 17, 2008 by and among Misys plc (“Misys”), Allscripts Healthcare Solutions, Inc. (“legacy Allscripts”), MHS and Patriot Merger Company, LLC (“Patriot”) on October 10, 2008 through May 31, 2009. Since the 2008 Transactions constitute a reverse acquisition for accounting purposes, the pre-acquisition combined financial statements of MHS are treated as the historical financial statements of Allscripts. Results of operations for the year ended May 31, 2008 are the results of operations of legacy MHS only.

- (2) For the year ended May 31, 2008, the basic and diluted share count includes only the shares issued to Misys in connection with the 2008 Transactions. MHS did not have any shares outstanding prior to the merger, and therefore, the basic and diluted share count is comprised of the Allscripts shares issued on the October 10, 2008 acquisition date for all periods prior to the acquisition date as this reflects the Allscripts shares equivalent of MHS equity prior to the acquisition.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read together with "Selected Financial Data", our consolidated financial statements, the accompanying notes to these financial statements, and the other financial information that appears elsewhere in this Annual Report on Form 10-K. The consolidated statements of operations data and the consolidated statements of cash flows data for the year ended December 31, 2010 and the seven months ended December 31, 2009 are derived from unaudited comparative financial results. Information for segment operations for the year ended December 31, 2010 is not presented herein as it is impractical for us to derive the information according to the realignment of our reportable segments.

Overview

Eclipsys Merger

On August 24, 2010, Allscripts-Misys Healthcare Solutions, Inc. (which changed its name to Allscripts Healthcare Solutions, Inc., "Allscripts" or the "Company") completed the merger (the "Eclipsys Merger") contemplated by an Agreement and Plan of Merger dated June 9, 2010 ("Merger Agreement") by and among Allscripts, Arsenal Merger Corp., a wholly-owned subsidiary of Allscripts, and Eclipsys Corporation, an enterprise provider of solutions and services to hospitals and clinicians ("Eclipsys"). Eclipsys became a wholly-owned subsidiary of Allscripts as a result of the merger. The results of Eclipsys are consolidated with the results of Allscripts from August 24, 2010.

Misys Merger

On October 10, 2008, in accordance with the 2008 Transactions, a reverse acquisition for accounting purposes was completed. As a result of the completion of the 2008 Transactions, MHS became a wholly-owned subsidiary of legacy Allscripts and the newly combined entity was renamed Allscripts-Misys Healthcare Solutions, Inc. The 2008 Transactions were accounted for under the purchase method of accounting for business combinations in accordance with accounting principles generally accepted in the United States. Under the purchase method of accounting, with MHS as the accounting "acquirer," the assets and liabilities of legacy Allscripts were recorded, as of October 10, 2008, at their fair values and added to those of MHS, which are carried at their book values.

Basis of Presentation

The merger with Eclipsys has been accounted for as a purchase business combination. Under the acquisition method of accounting, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values as of the acquisition date. The operating results of Eclipsys are included in the accompanying consolidated statements of operations for periods subsequent to the completion of the merger, August 24, 2010.

The 2008 Transactions constitute a reverse acquisition for accounting purposes. As such, the pre-acquisition combined financial statements of MHS are treated as the historical financial statements of Allscripts. The results of operations of legacy Allscripts are included in the accompanying consolidated statements of operations for periods subsequent to the date of the completion of the 2008 Transactions, October 10, 2008.

Certain prior period amounts in the accompanying consolidated financial statements have been reclassified to conform to the current year presentation. These reclassifications had no effect on previously reported net income or stockholders' equity.

Business Overview

Allscripts is a leading provider of clinical, financial, connectivity and information solutions and related professional services that empower hospitals, physicians and post-acute organizations to deliver world-class

[Table of Contents](#)

outcomes. We deliver innovative solutions that provide physicians and other healthcare professionals with the information, insights and connectivity required to transform healthcare by improving the quality and efficiency of patient care.

We primarily derive our revenue from sales of our proprietary software and related hardware, professional services and IT outsourcing services. These sales also are the basis for our recurring service contracts for software maintenance and certain transaction processing services. Prior to this year, we used three reportable segments: Clinical Solutions, Hospital Solutions, and Health Solutions. In connection with the integration of the Eclipsys operations, in 2012 we realigned certain functions within our business. This realignment included the integration of our sales and services functions in the first quarter of 2012 as well as our solutions research and development team. After the realignment and based on the information used by management for making operating decisions and assessing performance, we identified the following reportable segments: Software Delivery, Services Delivery, Client Support, Pathway Solutions and IT Outsourcing. On March 16, 2009, we disposed of our prepackaged medications business which was previously reported as a separate operating segment.

We believe a combination of executive and legislative leadership at the federal level, industry standards, and federal incentives that exist today for Meaningful Use, e-prescribing and pay-for-quality initiatives is quickly making electronic health records as common as practice management systems in all provider offices. We believe that HITECH and other provisions provided by ARRA will continue to be a significant driver of healthcare IT adoption. We believe that we are well positioned in the market to take advantage of the material opportunity presented by HITECH.

Management has taken steps to position the Company to have what we believe will be adequate capacity to meet the demand that could result from new orders related to HITECH. These steps include supplementing our internal direct sales force with strategic distribution partners with established sales forces focused on practices with one to five providers. Further, we have taken steps to improve the efficiency of our approach to new system installations. The Company utilizes its Speed-to-Value implementation program, which standardizes certain key processes across customer sites and decreases the number of hours required by our professional services team to enable installations of our clinical and practice management solutions. This strategy is predicated on repeatable, best practice workflows and was designed collaboratively by our services and development teams and is proprietary to the Company. The Speed-to-Value program has significantly reduced installation timeframes for our client base.

For our customers to qualify for HITECH funding, our products must meet various requirements for product certification under the HITECH regulations, and must enable our customers to achieve Meaningful Use, as such term is currently defined under the 2010 and 2012 CMS Final Rules and under any future HITECH regulations and guidance that CMS may release. The CMS Final Rule provides for a phased approach to implementation of the Meaningful Use standards, with Stage 1 underway, Stage 2 set forth in the 2012 Final Rule and Stage 3 reserved for future rulemaking based on the experiences to date. Given that CMS will release future regulations related to electronic health records, our industry is presented with a challenge in preparing for compliance. Similarly, our ability to achieve product certification by CCHIT, the Drummond Group and/or other bodies to be accredited in the future, and the length, if any, of additional related development and other efforts required to meet Meaningful Use standards could materially impact our ability to maximize the market opportunity. All of our market-facing EHR solutions were certified 2011/2012 compliant by an ONC-ATCB, in accordance with the applicable provider or hospital certification criteria adopted by the Secretary of Health and Human Services. The new 2014 Edition criteria required to qualify eligible providers and hospitals for funding under HITECH beginning in 2014 are now available, and given the maturity of our products, management does not believe the incremental development effort required for our acute care and ambulatory EHRs to continue to meet the evolving Meaningful Use standards will present any insurmountable challenges. Management has made product development a strategic focus, with gross research and development funding expected to continue to approximate 10% of revenues in the foreseeable future.

[Table of Contents](#)

The market for acute care solutions is highly competitive. Sales cycles can occur over an extended period of time and require hospitals to secure external funding to finance their purchases of new clinical information systems. Several companies that we compete with are privately held which can provide certain advantages in capturing new client relationships. In addition, the market has increasingly moved toward adoption of integrated solutions that connect various venues of care including hospitals, physician offices, clinics, laboratories, post-acute facilities and other care delivery settings. The merger of Allscripts and Eclipsys responded to these emerging market dynamics by providing a full complement of solutions across the community of care. However other vendors may be better known or be perceived as a more integrated solutions provider currently. We have made progress on our integration plans, demonstrating the future direction for integrated solutions as well as current efforts that illustrate interoperability in common client settings. However, it will take more time and resources to finalize the product integration to meet current and evolving market demand for such solutions.

We believe that the HITECH Act and other provisions provided by the American Recovery and Reinvestment Act (ARRA) will continue to be one of the biggest drivers of healthcare IT adoption. Management believes that to date the HITECH program has resulted in additional related new orders for all of our Electronic Health Record (EHR) products. Large physician groups will continue to purchase EHR technology; however, the number of very large practices with over 100 physicians that have not yet acquired such technology is decreasing. Such practices may choose to replace older EHR technology in the future as Meaningful Use regulatory requirements and business realities dictate the need for updates and upgrades, as well as additional features and functionality.

We believe small—and medium-sized physician practices (those with three or fewer physicians, and four to 40 physicians, respectively) are increasingly adopting technology driven by a variety of factors, including a desire to maximize federal incentive payments, align with local hospitals, and merge with other practices, as well as other drivers. These offices typically require less time to implement and train than larger offices, so the need to plan implementations well in advance is not as critical as in larger physician organizations.

We have also seen an evolution of buying decisions toward an increase in local community-based buying activity whereby individual hospitals, health systems and integrated delivery networks are subsidizing the purchase of EHR licenses or related services for local, affiliated physicians and across their employed physician base as part of an offer to leverage buying power and help those practices take advantage of the HITECH incentives. This activity has also resulted in a pull-through effect where smaller practices affiliated with a community hospital are incited to participate in the incentive program while the subsidizing health system expands connectivity within the local provider community. This pull-through effect has resulted in new orders for Allscripts Professional EHR targeting small—and mid-sized physician practices. Management believes that the focus on new orders driven by the HITECH program and related to EHR and community-based activity will continue to expand as physicians in those small—and medium-sized practices who have not yet participated seek to qualify for the HITECH incentives for the first time or experienced practices upgrade in advance of the start of Stage 2 of the program. The associated challenge we face is to successfully position, sell, implement and support our products to the hospital, health system or integrated delivery network that is subsidizing its affiliated physicians. The community programs we have in place will aid us in penetrating this market.

The vast majority of our acute care and ambulatory customers continue to focus on achieving Meaningful Use under HITECH. As a result, during 2012, much of our professional services deployment capacity was consumed by demand from our customers who wished to upgrade to the most current releases of our EHR products which are certified as meeting Meaningful Use requirements, as well as those requesting implementation of any additional modules required to achieve Meaningful Use. Our professional services margins could be impacted as we continue to supplement our staff with third-party resources to help meet the demand. We expect this trend to continue into the near future as customers react to the finalized requirements for Meaningful Use Stage 2.

Although we believe that we have taken and continue to take the proper steps to take advantage of the opportunity presented by HITECH, given the effects the law is having on our customers, there can be no

[Table of Contents](#)

assurance that it will result in significant new orders for us in the near term, and if it does, that we will have the capacity to meet the additional market demand in a timely fashion.

Allscripts today provides one of the most comprehensive solution offerings for healthcare organizations of every size and setting. By combining physician-office and post-acute care solutions with enterprise solutions for hospitals and health systems, we offer a unified portfolio of clinical, financial, connectivity and information solutions.

Given the breadth of our solutions portfolio and customer types, we are uniquely positioned to connect physicians, other care providers and patients across all health care provider settings including hospitals, small or large physician practices, post-acute care facilities, or in a home care setting. We continue to compete for net-new opportunities among community hospitals and health systems that are looking to one information technology vendor to provide a single, end-to-end solution across all points of care. We believe our leading market share in the ambulatory space, in particular, gives us a competitive advantage in this regard as hospitals and health systems increasingly seek to leverage the EHR to build referring relationships with independent physicians across the communities they serve.

Additionally, recently enacted public laws reforming the U.S. healthcare system may have an impact on our business. The Patient Protection and Affordable Care Act (H.R. 3590; Public Law 111-148) (“PPACA”) and The Health Care and Education and Reconciliation Act of 2010 (H.R. 4872) (the “Reconciliation Act”), which amends the PPACA (collectively the “Health Reform Laws”), were signed into law in March 2010. The Health Reform Laws contain various provisions which may impact the Company and our customers. Some of these provisions (including Accountable Care Organizations and the Comprehensive Primary Care Initiative) may have a positive impact by requiring the expanded use of electronic health records and analytics tools to participate in certain federal programs, for example, while others, such as those mandating reductions in reimbursement for certain types of providers, may have a negative impact by reducing the resources available to purchase our products. Increases in fraud and abuse enforcement and penalties may also adversely affect participants in the healthcare sector, including the Company. Additionally, conversations continue in Congress around the Medicare Sustainable Growth Rate reimbursement model and possible replacement payment methodologies, some of which would further encourage the adoption of health information technology in order to satisfy possible new requirements tying the report of quality measurements to the receipt of payment through Medicare but which also currently raise ambiguity among physician populations and healthcare organizations.

Such payment and delivery system reform programs as have been launched related to the Medicare program are also increasingly being rolled out at the state level through Medicaid administrators, as well as through the private sector, presenting additional opportunity for us to provide software and services to our clients who participate. As a result, we expect it is likely that the market will demonstrate a need for new revenue cycle management offerings, such as our Sunrise Financial Manager solution, as organizations consider the larger shifts in reimbursement models being rolled out across the payment spectrum, as well as the ICD-10 transition.

Cost of revenue consists primarily of salaries, bonuses and benefits of Allscripts billable professionals, third-party software costs, hardware costs, third-party transaction processing costs, amortization of acquired proprietary technology and software development costs, depreciation and other direct engagement costs.

Selling, general and administrative expenses consist primarily of salaries, bonuses and benefits for management and administrative personnel, commissions, facilities costs, depreciation and amortization, general operating expenses, and selling and marketing expenses. In addition, selling, general and administrative expenses include certain services performed by Misys under the Shared Services Agreement and Transition Services Agreement. Refer to Note 17 in the Notes to our Consolidated Financial Statements for information regarding expenses incurred under the two agreements.

Research and development expenses consist primarily of salaries, bonuses and benefits, third party contractor costs and other costs directly related to development of new products and upgrading and enhancing existing products.

[Table of Contents](#)

Asset impairment charges consist of previously capitalized software development costs for our MyWay application plus the net carrying value of a perpetual license for certain software code incorporated in MyWay.

Amortization of intangibles consists of amortization of customer relationships, trade names and other intangibles acquired under purchase accounting related business combinations.

Interest expense consists primarily of interest on our previously outstanding 3.50% Senior Convertible Debentures (the “Debentures”), interest on capital leases and interest expense on outstanding debt under credit facilities.

Interest income and other, net consists primarily of interest earned on cash and marketable securities, and realized gains on investments.

Summary of Results

Bookings, which reflect the value of executed contracts for our solutions, totaled \$731 million for the year ended December 31, 2012 which is lower compared with the prior year amount of \$1.1 billion. Bookings for the fourth quarter totaled \$180 million which is higher compared with our third quarter bookings of \$162 million and lower compared with the prior year fourth-quarter bookings of \$327 million. Our current year results were impacted by speculation in the second half of 2012 about Allscripts’ future corporate autonomy and also by clients who continued to evaluate purchase decisions as they wait for new product releases.

Total revenue was essentially unchanged at \$1.4 billion compared with the prior year. We realized increases across all revenue categories with the exception of system sales as we experienced a decline in orders for which we continue our efforts to improve product performance and delivery execution.

We generated operating cash flows of approximately \$223 million in the current year which compares with \$269 million in the prior year.

Gross research and development spending in 2012 totaled \$205 million which represents a significant increase compared with the prior year spending of \$165 million. During 2012 we also released several important upgrades, product enhancements and innovative solutions.

To serve our clients and the healthcare market better, in October 2012 we publicly announced a plan to standardize our small office electronic health record and practice management systems. As part of this plan, we will converge, over time, our MyWay and Professional Suite applications (the “MyWay Transition”).

We plan to upgrade MyWay clients electing to migrate to the converged platform between February 2013 and September 2013, at no additional cost to the MyWay clients. The upgrade will position MyWay clients for Meaningful Use Stage 2 and ICD-10 compliance, and prepare them for the shift to value-based care that focuses on costs, quality and outcomes. MyWay clients not electing to upgrade will continue to have use of the application.

As a result of the above decision and the related elimination of future cash flows from sales of the MyWay application, we recorded a non-cash charge to earnings in the quarter ended September 30, 2012 related to the impairment of previously capitalized software development costs for MyWay plus the net carrying value of a perpetual license for certain software code incorporated in MyWay totaling \$11 million, on a pre-tax basis. Additional non-recurring period costs will be incurred in future quarters to upgrade the MyWay clients that elect to upgrade. The incremental period costs will be partially offset by cost savings we expect to realize through lower development and support costs. The amount of such costs and anticipated savings are not determinable at this time and will ultimately be based on the number of clients electing to migrate.

[Table of Contents](#)

Also impacting the financial statements for 2012 is the settlement of an acquired tax position that was included in our liability for uncertain tax benefits prior to the current year. Pursuant to an agreement between Misys plc and Allscripts signed in 2010, Misys agreed to indemnify Allscripts against potential contingent tax liabilities for which it could be potentially liable, arising from Allscripts' purchase of Allscripts shares from Misys in 2010. During the three months ended September 30, 2012, we recognized a tax benefit of \$16 million related to the settlement of the acquired tax position for an amount less than the carrying value of the uncertain tax liability. Prior to this year, our consolidated balance sheet also included a tax indemnification asset related to the uncertain tax liability. Since the settlement amount was less than the carrying value of the indemnification asset, we recorded a write-off of the remaining indemnification asset, which is included in interest income and other (expense), net within the consolidated statement of operations. The resulting charge of \$16 million is substantially non-deductible for tax purposes and therefore increases our effective tax rate for the entire year.

On November 8, 2012, we confirmed that in light of the ongoing interest expressed in the Company by third parties, we were evaluating strategic alternatives. On December 19, 2012, we announced that our Board of Directors concluded the evaluation process and determined that the best course is to develop Allscripts' long-term potential. We also announced changes in our senior leadership. As stated above, our current year bookings were impacted by speculation about Allscripts' future corporate autonomy and the timing of new product releases. Our ability to successfully execute on product innovation and integration initiatives may impact future bookings and results of operations.

During the three months ended December 31, 2012, we recorded a provision totaling \$17 million that represents a non-recurring revenue deferral related to clients who have long-aged accounts receivable balances. The provision is reflected as a reduction to maintenance revenues within our consolidated statement of operations for the year ended December 31, 2012.

Recent Accounting Pronouncements

Refer to Note 1 in the Notes to our Consolidated Financial Statements for a description of new accounting pronouncements.

Critical Accounting Policies and Estimates

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our consolidated financial statements, which have been prepared in accordance with generally accepted accounting principles ("GAAP") in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. Management believes the following critical accounting policies, among others, affect its more significant judgments and estimates used in the preparation of its consolidated financial statements.

Revenue Recognition

Revenue represents the fair value of consideration received or receivable from clients for goods and services provided by the Company. Revenue from system sales includes software and related hardware. Revenue from professional services includes implementation, training and consulting services. Revenue from maintenance includes post contract customer support and maintenance services. Revenue from transaction processing and other includes electronic data interchange ("EDI") services, Software-as-a-Service ("SaaS") transactions, software hosting services, and outsourcing. For some clients, we host the software applications licensed from us remotely using our own or third-party servers, which saves these clients the cost of procuring and maintaining

[Table of Contents](#)

hardware and related facilities. For other clients, we offer an outsourced solution in which we assume partial to total responsibility for a healthcare organization's information technology operations using our employees. Revenue from software licensing arrangements where the service element is not considered essential to the functionality of the other elements of the arrangement is recognized upon delivery of the software or as services are performed, provided persuasive evidence of an arrangement exists, fees are considered fixed or determinable, and collection of the receivable is probable. The revenue recognized for each separate element of a multiple-element software contract is based upon vendor-specific objective evidence of fair value, which is based upon the price the customer is required to pay when the element is sold separately or renewed. For arrangements in which vendor-specific objective evidence of fair value only exists for the undelivered elements, the delivered elements (generally software licenses) are accounted for using the residual method.

Revenue from software licensing arrangements, where the service element is considered essential to the functionality of the other elements of the arrangement, is accounted for on an input basis under percentage of completion accounting using actual hours worked as a percentage of total expected hours required by the arrangement, provided that persuasive evidence of an arrangement exists, the fee is fixed or determinable and collection of the receivable is probable. Maintenance and support from these agreements is recognized over the term of the support agreement based on vendor-specific objective evidence of fair value of the maintenance revenue, which is based on contractual renewal rates. For income statement presentation, consideration from agreements accounted for under percentage of completion accounting is allocated between system sales and professional services based on vendor specific evidence of our hourly services rate multiplied by the amount of hours performed with the residual amount allocated to software license fee.

Revenue from certain value-added reseller ("VAR") relationships in which software is directly sold to VARs is recognized on delivery of the software assuming all other revenue recognition criteria have been met. Revenue recognition is deferred until the software is delivered to the ultimate end user if the arrangement terms do not satisfy the criteria for revenue recognition on delivery of the software to the VAR.

Fees related to SaaS arrangements are recognized as revenue ratably over the contract terms beginning on the date our solutions are made available to customers. These arrangements include professional services fees related to the implementation and set-up of our solutions and are generally billed upfront and recorded as deferred revenue until our solutions are made available to the customer. The implementation and set-up fees are recognized as revenue ratably over the estimated customer relationship period. The estimated length of a customer relationship period is based on our experience with customer contract renewals and consideration of the period over which such customers use our SaaS solutions.

Software hosting services are provided to clients that have purchased a perpetual license to our software solutions and contracted with us to host the software. Generally, these arrangements provide the client with a contractual right to take possession of the software at any time during the hosting period without significant penalty and it is feasible for the client to either use the software on its own equipment or to contract with an unrelated third party to host the software. Hosting services are not deemed to be essential to the functionality of the software or other elements of the arrangement; accordingly, for these arrangements, we recognize software license revenues as system sales revenue upon delivery, assuming all other revenue recognition criteria have been met, and separately recognize fees for the hosting services as transaction processing and other revenue over the term of the hosting arrangement.

We also enter into multiple-element arrangements that may include a combination of various software-related and nonsoftware-related products and services. Management applies judgment to ensure appropriate accounting for multiple deliverables, including the allocation of arrangement consideration among multiple units of accounting, the determination of whether undelivered elements are essential to the functionality of delivered elements, and the timing of revenue recognition, among others. In such arrangements, we first allocate the total arrangement consideration based on a selling price hierarchy at the inception of the arrangement. The selling price for each element is based upon the following selling price hierarchy: vendor-specific objective evidence of fair value if available, third-party evidence of fair value if vendor-specific objective evidence of fair value is not

[Table of Contents](#)

available, or estimated selling price if neither vendor-specific objective evidence or third-party evidence of fair value is available (a description as to how we determine vendor-specific objective evidence of fair value, third-party evidence of fair value and estimated selling price is provided below). Upon allocation of consideration to the software elements as a whole and nonsoftware elements, we then further allocate consideration within the software group to the respective elements following higher-level, industry-specific guidance and our policies described above. After the arrangement consideration has been allocated to the elements, we account for each respective element in the arrangement as described above.

To determine the selling price in multiple-element arrangements, we establish vendor-specific objective evidence of fair value using the price charged for a deliverable when sold separately and contractual renewal rates for maintenance fees. For nonsoftware multiple element arrangements, third-party evidence of fair value is established by evaluating similar and interchangeable competitor products or services in standalone arrangements with similarly situated customers. If we are unable to determine the selling price because vendor-specific objective evidence or third-party evidence of fair value does not exist, we determine an estimated selling price by considering several external and internal factors including, but not limited to, pricing practices, margin objectives, competition, customer demand, internal costs and overall economic trends. The determination of an estimated selling price is made through consultation with and approval by our management, taking into consideration our go-to-market strategy. As our, or our competitors', pricing and go-to-market strategies evolve, we may modify our pricing practices in the future. These events could result in changes to our determination of vendor-specific objective evidence of fair value, third-party evidence of fair value and estimated selling price. Selling prices are analyzed on an annual basis or more frequently if we experience significant changes in our selling prices.

For those arrangements where the deliverables do not qualify as separate units of accounting, revenue recognition is evaluated for the combined deliverables as a single unit of accounting and generally the recognition pattern of the final deliverable will dictate the revenue recognition pattern for the single, combined unit of accounting. Changes in circumstances and customer data may result in a requirement to either separate or combine deliverables, such that a delivered item could now meet the separation criteria and qualify as a separate unit of accounting which may lead to an upward or downward adjustment to the amount of revenue recognized under the arrangement on a prospective basis.

We assess whether fees are fixed or determinable at the time of sale and recognize revenues if all other revenue recognition requirements are met. Our payment arrangements with clients typically include milestone-based software license fee payments and payments based on delivery for services and hardware.

While most of our arrangements include short-term payment terms, we periodically provide extended payment terms to clients from the date of contract signing. We do not recognize revenue under extended payment term arrangements until such payments become due. In certain circumstances, where all other revenue recognition criteria have been met, we occasionally offer discounts to clients with extended payment terms to accelerate the timing of when payments are made. Changes to extended payment term arrangements have not had a material impact on our consolidated results of operations.

Maintenance fees are recognized ratably over the period of the contract based on vendor specific objective evidence of fair value based on contractual renewal rates. Revenue from EDI services is recognized as services are provided and is determined based on the volume of transactions processed.

We provide outsourcing services to our clients under arrangements that typically range from five to ten years in duration. Under these arrangements we assume full, partial or transitional responsibilities for a healthcare organization's IT operations using our employees. Our outsourcing services include facilities management, network outsourcing and transition management. Revenue from these arrangements is recognized as services are performed.

Revenue is recognized net of any taxes collected from customers and subsequently remitted to governmental authorities. We record as revenue any amounts billed to customers for shipping and handling costs and record as cost of revenue the actual shipping costs incurred.

The Company records reimbursements for out-of-pocket expenses incurred as professional services revenue in the statement of operations.

Allowance for Doubtful Accounts Receivable

We rely on estimates to determine our bad debt expense and the adequacy of our allowance for doubtful accounts. These estimates are based on our historical experience and the industry in which we operate. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances and related bad debt expense may be required.

Business Combinations

Goodwill as of the acquisition date is measured as the excess of consideration transferred and the net of the acquisition date fair values of the assets acquired and the liabilities assumed. While we use our best estimates and assumptions as a part of the purchase price allocation process to accurately value assets acquired, including intangible assets, and liabilities assumed at the acquisition date, our estimates are inherently uncertain and subject to refinement. As a result, during the measurement period, which may be up to one year from the acquisition date, we record adjustments to the assets acquired and liabilities assumed, with the corresponding offset to goodwill. Upon the conclusion of the measurement period or final determination of the values of assets acquired or liabilities assumed, whichever comes first, any subsequent adjustments are recorded to our consolidated statements of operations.

Goodwill and Intangible Assets

We evaluate the value of intangible assets based upon the present value of the future economic benefits expected to be derived from the assets. We assess the impairment of the identifiable intangibles and goodwill annually, or more frequently if events or changes in circumstances indicate that the asset might be impaired. If we determine that the value of the intangible assets and goodwill may not be recoverable from future cash flows, a write-down of the value of the asset may be required.

We estimate the useful lives of our intangible assets and amortize the value over that estimated life. If the actual useful life is shorter than our estimated useful life, we will amortize the remaining book value over the remaining useful life or the asset may be deemed to be impaired and, accordingly, a write-down of the value of the asset may be required.

During the three months ended June 30, 2011, we voluntarily changed the date of our annual impairment test for goodwill and indefinite lived intangible assets from May 31 to the first day of the fiscal fourth quarter. This change was preferable under the circumstances as it aligns the timing of the annual goodwill impairment test with our strategic planning and budgeting process, which will enable management to use the updated strategic business plans that result from the budget process in the discounted cash flow analyses that it uses to estimate the fair value of our reporting units. The change did not delay, accelerate or avoid an impairment charge.

For each reporting unit fair value substantially exceeded its carrying value and no indicators of impairment were identified as a result of the annual impairment test performed as of October 1, 2012. Due to a decline in our stock price during the final three months of 2012, which we considered to be an indicator of potential impairment, we re-performed step one of the goodwill impairment test as of December 31, 2012. Based on re-performance of step one, no impairment was identified. A further decline in the market value of our common stock resulting in a significant reduction in the market capitalization of the Company would again cause us to perform an evaluation of the carrying amount of our goodwill which could result in a charge against our earnings.

Software Capitalization

We capitalize purchased software that is ready for service and software development costs incurred from the time technological feasibility of the software is established until the software is available for general release in accordance with accounting guidance. Research and development costs and other computer software maintenance costs related to software development are expensed as incurred.

The carrying value of capitalized software is dependent on the ability to recover its value through future revenue from the sale of the software. If we determine in the future that the value of the capitalized software could not be recovered, a write-down of the value of the capitalized software to its recoverable value may be required.

We estimate the useful life of our capitalized software and amortize the value over that estimated life. If the actual useful life is shorter than our estimated useful life, we will amortize the remaining book value over the remaining useful life or the asset may be deemed to be impaired and, accordingly, a write-down of the value of the asset may be required.

Income Taxes

We account for income taxes using the liability method, which requires the recognition of deferred tax assets or liabilities for the tax-effected temporary differences between the financial reporting and tax bases of our assets and liabilities and for net operating loss and tax credit carryforwards. The tax expense or benefit for unusual items, or certain adjustments to the valuation allowance, are treated as discrete items in the interim period in which the events occur. The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in an entity's financial statements or tax returns. Judgment is required in addressing the future tax consequences of events that have been recognized in our consolidated financial statements or tax returns.

In addition, we are subject to the continuous examination of our income tax returns by the Internal Revenue Service and other tax authorities. A change in the assessment of the outcomes of such matters could materially impact our consolidated financial statements. The calculation of tax liabilities involves dealing with uncertainties in the application of complex tax regulations. In accordance with authoritative accounting guidance, we recognize liabilities for anticipated tax audit issues based on our estimate of whether, and the extent to which, additional taxes may be required. If we ultimately determine that payment of these amounts is unnecessary, then we reverse the liability and recognize a tax benefit during the period in which we determine that the liability is no longer necessary. We also recognize tax benefits to the extent that it is more likely than not that our positions will be sustained if challenged by the taxing authorities. To the extent we prevail in matters for which liabilities have been established, or are required to pay amounts in excess of our liabilities, our effective tax rate in a given period may be materially affected. An unfavorable tax settlement would require cash payments and may result in an increase in our effective tax rate in the year of resolution. A favorable tax settlement would be recognized as a reduction in our effective tax rate in the year of resolution. We report interest and penalties related to uncertain income tax positions in the provision for income taxes line of our consolidated statements of operations.

Given the level of integration of the operations and reporting of legacy Allscripts and legacy MHS following the 2008 Transactions, management does not view or manage the business on a legacy business basis. Accordingly, it is not possible or meaningful in every case to quantify the impacts of the inclusion of legacy Allscripts on our financial results on a year-over-year basis within our overview of consolidated results and segment results. The fiscal year ended May 31, 2010 includes the full-year results of both legacy MHS and legacy Allscripts businesses. The fiscal year ended May 31, 2009 includes the full-year results of legacy MHS and the results of operations of legacy Allscripts subsequent to the closing of the 2008 Transactions, October 10, 2008.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Total revenue was essentially unchanged during the year ended December 31, 2012 compared with the prior year as we realized increases in all revenue categories with the exception of system sales. The increase in professional services revenue was driven by increases in implementation and consulting services including the implementation of third-party solutions as compared with the prior year. Maintenance revenue increased primarily due to new system activations, an activation being the point at which the invoicing of maintenance commences. The increase in maintenance revenues was partially offset by a provision totaling \$17 million that represents a non-recurring revenue deferral related to clients who have long-aged accounts receivable balances. The increase in transaction processing revenue is attributable to the expansion of IT Outsourcing services to our existing clients and growth in our client base. IT Outsourcing revenues contributed \$19 million of the increase in transaction processing and other revenue in addition to increases in SaaS and hosting revenues as we expanded our customer base. Partially offsetting these increases in revenue for the year ended December 31, 2012 is a decrease in system sales which consists of a \$60 million decrease in software revenue and a \$23 million decrease in hardware revenue as we experienced a decline in orders. Additionally, we continue to experience a shift in sales to smaller physician practices which typically require less robust hardware solutions.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

The increase in total revenue during 2011 was primarily attributable to inclusion of the full-year results of Eclipsys. Also contributing to the increase was higher professional services revenue that was driven by an increase in professional services headcount which increased our ability to provide more billable services. We increased headcount primarily in response to the demand associated with “meaningful use” upgrade services. Maintenance revenue and transaction processing revenue both increased primarily related to growth in our customer base. Partially offsetting the increase in maintenance revenue was a decrease in hardware maintenance revenue. SaaS revenues are included in transaction processing and other and contributed \$17 million of the

increase in revenue compared to the year ended December 31, 2010. Partially offsetting the increase in total revenue for the year ended December 31, 2011 was a decrease in system hardware revenue as our system sales shifted to smaller physician practices which typically require less robust hardware solutions.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Revenue for the seven months ended December 31, 2010 includes the results of Eclipsys from the date of the merger, August 24, 2010. All software and related services revenue categories reflect increases from the prior year comparable period. Excluding the impact of Eclipsys revenue totaling \$175 million from August 24, 2010 through December 31, 2010, system sales increased during the seven months ended December 31, 2010 as a result of an increase in customer orders compared with the seven months ended December 31, 2009. Professional services revenue increased primarily from an increase in professional services headcount which increased our ability to provide more billable services. The increase in customer orders also contributed to the increase in professional services revenue. Maintenance revenue and transaction processing revenue both increased primarily related to growth in our customer base and annual maintenance fee increases under existing contracts.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Revenue increased from the prior year primarily due to the inclusion of full-year results for legacy Allscripts in the fiscal year ended May 31, 2010 as compared with the prior year and an increase in customer orders. All revenue categories reflect increases from the prior year with the exception of prepackaged medications revenue related to the Medications Services segment that was sold during the fourth quarter of fiscal year 2009. System sales and maintenance revenue reflect the most significant increases in revenue. System sales increased as a result of an increase in customer orders compared with the prior year. The increase in maintenance revenue compared to the prior year reflects an overall increase in the customer base as a result of the 2008 Transactions along with continued growth in the customer base from new customer orders.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Gross profit decreased during the year ended December 31, 2012 primarily due to the decline in software sales and an increase in certain costs of revenue compared with the prior year. In the current year, we recognized a \$13 million increase in the amortization of software development costs associated with a higher capitalized base. We also realized an increase in professional services cost of revenue primarily due to a higher mix of third-party systems sales that are more costly to implement. Additionally, we experienced a decline in our billable utilization rate as the service hours delivered on various implementation projects exceeded original estimates as we worked to enhance implementation success. Gross profit was further impacted by an increase in transaction processing and other revenue that was offset by higher costs as we added headcount and made infrastructure improvements in response to increased demand for our SaaS and hosting solutions. Gross profit as a percent of revenue declined compared with the prior year due primarily to the decline in higher-margin software sales, the increase in professional services costs discussed above, and the increases in amortization of software development costs and transaction processing-related costs.

[Table of Contents](#)

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

In addition to the full-year results of Eclipsys, gross profit was also impacted by an increase in software maintenance revenue attributable to an increase in our customer base which was offset by the decrease in system hardware revenues discussed above combined with an increase in the amortization of software development costs. Additionally, we experienced an increase in professional services revenue that was offset by an increase in costs due to the increased use of third party resources to assist us in meeting demand attributable to “meaningful use” upgrade services. Gross profit as a percent of revenue declined compared to the prior period due primarily to the increases in amortization of software development costs, professional services costs and additional transaction processing related costs. These increases were partially offset by fewer lower margin hardware sales during the current year as discussed above.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Consolidated gross profit for the seven months ended December 31, 2010 includes the results of Eclipsys from the date of the merger, August 24, 2010. Excluding the impact of Eclipsys gross profit totaling \$66 million for the period August 24, 2010 through December 31, 2010, the increase in gross profit is attributable to higher system sales that were driven by an increase in software orders during the seven months ended December 31, 2010 compared with the seven months ended December 31, 2009, an increase in professional services revenue due to the increased capacity to deliver billable services and an increase in maintenance revenue due to growth in customers and annual maintenance fee increases under existing contracts. Gross profit as a percent of revenue declined compared with the prior year comparable period due primarily to an increase in the amortization of software development costs of \$3 million and additional transaction processing related costs incurred as we increased headcount and improved our infrastructure in response to increased demand for our SaaS solutions.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Gross profit increased during the year ended May 31, 2010 compared with the prior year due to the inclusion of full-year results for legacy Allscripts and an increase in revenue related to increased customer orders. Excluding the impact of our prepackaged medications business which was sold during the year ended May 31, 2009, gross profit as a percentage of revenue increased compared with the prior year due to improved use of professional services resources as well as an improvement in maintenance margins due to better cost management and a slight reduction in headcount. Additionally, a more favorable system sales revenue mix was realized in fiscal year 2010 compared with prior year with more revenue being contributed from software licenses and less from lower margin hardware sales. This improvement was offset by increased amortization of software development costs.

Selling, General and Administrative Expenses

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

During the year ended December 31, 2012, selling, general and administrative expenses decreased compared with the prior year due to a decrease in expenses incurred relating to the Eclipsys Merger and other non-recurring costs and a decrease in people-related expenses. Partially offsetting these decreases are: additional severance costs associated with the termination of certain executives of approximately \$10 million, including cash severance of approximately \$5 million and stock compensation expense of approximately \$5 million; costs

[Table of Contents](#)

associated with the MyWay Transition of approximately \$4 million; and an increase in professional fees primarily attributable to legal expenses related to general legal matters, including expenses related to addressing legal claims involving the Company.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

The increase in selling, general and administrative expenses during 2011 was primarily attributable to inclusion of the full-year results of Eclipsys, partially offset by a decrease in expenses incurred relating to the Eclipsys Merger and other integration-related costs totaling \$16 million as compared to the prior period, and a decrease in headcount-related expenses. Partially offsetting these decreases was an increase in stock compensation expense and an increase in legal expenses related to general legal matters, including negotiating transactions with customers and addressing claims asserted against the Company.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Selling, general and administrative expenses for the seven months ended December 31, 2010 includes the results of Eclipsys from the date of the merger, August 24, 2010. Excluding the impact of Eclipsys selling, general and administrative expenses totaling \$30 million from August 24, 2010 through December 31, 2010, selling, general and administrative expenses increased during the seven months ended December 31, 2010 primarily due to an increase in headcount and employee-related compensation expenses, and expenses incurred related to the Eclipsys Merger, Coniston Transactions, and other integration-related costs.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

The increase in selling, general and administrative costs during the year ended May 31, 2010 was primarily a result of the inclusion of full-year results for legacy Allscripts in the year ended May 31, 2010 as compared with the prior year. Additionally, increases in headcount and employee-related compensation expenses contributed to the overall increase in selling, general and administrative expenses. Additionally, we incurred increased costs related to the proposed Eclipsys Merger and Coniston Transactions, including legal, investment banking and accounting fees. Offsetting these increases are lower costs incurred in 2010 related to the 2008 Transactions and an impairment charge related to the investment in Aprima recognized in the prior year which did not recur in 2010.

Research and Development

(Dollar amounts in thousands)	Year Ended December 31,					Seven Months Ended December 31,			Year Ended May 31,		
	2012	2011	2010 (Unaudited)	2012	2011	2010 (Unaudited)	2009 (Unaudited)	% Change	2010 (Unaudited)	2009 (Unaudited)	% Change

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Research and development expenses increased during the year ended December 31, 2012 primarily due to an increase in people-related expenses as we increased headcount in order to accelerate development efforts to improve product performance and accelerate product integration and innovation. Also contributing to the increase is a decrease in the capitalization of software development costs as certain quality and efficiency development efforts were not eligible for capitalization.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Research and development expenses increased primarily due to a decrease in the capitalization of software development costs compared to the prior period that was partially offset by a decrease in headcount-related expenses.

[Table of Contents](#)

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Research and development expenses for the seven months ended December 31, 2010 includes the results of Eclipsys from the date of the merger, August 24, 2010. Excluding the impact of Eclipsys research and development expenses totaling \$12 million from August 24, 2010 through December 31, 2010, research and development expenses increased during the seven months ended December 31, 2010 primarily due to an increase in costs related to a higher number of internal and external research and development resources required to achieve new features and functionality and meet the Meaningful Use guidelines stipulated by healthcare legislation. Increased costs in the current period were partially offset by an increase in the capitalization of software development costs.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

The increase in research and development expenses was primarily due to the inclusion of full-year results for legacy Allscripts in the fiscal year ended May 31, 2010 as compared with the prior year and an increase in headcount. These increases were partially offset by increased capitalization of software development costs compared with the prior year.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Amortization of intangible assets recognized during the year ended December 31, 2012 decreased compared with the prior year comparable period as certain amortization periods ended and intangible asset amounts were fully amortized.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Amortization of intangible assets increased during the year ended December 31, 2011 as a result of amortization expense related to intangible assets acquired in the Eclipsys Merger totaling \$31 million and \$11 million for the years ended December 31, 2011 and 2010, respectively.

[Table of Contents](#)

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Amortization of intangible assets increased during the seven months ended December 31, 2010 as a result of increased amortization related to intangible assets acquired in the Eclipsys Merger.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Amortization of intangible assets increased during the year ended May 31, 2010 as a result of recognizing transaction-related expenses for a full year as compared to the prior year when amortization commenced in conjunction with the closing of the 2008 Transactions on October 10, 2008.

Interest Expense

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Interest expense for the year ended December 31, 2012 is lower compared with the prior year due to lower weighted average debt balances in 2012 and the reduction of the notional amount of our interest rate swap agreement. Also, interest expense for the year ended December 31, 2011 includes the write-off of deferred debt issuance costs totaling \$2 million in connection with the execution of an amendment to our credit facility agreement.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Interest expense increased during the year ended December 31, 2011 as compared to the prior comparable period due to interest incurred on the amounts drawn against our credit facilities in order to fund the Coniston Transactions, and the write-off during the current year of previously deferred debt issuance costs totaling \$2 million in connection with executing an amendment to our credit facilities.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Interest expense increased during the seven months ended December 31, 2010 as compared with the prior year comparable period primarily due to interest incurred on the amounts drawn against the Senior Secured Credit Facilities in order to fund the Coniston Transactions.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Interest expense decreased during the year ended May 31, 2010 as compared with the prior year due to the conversion of outstanding Debentures to common stock in the first fiscal quarter of 2010 and the repayment of the outstanding balance under the Credit Facility during 2010.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Interest income and other (expense), net for the year ended December 31, 2012 includes a \$16 million write-off of a tax indemnification asset due to the settlement of the related acquired tax position indemnified by Misys plc for an amount less than the carrying value of the indemnification asset.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

The increase in interest income and other, net during the year ended December 31, 2011 was primarily due to an increase in the imputed interest income from the indemnification asset provided in connection with the acquired tax positions from the Coniston Transactions.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

The increase in interest income and other, net during the seven month period ended December 31, 2010 is partially due to realized gains on investments and an increase in the cash and marketable securities balance, net of decreases due to lower interest rates earned.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

The increase during 2010 is partially due to realized gains on investments and an increase in the cash and marketable securities balance, net of decreases due to lower interest rates earned on cash in 2010.

Benefit (Provision) for Income Taxes

(Dollar amounts in thousands)	Year Ended December 31,					Seven Months Ended December 31,			Year Ended May 31,		
	2012	2011	2010	2012	2011	2010	2009	% Change	2010	2009	% Change

Benefit (provision) for income taxes	\$16,307	(\$43,870)	(\$24,676)	(137.2%)	77.8%	(\$2,606)	(\$18,596)	(86.0%)	(\$40,666)	(\$18,376)	121.3%
Effective tax rate	93.4%	37.3%	47.9%			(88.1%)	37.9%		39.3%	41.4%	

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

The benefit (provision) for income taxes for the year ended December 31, 2012 includes a \$16 million tax benefit related to the settlement of an acquired tax position for an amount less than the carrying value of the uncertain tax liability. Accordingly, in 2012 we recognized a tax benefit and decreased our liability for unrecognized tax benefits.

The acquired tax position referenced above was indemnified by Misys plc and a related tax indemnification asset was previously included within other assets in our consolidated balance sheet. Since the settlement amount was less than the carrying value of the indemnification asset, we recorded a write-off of the remaining indemnification asset, which is included in interest income and other within the consolidated statement of operations. The resulting charge of \$16 million is substantially non-deductible for tax purposes and therefore increases the effective tax rate for the entire year.

Excluding the effects of these items, our effective tax rate for the year ended December 31, 2012 is lower compared with the prior year due to a higher mix of foreign income taxed at lower rates and lower state tax expense.

On January 2, 2013, the American Taxpayer Relief Act of 2012 was enacted, reinstating retroactively to January 1, 2012 the research and development credit. As this law was not enacted until 2013, the impact of the

[Table of Contents](#)

2012 credit will not be reflected in our financial statements until the quarter ended March 31, 2013. Our effective tax rate for 2013 will also include the impact of the estimated 2013 credit.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

The effective tax rate for the year ended December 31, 2011 was lower compared to the prior year primarily due to nondeductible expenses incurred in 2010 related to the Eclipsys Merger and Coniston Transactions which increased the effective rate for 2010. The effective rate for 2011 also reflects lower state tax expense, which is expected to recur, compared to the prior year.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

The effective tax rate increased significantly for the seven months ended December 31, 2010 compared with the prior year comparable period primarily due to nondeductible expenses incurred related to the Eclipsys Merger and Coniston Transactions and changes in state tax rates.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

The decrease in the effective tax rate during 2010 is primarily due to a reduction in state income tax expense and the utilization of federal research and development credits.

Software Delivery

Software delivery primarily includes revenue from system sales, which is comprised of software license fees and hardware revenue, and recurring revenue from SaaS contracts and other subscription-based arrangements, which are included in transaction processing and other, and the related expenses, including selling expenses, incurred to deliver these solutions to our clients.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Software delivery revenue decreased during the year ended December 31, 2012 due to a decrease in system sales which consists of a \$60 million and \$23 million decrease in software and hardware revenue, respectively, as we experienced a decline in orders due in part to speculation in the second half of 2012 about Allscripts' future corporate autonomy and also as some clients continued to evaluate purchase decisions as they wait for new product releases. Partially offsetting these decreases was an increase in SaaS and subscription-based revenues during the year ended December 31, 2012 as we expanded to new customers.

Software delivery operating margins declined during the year ended December 31, 2012 due to the decline in higher-margin software sales and an increase in SaaS operations and infrastructure costs in response to increased demand for our SaaS solutions compared with 2011.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Software delivery revenue and operating income for the seven months ended December 31, 2010 is higher than the prior year comparable period primarily due to the inclusion of results for legacy Eclipsys subsequent to the merger with Eclipsys Corporation on August 24, 2010.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Software delivery revenue and operating income for the year ended May 31, 2010 is higher than the prior year primarily due to the inclusion of full-year results for legacy Allscripts.

Services Delivery

Services delivery derives its revenue through implementation, training and other professional services provided to clients and includes the related expenses incurred to provide these services.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

The increase in services delivery revenue during the year ended December 31, 2012 is attributable to increases in implementation and consulting services including the implementation of third-party solutions as compared with the prior year.

[Table of Contents](#)

Operating margin declined during the year ended December 31, 2012 primarily due to the incremental costs incurred to implement a higher mix of third-party systems sales that are more costly to implement. Additionally, we experienced a decline in our billable utilization rate as the service hours delivered on various implementation projects exceeded original estimates as we worked to enhance implementation success.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Services delivery revenue and operating income for the seven months ended December 31, 2010 is higher than the prior year comparable period primarily due to the inclusion of results for legacy Eclipsys subsequent to the merger with Eclipsys Corporation on August 24, 2010.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Services delivery revenue and operating income for the year ended May 31, 2010 is higher than the prior year primarily due to the inclusion of full-year results for legacy Allscripts.

Client Support

Client support derives its revenue through software and hardware maintenance contracts and includes the related expenses incurred to provide support to our customers.

Client support revenue increased during the year ended December 31, 2012 due to increases in our client base and customer activations, an activation being the point at which the invoicing of maintenance commences, compared with the prior year comparable period. The increase in maintenance revenues was partially offset by a provision totaling \$17 million that represents a non-recurring revenue deferral related to clients who have long-aged accounts receivable balances.

Client support operating margin declined during the year ended December 31, 2012 due to recording the provision for revenue deferral discussed above.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Client support revenue and operating income for the seven months ended December 31, 2010 is higher than the prior year comparable period primarily due to the inclusion of results for legacy Eclipsys subsequent to the merger with Eclipsys Corporation on August 24, 2010.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Client support revenue and operating income for the year ended May 31, 2010 is higher than the prior year primarily due to the inclusion of full-year results for legacy Allscripts.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

During the year ended December 31, 2012 we expanded our Patient Portal client base which contributed to an increase in Pathway solutions revenue compared with the prior year.

Pathway solutions operating margin decreased during the year ended December 31, 2012 as we incurred increased costs in response to demand for our solutions that partially offset the increase in revenues. Additionally, capitalization of software development costs declined by approximately \$3 million compared with the prior year.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Pathway solutions revenue, operating income and operating margin for the seven months ended December 31, 2010 are in line with the respective amounts for the prior year comparable period.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Pathway solutions revenue and operating income for the year ended May 31, 2010 is higher than the prior year primarily due to the inclusion of full-year results for legacy Allscripts.

IT Outsourcing

IT outsourcing includes revenue from our information technology outsourcing solutions and includes the related expenses incurred to deliver these solutions to our clients.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

IT outsourcing revenue and operating income for the seven months ended December 31, 2010 reflects the results of our IT outsourcing operations acquired in the merger with Eclipsys Corporation on August 24, 2010.

Prepackaged Medications

	Year Ended May 31, 2009 (Unaudited)
Revenue	\$14,421
Income from operations	\$1,121

Prepackaged medications is only included in operating results during the year ended May 31, 2009, as the related business was acquired as part of the 2008 Transactions in the second quarter of fiscal year 2009 and on March 16, 2009, Allscripts completed the sale of its Medications Services business pursuant to the Asset Purchase Agreement (the "Meds Agreement") with A-S Medication Solutions LLC ("A-S").

Other Operating Segment and Unallocated Amounts

Corporate general and administrative expenses are centrally managed and solutions research and development expenses, including amortization of capitalized software development costs, are not attributed to an operating segment. As a result, these expenses are not allocated to our reportable segments because they are not part of the segment profitability results reviewed by management.

In determining revenue and income from operations for our segments, we do not include the amortization of acquisition-related deferred revenue adjustments in revenue and we exclude amortization of intangible assets and stock-based compensation expense from the operating expense segment data provided to our chief operating decision maker. Accordingly, these amounts are not included in our reportable segment results and are included in the unallocated amounts.

The financial information below includes revenue primarily from our remote hosting operating segment and operating expenses related to this segment are included in income from operations for all applicable periods.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Remote hosting operating income for the year ended December 31, 2012 decreased compared with the prior year due to increased infrastructure costs incurred to accommodate software upgrades.

Unallocated expenses increased during the year ended December 31, 2012 primarily due to an increase in research and development headcount. Also contributing to the increase are higher legal expenses in connection

with general legal matters, including expenses related to addressing claims involving the Company, and an \$11 million increase in amortization of software development costs compared with the prior year. These increases were partially offset by a decrease in expenses incurred relating to the Eclipsys Merger and other non-recurring costs. Additionally, during the year ended December 31, 2012, we recorded asset impairment charges totaling \$11 million that are not allocated to our reportable segments because they are not part of the segment profitability results reviewed by management.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Remote hosting operating income for the seven months ended December 31, 2010 reflects the results of our primary remote hosting operations acquired in the merger with Eclipsys Corporation on August 24, 2010.

Unallocated expenses during the seven months ended December 31, 2010 increased compared with the seven months ended December 31, 2009 due to an increase in headcount and expenses incurred related to the Eclipsys Merger, Coniston Transactions, and other integration-related costs, in addition to expenses incurred by legacy Eclipsys from the date of the merger, August 24, 2010.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Unallocated expenses during 2010 increased compared with the prior year due primarily to the inclusion of full-year results for legacy Allscripts in the fiscal year ended May 31, 2010 and an increase in headcount and employee-related compensation expenses. Additionally, we incurred increased costs related to the proposed Eclipsys Merger and Coniston Transactions, including legal, investment banking and accounting fees. Offsetting these increases are lower costs incurred in 2010 related to the 2008 Transactions and an impairment charge related to the investment in Aprima recognized in the prior year that did not recur in 2010.

Contract Backlog

Contract backlog represents the value of bookings and maintenance contracts that have not yet been recognized as revenue. A summary of contract backlog by revenue category is as follows:

<u>(Dollar amounts in millions)</u>	<u>As of December 31, 2012</u>	<u>As of December 31, 2011</u>	<u>% Change</u>
Contract backlog:			
System sales	\$107	\$136	(21.3%)
Professional services	376	393	(4.3%)
Maintenance	875	833	5.0%
Transaction processing and other	1,450	1,492	(2.8%)
Total contract backlog	<u>\$2,808</u>	<u>\$2,854</u>	<u>(1.6%)</u>

Total contract backlog as of December 31, 2012 decreased slightly compared with December 31, 2011 as an increase in maintenance revenue backlog was offset by decreases in systems sales, professional services, transaction processing and other backlog categories. Maintenance revenue backlog increased as a result of new client activations as well as maintenance renewals in our installed base. System sales backlog declined as we experienced a decline in orders during the year ended December 31, 2012; we continue our efforts to improve product performance and delivery execution. We estimate that approximately 44% of the total backlog at December 31, 2012 will be recognized as revenue during 2013.

Bookings

Bookings reflect the value of executed contracts for software, hardware, services, remote hosting, outsourcing and SaaS. Bookings were as follows:

(Dollar amounts in millions)	Year Ended December 31.		
	2012	2011	% Change
Bookings	\$731	\$1,051	(30.4%)

We experienced a decline in bookings during the year ended December 31, 2012 compared with the prior year comparable period due in part to speculation in the second half of 2012 about Allscripts' future corporate autonomy and also as some clients continued to evaluate purchase decisions as they wait for new product releases.

Selected Quarterly Operating Results

The following tables set forth a summary of our quarterly financial information for our last eight quarters. We believe that all necessary adjustments, which consisted only of normal recurring adjustments, have been included in the amounts stated below to present fairly the results of such periods when read in conjunction with the consolidated financial statements and related notes included elsewhere in this Annual Report. The operating results for any quarter should not be relied upon to predict the results for any subsequent period or for the entire fiscal year. Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Net cash provided by operating activities decreased during the year ended December 31, 2012 as higher payroll expenditures related to an increase in headcount, and an increase in vendor payments including higher costs related to the implementation of third party system sales were partially offset by an increase in cash received from customers.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Net cash provided by operating activities increased in the current year primarily due to an increase in our overall profitability in 2011, in part, attributable to the inclusion of Eclipsys operations for all of 2011 and an increase in cash received from customers attributable to the cash contribution by Eclipsys. This increase was partially offset by an increase in operating disbursements also attributable to the full-year effect of the Eclipsys Merger.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Net cash provided by operating activities increased in the seven months ended December 31, 2010 primarily due to a decrease in the use of cash by working capital activities as compared with the prior year comparable period and the cash contribution by Eclipsys operations from the date of the merger, August 24, 2010. The additional cash provided by Eclipsys operations was partially offset by an increase in expenses related to the Eclipsys Merger, Coniston Transactions, and other integration-related costs incurred during the seven months ended December 31, 2010.

[Table of Contents](#)

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Cash flow from operations increased in 2010 due to an increase in cash received from customers attributable to the inclusion of full-year results for legacy Allscripts in the fiscal year ended May 31, 2010 as compared with the prior year in addition to fewer payments in 2010 for costs related to the 2008 Transactions. The increase in 2010 was partially offset by an increase in payments for costs related to the proposed Eclipsys Merger and the Coniston Transactions.

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Net cash used in investing activities increased during the year ended December 31, 2012 due to an increase in capital spending which was partially offset by a decrease in capitalized software development costs. Also, the prior year includes the acquisition of cost method investments, the release of restricted cash, and proceeds from the sale of certain hosting equipment and infrastructure that did not recur in 2012. The increase in capital spending is related to the acquisition of computer equipment and software to improve our information systems infrastructure and to accommodate data management and hosting related to our SaaS and hosting solutions. The capitalization of software development costs decreased as certain quality and efficiency development efforts were not eligible for capitalization.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Net cash used in investing activities increased during the year ended December 31, 2011 primarily due to increases in capital expenditures and software development expenditures. Also, the prior period includes cash and restricted cash acquired in the Eclipsys Merger. The increase in capital expenditures was related to the acquisition of computer equipment and software to improve our information systems infrastructure and to accommodate data management and hosting related to our SaaS and hosting solutions. The capitalization of software development costs increased as a result of the increased level of research and development expenditures

during 2011 that was driven by new product initiatives and regulatory updates to existing products related to initial “meaningful use” requirements. Capital expenditures and capitalized software expenditures were also higher in 2011 due to the inclusion of a full year of Eclipsys operations. Our investments in dbMotion Ltd. and Humedica, Inc. also contributed to the increase. These increases were partially offset by proceeds received from the sale of a portion of our hosting equipment and infrastructure related to our Sunrise acute care clients to Affiliated Computer Services, Inc. (“ACS”), and the elimination of our restricted cash balance due to the expiration of certain letters of credit.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Cash provided by investing activities increased during the seven months ended December 31, 2010 due to the cash and restricted cash acquired in the Eclipsys Merger. This increase was partially offset by increases in capital spending and software development spending. The increase in capital spending is related to the acquisition of computer equipment and software to improve our information systems infrastructure and to accommodate data management and hosting related to our products. The capitalization of software development costs increased as a result of the increased level of research and development spending during the seven months ended December 31, 2010 that was driven by new product initiatives and regulatory updates to existing products related to Meaningful Use. Capital spending and capitalized software are also higher during the seven months ended December 31, 2010 due to the inclusion of amounts related to Eclipsys operations from the merger date, August 24, 2010.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Cash used for investing activities decreased compared to the prior year primarily due to the payment in 2009 for the acquisition of legacy Allscripts that did not recur in 2010. This decrease was partially offset by increases in capital spending and software development spending in 2010. The increase in capital spending is related to the acquisition of computer equipment and software to improve our information systems infrastructure and to accommodate data management and hosting related to our products. The capitalization of software development costs increased as a result of the increased level of research and development spending during fiscal year 2010 that was driven by new product initiatives.

[Table of Contents](#)

Year Ended December 31, 2012 Compared with the Year Ended December 31, 2011

Net cash used in financing activities increased during the year ended December 31, 2012 due primarily to the increased level of activity under our stock repurchase program. This increase was partially offset by net borrowings under our credit facility that were used to finance stock repurchases during 2012. Proceeds from stock-based compensation activities were lower compared with 2011 and excess tax benefits from stock-based compensation declined as the fair value of equity awards vesting during 2012 was more aligned with the fair value of the awards on the date of grant.

Year Ended December 31, 2011 Compared with the Year Ended December 31, 2010

Net cash used in financing activities decreased during the year ended December 31, 2011 compared to the prior period primarily due to the 2011 increase in proceeds from stock-based compensation activities and considering the prior period effects of the repurchase of common stock related to the reduction of Misys share ownership in Allscripts and proceeds from the Senior Secured Credit Facilities which were used to fund the Coniston Transactions in connection with the Eclipsys Merger which did not recur in 2011. Payments on debt instruments increased due to repayment of borrowings under the Senior Secured Credit Facilities which originated in August 2010. Also, additional payments and borrowings, each totaling \$49 million, net of \$1 million in debt issuance costs, occurred in 2011 in connection with the Amended and Restated Credit Agreement. We repurchased approximately 3 million shares of our common stock for \$51 million during 2011 pursuant to our stock repurchase program. As of December 31, 2011, the amount available for repurchase of common stock under the program was \$149 million. Finally, during 2011 the majority of restricted stock units and awards that vested were net-share settled such that we withheld shares with a value equivalent to the employees' minimum statutory obligation for the applicable income and other employment taxes and remitted the cash to the appropriate taxing authorities. These net-share settlements had the effect of share repurchases by us as they reduced the number of shares that would have otherwise been issued as a result of the vesting.

Seven Months Ended December 31, 2010 Compared with the Seven Months Ended December 31, 2009

Cash used for financing activities increased during the seven months ended December 31, 2010 compared with the prior year comparable period primarily due to the repurchase of common stock related to the reduction of Misys ownership in Allscripts. The increase is partially offset by proceeds from the Senior Secured Credit Facilities that were used to fund the Coniston Transactions and working capital needs. Payments on debt instruments primarily increased due to repayment of borrowings under the Senior Secured Credit Facilities. Additionally, an increase in proceeds from issuance of common stock partially offsets the increases in cash used for financing activities.

Year Ended May 31, 2010 Compared with the Year Ended May 31, 2009

Cash used for financing activities increased compared with the prior year primarily due to the receipt of cash from Misys in 2009 in connection with the 2008 Transactions that did not recur in 2010. Contributing to the increase were payments made to fully liquidate outstanding balances under the Credit Facility during 2010. Partially offsetting these increases are payments in 2009 for the repurchase of senior convertible notes and common stock that did not recur in 2010.

Free Cash Flow

To supplement our statements of cash flows presented on a GAAP basis, we use a non-GAAP measure of free cash flow that we believe is also useful as one of the bases for evaluating our performance. We believe free cash flow is an important liquidity metric, as it measures the amount of cash generated that is available to repay our current debt obligations, make investments, fund acquisitions, repurchase our common stock and for certain other activities. The presentation of non-GAAP free cash flow is not meant to be considered in isolation and should not be considered a substitute for income from operations, net income, net cash provided by operating activities or any other measure determined in accordance with GAAP. Operating asset and liability balances can fluctuate significantly from period to period and there can be no assurance that free cash flow will not be negatively impacted by material changes in operating assets and liabilities in future periods, since these changes depend upon, among other things, management's timing of payments and cash receipts. In addition to

[Table of Contents](#)

fluctuations resulting from changes in operating assets and liabilities, free cash flow can vary significantly from period to period depending upon, among other things, operating efficiencies, increases or decreases in capital expenditures and capitalized software, and other factors.

We calculate free cash flow as follows:

(In thousands)	Year Ended December 31,					Seven Months Ended December 31,			Year Ended May 31,		
	2012	2011	2010	2012 \$ Change from 2011	2011 \$ Change from 2010	2010	2009	\$ Change	2010	2009	\$ Change

Amounts for each element of the table above are as reported in our consolidated statements of cash flows presented in accordance with GAAP.

Future Capital Requirements

In connection with the Coniston Transactions, on August 20, 2010 (the "Closing Date"), Allscripts entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent, UBS Securities LLC and Barclays Capital, as co-syndication agents, and a syndicate of banks as co-documentation agents (the "Credit Agreement").

The Credit Agreement provides for a \$470 million senior secured term loan facility (the "Term Facility") and a \$250 million senior secured revolving facility (the "Revolving Facility"), each of which has a five year term (collectively the "Senior Secured Credit Facilities"). In connection with the closing of the Coniston Transactions, Allscripts borrowed \$470 million under the Term Facility and \$100 million under the Revolving Facility. Allscripts incurred \$22 million in debt issuance costs related to the Senior Secured Credit Facilities. Allscripts used the net proceeds to finance a portion of the Coniston Transactions. The Revolving Facility is available to finance working capital needs and general corporate purposes.

On March 31, 2011, we entered into an agreement (the "Amended and Restated Credit Agreement") with participating lenders to amend and restate the Credit Agreement among the Company and certain parties. The Amended and Restated Credit Agreement includes certain changes to the terms of the Credit Agreement. Certain members of the syndicate of banks supporting the Senior Secured Credit Facilities withdrew upon execution of the Amended and Restated Credit Agreement. Accordingly, funds provided by the withdrawing banks totaling \$49 million were repaid and the same amount was subsequently borrowed from other banks. We incurred additional debt issuance costs totaling \$1 million and wrote off previously deferred debt issuance costs totaling \$2 million to interest expense on the consolidated statement of operations during the year ended December 31, 2011 in connection with executing the Amended and Restated Credit Agreement. The additional debt issuance costs incurred were deferred and are included in other assets on the balance sheet.

On June 11, 2012, we entered into an Incremental Assumption Agreement (the "Agreement") with J. P. Morgan Securities LLC, Mizuho Corporate Bank, LTD., SunTrust Robinson Humphrey, Inc. and other participating lenders to borrow additional amounts under our existing Amended and Restated Credit Agreement in the form of a new incremental term loan. Proceeds from the incremental term loan of \$150 million were used

[Table of Contents](#)

to partially refinance the \$175 million outstanding under our revolving credit facility, which is provided for in the Credit Agreement. We also made a voluntary repayment of the revolver totaling \$20 million at the time of the refinancing. The interest rate charged, debt covenants and other terms that apply to the term loan are defined by the terms of the Credit Agreement. We incurred debt issuance costs totaling \$1 million related to the incremental term loan, which were deferred and included within other assets on the balance sheet. Quarterly principal payments on the incremental term loan commenced on September 30, 2012.

The Amended and Restated Credit Agreement reduced the applicable interest margin for borrowings under the senior credit facilities by 75 basis points at each level of the leverage based pricing grid. In addition, the Commitment Fee was reduced at certain levels of the leverage based pricing grid. The Amended and Restated Credit Agreement also allows the Company to borrow up to \$100 million under its revolving credit facility in certain foreign currencies and increases the leverage ratio in which the Company can make unlimited Restricted Payments from 1.75 to 1 to 2.00 to 1.

On February 19, 2013, we entered into the First Amendment to the Amended and Restated Credit Agreement (the "First Amendment"), which, among other things, increased the applicable interest margin for borrowings under the senior credit facilities by 25 basis points at each level of the leverage based pricing grid above a leverage ratio of 2.00 to 1. The First Amendment also increases the leverage ratio in which the Company can make unlimited Restricted Payments and Permitted Acquisitions from 2.00 to 1 to 2.50 to 1. In connection with the First Amendment, we incurred \$1 million in fees during the first quarter of 2013.

The maturity date and principal amount of the senior secured credit facilities remains the same as in the Credit Agreement. In addition, the prepayment provisions and covenants included in the Credit Agreement have not changed, except as discussed above.

The Term Facility matures in quarterly installments which commenced on December 31, 2010, provided that, notwithstanding the above, the remaining principal balance shall be due and payable on the fifth anniversary of the Closing Date. The following table summarizes our future payments under the senior secured credit facilities including the incremental term loan as of December 31, 2012:

<u>(Dollar amounts in thousands)</u>	<u>Principal Payments</u>	<u>Interest Payments</u>	<u>Total Payments</u>
Payments due in 2013	\$78,770	\$11,089	\$89,859
Payments due in 2014	104,698	8,418	113,116
Payments due in 2015	199,395	4,720	204,115
Payments due in 2016	58,604	587	59,191
Thereafter	0	0	0
	<u>\$441,467</u>	<u>\$24,814</u>	<u>\$466,281</u>

A total of \$50 million of the Revolving Facility is available for the issuance of letters of credit and \$10 million of the Revolving Facility is available for swingline loans. Allscripts is also permitted to add one or more incremental revolving and/or term loan facilities in an aggregate amount of up to \$250 million, subject to certain conditions.

Borrowings under the Senior Secured Credit Facilities bear interest, at Allscripts' option, at a rate per annum equal to either (1) the highest of (a) the rate of interest publicly announced by JPMorgan Chase Bank, N.A. as its prime rate in effect at its principal office in New York City, (b) the federal funds effective rate from time to time plus 0.5%, and (c) the rate for Eurodollar deposits as reflected on the applicable Reuters Screen LIBOR01 for a one month interest period, as such rate may be adjusted for certain reserve requirements, plus 1.0%, or (2) the rate for Eurodollar deposits as reflected on the applicable Reuters Screen LIBOR01 for the interest period relevant to such borrowing, as such rate may be adjusted for certain reserve requirements, plus, in each case, the applicable margin. The applicable margin for borrowings under the Senior Secured Credit Facilities was fixed until the date that was three business days after Allscripts' financial statements were

[Table of Contents](#)

delivered to lenders with respect to the first fiscal period ending after September 30, 2010, and thereafter the applicable margin for borrowings under the Senior Secured Credit Facilities is subject to further adjustment based on an agreed upon leverage grid.

Subject to certain agreed upon exceptions, all obligations under the Senior Secured Credit Facilities are guaranteed by each of Allscripts' existing and future direct and indirect material domestic subsidiaries, other than Coniston Exchange LLC (successor to Coniston, Inc.) (the "Guarantors").

The obligations of Allscripts and each Guarantor under the Senior Secured Credit Facilities, any swap agreements and any cash management arrangements provided by any lender, are secured, subject to permitted liens and other agreed upon exceptions, by a perfected first priority security interest in all of the tangible and intangible assets (including, without limitation, intellectual property, material owned real property and all of the capital stock of each Guarantor and, in the case of foreign subsidiaries, up to 65% of the capital stock of first tier material foreign subsidiaries) of Allscripts and the Guarantors.

Subject to certain exceptions, Allscripts is required to prepay the Term Facility: (i) with 100% of the net cash proceeds received from the incurrence of certain indebtedness for borrowed money; (ii) with 100% of the net cash proceeds of the sale of any assets in excess of \$5 million outside the ordinary course of business (including, without limitation, insurance and condemnation proceeds) in any fiscal year, subject to reinvestment rights; and (iii) with 50% of Allscripts' excess cash flow for each fiscal year, beginning with the 2012 fiscal year. No prepayments under clauses (ii) or (iii) above are required to the extent that Allscripts' total leverage ratio is less than 2.5 to 1.0. Allscripts may voluntarily prepay outstanding loans under the Senior Secured Credit Facilities, in whole or in part, at Allscripts' option at any time on prior notice.

The Senior Secured Credit Facilities contain a number of covenants that, among other things, restrict, subject to certain exceptions, Allscripts' ability to:

- incur indebtedness (including guarantee obligations);
- create liens on and sell assets;
- engage in mergers or consolidations;
- declare dividends and other payments in respect of our capital stock;
- make investments, loans and advances;
- engage in transactions with affiliates;
- enter into sale and leaseback transactions; and
- change lines of business.

In addition, the Senior Secured Credit Facilities include a maximum leverage ratio of 3.0 to 1.0 and a minimum interest coverage ratio of 4.5 to 1.0. The leverage ratio is calculated by dividing total indebtedness by earnings before interest expense, income tax expense, depreciation and amortization expense. The minimum interest coverage ratio is calculated by dividing earnings before interest expense and income tax expense by cash interest expense.

The facilities also contain certain customary events of default, including relating to non-payment, breach of covenants, cross-default, bankruptcy and change of control.

As of December 31, 2012, \$441 million in borrowings and \$1 million in letters of credit were outstanding under the Amended and Restated Credit Agreement. As of December 31, 2012, the interest rate on the Senior Secured Credit Facilities was LIBOR plus 2.00%, which totaled 2.21%. Refer to Quantitative and Qualitative Disclosures About Market Risk for the interest rate swap agreement. We were in full compliance with the covenants under the Amended and Restated Credit Agreement as of December 31, 2012.

[Table of Contents](#)

As of December 31, 2012, we had \$249 million available, net of outstanding letters of credit, under the Revolving Facility. There can be no assurance that we will be able to draw on the full available balance of our Amended and Restated Credit Agreement if the financial institutions that have extended such credit commitments become unwilling or unable to fund such borrowings.

On March 31, 2011, we entered into a ten-year agreement with Xerox Consultant Services (Xerox), formerly known as Affiliated Computer Services, Inc., to provide services to support our remote hosting services for our Sunrise acute care clients. We will maintain all customer relationships and domain expertise with respect to the hosted applications. The agreement encompasses our payment to Xerox for current Allscripts' employees to be retained by Xerox from our hosting staff, new remote hosting staff and technology infrastructure, as well as other data center and hosting services, in the amount of approximately \$50 million per year.

In April 2011, our Board of Directors approved a stock repurchase program under which we may purchase up to \$200 million of our common stock over three years expiring on May 9, 2014 or such earlier time that the total dollar amount authorized by these resolutions has been used. In April 2012, our Board of Directors approved the repurchase of an additional \$200 million bringing the total repurchase authorization to \$400 million. Any share repurchases may be made through open market transactions, block trades, privately negotiated transactions (including accelerated share repurchase transactions) or other means. Any repurchase activity will depend on factors such as our working capital needs, cash requirements for investments, debt repayment obligations, our stock price, and economic and market conditions. Our stock repurchase program may be accelerated, suspended, delayed or discontinued at any time. Refer to "Unregistered Sales of Equity Securities, Use of Proceeds and Issuer Purchases of Equity Securities" in Part II, Item 2 of this report for additional information regarding our stock repurchase program.

We currently plan to invest over \$200 million in research and development efforts during 2013 to improve performance and accelerate product integration and innovation. Our total spending consists of research and development costs directly recorded to expense and also includes capitalized software development costs. To supplement our statement of operations, the table below presents a non-GAAP measure of research and development-related expenses that we believe is a useful metric for evaluating how we are investing in innovation.

<u>(Dollar amounts in thousands)</u>	<u>Year Ended December 31,</u>		<u>(Unaudited)</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Research and development costs directly recorded to expense	\$162,158	\$104,106	\$43,261	\$49,206
Capitalized software development costs	42,965	60,748	36,936	21,097
Total non-GAAP R&D-related expense	<u>\$205,123</u>	<u>\$164,854</u>	<u>\$80,197</u>	<u>\$70,303</u>
Total revenue	\$1,446,325	\$1,444,077	\$613,309	\$704,502
Total expense as a % of total revenue	14%	11%	13%	10%

Our capital spending during 2013 is expected to be similar to our level of spending in 2012 as we improve our information systems infrastructure, acquire computer equipment and software to accommodate data management and hosting related to our SaaS and hosting solutions, and expand or make leasehold improvements at certain facilities.

In connection with the MyWay Transition, we expect to incur additional non-recurring period costs in future quarters to upgrade the MyWay clients that elect to upgrade. The incremental period costs will be partially offset by cost savings we expect to realize through lower development and support costs. The amount of such costs and anticipated savings are not determinable at this time and will ultimately be based on the number of clients electing to migrate.

On February 18, 2013, we announced a North American site consolidation plan (the "Site Consolidation Plan") designed to create a more simplified and efficient organization that is aligned more closely with our

[Table of Contents](#)

business priorities. The Site Consolidation Plan includes closure of twelve offices and one warehouse. We are also implementing changes to corporate operating models intended to reduce costs associated with product solutions development. The costs of implementing these changes primarily consist of employee severance and relocation costs, and lease exit costs. The estimated pre-tax costs to implement these changes consist of employee severance of approximately \$10 million, relocation costs of up to approximately \$16 million, and lease exit costs totaling approximately \$3 million. Considering the timing of these changes, we estimate that primarily all charges will be recorded in the first quarter of 2013 with the exception of lease exit costs which are expected to be recognized in the third quarter of 2013. We expect to complete the actions by the end of 2013. The amount of the charges noted above and the mix of severance charges and relocation costs are estimates and the actual charges may vary materially based on the level of employee relocations and terminations; the timing and amount of sublease income and other related expenses; and changes in management's assumptions.

We believe that our cash and cash equivalents and marketable securities of \$106 million as of December 31, 2012, our future cash flows, and our borrowing capacity under our Amended and Restated Credit Agreement, taken together, provide adequate resources to fund ongoing cash requirements for the next twelve months. We cannot provide assurance that our actual cash requirements will not be greater than we expect as of the date of this report. We will, from time to time, consider the acquisition of, or investment in, complementary businesses, products, services and technologies, and the purchase of our common stock under our stock repurchase program which might impact our liquidity requirements or cause us to issue additional equity or debt securities.

If sources of liquidity are not available or if we cannot generate sufficient cash flow from operations during the next twelve months, we might be required to obtain additional sources of funds through additional operating improvements, capital market transactions, asset sales or financing from third parties, a combination thereof or otherwise. We cannot provide assurance that these additional sources of funds will be available or, if available, would have reasonable terms.

Contractual Obligations, Commitments and Off Balance Sheet Arrangements

We have various contractual obligations, which are recorded as liabilities in our consolidated financial statements. Other items, such as operating lease contract obligations are not recognized as liabilities in our consolidated financial statements but are required to be disclosed.

The following table summarizes our significant contractual obligations as of December 31, 2012 and the effect such obligations are expected to have on our liquidity and cash in future periods assuming all obligations reach maturity:

<u>(In thousands)</u>	<u>Total</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>Thereafter</u>

The Company believes it has income tax exposure totaling \$18 million as of December 31, 2012 related to uncertain tax positions. Liabilities that may result from this exposure have been excluded from the table above since we cannot predict with reasonable reliability the outcome of discussions with the respective taxing jurisdictions, which may or may not result in cash settlements. We have excluded net deferred tax liabilities of

[Table of Contents](#)

\$62 million from the amounts presented in the table as the amounts that will be settled in cash are not known and the timing of any payments is uncertain.

During the 2012, we settled the acquired tax position related to the Misys share repurchase that occurred in 2010. Accordingly, we decreased our liability for unrecognized tax benefits by approximately \$29 million.

- (1) Refer to Future Capital Requirements for information regarding our Credit Agreement, and refer to Quantitative and Qualitative Disclosures About Market Risk for a discussion of our interest rate swap agreement.
- (2) The unconditional purchase obligations consist of minimum purchase commitments for telecommunication services, computer equipment, maintenance, consulting and other commitments.
- (3) On March 31, 2011, and as amended on November 1, 2012, we entered into a ten year agreement with Xerox Consultant Company, Inc. (Xerox), formerly known as Affiliated Computer Services, Inc., to provide services to support our remote hosting services for our Sunrise acute care clients. We will maintain all customer relationships and domain expertise with respect to the hosted applications. The agreement encompasses our payment to Xerox for current Allscripts' employees to be retained by Xerox from our hosting staff, new remote hosting staff and technology infrastructure, as well as other data center and hosting services.
- (4) We have letters of credit outstanding under our Credit Agreement. The letters of credit are provided as security for a corporate facilities lease and to support workers' compensation insurance policies. No amounts had been drawn on the letters of credit.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks, primarily changes in U.S. and LIBOR interest rates. Allscripts is exposed to the risk that our earnings and cash flows could be adversely impacted by fluctuations in interest rates due to the cash borrowed under our Senior Secured Credit Facilities. Based on our balance of \$441 million of debt under our Senior Secured Credit Facilities as of December 31, 2012, an increase in interest rates of 1.0% would cause a corresponding increase in our annual interest expense of \$4 million. We entered into an interest rate swap agreement with an effective date of October 29, 2010 that has the economic effect of modifying the variable rate component of the interest obligations associated with a portion of our variable rate debt. The initial notional amount of the interest rate swap agreement was \$300 million, with scheduled step downs over time, and a final termination date of October 31, 2014. At December 31, 2012, the notional amount of the interest rate swap agreement was \$225 million. The interest rate swap agreement converts the one-month LIBOR rate on the corresponding notional amount of debt to an effective fixed rate of 0.896% (exclusive of the applicable margin currently charged under the Senior Secured Credit Facilities). The interest rate swap agreement protects us against changes in interest payments due to benchmark interest rate movements.

Allscripts has international operations; therefore, we are exposed to risks related to foreign currency fluctuations. Foreign currency fluctuations through December 31, 2012 have not had a material impact on our financial position or results of operations. We continually monitor our exposure to foreign currency fluctuations and may use derivative financial instruments and hedging transactions in the future if, in our judgment, the circumstances warrant their use. We believe most of our international operations are naturally hedged for foreign currency risk as our foreign subsidiaries invoice their clients and satisfy their obligations primarily in their local currencies with the exception of our development center in India. Our development center in India is not naturally hedged for foreign currency risk since their obligations are paid in their local currency but are funded in U.S. dollars. There can be no guarantee that the impact of foreign currency fluctuations in the future will not be significant and will not have a material impact on our financial position or results of operations.

As of December 31, 2012, we had cash and cash equivalents and marketable securities in financial instruments of \$106 million. Declines in interest rates over time will reduce our interest income from our investments. Based upon our balance of cash and cash equivalents and marketable securities as of December 31, 2012, a decrease in interest rates of 1.0% would cause a corresponding decrease in our annual interest income of \$1 million.

Item 8. Financial Statements and Supplementary Data

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders
Allscripts Healthcare Solutions, Inc.

We have audited the consolidated balance sheets of Allscripts Healthcare Solutions, Inc. as of December 31, 2012 and 2011, and the related statements of operations, comprehensive income (loss), stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2012. Our audits also included the financial statement schedule listed in the Index at Item 15(a)(2). These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Allscripts Healthcare Solutions, Inc. at December 31, 2012 and 2011, and the consolidated results of its operations and its cash flows for each of the two years in the period ended December 31, 2012, in conformity with U.S. generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Allscripts Healthcare Solutions, Inc.'s internal control over financial reporting as of December 31, 2012, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 1, 2013 expressed an unqualified opinion thereon.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders
Allscripts Healthcare Solutions, Inc.

We have audited Allscripts Healthcare Solutions, Inc.'s internal control over financial reporting as of December 31, 2012, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). Allscripts Healthcare Solutions, Inc.'s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Allscripts Healthcare Solutions, Inc. maintained, in all material respects, effective internal control over financial reporting as of December 31, 2012, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of Allscripts Healthcare Solutions, Inc. as of December 31, 2012 and 2011, and the related statements of operations, comprehensive income (loss), stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2012 of Allscripts Healthcare Solutions, Inc. and our report dated March 1, 2013 expressed an unqualified opinion thereon.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

1. Basis of Presentation and Significant Accounting Policies

Eclipsys Merger

On August 24, 2010, Allscripts-Misys Healthcare Solutions, Inc. (which changed its name to Allscripts Healthcare Solutions, Inc., “Allscripts” or the “Company”) completed the merger (the “Eclipsys Merger”) contemplated by an Agreement and Plan of Merger dated June 9, 2010 (“Merger Agreement”) by and among Allscripts, Arsenal Merger Corp., a wholly-owned subsidiary of Allscripts, and Eclipsys Corporation, an enterprise provider of solutions and services to hospitals and clinicians (“Eclipsys”). Eclipsys became a wholly-owned subsidiary of Allscripts as a result of the merger. The results of Eclipsys are consolidated with the results of Allscripts from August 24, 2010.

The merger with Eclipsys has been accounted for as a purchase business combination. Under the acquisition method of accounting, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values as of the acquisition date. The operating results of Eclipsys are included in the accompanying consolidated statements of operations for periods subsequent to the completion of the merger, August 24, 2010.

Change in Fiscal Year

On August 23, 2010, the Board of Directors approved a change of fiscal year end from May 31 to December 31. As such, the two most current periods represent the twelve months ended December 31, 2012 and 2011 reported on the basis of the new fiscal year beginning as of January 1. Our other periods consisted of the seven month transition period beginning June 1, 2010 through December 31, 2010, and the twelve months ended May 31, 2010 presented on the basis of our previous fiscal year end.

Unaudited Information

This report is not complete as described in the Explanatory Note immediately following the cover page. The delay in filing the complete report is the result of a change in 2012 of the Company’s business segments (refer to Note 15 regarding the realignment of our reportable segments) that requires recasting of the segment information for all periods presented. Additional time is necessary to complete the requisite procedures for all periods ending on or prior to December 31, 2010. Following the filing of this report the Company will file a Form 12b-25 with the Securities and Exchange Commission, with respect to the financial statements for the seven months ended December 31, 2010 and the year ended May 31, 2010.

The consolidated statements of operations, comprehensive income (loss), stockholders’ equity and cash flows for the seven months ended December 31, 2010 and the year ended May 31, 2010, and accompanying notes, are presented herein as unaudited.

Principles of Consolidation

The consolidated financial statements include the accounts of Allscripts Healthcare Solutions, Inc. and our wholly-owned subsidiaries. All significant intercompany balances and transactions have been eliminated.

Revenue Recognition

Revenue represents the fair value of consideration received or receivable from clients for goods and services provided by the Company. Revenue from system sales includes software and related hardware. Revenue from professional services includes implementation, training and consulting services. Revenue from maintenance includes post contract customer support and maintenance services. Revenue from transaction processing and other includes electronic data interchange (“EDI”) services, Software-as-a-Service (“SaaS”) transactions, software hosting services, and outsourcing. For some clients, we host the software applications licensed from us remotely using our own or third-party servers, which saves these clients the cost of procuring and maintaining hardware and related facilities. For other clients, we offer an outsourced solution in which we assume partial to total responsibility for a healthcare organization’s information technology operations using our employees.

Revenue from software licensing arrangements where the service element is not considered essential to the functionality of the other elements of the arrangement is recognized upon delivery of the software or as services are performed, provided persuasive evidence of an arrangement exists, fees are considered fixed or determinable, and collection of the receivable is probable. The revenue recognized for each separate element of a multiple-element software contract is based upon vendor-specific objective evidence of fair value, which is based upon the price the customer is required to pay when the element is sold separately or renewed. For arrangements in which vendor-specific objective evidence of fair value only exists for the undelivered elements, the delivered elements (generally software licenses) are accounted for using the residual method.

Revenue from software licensing arrangements, where the service element is considered essential to the functionality of the other elements of the arrangement, is accounted for on an input basis under percentage of completion accounting using actual hours worked as a percentage of total expected hours required by the arrangement, provided that persuasive evidence of an arrangement exists, the fee is fixed or determinable and collection of the receivable is probable. Maintenance and support from these agreements is recognized over the term of the support agreement based on vendor-specific objective evidence of fair value of the maintenance revenue, which is based upon contractual renewal rates. For income statement presentation, consideration from agreements accounted for under percentage of completion accounting is allocated between system sales and professional services based on vendor specific evidence of our hourly services rate multiplied by the amount of hours performed with the residual amount allocated to software license fee.

Revenue from certain value-added reseller (“VAR”) relationships in which software is directly sold to VARs is recognized upon delivery of the software assuming all other revenue recognition criteria have been met. Revenue recognition is deferred until the software is delivered to the ultimate end user if the arrangement terms do not satisfy the criteria for revenue recognition upon delivery of the software to the VAR.

Fees related to SaaS arrangements are recognized as revenue ratably over the contract terms beginning on the date our solutions are made available to customers. These arrangements include professional services fees related to the implementation and set-up of our solutions and are generally billed upfront and recorded as deferred revenue until our solutions are made available to the customer. The implementation and set-up fees are recognized as revenue ratably over the estimated customer relationship period. The estimated length of a customer relationship period is based on our experience with customer contract renewals and consideration of the period over which such customers use our SaaS solutions.

Software hosting services are provided to clients that have purchased a perpetual license to our software solutions and contracted with us to host the software. Generally, these arrangements provide the client with a contractual right to take possession of the software at any time during the hosting period without significant penalty and it is feasible for the client to either use the software on its own equipment or to contract with an unrelated third party to host the software. Hosting services are not deemed to be essential to the functionality of the software or other elements of the arrangement; accordingly, for these arrangements, we recognize software license revenues as system sales revenue upon delivery, assuming all other revenue recognition criteria have been met, and separately recognize fees for the hosting services as transaction processing and other revenue over the term of the hosting arrangement.

[Table of Contents](#)

We also enter into multiple-element arrangements that may include a combination of various software-related and nonsoftware-related products and services. Management applies judgment to ensure appropriate accounting for multiple deliverables, including the allocation of arrangement consideration among multiple units of accounting, the determination of whether undelivered elements are essential to the functionality of delivered elements, and the timing of revenue recognition, among others. In such arrangements, we first allocate the total arrangement consideration based on a selling price hierarchy at the inception of the arrangement. The selling price for each element is based upon the following selling price hierarchy: vendor-specific objective evidence of fair value if available, third-party evidence of fair value if vendor-specific objective evidence of fair value is not available, or estimated selling price if neither vendor-specific objective evidence or third-party evidence of fair value is available (a description as to how we determine vendor-specific objective evidence of fair value, third-party evidence of fair value and estimated selling price is provided below). Upon allocation of consideration to the software elements as a whole and nonsoftware elements, we then further allocate consideration within the software group to the respective elements following higher-level, industry-specific guidance and our policies described above. After the arrangement consideration has been allocated to the elements, we account for each respective element in the arrangement as described above.

To determine the selling price in multiple-element arrangements, we establish vendor-specific objective evidence of fair value using the price charged for a deliverable when sold separately and contractual renewal rates for maintenance fees. For nonsoftware multiple element arrangements, third-party evidence of fair value is established by evaluating similar and interchangeable competitor products or services in standalone arrangements with similarly situated customers. If we are unable to determine the selling price because vendor-specific objective evidence or third-party evidence of fair value does not exist, we determine an estimated selling price by considering several external and internal factors including, but not limited to, pricing practices, margin objectives, competition, customer demand, internal costs and overall economic trends. The determination of an estimated selling price is made through consultation with and approval by our management, taking into consideration our go-to-market strategy. As our, or our competitors', pricing and go-to-market strategies evolve, we may modify our pricing practices in the future. These events could result in changes to our determination of vendor-specific objective evidence of fair value, third-party evidence of fair value and estimated selling price. Selling prices are analyzed on an annual basis or more frequently if we experience significant changes in our selling prices.

For those arrangements where the deliverables do not qualify as separate units of accounting, revenue recognition is evaluated for the combined deliverables as a single unit of accounting and generally the recognition pattern of the final deliverable will dictate the revenue recognition pattern for the single, combined unit of accounting. Changes in circumstances and customer data may result in a requirement to either separate or combine deliverables, such that a delivered item could now meet the separation criteria and qualify as a separate unit of accounting which may lead to an upward or downward adjustment to the amount of revenue recognized under the arrangement on a prospective basis.

We assess whether fees are fixed or determinable at the time of sale and recognize revenues if all other revenue recognition requirements are met. Our payment arrangements with clients typically include milestone-based software license fee payments and payments based upon delivery for services and hardware.

While most of our arrangements include short-term payment terms, we periodically provide extended payment terms to clients from the date of contract signing. We do not recognize revenue under extended payment term arrangements until such payments become due. In certain circumstances, where all other revenue recognition criteria have been met, we occasionally offer discounts to clients with extended payment terms to accelerate the timing of when payments are made. Changes to extended payment term arrangements have not had a material impact on our consolidated results of operations.

Maintenance fees are recognized ratably over the period of the contract based on vendor specific objective evidence of fair value based upon contractual renewal rates. Revenue from EDI services is recognized as services are provided and is determined based on the volume of transactions processed.

We provide outsourcing services to our clients under arrangements that typically range from five to ten years in duration. Under these arrangements we assume full, partial or transitional responsibilities for a healthcare organization's IT operations using our employees. Our outsourcing services include facilities management, network outsourcing and transition management. Revenue from these arrangements is recognized as services are performed.

Revenue is recognized net of any taxes collected from customers and subsequently remitted to governmental authorities. We record as revenue any amounts billed to customers for shipping and handling costs and record as cost of revenue the actual shipping costs incurred.

The Company records reimbursements for out-of-pocket expenses incurred as professional services revenue in the statement of operations. These amounts totaled:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Reimbursements for out-of-pocket expenses incurred as professional services revenue	\$22,656	\$20,788	\$6,700	\$4,777

Revenue earned on contracts in excess of billings, both the current and non-current portions, is included in the balance of accounts receivable and other assets, respectively. Billings are expected to occur according to the contract terms. Revenue earned on contracts in excess of billings and deferred revenue consisted of the following:

<u>(In thousands)</u>	<u>December 31,</u>	
	<u>2012</u>	<u>2011</u>
Revenue earned on contracts in excess of billings		
Unbilled revenue (current)	\$53,988	\$75,204
Unbilled revenue (long-term)	2,301	3,329
Total revenue earned on contracts in excess of billings	<u>\$56,289</u>	<u>\$78,533</u>
Deferred revenue		
Prepayments and billings in excess of revenue earned on contracts in progress for software and services	\$181,074	\$180,123
Prepayments and billings in excess of revenue earned on contracts in progress for support and maintenance	109,579	108,777
Deferred revenue (current)	290,653	288,900
Prepayments and billings in excess of revenue earned on contracts in progress (long-term)	19,750	18,891
Total deferred revenue	<u>\$310,403</u>	<u>\$307,791</u>

Fair Value Measurements

The fair values of assets and liabilities required to be measured at fair value are categorized based on the level of judgment associated with the inputs used to measure their value. Hierarchical levels are as follows:

Level 1: Inputs are unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date. Our Level 1 investments include money market funds valued daily by the fund companies, and the valuation is based on the publicly reported net asset value of each fund.

Level 2: Inputs, other than quoted prices included in Level 1, are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar instruments in active markets, and inputs other than quoted prices that are observable for the asset or liability. Our Level 2 non-derivative investments

[Table of Contents](#)

include marketable securities and consist of mortgage and asset-backed bonds. Marketable securities are recorded at fair value determined using a market approach, based on prices and other relevant information generated by market transactions involving identical or comparable assets that are considered to be Level 2 inputs. Our Level 2 derivative financial instrument represents an interest rate swap contract that is valued based on observable values for underlying interest rates and market determined risk premiums.

Level 3: Inputs are unobservable for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability. We have no Level 3 financial instruments.

The following table summarizes our financial assets and liabilities measured at fair value on a recurring basis as of the respective balance sheet dates:

(In thousands)	Balance Sheet Classifications	December 31, 2012			December 31, 2011		
		Level 1	Level 2	Total	Level 1	Level 2	Total
Money market funds	Cash equivalents	\$14,653	\$0	\$14,653	\$14,071	\$0	\$14,071
Marketable securities	Long-term marketable securities	0	1,706	1,706	0	1,675	1,675
Derivatives	Other liabilities	0	(1,534)	(1,534)	0	(1,754)	(1,754)
Total		\$14,653	\$172	\$14,825	\$14,071	(\$79)	\$13,992

We hold investments in certain non-marketable equity securities in which we do not have a controlling interest or significant influence. These investments are recorded at cost with a carrying value of \$13 million at December 31, 2012 and are included in other assets in the accompanying consolidated balance sheets (see note 22 regarding the subsequent sale of our investment in Humedica, Inc.). We measure our cost method investments at fair value on a nonrecurring basis when they are deemed to be other-than-temporarily impaired. If an evaluation is required, the fair value of these investments will be determined based on valuation techniques using the best information available and may include quoted market prices, market comparables, and discounted cash flow projections.

Our long-term financial liabilities consist of long-term debt with a carrying value that approximates fair value since the interest rate approximates current market rates.

Financial Instruments

We consider all highly liquid investments with an original maturity of three months or less to be cash equivalents. The fair values of these investments approximate their carrying values.

Other investments classified as long-term marketable securities include certain debt instruments. Debt securities are classified as available-for-sale and realized gains and losses are recorded using the specific identification method. Realized and unrealized gains and losses for all periods presented are immaterial. Changes in market value, excluding other-than-temporary impairments, are reflected in other comprehensive income. There were no other-than-temporary impairments for the years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010.

Derivative instruments are recognized as either assets or liabilities and are measured at fair value. The accounting for changes in the fair value of a derivative depends on the intended use of the derivative and the resulting designation.

For derivative instruments designated as cash-flow hedges, the effective portion of the derivative's gain (loss) is initially reported as a component of other comprehensive income and is subsequently recognized in earnings when the hedged exposure is recognized in earnings. Gains (losses) on derivatives representing either hedge components excluded from the assessment of effectiveness or hedge ineffectiveness are recognized in earnings. There were no realized gains (losses) on derivatives for the years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010.

Allowance for Doubtful Accounts Receivable

Accounts receivable are recorded at the invoiced amounts and do not bear interest. The allowance for doubtful accounts is recorded to provide for estimated losses resulting from uncollectible accounts, and is based principally on specifically identified amounts where collection is deemed doubtful. Additional non-specific allowances are recorded based on historical experience and management's assessment of a variety of factors related to the general financial condition of Allscripts' customers, the industry in which we operate and general economic conditions. Allscripts reviews the collectability of individual accounts and assesses the adequacy of the allowance for doubtful accounts. Account balances are charged off against the allowance after all means of collection has been exhausted and the potential for recovery is considered remote. During the fourth quarter of 2012, due to deterioration in its accounts receivable aging, we revised our estimate regarding uncollectible and slow paying accounts and recorded an increase in the allowance for doubtful accounts of approximately \$16.8 million. The majority of these aged accounts receivable balances related to maintenance services provided to ongoing customers. Accordingly, this incremental reserve was recorded as a reduction of our maintenance revenues during the three months ended December 31, 2012. If the financial condition of our customers were to deteriorate, resulting in an impairment of their ability to make payments, additional allowances may be required. Allscripts does not have any significant off-balance-sheet credit exposure related to its customers.

Fixed Assets

Fixed assets are stated at cost. Depreciation and amortization are computed on the straight-line method over the estimated useful lives of the related assets. The depreciable life of leasehold improvements is the shorter of the lease term or the useful life. Upon asset retirement or other disposition, cost and the related accumulated depreciation are removed from the accounts, and any gain or loss is included in the consolidated statements of operations. Amounts expended for repairs and maintenance are expensed as incurred.

Business Combinations

Goodwill as of the acquisition date is measured as the excess of consideration transferred and the net of the acquisition date fair values of the assets acquired and the liabilities assumed. While we use our best estimates and assumptions as a part of the purchase price allocation process to accurately value assets acquired, including intangible assets, and liabilities assumed at the acquisition date, our estimates are inherently uncertain and subject to refinement. As a result, during the measurement period, which may be up to one year from the acquisition date, we may record adjustments to the assets acquired and liabilities assumed, with the corresponding offset to goodwill. Upon the conclusion of the measurement period or final determination of the values of assets acquired or liabilities assumed, whichever comes first, any subsequent adjustments are recorded to our consolidated statements of operations.

Goodwill and Intangible Assets

Goodwill and intangible assets acquired in a business combination and determined to have an indefinite useful life are not amortized in accordance with accounting guidance, but accounting guidance requires that we perform an impairment test at least annually. The goodwill impairment analysis is comprised of two steps. In step one the estimated fair value of a reporting unit is compared to its carrying value. Step two is required only if there is a deficiency (the estimated fair value is less than the carrying value). In step two the actual amount of the goodwill impairment is calculated by comparing the implied fair value of the reporting unit's goodwill with the carrying amount of that goodwill. The implied fair value is determined in the same manner as the amount of goodwill recognized in a business combination. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, then an impairment loss equal to the difference would be recorded. The recoverability of indefinite lived intangible assets is assessed by comparison of the carrying value of the asset to its estimated fair value. If we determine that the carrying value of the asset exceeds its estimated fair value, an impairment loss would be recorded equal to the excess.

[Table of Contents](#)

During the three months ended June 30, 2011, we voluntarily changed the date of our annual impairment test for goodwill and indefinite lived intangible assets from May 31 to the first day of the fiscal fourth quarter. This change is preferable under the circumstances as it aligns the timing of the annual goodwill impairment test with our strategic planning and budgeting process, which will enable management to use the updated strategic business plans that result from the budget process in the discounted cash flow analyses that it uses to estimate the fair value of our reporting units. The change did not delay, accelerate or avoid an impairment charge. This change was not applied retrospectively as it was impracticable to do so because retrospective application would require the application of significant estimates and assumptions with the use of hindsight. Accordingly, the change was applied prospectively. There was no impairment identified as a result of our annual impairment tests.

Accounting guidance also requires that intangible assets with estimable useful lives be amortized over their respective estimated useful lives and reviewed for impairment. We estimate the useful lives of our intangible assets and ratably amortize the value over the remaining estimated economic lives of those assets, including the period being reported on. If the actual useful life is shorter than our estimated useful life, we will amortize the remaining book value over the remaining useful life or the asset may be deemed to be impaired and, accordingly, a write-down of the value of the asset may be required.

Long-Lived Assets and Long-Lived Assets to Be Disposed Of

Allscripts reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net cash flows expected to be generated by the asset. If assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets.

Software Development Costs

Allscripts capitalizes purchased software that is ready for service and software development costs incurred from the time technological feasibility of the software is established until the software is available for general release in accordance with accounting guidance. Research and development costs and other computer software maintenance costs related to software development are expensed as incurred. Upon the establishment of technological feasibility, related software development costs are capitalized. We estimate the useful life of our capitalized software and amortize the value over that estimated life. If the actual useful life is shorter than our estimated useful life, we will amortize the remaining book value over the remaining useful life or the asset may be deemed to be impaired and, accordingly, a write-down of the value of the asset may be required. Upon the availability for general release, Allscripts commences amortization of the software on a product by product basis. Amortization of capitalized software is recorded using the greater of (i) the ratio of current revenues to total and anticipated future revenues for the applicable product or (ii) the straight-line method over the remaining estimated economic life, which is estimated to be three to five years.

At each balance sheet date, the unamortized capitalized costs of a software product are compared with the net realizable value of that product. The amount by which the unamortized capitalized costs of a software product exceed the net realizable value of that asset is written off. The net realizable value is the estimated future gross revenues from that product reduced by the estimated future costs of completing and disposing of that product, including the costs of performing maintenance and customer support required to satisfy Allscripts' responsibility set forth at the time of sale. The carrying value of capitalized software depends on the ability to recover its value through future revenue from the sale of the software. If we determine in the future that the value of the capitalized software could not be recovered, a write-down of the value of the capitalized software to its recoverable value may be required.

The unamortized balances of capitalized software were as follows:

Income Taxes

We account for income taxes using the liability method, which requires the recognition of deferred tax assets or liabilities for the tax-effected temporary differences between the financial reporting and tax bases of our assets and liabilities and for net operating loss and tax credit carryforwards. The tax expense or benefit for unusual items, or certain adjustments to the valuation allowance, are treated as discrete items in the interim period in which the events occur. The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in an entity's financial statements or tax returns. Judgment is required in addressing the future tax consequences of events that have been recognized in our consolidated financial statements or tax returns.

In addition, we are subject to the continuous examination of our income tax returns by the Internal Revenue Service and other tax authorities. A change in the assessment of the outcomes of such matters could materially impact our consolidated financial statements.

The calculation of tax liabilities involves dealing with uncertainties in the application of complex tax regulations. In accordance with authoritative accounting guidance, we recognize liabilities for anticipated tax audit issues based on our estimate of whether, and the extent to which, additional taxes may be required. If we ultimately determine that payment of these amounts is unnecessary, then we reverse the liability and recognize a tax benefit during the period in which we determine that the liability is no longer necessary. We also recognize tax benefits to the extent that it is more likely than not that our positions will be sustained if challenged by the taxing authorities. To the extent we prevail in matters for which liabilities have been established, or are required to pay amounts in excess of our liabilities, our effective tax rate in a given period may be materially affected. An unfavorable tax settlement would require cash payments and may result in an increase in our effective tax rate in the year of resolution. A favorable tax settlement would be recognized as a reduction in our effective tax rate in the year of resolution. We report interest and penalties related to uncertain income tax positions in the provision for income taxes line of our consolidated statements of operations.

We file income tax returns in the U.S. federal jurisdiction, numerous states and multiple international countries.

Earnings Per Share

Basic income per share is computed by dividing net income by the weighted-average shares of outstanding common stock, as adjusted for income allocated to participating securities. For purposes of calculating diluted earnings per share, the denominator includes both the weighted average shares of common stock outstanding and dilutive potential common stock equivalents. Dilutive common stock equivalent shares consist of stock options, restricted stock unit awards and conversion of the 3.5% Senior Convertible Debentures (the "Debentures") using the treasury stock method.

The calculations of earnings per share are as follows:

The as-if converted shares totaling 3 million were not included in the seven months ended December 31, 2010 as the effects were anti-dilutive.

The following stock options and share awards are not included in the computation of diluted earnings per share as the effect of including such stock options and share awards in the computation would be anti-dilutive:

Stock-Based Compensation

Under the fair value recognition provisions of accounting guidance related to stock-based payment arrangements, we measure stock-based compensation cost at the grant date based on the fair value of the award and recognize the expense over the appropriate service period, net of estimated forfeitures. The fair value of restricted stock units and restricted stock awards are measured at their underlying closing share price on the date of grant.

The net proceeds from stock-based compensation activities are reflected as a financing activity within the consolidated statements of cash flows. Allscripts settles employee stock option exercises and stock awards with newly issued common shares.

Stockholder Rights Plan

The Company is authorized to issue up to 1 million shares of preferred stock, of which 349 thousand shares have been designated as Series A Junior Participating Preferred Stock. As of December 31, 2012 and December 31, 2011, no shares of preferred stock were issued or outstanding.

On May 5, 2012, our Board of Directors adopted a stockholder rights plan (“Rights Plan”) and declared a dividend distribution of one right (each, a “Right”) for each outstanding share of the Company’s common stock to stockholders of record at the close of business on May 17, 2012. Each Right entitles its holder, under certain circumstances, to purchase from the Company one one-thousandth of a share of Series A Junior Participating Preferred Stock of the Company at an exercise price of \$45.00 per Right, subject to adjustment. The description and terms of the Rights are set forth in a Rights Agreement, dated as of May 7, 2012 (the “Rights Agreement”), between the Company and Computershare Shareowner Services LLC, as Rights agent.

Under the terms of the Rights Plan, the Rights will be exercisable if a person or group, without Board approval, acquires 10% or more of Allscripts’ common stock (including in the form of synthetic ownership through derivative positions) or announces a tender offer which would result in the ownership of 10% or more of Allscripts’ common stock. The Rights will trade with Allscripts’ common stock, unless and until they are separated upon the occurrence of certain future events. Under certain circumstances (including the acquisition by a person or group of 10% or more of Allscripts’ common stock), the Rights will entitle the holders to buy shares of Allscripts’ common stock at a 50% discount. Allscripts’ Board generally may redeem the Rights prior to the tenth day following the first public announcement of the acquisition by a person or group of 10% or more of the common stock.

The Rights Plan exempts any person or group owning 10% or more of Allscripts’ common stock immediately prior to the first public announcement of the Rights Plan. However, the Rights also will be exercisable if a person or group that already owns 10% or more of the common stock acquires any additional shares (including through derivatives). The Rights Plan will expire on May 6, 2013.

Retirement Savings Plan

We sponsor an employee benefit plan (the “Plan”) pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended. We contributed the following amounts to the Plan:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Company contributions to employee benefit plan	\$13,776	\$11,182	\$4,838	\$5,007

Foreign Currency

The financial position and results of operations of the Company’s subsidiaries, with the exception of its subsidiary in India, are measured using the currency of the respective countries as the functional currency. Assets

[Table of Contents](#)

and liabilities are translated at the foreign exchange rate in effect at the balance sheet date, while revenues and expenses for the year are translated at the average exchange rate in effect during the year. Translation gains and losses are not included in determining net income or loss but are accumulated and reported as a separate component of stockholders' equity.

The functional currency of the Indian subsidiary is the U.S. dollar, with monetary assets and liabilities remeasured into U.S. dollars at year-end exchange rates, and revenues and expenses remeasured at average rates prevailing during the year.

Allscripts has not entered into any foreign currency hedging contracts during the years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010.

Concentrations of Credit Risk

Financial instruments that potentially subject Allscripts to a concentration of credit risk consist of cash and cash equivalents, marketable securities and trade receivables. Allscripts primarily maintains its cash balances with two major commercial banks and its cash equivalents and marketable securities in interest-bearing, investment-grade securities.

Allscripts sells its products and services to healthcare providers. Credit risk with respect to trade receivables is generally diversified due to the large number of customers and their geographic dispersion. To reduce credit risk, Allscripts performs ongoing credit evaluations of significant customers and their payment histories. In general, Allscripts does not require collateral from its customers, but it does enter into advance deposit, security or guarantee agreements, if appropriate. Bad debt expense was as follows:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Bad debt expense	\$22,947	\$10,059	\$6,140	\$7,785

The majority of revenue is derived from customers located in the United States. The majority of long-lived assets are located in the United States. No customers accounted for greater than 10% of revenue in the years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010. No customer represented more than 10% of accounts receivable as of December 31, 2012 or 2011.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles ("GAAP") in the United States of America requires us to make estimates and assumptions that affect the amounts reported and disclosed in the financial statements and the accompanying notes. Actual results could differ materially from these estimates.

Recent Accounting Pronouncements

In September 2011, the Financial Accounting Standards Board ("FASB") issued updated authoritative guidance for testing goodwill for impairment. This guidance allows entities to use a qualitative approach to test goodwill for impairment. The guidance permits an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. If it is concluded that this is the case, it is necessary to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required. This guidance is effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. This guidance did not have a material impact on the consolidated financial statements.

In May 2011, the FASB issued additional authoritative guidance related to fair value measurements and disclosures to provide a consistent definition of fair value and ensure that the fair value measurement and

[Table of Contents](#)

disclosure requirements are similar between GAAP and International Financial Reporting Standards. This guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. This guidance is effective for fiscal years and interim periods within those years beginning after December 15, 2011 and will be applied prospectively. We do not currently have Level 3 fair value instruments. This guidance did not have a material impact on the consolidated financial statements.

2. Business Combinations and Divestitures (Unaudited, except with respect to information for the years ended December 31, 2012 and 2011)

Merger with Eclipsys Corporation

On August 24, 2010, the transactions contemplated by the Merger Agreement were completed and Eclipsys became a wholly-owned subsidiary of Allscripts, the accounting acquirer. Pursuant to the terms of the Merger Agreement, each outstanding share of Eclipsys common stock, other than shares held by Eclipsys in its treasury, by any wholly owned subsidiary of Eclipsys, by Allscripts or by any wholly owned subsidiary of Allscripts, was converted into the right to receive 1.2 shares (the "Exchange Ratio") of Allscripts common stock (plus cash in lieu of fractional shares). Additionally, each outstanding Eclipsys stock option, restricted stock award, restricted stock unit, deferred stock unit and performance stock unit award was converted into an Allscripts option, restricted stock award, restricted stock unit, deferred stock unit or performance stock unit award, as the case may be, with appropriate adjustments to the number of shares subject to the award and, if applicable, the per share exercise price to reflect the Exchange Ratio.

Under the acquisition method of accounting, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values as of the acquisition date. The fair value of the assets acquired and liabilities assumed represent management's estimate of fair value.

The results of Eclipsys are included in the accompanying consolidated statements of operations for periods subsequent to the completion of the merger, August 24, 2010.

The total purchase price for the acquisition is comprised of the following:

(Dollar amounts in thousands, except per share amounts)

Fair value of Eclipsys (69 million Allscripts common shares at \$17.47, the closing stock price of Allscripts on August 24, 2010)	\$1,209,366
Share-based compensation value	21,914
Total purchase price	\$1,231,280

Acquisition and integration-related costs included in selling, general and administrative expenses for the years ended December 31, 2012 and December 31, 2011, the seven months ended December 31, 2010 and the year ended May 31, 2010 totaled \$4 million, \$36 million, \$57 million and \$4 million, respectively.

The purchase price has been allocated to the tangible and intangible assets acquired and liabilities assumed based on management's estimates of their current fair values as follows:

(In thousands)

Acquired cash and cash equivalents, and restricted cash	\$174,543
Accounts receivable, net	136,198
Prepaid expenses and other current assets	31,520
Fixed assets and other long-term assets	83,680
Goodwill	623,614
Intangible assets	377,000
Deferred tax liabilities, net	(13,128)
Accounts payable and accrued liabilities	(59,166)
Deferred revenue	(106,344)
Other liabilities	(16,637)
Net assets acquired	\$1,231,280

[Table of Contents](#)

Goodwill was determined based on the residual difference between the purchase price and the value assigned to tangible and intangible assets and liabilities, and is not deductible for tax purposes. Among the factors that contributed to a purchase price resulting in the recognition of goodwill were Eclipsys' history of profitability and high operating margins, strong sales force and overall employee base, and its position in the healthcare information technology market. During the year ended December 31, 2011, we recorded goodwill purchase accounting adjustments primarily related to fair value adjustments of certain tax liabilities totaling approximately \$2 million. These adjustments are not reflected in the table above.

The acquired intangible assets are being amortized on a straight-line basis over their useful lives and consist of the following:

<u>(Dollar amounts in thousands)</u>	<u>Useful Life</u>	<u>Fair Value</u>
<u>Description</u>	<u>in Years</u>	
Maintenance and outsourcing agreements	20	\$59,000
Hosting agreements	15	26,000

The following unaudited pro forma information assumes the Eclipsys Merger occurred as of the beginning of the earliest periods presented. The pro forma financial information for all periods presented also includes the business combination accounting effects resulting from the Eclipsys Merger including our amortization charges from acquired intangible assets, the elimination of certain intangible asset amortization incurred by Eclipsys, stock-based compensation charges for equity awards assumed, adjustments to interest expense for certain borrowings, adjustments for transaction-related expenses and the related tax effects as though the aforementioned companies were combined at the beginning of the earliest period presented. The unaudited pro forma supplemental results have been prepared based on estimates and assumptions, which we believe are reasonable and are not necessarily indicative of the consolidated financial position or results of operations had the merger occurred at the beginning of the earliest period presented, nor of future results of operations. For pro forma purposes, quarterly financial results of legacy Eclipsys have been combined in order to align with the historical financial reporting periods of Allscripts. Accordingly, the financial results of legacy Eclipsys for the twelve months ended June 30, 2010 have been combined with the results of Allscripts for the year ended May 31, 2010. The unaudited pro forma results are as follows:

<u>(In thousands, except per share amounts)</u>	<u>August 24, 2010</u> <u>through</u> <u>December 31, 2010</u>	<u>Supplemental Pro Forma Data</u>	
		<u>Seven</u> <u>Months Ended</u> <u>December 31, 2010</u>	<u>Year Ended</u> <u>May 31, 2010</u>
Total revenue	\$ 174,677	\$ 720,176	\$ 1,224,279
Net (loss) income	\$ (9,707)	\$ 55,894	\$ 66,134
Earnings per share—basic and diluted		\$ 0.29	\$ 0.35

The unaudited pro forma information for the seven months ended December 31, 2010 and the year ended May 31, 2010 include the following adjustments:

- Net increase in revenues and net increase in net income representing legacy Eclipsys pre-merger revenues and net income as follows: revenues of \$80 million and net income of \$3 million for the seven months ended December 31, 2010; revenues of \$522 million and net income of \$15 million for the twelve months ended June 30, 2010.

[Table of Contents](#)

- Increase in revenues for the seven months ended December 31, 2010 of \$27 million and a decrease in revenues for the year ended May 31, 2010 of approximately \$2 million relating to deferred revenue acquisition accounting adjustments.
- Increase to amortization expense for the seven months ended December 31, 2010 and the year ended May 31, 2010 of approximately \$1 million and \$21 million, respectively, related to management's estimate of the fair value of intangible assets acquired as a result of the Eclipsys Merger. These increases reflect the elimination of all legacy Eclipsys historical intangible asset and capitalized software amortization for all applicable periods.
- Increase to interest expense for the seven months ended December 31, 2010 and the year ended May 31, 2010 of approximately \$3 million and \$22 million, respectively, related to the debt used to finance a portion of the stock transactions and contingent share repurchase contemplated by the Framework Agreement ("Coniston Transactions"). These increases reflect the elimination of previously recognized interest expense of legacy Allscripts and legacy Eclipsys.
- Decrease to stock-based compensation expense for the seven months ended December 31, 2010 of approximately \$0 and an increase for the year ended May 31, 2010 of \$7 million related to equity awards of legacy Eclipsys assumed as part of the Eclipsys Merger.
- Operating expenses reflect decreases of \$72 million in the seven months ended December 31, 2010, which includes \$15 million of transaction expenses included in the pre-merger results of legacy Eclipsys, and \$14 million for the year ended May 31, 2010 to reflect transaction-related expenses of legacy Allscripts and legacy Eclipsys as if the merger occurred as of the beginning of the earliest period presented.

Excluding the net pre-merger impacts of legacy Eclipsys described above, all pro forma adjustments are reflected in pro forma earnings (loss) assuming an effective income tax rate of 39%.

3. Reduction of Misys Share Ownership (Unaudited, except with respect to information for the year ended December 31, 2011)

On June 9, 2010, Allscripts entered into a Framework Agreement with Misys plc ("Misys"), which was subsequently amended on July 26, 2010 (as amended, the "Framework Agreement"). Pursuant to the Framework Agreement, Allscripts and Misys agreed to reduce Misys' existing indirect ownership interest in Allscripts through a series of transactions, which we refer to as the "Coniston Transactions." As of June 8, 2010, Misys held indirectly 80 million shares of Allscripts' common stock, representing approximately 55% of the aggregate voting power of Allscripts' capital stock.

The Coniston Transactions were completed on August 27, 2010; accordingly, Misys' equity stake in Allscripts was reduced to approximately 10% of the outstanding shares of Allscripts common stock. The repurchased stock was retired and the associated excess of the repurchase price over par totaling \$679 million was allocated to additional paid-in capital.

On November 17, 2010, Kapiti Limited and ACT Sigmex Limited, each a wholly-owned subsidiary of Misys, sold shares of common stock of Allscripts resulting in Misys holding approximately 4% of the outstanding shares of our common stock.

On February 24, 2011, Misys announced that it had disposed of its remaining investment in Allscripts common stock.

In connection with the integration of the Eclipsys operations, we recently realigned certain functions within our business. After the realignment and based upon the information used by management for making operating decisions and assessing performance, we identified the following reportable segments: Software Delivery, Services Delivery, Client Support, Pathway Solutions and IT Outsourcing. Refer to Note 15 Business Segments for additional information.

[Table of Contents](#)

As a result of the changes to our operating segments, we assessed our new reporting units and allocated goodwill. As part of this assessment, we determined the fair value of each of our reporting units using both a discounted cash flow analysis and a market approach considering benchmark company market multiples. We also considered our market capitalization on the date of the analysis. We then allocated goodwill to each reporting unit based on their relative fair values. The resulting allocation of goodwill to individual reporting units is shown below.

There were no changes in the total carrying value of goodwill during 2012. During 2011, the total carrying value of goodwill increased by approximately \$2 million due to purchase accounting adjustments related to the Eclipsys Merger. Following the realignment of our business segments during 2012, the carrying amounts of goodwill by reportable segment at December 31, 2012 were as follows (Remote Hosting is an operating segment that does not meet the quantitative thresholds for determining reportable segments; however, we have presented the portion of goodwill allocated to this segment within our reconciliation to consolidated amounts in the table below):

<u>(In thousands)</u>	<u>Software Delivery</u>	<u>Services Delivery</u>	<u>Client Support</u>	<u>Pathway Solutions</u>	<u>IT Outsourcing</u>	<u>Remote Hosting</u>	<u>Total</u>
Balance as of December 31, 2012							
Goodwill	\$320,299	\$87,665	\$327,793	\$208,795	\$59,029	\$35,783	\$1,039,364
Accumulated impairment losses	0	0	0	0	0	0	0
	<u>\$320,299</u>	<u>\$87,665</u>	<u>\$327,793</u>	<u>\$208,795</u>	<u>\$59,029</u>	<u>\$35,783</u>	<u>\$1,039,364</u>

In conjunction with the allocation of goodwill to our revised reporting units, we performed step one of the annual goodwill impairment test as of July 1, 2012. For each reporting unit, fair value exceeded its carrying value and no indicators of impairment were identified as a result of the interim step one test. We again performed step one of the goodwill impairment test as of October 1, 2012, our annual testing date. For each reporting unit, fair value exceeded its carrying value and no impairment was identified.

Due to a decline in our stock price during the final three months of 2012, which we considered to be an indicator of potential impairment, we re-performed step one of the goodwill impairment test as of December 31, 2012. Based on re-performance of step one, no impairment was identified.

Intangible assets are being amortized over their estimated useful lives. Allscripts recorded amortization expense related to the intangible assets as follows:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Proprietary technology amortization included in cost of revenue, system sales	\$27,226	\$27,478	\$12,719	\$11,064
Intangible amortization included in operating expenses	35,635	37,344	16,235	10,060
Total intangible amortization expense	<u>\$62,861</u>	<u>\$64,822</u>	<u>\$28,954</u>	<u>\$21,124</u>

[Table of Contents](#)

Estimated future amortization expense for the intangible assets that exist as of December 31, 2012 is as follows:

<u>(Dollar amounts in thousands)</u>	<u>Year Ended December 31,</u>
2013	\$55,102
2014	52,286
2015	47,466
2016	35,421
2017	30,220
Thereafter	154,491
Total	\$374,986

6. Asset Impairment Charges

On October 3, 2012, to serve our clients and the healthcare market better, we publicly announced a plan to standardize our small office electronic health record and practice management systems. As part of this plan, we will converge, over time, our MyWay Electronic Health Record System (“MyWay”) and Professional Suite Electronic Health Record System.

We plan to upgrade MyWay clients electing to migrate to the converged platform between January 2013 and September 2013, at no additional cost to the MyWay clients. The upgrade will position MyWay clients for Meaningful Use Stage 2 and ICD-10 compliance, and prepare them for the shift to value-based care that focuses on costs, quality and outcomes. MyWay clients not electing to upgrade will continue to have use of the application.

As a result of the above decision and the related elimination of future cash flows from sales of the MyWay application, we recorded a non-cash charge to earnings in 2012 related to the impairment of previously capitalized software development costs for MyWay plus the net carrying value of a perpetual license for certain software code incorporated in MyWay as follows:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Asset impairment charges	\$11,101	\$0	\$0	\$0

The write-downs of the capitalized software development costs and the perpetual license related to MyWay are based on our estimates of their fair values, which we believe to be zero. The inputs into these fair value estimates reflect our market assumptions and are not observable. Consequently, the inputs are considered to be Level 3 as specified in the fair value hierarchy (refer to “Fair Value Measurements” under Note 2 regarding the hierarchical levels of fair value inputs).

7. Accrued Expenses

Accrued expenses consist of the following:

<u>(In thousands)</u>	<u>December 31, 2012</u>	<u>December 31, 2011</u>
Royalties, certain third party product costs and licenses	\$31,795	\$33,795
Other	61,305	55,869
Total accrued expenses	\$93,100	\$89,664

Other consists of various accrued expenses and no individual item accounted for more than 5% of the current liabilities balance at the respective balance sheet dates.

Credit Facility

In connection with the Coniston Transactions, on August 20, 2010 (the “Closing Date”), Allscripts entered into a Credit Agreement with JPMorgan Chase Bank, N.A., as administrative agent, UBS Securities LLC and Barclays Capital, as co-syndication agents, and a syndicate of banks as co-documentation agents (the “Credit Agreement”).

The Credit Agreement provides for a \$470 million senior secured term loan facility (the “Term Facility”) and a \$250 million senior secured revolving facility (the “Revolving Facility”), each of which has a five year term (collectively the “Senior Secured Credit Facilities”). In connection with the closing of the Coniston Transactions, Allscripts borrowed \$470 million under the Term Facility and \$100 million under the Revolving Facility. Allscripts incurred \$22 million in debt issuance costs related to the Senior Secured Credit Facilities. The net proceeds were used by Allscripts to finance a portion of the Coniston Transactions. The Revolving Facility is available to finance working capital needs and general corporate purposes.

On March 31, 2011, we entered into an agreement (the “Amended and Restated Credit Agreement”) with participating lenders to amend and restate the Credit Agreement among the Company and certain parties. The Amended and Restated Credit Agreement includes certain changes to the terms of the Credit Agreement. Certain members of the syndicate of banks supporting the Senior Secured Credit Facilities withdrew upon execution of the Amended and Restated Credit Agreement. Accordingly, funds provided by the withdrawing banks totaling \$49 million were repaid and the same amount was subsequently borrowed from other banks. We incurred additional debt issuance costs totaling \$1 million and wrote off previously deferred debt issuance costs totaling \$2 million to interest expense on the consolidated statement of operations during the year ended December 31, 2011 in connection with executing the Amended and Restated Credit Agreement. The additional debt issuance costs incurred were deferred and are included in other assets on the balance sheet at December 31, 2011.

On June 11, 2012, we entered into an Incremental Assumption Agreement (the “Agreement”) with J. P. Morgan Securities LLC, Mizuho Corporate Bank, LTD., SunTrust Robinson Humphrey, Inc. and other participating lenders to borrow additional amounts under our existing Amended and Restated Credit Agreement in the form of a new incremental term loan. Proceeds from the incremental term loan of \$150 million were used to partially refinance the \$175 million outstanding under our revolving credit facility, which is provided for in the Credit Agreement. We also made a voluntary repayment of the revolver totaling \$20 million at the time of the

[Table of Contents](#)

refinancing. The interest rate charged, debt covenants and other terms that apply to the term loan are defined by the terms of the Credit Agreement. We incurred debt issuance costs totaling \$1 million related to the incremental term loan, which were deferred and included within other assets on the balance sheet. Quarterly principal payments on the incremental term loan commenced on September 30, 2012.

The Amended and Restated Credit Agreement reduced the applicable interest margin for borrowings under the senior credit facilities by 75 basis points at each level of the leverage based pricing grid. In addition, the Commitment Fee was reduced at certain levels of the leverage based pricing grid. The Amended and Restated Credit Agreement also allows the Company to borrow up to \$100 million under its revolving credit facility in certain foreign currencies and increases the leverage ratio in which the Company can make unlimited Restricted Payments from 1.75 to 1 to 2.00 to 1.

On February 19, 2013, we entered into the First Amendment to the Amended and Restated Credit Agreement (the "First Amendment"), which, among other things, increased the applicable interest margin for borrowings under the senior credit facilities by 25 basis points at each level of the leverage based pricing grid above a leverage ratio of 2.00 to 1. The First Amendment also increases the leverage ratio in which the Company can make unlimited Restricted Payments and Permitted Acquisitions from 2.00 to 1 to 2.50 to 1. In connection with the First Amendment, we incurred \$1 million in fees during the first quarter of 2013.

The maturity date and principal amount of the senior secured credit facilities remains the same as in the Credit Agreement. In addition, the prepayment provisions and covenants included in the Credit Agreement have not changed, except as discussed above.

The Term Facility matures in quarterly installments which commenced on December 31, 2010, provided that, notwithstanding the above, the remaining principal balance shall be due and payable on the fifth anniversary of the Closing Date. The following table summarizes our future payments under the senior secured credit facilities including the incremental term loan as of December 31, 2012:

<u>(Dollar amounts in thousands)</u>	<u>Principal Payments</u>
Payments due in 2013	\$78,770
Payments due in 2014	104,698
Payments due in 2015	199,395
Payments due in 2016	58,604
Thereafter	0
	<u>441,467</u>
Senior Secured Credit Facilities (current portion)	<u>78,770</u>
Senior Secured Credit Facilities (long-term portion)	<u>\$362,697</u>

A total of \$50 million of the Revolving Facility is available for the issuance of letters of credit and \$10 million of the Revolving Facility is available for swingline loans. Allscripts is also permitted to add one or more incremental revolving and/or term loan facilities in an aggregate amount of up to \$250 million, subject to certain conditions.

Borrowings under the Senior Secured Credit Facilities bear interest, at Allscripts' option, at a rate per annum equal to either (1) the highest of (a) the rate of interest publicly announced by JPMorgan Chase Bank, N.A. as its prime rate in effect at its principal office in New York City, (b) the federal funds effective rate from time to time plus 0.5%, and (c) the rate for Eurodollar deposits as reflected on the applicable Reuters Screen LIBOR01 for a one month interest period, as such rate may be adjusted for certain reserve requirements, plus 1.0%, or (2) the rate for Eurodollar deposits as reflected on the applicable Reuters Screen LIBOR01 for the interest period relevant to such borrowing, as such rate may be adjusted for certain reserve requirements, plus, in each case, the applicable margin. The applicable margin for borrowings under the Senior Secured Credit Facilities was fixed until the date that was three business days after Allscripts' financial statements were

[Table of Contents](#)

delivered to lenders with respect to the first fiscal period ending after September 30, 2010, and thereafter the applicable margin for borrowings under the Senior Secured Credit Facilities is subject to further adjustment based on an agreed upon leverage grid.

Subject to certain agreed upon exceptions, all obligations under the Senior Secured Credit Facilities are guaranteed by each of Allscripts' existing and future direct and indirect material domestic subsidiaries, other than Coniston Exchange LLC (successor to Coniston, Inc.) (the "Guarantors").

The obligations of Allscripts and each Guarantor under the Senior Secured Credit Facilities, any swap agreements and any cash management arrangements provided by any lender, are secured, subject to permitted liens and other agreed upon exceptions, by a perfected first priority security interest in all of the tangible and intangible assets (including, without limitation, intellectual property, material owned real property and all of the capital stock of each Guarantor and, in the case of foreign subsidiaries, up to 65% of the capital stock of first tier material foreign subsidiaries) of Allscripts and the Guarantors.

Subject to certain exceptions, Allscripts is required to prepay the Term Facility: (i) with 100% of the net cash proceeds received from the incurrence of certain indebtedness for borrowed money; (ii) with 100% of the net cash proceeds of the sale of any assets in excess of \$5 million outside the ordinary course of business (including, without limitation, insurance and condemnation proceeds) in any fiscal year, subject to reinvestment rights; and (iii) with 50% of Allscripts' excess cash flow for each fiscal year, beginning with the 2012 fiscal year. No prepayments under clauses (ii) or (iii) above are required to the extent that Allscripts' total leverage ratio is less than 2.5 to 1.0. Allscripts may voluntarily prepay outstanding loans under the Senior Secured Credit Facilities, in whole or in part, at Allscripts' option at any time upon prior notice.

The Senior Secured Credit Facilities contain a number of covenants that, among other things, restrict, subject to certain exceptions, Allscripts' ability to:

- incur indebtedness (including guarantee obligations);
- create liens on and sell assets;
- engage in mergers or consolidations;
- declare dividends and other payments in respect of our capital stock;
- make investments, loans and advances;
- engage in transactions with affiliates;
- enter into sale and leaseback transactions; and
- change lines of business.

In addition, the Senior Secured Credit Facilities include a maximum leverage ratio of 3.0 to 1.0 and a minimum interest coverage ratio of 4.5 to 1.0. The leverage ratio is calculated by dividing total indebtedness by earnings before interest expense, income tax expense, depreciation and amortization expense. The minimum interest coverage ratio is calculated by dividing earnings before interest expense and income tax expense by cash interest expense.

The facilities also contain certain customary events of default, including relating to non-payment, breach of covenants, cross-default, bankruptcy and change of control.

As of December 31, 2012, \$441 million in borrowings and \$1 million in letters of credit were outstanding under the Amended and Restated Credit Agreement. As of December 31, 2012, the interest rate on the Senior Secured Credit Facilities was LIBOR plus 2.00%, which totaled 2.21%. Refer to Note 13 for the discussion of the interest rate swap agreement. We were in full compliance with the covenants under the Amended and Restated Credit Agreement as of December 31, 2012. As of December 31, 2012, the unamortized deferred debt issuance costs totaled \$11 million, and are included within prepaid expenses and other current assets and other assets on the balance sheet.

[Table of Contents](#)

As of December 31, 2012, we had \$249 million available, net of outstanding letters of credit, under the Revolving Facility. There can be no assurance that we will be able to draw on the full available balance of our Amended and Restated Credit Agreement if the financial institutions that have extended such credit commitments become unwilling or unable to fund such borrowings.

Senior Convertible Debentures

In July 2004, Allscripts completed a private placement of \$83 million of the Debentures. Holders of \$55 million principal amount of the Debentures exercised their right to convert the Debentures into an aggregate of 5 million shares of Allscripts common stock.

On November 7, 2008, Allscripts launched an offer to purchase for cash the Debentures then outstanding at a purchase price equal to 100% of the principal amount of the Debentures being repurchased plus any accrued and unpaid interest, pursuant to the terms of the indenture governing the Debentures. The offer to purchase the outstanding Debentures expired on December 9, 2008, with \$8 million of the outstanding Debentures being repurchased for cash.

During July 2009, Allscripts exercised its call option on the remaining \$20 million of Debentures for redemption. As a result of the call exercised by Allscripts, the holders of the Debentures had the right to convert the Debentures into common stock prior to payment redemption. During July and August 2009, holders of all of the outstanding Debentures exercised their right to convert the Debentures into an aggregate of 2 million shares of Allscripts common stock. There were no outstanding Debentures as of December 31, 2012 and 2011.

As of December 31, 2012, the Company had federal and state net operating loss carryforwards of \$169 million and \$7 million, respectively. Of the total federal net operating loss carryforwards, approximately \$7 million relates to stock compensation tax deductions that will be tax-effected and the related benefit credited to additional paid-in capital when realized. The net operating loss carryforwards expire in various amounts starting in 2024 for both federal and state tax purposes. The utilization of the federal net operating loss carryforwards is subject to limitation under the rules regarding changes in stock ownership as determined by the Internal Revenue Code. Historical federal net operating losses of Allscripts are subject to annual limitation on usage of approximately \$62 million per year. In connection with the Eclipsys Merger, the Company acquired federal net operating losses totaling approximately \$265 million. Due to the change in control in Eclipsys, these net operating losses are subject to annual limitation on utilization of approximately \$48 million per year. Net operating losses incurred subsequent to the Eclipsys Merger have no restrictions on utilization. The Company has Canadian net operating loss carryovers of approximately \$12 million that expire in 2026.

We use the tax law ordering approach for determining when tax benefits derived from stock-based awards are utilized. Under this approach, the utilization of excess tax deductions associated with stock-based awards is dictated by provisions in the tax law that identify the sequence in which such benefits are utilized for tax purposes when net operating losses exist.

For federal purposes, 1993 to 2012 tax years remain subject to income tax examination by federal authorities. Due to net operating loss carry forwards, in some cases the tax years continue to remain subject to examination with respect to such NOLs. For the Company's state tax jurisdictions, 2003 to 2012 tax years remain open to income tax examination by state tax authorities. In Canada, the 2003 to 2012 tax years remain open for examination and in India the 2009 to 2012 tax years remain open.

The Company has a subsidiary in India that is entitled to a tax holiday that allows for tax-free operations during the holiday, which slightly reduces income tax expense. The tax holiday for the subsidiary began to partially expire in 2012 and will fully expire in 2017. Tax savings realized from this holiday for the years ended December 31, 2012 and 2011 totaled \$1 million and \$1 million, respectively, which increased the Company's diluted earnings per share by \$0.01 and \$0.01, respectively. The amount realized during the seven months ended December 31, 2010 was not material.

On June 1, 2007, the Company adopted the provisions of accounting guidance for uncertainty in income taxes recognized in the Company's financial statements. These principles prescribe a threshold of more-likely-than-not to be sustained upon examination for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. These principles also provide guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

As of December 31, 2011, we had accrued approximately \$29 million related to uncertain tax positions resulting from the Framework Agreement with Misys dated June 9, 2010, which was subsequently amended on July 26, 2010. Pursuant to the Framework Agreement, Allscripts and Misys agreed to reduce Misys' existing indirect ownership interest in Allscripts through a series of transactions which are referred to as the Coniston Transactions. The acquired tax position related to the Coniston Transactions was indemnified by Misys in accordance with the Framework Agreement. Accordingly, we had an indemnification asset totaling \$29 million, including related interest, which is included in other assets in the accompanying consolidated balance sheet as of December 31, 2011.

During 2012, we settled an IRS examination for the period May 2007 through May 2010 which primarily resulted in a tax assessment of \$13 million that is indemnified by Misys pursuant to the Framework Agreement. The remaining tax liability related to the Coniston Transactions totaling \$16 million was reversed, as reflected in the table above, and recognized as a tax benefit in the accompanying consolidated statements of operations for the year ended December 31, 2012.

Since the settlement amount with the IRS was less than the carrying value of the related indemnification asset, we recorded a write-off of the remaining indemnification asset, which is included in interest income and other (expense), net within the accompanying consolidated statements of operations. The resulting charge of \$16 million is substantially non-deductible for tax purposes and therefore increases the effective tax rate for the entire year.

Excluding the effects of these items, our effective tax rate for the year ended December 31, 2012 is lower compared to the prior year due to a higher mix of foreign income taxed at lower rates and lower state tax expense.

If any portion of our unrecognized tax benefits is recognized, the entire amount would impact our effective tax rate. Although the results and timing of the resolution of income tax audits is highly uncertain, we believe it is reasonably possible that approximately \$4 million of gross unrecognized tax benefits will change in the next 12 months due to resolution of transfer pricing positions with various taxing authorities.

We file income tax returns in the U.S. federal jurisdiction, numerous states and multiple international countries. We are subject to the continuous examination of our income tax returns by the Internal Revenue Service and other tax authorities. A change in the assessment of the outcomes of such matters could materially impact our consolidated financial statements.

[Table of Contents](#)

We intend to indefinitely reinvest the undistributed earnings of our foreign subsidiaries. Accordingly, no deferred taxes have been recorded for the difference between the financial and tax basis investment in our foreign subsidiaries. If these earnings were distributed to the United States in the form of dividends or otherwise, we would have additional U.S. taxable income and, depending on our tax position in the year of repatriation, may have to pay additional U.S. income taxes. Withholding taxes may also apply to the repatriated earnings. Determination of the amount of unrecognized income tax liability related to these permanently reinvested and undistributed foreign subsidiary earnings is currently not practicable.

As of December 31, 2012, we determined that approximately \$37 million of these foreign subsidiaries' undistributed earnings are now indefinitely reinvested outside the United States. As management has determined that the earnings of these subsidiaries are not required as a source of funding for U.S. operations, such earnings are not planned to be distributed to the United States in the foreseeable future.

We recognized interest and penalties related to uncertain tax positions in our consolidated statements of operations as follows:

Interest and penalties included in the liability for uncertain income taxes	\$2,199	\$4,737

10. Stock Award Plans

The Company's 2011 Stock Incentive Plan ("Plan") provides for the granting of stock options, service-based share awards and performance-based share awards, among other awards. As of December 31, 2012, there were 6.6 million shares of common stock reserved for issuance under future share-based awards to be granted to any employee, officer or director or independent consultant of the Company at terms and prices to be determined by the Board of Directors, subject to the terms of the Plan.

We recorded stock-based compensation expense as follows:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>(Unaudited)</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>
Total stock-based compensation expense	\$39,985	\$40,752	\$18,916	\$14,849

Stock-based compensation expense is reflected in cost of revenue and the functional lines within operating expenses. No stock-based compensation costs were capitalized during the years ended December 31, 2012 and 2011, seven months ended December 31, 2010 and the year ended May 31, 2010. The estimated income tax benefit of stock-based compensation expense included in the provision for income taxes for the year ended December 31, 2012 is \$7 million. As of December 31, 2012, \$64.8 million of unearned compensation related to non-vested awards and options was netted against the balance of additional paid in capital and will be recognized over the remaining vesting terms. These costs are expected to be recognized over a weighted average period of 2.8 years.

In connection with the Eclipsys Merger, we assumed all of the outstanding stock options and other stock awards of Eclipsys' respective plans. These stock options and stock awards, as converted based on the same share exchange ratio defined in the Merger Agreement, generally retain all the rights, terms and conditions as originally granted.

We issue service-based awards, performance-based, and market-based awards in the form of restricted stock units or restricted stock. A description of each category of awards is presented below.

Service-based Share Awards

Service-based share awards include restricted stock units and shares and typically vest over a four-year period commencing on the date of grant subject to continued service to the Company. Upon termination of an employee's employment, any unvested service-based share awards will be forfeited unless otherwise provided in an employee's employment agreement. Deferred share units are awarded to directors and generally vest within one year when issued in lieu of annual share awards or immediately when issued in lieu of cash.

At December 31, 2012, there was \$55.2 million of total estimated unrecognized compensation cost, assuming an estimated forfeiture rate, related to the service-based share awards which is expected to be recognized through December 31, 2016.

Performance-based Share Awards

Performance-based share awards include restricted stock units and shares. The purpose of such awards is to align management with the Company's financial performance and other operational objectives and, in certain cases, to retain key employees over a specified performance period. Awards granted under this category are based on the achievement of various targeted financial measures including non-GAAP income per share and adjusted net income as defined in the grant agreements. The awards are earned based on actual results achieved compared to targeted amounts. Stock-based compensation expense related to these awards will be recognized over three-year and four-year vesting periods under the accelerated attribution method.

At December 31, 2012, there was \$6.5 million of total estimated unrecognized compensation cost, assuming an estimated forfeiture rate and various target attainments related to the performance-based share awards, which is expected to be recognized through December 2016.

Market-based Share Awards

Market-based share awards include restricted stock units. The purpose of such awards is to align management with the performance of the Company's common stock relative to the market. Awards granted under this category are dependent on our total shareholder returns relative to a specified peer group of companies over three-year performance periods with vesting based on three annual performance segments from the grant dates. Fair values of the awards were estimated at the date of the grants using the Monte Carlo pricing model. Following completion of the three-year performance periods, the Compensation Committee will determine the number of awards that would vest considering overall performance over the three-year performance periods. If the numbers of shares that would vest under this scenario are greater than the amount vesting under the three annual performance segments, then such greater numbers of awards shall vest, reduced by the number of awards previously vested. Stock-based compensation expense related to these awards will be recognized over three-year vesting periods under the accelerated attribution method.

At December 31, 2012, there was \$3.1 million of total estimated unrecognized compensation cost, assuming an estimated forfeiture rate and various target attainments related to the market-based share awards, which is expected to be recognized through December 2015.

Net Share-settlements

Beginning in 2011, upon vesting, restricted stock units and awards are generally net share-settled to cover the required withholding tax and the remaining amount is converted into an equivalent number of shares of common stock. The majority of restricted stock units and awards that have vested in 2012 and 2011 were net-share settled such that we withheld shares with value equivalent to the employees' minimum statutory obligation

[Table of Contents](#)

for the applicable income and other employment taxes and remitted the cash to the appropriate taxing authorities. The total shares withheld were 860 thousand and 660 thousand for the years ended December 31, 2012 and 2011, respectively, and were based on the value of the restricted stock units and awards on their vesting date as determined by our closing stock price. Total payments for the employees' tax obligations to the taxing authorities are reflected as a financing activity within the consolidated statements of cash flows. These net-share settlements had the effect of share repurchases by us as they reduced the number of shares that would have otherwise been issued as a result of the vesting.

Stock Options

The following table summarizes the status of stock options outstanding and the changes during the periods presented (information from May 31, 2009 through December 31, 2010 is unaudited):

Accounting guidance requires forfeitures to be estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

We estimate the fair value of our share-based payments using the Black-Scholes option-pricing model. Option valuation models, including the Black-Scholes option-pricing model, require the input of assumptions, including stock price volatility. Changes in the input assumptions can materially affect the fair value estimates and ultimately how much we recognize as stock-based compensation expense. The fair value of stock options assumed in the Eclipsys Merger was estimated at the date of acquisition. The weighted average input assumptions used were as follows:

Expected option life (in years)	0.11 – 4.54
Risk-free interest rate	0.17% – 1.36%
Volatility	30.5% – 54.04%
Dividend yield	0%

The expected life input is based on historical exercise patterns and post-vesting termination behavior, the risk-free interest rate input is based on United States Treasury instruments and the volatility input is calculated based on the implied volatility of our common stock.

The aggregate intrinsic value of stock options outstanding and exercisable as of December 31, 2012 was \$4 million and \$4 million, respectively, based on Allscripts' closing stock price of \$9.42 as of December 31, 2012. The intrinsic value of stock options outstanding represents the amount that would have been received by the option holders had all option holders exercised their stock options as of that date.

Employee Stock Purchase Plan

The Employee Stock Purchase Plan (“ESPP”) allows eligible employees to authorize payroll deductions of up to 20% of their base salary to be applied toward the purchase of full shares of common stock on the last day of the offering period. Offering periods under the ESPP are three months in duration and begin on each March 1, June 1, September 1, and December 1. Shares will be purchased on the last day of each offering period at a discount of 5% of fair market value of the common stock on such date as reported on NASDAQ. The aggregate number of shares of Allscripts common stock that may be issued under the ESPP may not exceed 500 thousand shares and no one employee may purchase any shares under the ESPP having a collective fair market value greater than \$25 thousand in any one calendar year. The shares available for purchase under the ESPP may be drawn from either authorized but previously unissued shares of common stock or from reacquired shares of common stock, including shares purchased by Allscripts in the open market and held as treasury shares.

Allscripts treats the ESPP as a non-compensatory plan in accordance with accounting guidance. There were 288 thousand and 140 thousand shares purchased under the ESPP during the years ended December 31, 2012 and 2011, respectively.

Misys Stock Plan

Certain employees of Allscripts previously participated in share-based compensation plans offered by Misys. Awards under the plans include market price awards (options priced at fair value of Misys stock at date of grant) and nil cost awards (zero strike price). Certain of the awards included performance based vesting conditions; otherwise, options vested over a service period that was generally three years. Upon completion of the Coniston Transactions and the related reduction of Misys’ ownership interests in Allscripts, the vesting of certain options previously granted to Allscripts’ employees was accelerated and the participation of Allscripts’ employees in the Misys stock plans terminated. All outstanding options held by employees of Allscripts on August 20, 2010 were assessed to determine the eligible grants that would fully vest as well as the options that would lapse. As a result of the assessment, we recognized expense of approximately \$1 million due to the accelerated vesting of options during the seven months ended December 31, 2010. This charge was offset by approximately \$1 million for options that were canceled. Stock-based compensation expense was approximately \$2 million for the year ended May 31, 2010. We recognized no stock-based compensation expense related to the Misys stock plans during the years ended December 31, 2012 and 2011.

[Table of Contents](#)

Prior to the completion of the Coniston Transactions, the fair value of share options granted to employees of Allscripts was recorded as compensation cost over the term of vesting period.

The fair value of awards that contain performance-based vesting conditions was estimated at the date of grant using the Monte Carlo option pricing model. For all other awards, the fair value of each option grant was estimated at the date of grant using the Black-Scholes option pricing model.

The following assumptions have been used in the option pricing models:

	(Unaudited)	
	Seven Months Ended December 31, 2010	Year Ended May 31, 2010
Risk-free interest rate	1.22%	2.04%
Dividend yield	0%	0%
Volatility		
Market value awards	N/A	N/A
Nil cost awards	47%	46%
Expected life (years)		
Market value awards	N/A	N/A
Nil cost awards	3	3

Volatility was calculated using Misys share price history for the period equivalent to the expected life. For awards with performance-based service conditions, vesting is tied to either total shareholder return, Misys earnings per share or Misys stock price. Additional variables used in the Monte Carlo option pricing model related to market benchmarked performance conditions include volatility of N/A and 42% and a correlation coefficient of N/A and N/A for the seven months ended December 31, 2010 and the year ended May 31, 2010, respectively.

Additional information with respect to the plan activity related to Allscripts for years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010 is summarized as follows (information from May 31, 2009 through December 31, 2010 is unaudited):

The weighted-average fair value of all options granted during the seven months ended December 31, 2010 and the year ended May 31, 2010 was \$4.14 and \$2.76 per share, respectively. The total intrinsic value of options exercised during the years ended December 31, 2012 and 2011, the seven months ended December 31, 2010 and for the year ended May 31, 2010 was \$8 million, \$1 million, \$20 million and \$9 million, respectively.

11. Stock Repurchases

On February 10, 2009, the Company announced that its Board of Directors approved a stock repurchase program under which the Company may purchase up to \$150 million of its common stock over two years. Repurchases may be made pursuant to Rule 10b5-1 or 10b-18 of the Securities Exchange Act of 1934, as amended. Repurchases also have been made from Misys pursuant to the Stock Repurchase Agreement, dated as of February 10, 2009 (the "Stock Repurchase Agreement"), by and among Misys, Misys Patriot Ltd., Misys Patriot US Holdings LLC and Allscripts. The aggregate amount of shares purchased pursuant to the repurchase plan, whether pursuant to any 10b5-1 plan, Rule 10b-18 or the Stock Repurchase Agreement, will not exceed the lesser of \$150 million (including commissions) or 15 million shares. Pursuant to the Stock Repurchase Agreement, Allscripts had agreed to purchase from Misys, and Misys had agreed to sell to Allscripts, the number of shares of Allscripts' common stock needed to keep Misys' ownership percentage in Allscripts unaffected by certain open market repurchases being made by Allscripts. As of December 31, 2011 we had repurchased 5 million shares of common stock for an aggregate purchase price of \$52 million. There were no shares repurchased under this stock repurchase program during the year ended December 31, 2011 and the seven months ended December 31, 2010. In connection with the closing of the Coniston Transactions, the Stock Repurchase Agreement was terminated (Note 3). We incurred no early termination penalties in connection with the termination of the Stock Repurchase Agreement. The remaining authorized amount for stock repurchase was \$98 million when the program terminated on February 10, 2011.

In April 2011, our Board of Directors approved a stock repurchase program under which we may purchase up to \$200 million of our common stock over three years expiring on May 9, 2014 or such earlier time that the total dollar amount authorized by these resolutions has been used. In April 2012, our Board of Directors approved the repurchase of an additional \$200 million bringing the total repurchase authorization to \$400 million. Any share repurchases may be made through open market transactions, block trades, privately negotiated transactions (including accelerated share repurchase transactions) or other means. Any repurchase activity will depend on factors such as our working capital needs, cash requirements for investments, debt repayment obligations, our stock price, and economic and market conditions. Our stock repurchase program may be accelerated, suspended, delayed or discontinued at any time.

During the years ended December 31, 2012 and 2011, we repurchased approximately 21 million and 3 million shares of our common stock, respectively. The aggregate purchase price paid to acquire these shares pursuant to this stock repurchase program was approximately \$226 million and \$51 million during the years ended December 31, 2012 and 2011, respectively. The average price paid per share during the years ended December 31, 2012 and 2011 was \$10.89 and \$19.45, respectively. As of December 31, 2012, the amount available for repurchase of common stock under this program was approximately \$123 million.

Total accumulated other comprehensive income	<u>\$ 76</u>	<u>(\$542)</u>

13. Derivative Financial Instruments

Interest Rate Swap Agreement

We entered into an interest rate swap agreement with an effective date of October 29, 2010 that has the economic effect of modifying the variable rate component of the interest obligations associated with a portion of our original variable rate term loan. The initial notional amount of the interest rate swap agreement was \$300 million, with scheduled step downs over time, and a final termination date of October 31, 2014. At December 31, 2012, the notional amount of the interest rate swap agreement was \$225 million. The interest rate swap agreement converts the one-month LIBOR rate on the corresponding notional amount of debt to an effective fixed rate of 0.896% (exclusive of the applicable margin currently charged under the Senior Secured Credit Facilities). The critical terms of the interest rate swap agreement and the related debt agreement match and allow us to designate the interest rate swap agreement as a highly effective cash flow hedge under GAAP. The interest rate swap agreement protects us against changes in interest payments due to benchmark interest rate movements. The change in fair value of this interest rate swap agreement is recognized in other comprehensive income with the corresponding amounts included in other assets or other liabilities in our consolidated balance sheet. Amounts accumulated in other comprehensive income are indirectly recognized in earnings as periodic settlements of the swap occur and the fair value of the swap declines to zero.

The interest rate swap agreement is currently our only derivative instrument and it is not used for trading purposes. Allscripts has not entered into any foreign currency hedging contracts. In the future we may enter into foreign currency exchange contracts to offset certain operational exposures from the impact of changes in foreign exchange rates.

The fair value of the derivative instrument was as follows:

<u>(In thousands)</u>	<u>December 31,</u> <u>2012</u>	<u>December 31,</u> <u>2011</u>
Fair value of interest rate swap agreement	(\$1,534)	(\$1,754)

[Table of Contents](#)

We recognized the following activity related to our interest rate swap agreement:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>

Amount excluded from Effectiveness Assessment and Ineffective Portion				
Gain (loss) recognized in other income (expense)	\$0	\$0	\$0	\$0

We estimate that approximately \$1 million of derivative losses included in other comprehensive income (“OCI”) will be reclassified into earnings within the next 12 months. This amount has been calculated assuming the variable effective interest rate 2.21% as of December 31, 2012 remains the same through the next 12 months. No gains (losses) were reclassified from OCI into earnings as a result of forecasted transactions that failed to occur during the years ended December 31, 2012 and 2011 and the seven months ended December 31, 2010. We held no other derivative instruments during the years ended December 31, 2012 and 2011 and the seven months ended December 31, 2010.

There were no realized gains (losses) on derivatives other than those related to the periodic settlement of the swap.

14. Commitments

Allscripts conducts its operations from leased premises under several operating leases. Total rent expense was as follows:

<u>(In thousands)</u>	<u>Year Ended December 31,</u>		<u>Unaudited</u>	
	<u>2012</u>	<u>2011</u>	<u>Seven Months Ended December 31, 2010</u>	<u>Year Ended May 31, 2010</u>

15. Business Segments

Prior to 2012, we used three reportable segments: Clinical Solutions, Hospital Solutions, and Health Solutions. In connection with the integration of the Eclipsys operations, we recently realigned certain functions within our business. This realignment included the integration of our sales and services functions in the first quarter of 2012 as well as our solutions research and development team. After the realignment and based on the information used by the chief operating decision maker to allocate resources, make operating decisions and assess performance, we now use the following reportable segments: Software Delivery, Services Delivery, Client Support, Pathway Solutions and IT Outsourcing.

Software delivery primarily includes revenue from system solutions, which is comprised of software license fees and hardware revenue, and recurring revenue from SaaS contracts and other subscription-based arrangements, which are included in transaction processing and other, and the related expenses incurred to deliver these solutions to our clients. Services delivery derives its revenue through implementation, training and other professional services provided to clients and includes the related expenses incurred to provide these services. Client support derives its revenue through software and hardware maintenance contracts and includes the related expenses incurred to provide support to our customers. Pathway solutions includes revenue and the related expenses incurred from EDI medical claims processing for clients and our patient portal SaaS solution, and IT outsourcing derives its revenue from services provided to clients where we assume partial to total responsibility for a healthcare organization's IT operations using our employees and assets, and includes the related expenses incurred to deliver IT outsourcing solutions to our clients. Segment data for prior periods presented below has been restated to conform to the current presentation.

Our chief operating decision maker uses segment revenues and income from operations as measures of performance and to allocate resources. In determining revenue and income from operations for our segments, we do not include the amortization of acquisition-related deferred revenue adjustments in revenue and we exclude amortization of intangible assets and stock-based compensation expense from the operating expense segment data provided to our chief operating decision maker. Accordingly, these amounts are not included in our reportable segment results and are included in the unallocated amounts within All Other.

Corporate general and administrative expenses are centrally managed and solutions research and development expenses, including the amortization of software development costs, are not attributed to an operating segment. Additionally, during 2012 we recorded certain asset impairment charges related to the convergence of our MyWay and Professional applications (refer to Note 6 Asset Impairment Charges for additional information) that are not attributable to an operating segment. As a result, these expenses are not allocated to our reportable segments because they are not part of the segment profitability results reviewed by our chief operating decision maker. Additionally, we do not track our assets by segment.

Remote Hosting is an operating segment that does not meet the quantitative thresholds for determining reportable segments; however, we have presented the revenues and income from operations related to this segment within our reconciliation to consolidated amounts in the table below.

17. Related Party Transactions

Shared Services Agreement and Transition Services Agreement

On March 1, 2009, Allscripts and Misys entered into a Shared Services Agreement dated as of March 1, 2009 and effective as of October 10, 2008 (the “Shared Services Agreement”). The Shared Services Agreement was approved by the Audit Committee of Allscripts’ Board of Directors. The services provided to Allscripts under the Shared Services Agreement included: (1) human resource functions such as administration, selection of benefit plans and designing employee survey and training programs, (2) management services, (3) procurement services such as travel arrangements, disaster recovery and vendor management, (4) research and development services such as software development, (5) access to information technology, telephony, facilities and other related services at Misys’ customer support center located in Manila, The Philippines; and (6) information system services such as planning, support and database administration. Under the Shared Services Agreement, Allscripts has provided Misys with certain tax, facility space and payroll processing services. The Shared Services Agreement expired in accordance with its terms on August 20, 2010.

Pursuant to the Framework Agreement, on August 20, 2010, Allscripts and Misys entered into a Transition Services Agreement (the “Transition Services Agreement”) pursuant to which each party will continue to provide to the other certain services and personnel to support the other’s business, which services were previously provided under the Shared Services Agreement. The services that Misys agreed to provide Allscripts under the Transition Services Agreement include research and development services, customer support services and information systems services while Allscripts agreed to provide Misys financial services and tax services.

Revenue earned (expenses incurred) under these services agreements were as follows:

19. Contingencies

On September 14, 2010, Pegasus Imaging Corporation ("Pegasus") filed a lawsuit against the Company and AllscriptsMisys, LLC in the Circuit Court of the Thirteenth Judicial Circuit of the State of Florida in and for Hillsborough County, Florida. The lawsuit also named former officers Jeffrey Amrein and John Reinhart as defendants. Prior to serving the complaint, Pegasus filed an amended complaint dropping two of the claims that had been asserted and adding two additional defendants, which are two now-defunct Florida corporations that formerly did business with the Company. The amended complaint asserts causes of action against defendants for fraudulent misrepresentations, negligent misrepresentations, and deceptive and unfair trade practices under Florida law, arising from previous business dealings between Pegasus and Advanced Imaging Concepts, Inc., a software company based in Louisville, Kentucky that the Company purchased in August 2003. On April 30, 2012, Plaintiff filed a motion seeking leave to amend its Complaint to add a claim alleging breach of a click-through license agreement and punitive damages. The Company has also recently moved for leave to amend its counterclaims to add a claim for negligent misrepresentations. Both motions are expected to be heard by the court in March of 2013. Discovery in this matter is ongoing. The case is currently expected to be set for trial in November of 2013. The Company intends to continue to defend this matter vigorously. We believe that we have strong defensive positions in such matter, but the outcomes of intellectual property lawsuits are often uncertain.

On December 27, 2012, Pain Clinic of Northwest Florida, Inc. ("Pain Clinic") filed a Complaint in the Circuit Court of the 11th Judicial Circuit in and for Miami-Dade County, Florida, against the Company. The Complaint seeks to certify a class of all similarly situated physician-customers that purchased the MyWay product and seeks damages for claims of breach of warranty and unjust enrichment. On February 5, 2013, the Company filed a motion to compel arbitration and to dismiss or stay the lawsuit during arbitration, and a motion to stay discovery during arbitration. The Company intends to vigorously defend this matter.

In the opinion of management, there was not at least a reasonable possibility the Company may have incurred a material loss, or a material loss in excess of a recorded accrual, with respect to the above matters.

[Table of Contents](#)

However, the outcome of the foregoing litigation is inherently uncertain, and we may incur substantial defense costs and expenses. Therefore, if these legal matters were resolved against the Company for an amount in excess of management's expectations, the Company's consolidated financial statements of a particular reporting period could be materially adversely affected.

On December 22, 2011, in connection with a federal grand jury investigation of third parties, we received a subpoena requesting that we provide documents regarding Allscripts' interactions with several healthcare and educational organizations. On November 19, 2012, we received a letter from the U.S. Department of Justice indicating that we are not the subject or the target of this investigation. We are cooperating with the United States Attorney's Office in connection with such subpoena.

On May 1, 2012, Physicians Healthsource, Inc. ("PHI") filed a class action Complaint in U.S. District Court for the Northern District of Illinois against the Company. The Complaint alleges that on multiple occasions between July 2008 and December 2011, Allscripts or its agent sent advertisements by fax to the Plaintiff and a class of similarly situated persons, without first receiving the recipients' express permission or invitation in violation of the Telephone Consumer Protection Act, 47 U.S.C. § 227 ("TCPA"). The Complaint seeks \$500 for each alleged violation of the TCPA, treble damages if the Court finds the violations to be willful, knowing or intentional, and injunctive and other relief. Allscripts was served with the Complaint and PHI's Motion for Class Certification on May 7, 2012 and the Company responded by filing a Motion to Dismiss, which was denied but the Court requested that Allscripts file a second Motion to Dismiss, which was also denied. Discovery in this matter has been stayed pending a decision of the 7th Circuit Court of Appeals in the case of Holtzman v. Turza. The Company has also filed a Motion requesting denial of PHI's Motion for Class certification. The Company intends to vigorously defend against these claims.

On May 2, 2012, a lawsuit was filed in the United States District Court for the Northern District of Illinois against the Company, Glen Tullman and William Davis, the former Chief Financial Officer of the Company, by the Bristol County Retirement System for itself and on behalf of a purported class consisting of stockholders who purchased Allscripts common stock between November 18, 2010 and April 26, 2012. The Complaint alleges that the Company, Mr. Tullman and Mr. Davis made materially false and misleading statements and/or omissions during the putative class period regarding the Company's progress in integrating Allscripts' and Eclipsys' business following the August 24, 2010 merger and that the Company lacked a reasonable basis for certain statements regarding the Company's post-merger integration efforts, operations, results and projections of future financial performance. A lead plaintiff has been appointed and on January 10, 2013, Plaintiff filed an amended complaint. The Company intends to vigorously defend against these claims.

On June 27, 2012, a purported shareholder, Richard Devereaux, filed a shareholder derivative action in the Circuit Court of Cook County Illinois against Glen Tullman, William Davis, Paul Black, Dennis Chookaszian, Robert Cindrich, Marcel Gamache, Philip Green, Michael Kluger, and Allscripts as nominal defendant. The suit alleges breach of fiduciary duties and unjust enrichment against former and current executives of Allscripts who allegedly made misleading claims about the Company's business and financial state, causing its stock prices to be artificially inflated and then drop sharply when the Company reported earnings below expectations and disclosed a "leadership dispute" in an SEC filing. At present, the Company's time to respond to the complaint is tolled pending the filing of an amended complaint in this case.

In the opinion of management, there is a reasonable possibility the Company may incur losses with respect to the three matters immediately above. However, given the current early stage of the matters, it is not possible to estimate the possible loss or range of loss at this time. We will continue to evaluate the potential exposure related to these matters in future periods.

In addition to commitments and obligations in the ordinary course of business, we are subject to various claims, other pending and potential legal actions for damages and other matters arising in the normal conduct of our business, including intellectual property infringement, misappropriation or other intellectual property violation claims.

20. Commitment with Strategic Partner

On March 31, 2011, and as amended November 1, 2012, we entered into a ten year agreement with Xerox Consultant Services, Inc. (Xerox), formerly known as Affiliated Computer Services, Inc., to provide services to support our remote hosting services for our Sunrise acute care clients. We will maintain all customer relationships and domain expertise with respect to the hosted applications. The agreement encompasses our payment to Xerox for current Allscripts' employees to be retained by Xerox from our hosting staff, new remote hosting staff and technology infrastructure, as well as other data center and hosting services, in the amount of approximately \$50 million per year. During April 2011, in connection with the agreement we sold a portion of our hosting equipment and infrastructure related to our Sunrise acute care clients to Xerox for cash at a value approximating book value of such assets totaling \$20 million. Expenses incurred under this agreement are included in cost of revenue and were as follows:

22. Subsequent Events***Humedica Sale***

During January 2013, Humedica, Inc. (Humedica) was purchased by United Healthcare. As a result of the sale, we received cash of \$13 million related to our initial investment of \$10 million. We will record a gain on the sale of this investment during the first quarter of 2013.

Site Consolidation Plan

On February 18, 2013, we announced a North American site consolidation plan (the “Site Consolidation Plan”) designed to create a more simplified and efficient organization that is aligned more closely with our business priorities. The Site Consolidation Plan includes closure of twelve offices and one warehouse. We are also implementing changes to corporate operating models intended to reduce costs associated with product solutions development. The costs of implementing these changes primarily consist of employee severance and relocation costs, and lease exit costs.

The estimated pre-tax costs to implement these changes consist of employee severance of approximately \$10 million, relocation costs of up to approximately \$16 million, and lease exit costs totaling approximately \$3 million. Considering the timing of these changes, we estimate that primarily all charges will be recorded in the first quarter of 2013 with the exception of lease exit costs which are expected to be recognized in the third quarter of 2013. We expect to complete the actions by the end of 2013.

The amount of the charges noted above and the mix of severance charges and relocation costs are estimates and the actual charges may vary materially based on the level of employee relocations and terminations; the timing and amount of sublease income and other related expenses; and changes in management’s assumptions.

Amendment to Credit Agreement

On February 19, 2013, we entered into the First Amendment to the Amended and Restated Credit Agreement for our senior secured credit facilities. Refer to Note 8 for additional information regarding this amendment.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this annual report.

Management’s Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rule 13a-15(f) under the Exchange Act.

Management assessed the effectiveness of the Company’s internal control over its financial reporting as of December 31, 2012. In undertaking this assessment, management used the criteria established by the Committee of the Sponsoring Organizations (COSO) of the Treadway Commission contained in the Internal Control—Integrated Framework.

Based on its assessment, management has concluded that as of December 31, 2012, the Company’s internal control over financial reporting is effective based on the COSO criteria. Ernst & Young LLP, an independent registered public accounting firm, also performed an audit of the effectiveness of Allscripts’ internal control over financial reporting as of December 31, 2012. Their report expresses an unqualified opinion on the effectiveness of Allscripts’ internal control over financial reporting as of December 31, 2012. This report appears under Item 8. Financial Statements and Supplementary Data under the heading Report of Independent Registered Public Accounting Firm.

STOCKHOLDERS

Section 1. Annual Meeting. The annual meeting of stockholders for the election of the members of the Board of Directors (the "Directors" and each a "Director") and for the transaction of such other business as may properly come before the meeting shall be held each year at such place and on such date and at such time as may be fixed from time to time by resolution approved by a majority of the Board of Directors.

(a) At an annual meeting of stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (1) specified in the notice of meeting, or any supplement thereto, given by or at the direction of the Board of Directors, (2) otherwise properly brought before the meeting by or at the direction of the Board of Directors (or any duly authorized committee thereof) or (3) otherwise properly brought before the meeting by a stockholder of the Corporation (i) who is a stockholder of record on the date of the giving of the notice provided for in this Section 1 and on the record date for the determination of stockholders entitled to vote at such annual meeting and (ii) who complies with the notice procedures set forth in this Section 1 of Article II.

(b) In addition to any other applicable requirements, for business to be properly brought before an annual meeting by a stockholder, such stockholder must have given timely notice thereof in writing to the secretary of the Corporation not less than one hundred and twenty (120) days prior to the

anniversary date of the immediately preceding annual meeting nor more than one hundred and fifty (150) days prior to the anniversary date of the immediately preceding annual meeting.

(c) To be in proper written form, a stockholder's notice to the secretary of the Corporation must set forth as to each matter such stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of such stockholder and any Stockholder Associated Person (as defined below) if any, on whose behalf the proposal is made, (iii) the class or series and number of shares of capital stock of the Corporation which are owned beneficially or of record by such stockholder or such Stockholder Associated Person, (iv) whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short position or any borrowing or lending of shares) has been made, the effect or intent of which is to mitigate loss to or manage risk or benefit of share price changes for, or to increase or decrease the voting power of, such stockholder or Stockholder Associated Person with respect to any share of stock of the Corporation (which information shall be updated by such stockholder and Stockholder Associated Person, if any, as of the record date for voting at the meeting not later than ten days after the record date for voting at the meeting), (v) a description of all arrangements or understandings between such stockholder or such Stockholder Associated Person and any other person or persons (including their names) in connection with the proposal of such business by such stockholder and any material interest of such stockholder or such Stockholder Associated Person in such business and (vi) a representation that such stockholder or such Stockholder Associated Person intends to appear in person or by proxy at the annual meeting to bring such business before the meeting. "Stockholder Associated Person" shall mean, with respect to any stockholder: (i) any person controlling, directly or indirectly, or acting in concert with, such stockholder; (ii) any beneficial owner of shares of stock of the corporation owned of record or beneficially by such stockholder; and (iii) any person controlling, controlled by or under common control with such Stockholder Associated Person that is acting in concert with such Stockholder Associated Person.

(d) Irrespective of anything in these By-Laws to the contrary, no business shall be conducted at an annual meeting except in accordance with the procedures set forth in this Section 1 of Article II. The presiding officer of an annual meeting shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting in accordance with the provisions of this Section 1 of Article II, and if it is so determined, shall so declare to the meeting and any such business not properly brought before the meeting shall not be transacted.

Section 2. Special Meetings. Special meetings of the stockholders may be called only by the Chairman of the Board of Directors (the “Chairman”) or the Board of Directors pursuant to a resolution approved by a majority of the Board of Directors. Only such business shall be conducted at a special meeting of stockholders as shall have been brought before the meeting pursuant to the Corporation’s notice of meeting in accordance with the provisions of Section 5 of Article II of these By-Laws.

Section 3. Stockholder Action: How Taken. Any action required or permitted to be taken by the stockholders of the Corporation must be effected at a duly called annual or special meeting of the stockholders and may not be effected by any consent in writing by the stockholders.

Section 4. Place of Meeting; Participation in Meetings by Remote Communication.

(a) The Board of Directors may designate any place, either within or without Delaware, as the place of meeting for any annual or special meeting. In the absence of any such designation, the place of meeting shall be the principal office of the Corporation designated in Section 2 of Article I of these By-Laws.

(b) The Board of Directors, acting in its sole discretion, may establish guidelines and procedures in accordance with applicable provisions of the General Corporation Law of the State of Delaware and any other applicable law for the participation by stockholders and proxyholders in a meeting of stockholders by means of remote communications, and may determine that any meeting of stockholders will not be held at any place but will be held solely by means of remote communication. Stockholders and proxyholders complying with such procedures and guidelines and otherwise entitled to vote at a meeting of stockholders shall be deemed present and entitled to vote at a meeting of stockholders, whether such meeting is to be held at a designated place or solely by means of remote communication.

Section 5. Notice of Meetings. Notice stating the place, if any, day and hour of the meeting, the means of remote communication, if any, by which proxyholders and stockholders may be deemed to be present and vote at such meeting and, in case of a special meeting, the purpose or purposes for which the meeting is called, shall be given not less than ten (10) nor more than sixty (60) days before the date of the meeting, or in the case of a merger or consolidation, if required by applicable law, not less than twenty (20) nor more than sixty (60) days before the date of the meeting, by or at the direction of a majority of the Board of Directors, to each stockholder entitled to vote at such meeting as of the record date for determining the stockholders entitled to notice of the meeting. If mailed, such notice shall be deemed to be given when deposited in the United States mails in a sealed envelope addressed to the stockholder at his address as it appears on the records of the Corporation with postage thereon prepaid.

Section 6. Record Date. For the purpose of determining (a) stockholders entitled to notice of or to vote at any meeting of stockholders, or (b) stockholders entitled to receive payment of any dividend or (c) stockholders for any other purpose, the Board of Directors may fix in advance a date as the record date for any such determination of stockholders, such date, in the case of clauses (a) and (c): (i) to be not more than sixty (60) days and not less than ten (10) days; or (ii) in the case of a merger or consolidation not less than twenty (20) days, prior to the date on which the particular action requiring such determination of stockholders is to be taken.

Section 7. Quorum. The holders of not less than one-third in voting power of the stock issued and outstanding and entitled to vote thereat, present in person, by remote communication or represented by proxy, shall be requisite and shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute, by the Certificate of Incorporation of the Corporation (as amended from time to time, the "Certificate of Incorporation") or by these By-Laws. If, however, such quorum shall not be present or represented at any meeting of the stockholders, the chairman of the meeting shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present or represented. At such adjourned meeting at which a quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified.

Section 8. Required Vote.

(a) In all matters other than the election of directors, the affirmative vote of the holders of a majority in voting power present in person, by remote communication or represented by proxy and entitled to vote on such matter shall be the act of the stockholders, unless the question is one upon which by express provision of the General Corporation Law of the State of Delaware or of the Certificate of Incorporation or of these By-Laws a different vote is required, in which case such express provision shall govern and control the decision of such question;

(b) Each director shall be elected by vote of a majority of the votes cast with respect to that director's election in person, by remote communication or by proxy and entitled to vote on the election of directors. Notwithstanding the foregoing, if the number of nominees exceeds the number of directors to be elected at such meeting as of the meeting's record date, then each director shall be elected by a plurality of the votes cast in person, by remote communication or represented by proxy and entitled to vote on the election of directors. For purposes of this Section 8(b), "majority of the votes cast" means that the number of shares voted "for" a director exceeds the number of shares voted "against" that director (with "abstentions" and "broker nonvotes" not counted as a vote cast either "for" or "against" that director's election).

Section 8. Procedure. The order of business and all other matters of procedure at every meeting of stockholders shall be determined by the chairman of the meeting. The Board of Directors shall appoint one or more inspectors of election to serve at every meeting of stockholders at which Directors are to be elected.

ARTICLE III
DIRECTORS

Section 1. Number, Election and Terms. The number of Directors shall be fixed from time to time as provided in Article SEVENTH, Section 1 of the Certificate of Incorporation. At each annual meeting of stockholders of the Corporation, Directors shall be elected to hold office for a term expiring at the annual meeting of stockholders held in the immediately following year and until his or her successor is duly elected or his or her earlier resignation or removal.

As used in these By-Laws, the term "majority of the Board of Directors" means the majority of the Directors present and voting.

Subject to the rights of holders of any class or series of stock having a preference over the common stock as to dividends or upon liquidation, nominations for the election of Directors may be made by the Nominating and Governance Committee, or by any stockholder entitled to vote in the election of Directors generally.

Any stockholder entitled to vote in the election of Directors generally may nominate one or more persons for election as Directors at a meeting only if (i) such stockholder is a stockholder of record on the date of the giving of the notice provided for in this Section 1 of Article III and on the record date for the determination of stockholders entitled to vote at such annual meeting and (ii) such stockholder complies with the notice procedures set forth in this Section 1 of Article III. In addition to any other applicable requirements, for a nomination to be made by a stockholder, such stockholder must have given timely notice thereof in proper written form to the secretary of the Corporation.

To be timely, written notice of such stockholder's intent to make such nomination or nominations must be given, either by personal delivery or by United States mail, postage prepaid, to the secretary of the Corporation not later than (a) with respect to an election to be held at an annual meeting of stockholders, one hundred twenty (120) days nor earlier than one hundred fifty (150) days prior to the anniversary date of the immediately preceding annual meeting, and (b) with respect to an election to be held at a special meeting of stockholders called for the purpose of electing Directors, the close of business on the tenth (10th) day following the date on which notice of such meeting is first given to stockholders.

To be in proper written form, a stockholder's notice to the secretary of the Corporation must set forth (a) as to each person whom the stockholder proposes to nominate for election as a director (i) the name, age, business address and residence

address of the person, (ii) the principal occupation or employment of the person, (iii) the class or series and number of shares of capital stock of the Corporation which are owned beneficially or of record by the person and (iv) any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the proxy rules of the Securities and Exchange Commission; and (b) as to the stockholder giving the notice (i) the name and record address of such stockholder and any Stockholder Associated Person on whose behalf the nomination is made, (ii) the class or series and number of shares of capital stock of the Corporation which are owned beneficially or of record by such stockholder or such Stockholder Associated Person, (iii) whether and the extent to which any hedging or other transaction or series of transactions has been entered into by or on behalf of, or any other agreement, arrangement or understanding (including any short position or any borrowing or lending of shares) has been made, the effect or intent of which is to mitigate loss to or manage risk or benefit of share price changes for, or to increase or decrease the voting power of, such stockholder or Stockholder Associated Person with respect to any share of stock of the Corporation (which information shall be updated by such stockholder and Stockholder Associated Person, if any, as of the record date of the meeting not later than 10 days after the record date for the meeting), (iv) a description of all arrangements or understandings between such stockholder or such Stockholder Associated Person and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such stockholder, (v) a representation that such stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the annual meeting to nominate the persons named in its notice and (vi) any other information relating to such stockholder or such Stockholder Associated Person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the proxy rules of the Securities and Exchange Commission. Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a Director if elected. No person shall be eligible for election as a Director unless nominated in accordance with the procedures set forth in this Section 1 of Article III. The Corporation may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a Director. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Section 2. Newly Created Directorships and Vacancies. Except as may otherwise be fixed by resolution approved by a majority of the Board of Directors pursuant to the provisions of Article IV hereof relating to the rights of the holders of Preferred Stock and except as set forth in Article SEVENTH, Section 6(g) of the Certificate of Incorporation, newly created directorships resulting from any increase in the number of Directors and any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or any other cause shall be filled by the affirmative vote of a majority of the remaining Directors then in office, though less than a quorum, or by a sole

remaining Director. Any Director appointed in accordance with the preceding sentence or Article SEVENTH, Section 6(g) of the Certificate of Incorporation shall hold office for a term expiring at the annual meeting of the stockholders following such Director's appointment and until his or her successor is duly elected or his or her earlier resignation or removal.

Section 3. Removal. Subject to the provisions in these By-Laws and the rights of any class or series of stock having a preference over the common stock as to dividends or upon liquidation to elect Directors under specified circumstances, any Director may be removed from office with or without cause by the affirmative vote of the holders of a majority of the voting power present in person, by remote communication or represented by proxy.

Section 4. Chairman. The Board of Directors may appoint a Chairman from time to time, who shall be an independent director of the Corporation. The Chairman, or in his or her absence, the chief executive officer of the Corporation (the "CEO"), shall preside at all meetings of the stockholders of the Corporation and the Board of Directors and in general shall perform all other duties incident to the office of Chairman. The Chairman shall have such other duties and responsibilities shall be assigned to the Chairman by the Board of Directors.

Section 5. Regular Meetings. Regular meetings of the Board of Directors shall be held at such times and places as the Board of Directors may from time to time determine.

Section 6. Special Meetings. Special meetings of the Board of Directors may be called by or at the request of the Chairman or the CEO or by an officer of the Corporation upon the request of the majority of the Directors then in office. The person or persons authorized to call special meetings of the Board of Directors may fix any place, either within or without Delaware, as the place for holding any special meeting of the Board of Directors called by them.

Section 7. Actions of Board. Any action required or permitted to be taken at any meeting of the Board of Directors or of any committee thereof may be taken without a meeting, if all the members of the Board of Directors or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings and electronic transmission or transmissions are filed with the minutes of proceedings of the Board of Directors or committee.

Section 8. Action by Telephonic Communications. Members of the Board of Directors shall be entitled to participate in any meeting of the Board of Directors by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other, and participation in a meeting pursuant to this provision shall constitute presence in person at such meeting.

Section 9. Notice: Time of Meeting. Notice of every regular and every special meeting of the Board of Directors shall be given at least twenty-four (24) hours before the meeting by telephone, by personal delivery, by commercial courier, by mail, by facsimile transmission, by e-mail or other means of electronic transmission. Notice shall be given to each Director at his usual place of business, or at such other address as shall have been furnished by him for the purpose. Such notice need not include a statement of the business to be transacted at, or the purpose of, any such meeting.

Section 10. Quorum. A majority of the Directors then in office shall constitute a quorum for the transaction of business at any meeting of the Board of Directors; provided, that if less than a majority of the Directors then in office are present at said meeting, a majority of the Directors present may adjourn the meeting from time to time until a quorum is obtained without further notice. The act of the majority of the Board of Directors at a meeting at which a quorum is present shall be the act of the Board of Directors unless the act of a greater number is required by the Certificate of Incorporation or the By-Laws of the Corporation.

Section 11. Compensation. Directors who are also full time employees of the Corporation or an affiliate thereof shall not receive any compensation for their services as Directors but they may be reimbursed for reasonable expenses of attendance. By resolution approved by a majority of the Board of Directors, all other Directors may receive either an annual fee or a fee for each meeting attended, or both, and expenses of attendance, if any, at each regular or special meeting of the Board of Directors or of a committee of the Board of Directors; provided, that nothing herein contained shall be construed to preclude any Director from serving the Corporation in any other capacity and receiving compensation therefor.

ARTICLE IV OFFICERS

Section 1. Number. The officers of the Corporation shall be a CEO, a president, a chief operating officer (if elected by the Board of Directors), a chief financial officer, an executive vice president (if elected by the Board of Directors), one or more vice presidents (the number thereof to be determined by the Board of Directors), a treasurer, a secretary and such other officers as may be elected in accordance with the provisions of this Article IV.

Section 2. Election and Term of Office. The other officers of the Corporation shall be designated annually by resolution approved by the Board of Directors at the first meeting of the Board of Directors held after each annual meeting of stockholders. If the election of officers shall not be held at such meeting, such election shall be held as soon thereafter as convenient. Vacancies may be filled or new offices created and filled at any meeting of the Board of Directors. Each officer shall hold office until his successor shall have been duly elected and shall have qualified or until his death or until he shall resign or shall have been removed in the manner hereinafter provided.

Section 3. Removal. Any officer or agent elected or appointed by resolution approved by a majority of the Board of Directors may be removed and replaced by resolution approved by a majority of the Board of Directors whenever in its judgment the best interests of the Corporation would be served thereby, but such removal shall be without prejudice to the contract rights, if any, of the person so removed.

Section 4. Vacancies. A vacancy in any office because of death, resignation, removal, disqualification or otherwise, may be filled by resolution approved by the Board of Directors for the unexpired portion of the term.

Section 5. Chief Executive Officer. The CEO of the Corporation shall be determined by the Board of Directors and shall report to the Board of Directors. The CEO may also serve as the president of the Corporation. The CEO shall provide overall direction and administration of the business of the Corporation, establish basic policies within which the various corporate activities are carried out, guide and develop long range planning and evaluate activities in terms of objectives. He may sign with the secretary or any other proper officer of the Corporation thereunto authorized by the Board of Directors, if such additional signature is necessary under the terms of the instrument document being executed or under applicable law, stock certificates of the Corporation, any deeds, mortgages, bonds, contracts, or other instruments except in cases where the signing and execution thereof shall be required by law to be otherwise signed or executed, and he may execute proxies on behalf of the Corporation with respect to the voting of any shares of stock owned by the Corporation. The CEO shall have the power to:

- (a) designate management committees of employees deemed essential in the operations of the Corporation, its divisions or subsidiaries, and appoint members thereof, subject to the approval of a majority of the Board of Directors;
- (b) appoint certain employees of the Corporation as vice presidents of one or several divisions or operations of the Corporation, subject to the approval of a majority of the Board of Directors; provided, however, that any vice president so appointed shall not be an officer of the Corporation for any other purpose; and
- (c) appoint such other agents and employees as in his judgment may be necessary or proper for the transaction of the business of the Corporation and in general shall perform all duties incident to the office of chief executive.

Section 6. President. If the CEO is not also serving as the president, the president shall have the duties and responsibilities set forth in this Article IV, Section 6. The president shall assist in establishing basic policies within which the various corporate activities are carried out, guiding and developing long range planning and evaluating activities in terms of objectives. He may sign with the secretary or any other proper officer of the Corporation thereunto authorized by the Board of Directors, if such additional signature is necessary under the terms of the instrument document being executed or under applicable law, stock certificates of the Corporation, any deeds, mortgages, bonds, contracts, or other instruments except in cases where the signing and execution thereof shall be required by law to be otherwise signed or executed, and he

may execute proxies on behalf of the Corporation with respect to the voting of any shares of stock owned by the Corporation. The president shall perform such other duties as may be prescribed by the CEO.

Section 7. Chief Operating Officer. The Board of Directors may elect a chief operating officer, who, if elected, shall in general be in charge of all operations of the Corporation and shall direct and administer the activities of the Corporation in accordance with the policies, goals and objectives established by the Chairman, the CEO, the president and the Board of Directors. The chief operating officer shall perform such other duties as may be prescribed by the CEO.

Section 8. Chief Financial Officer. Except as otherwise determined by the Board of Directors, the chief financial officer shall be the chief financial officer of the Corporation. The chief financial officer shall have the power to:

(a) charge, supervise and be responsible for the moneys, securities, receipts and disbursements of the Corporation, and shall keep or cause to be kept full and accurate records of all receipts of the Corporation;

(b) render to the Board of Directors, whenever requested, a statement of the financial condition of the Corporation and of all his transactions as chief financial officer, and render a full financial report at the annual meeting of the stockholders, if called upon to do so;

(c) require from all officers or agents of the Corporation reports or statements giving such information as he may desire with respect to any and all financial transactions of the Corporation; and

(d) perform, in general, all duties incident to the office of chief financial officer and such other duties as may be specified in these By-Laws or as may be assigned to him from time to time by the Board of Directors or the Chairman or as may be prescribed by the CEO.

Section 9. Executive Vice President. The Board of Directors may elect one or several executive vice presidents. Each executive vice president shall report to either the CEO or the president as determined in the corporate organization plan established by the Board of Directors. The executive vice president shall direct and coordinate such major activities as shall be delegated to him by his superior officer in accordance with policies established and instructions issued by his superior officer or the CEO.

Section 10. Vice President. The Board of Directors may elect one or several vice presidents. Each vice president shall report to either the CEO, the president or the executive vice president as determined in the corporate organization plan established by the Board of Directors. Each vice president shall perform such duties as may be delegated to him by his superior officers and in accordance with the policies established and instructions issued by his superior officer or the CEO. The Board of Directors may

designate any vice president as a senior vice president and a senior vice president shall be senior to all other vice presidents and junior to the executive vice president. In the event there is more than one senior vice president, then seniority shall be determined by and be the same as the annual order in which their names are presented to and acted on by the Board of Directors.

Section 11. Treasurer. The treasurer shall: (a) have charge and custody of and be responsible for all funds and securities of the Corporation; (b) receive and give receipts for moneys due and payable to the Corporation from any source whatsoever, and deposit all such moneys in the name of the Corporation in such banks, trust companies or other depositories as shall be selected by the Corporation; and (c) in general perform all the duties incident to the office of treasurer and such other duties as from time to time may be assigned to him by the CEO, president or by the Board of Directors. If required by the Board of Directors, the treasurer shall give a bond for the faithful discharge of his duties in such sum and with such surety or sureties as the Board of Directors shall determine.

Section 12. Assistant Treasurer. The assistant treasurer (or, if more than one, the assistant treasurers) shall, in the absence or disability of the treasurer, perform the duties and exercise the powers of the treasurer and shall perform such other duties and have such other powers as the Board of Directors may from time to time prescribe.

Section 13. Secretary. The secretary shall: (a) keep the minutes of the stockholders' and the Board of Directors' meetings in one or more books provided for that purpose; (b) see that all notices are duly given in accordance with the provisions of these By-Laws or as required by law; (c) be custodian of the corporate records and of the seal of the Corporation and see that the seal of the Corporation is affixed to all stock certificates prior to the issue thereof and to all documents, the execution of which on behalf of the Corporation under its seal is duly authorized in accordance with the provisions of these By-Laws or as required by law; (d) keep a register of the post office address of each stockholder which shall be furnished to the secretary by such stockholder; (e) sign with the Chairman, president, or a vice president, stock certificates of the Corporation, the issue of which shall have been authorized by resolution approved by the majority of the Board of Directors; (f) have general charge of the stock transfer books of the Corporation; and (g) in general perform all duties incident to the office of secretary and such other duties as from time to time may be assigned to him by the CEO, president or by the Board of Directors.

Section 14. Assistant Secretary. The assistant secretary (or, if more than one, the assistant secretaries) shall in the absence or disability of the secretary, perform the duties and exercise the powers of the secretary and shall perform such other duties and have such other powers as the Board of Directors may from time to time prescribe.

ARTICLE V
COMMITTEES

The Board of Directors may, pursuant to these By-Laws or by resolution approved by the majority of the Board of Directors, designate one or more committees, which, to the extent provided in these By-Laws or by resolution, to the fullest extent permitted by law, shall have and may exercise the powers of the Board of Directors in the management of the business and affairs of the Corporation and may authorize the seal of the Corporation to be affixed to all papers which may require it. These committees shall include, but are not limited to, an Audit Committee, a Nominating and Governance Committee, a Compensation Committee and such other committees as determined by the Board of Directors.

ARTICLE VI
SEAL

The Board of Directors shall provide a corporate seal which shall be in the form of a circle and shall have inscribed thereon the name of the Corporation and the words "Corporate Seal, Delaware".

ARTICLE VII
WAIVER OF NOTICE

Whenever any notice whatsoever is required to be given under the provisions of these By-Laws or under the provisions of the Certificate of Incorporation or under the provisions of the laws of the State of Delaware, waiver thereof, given by the person or persons entitled to such notice, whether before or after the time stated therein, shall be deemed equivalent to the giving of such notice.

ARTICLE VIII
AMENDMENTS

Subject to the provisions of the Certificate of Incorporation and the By-Laws, these By-Laws may be altered, amended or repealed with the affirmative vote of the majority of the Board of Directors.

FIRST AMENDMENT

FIRST AMENDMENT, dated as of February 19, 2013 (this "Amendment"), to the CREDIT AGREEMENT, dated as of August 20, 2010 and amended and restated as of March 31, 2011 (as amended, supplemented or modified from time to time, the "Credit Agreement"), among ALLSCRIPTS HEALTHCARE SOLUTIONS, INC., a Delaware corporation, ALLSCRIPTS HEALTHCARE, LLC, a North Carolina limited liability company (individually and collectively, the "Borrower"), the several banks and other financial institutions or entities from time to time parties thereto (the "Lenders"), JPMORGAN CHASE BANK, N.A., as administrative agent (the "Administrative Agent") and the other agents party thereto.

WITNESSETH:

WHEREAS, the Borrower, the Lenders and the Administrative Agent are parties to the Credit Agreement;

WHEREAS, the Borrower has requested that the Required Lenders approve certain provisions of the Credit Agreement as set forth herein; and

WHEREAS, pursuant to such request, the Required Lenders are willing to consent to such amendments on the terms set forth herein;

NOW, THEREFORE, in consideration of the premises and mutual covenants contained herein, the Borrower, the Administrative Agent and the Required Lenders hereby agree as follows:

1. Defined Terms. Unless otherwise defined herein, terms defined in the Credit Agreement and used herein shall have the meanings given to them in the Credit Agreement.

2. Amendments to Section 1.01 (Defined Terms).

(a) Section 1.01 of the Credit Agreement is hereby amended by adding the following definitions in proper alphabetical order:

"ACS Agreement": the Agreement entered into between Affiliated Computer Services, Inc. and Allscripts Healthcare, LLC on March 31, 2011 to provide services to support the Borrower's remote hosting services for Sunrise acute care clients along with the related sale of a portion of its hosting equipment and infrastructure for approximately \$20 million.

"First Amendment Effective Date": February [], 2013

(b) The definition of "Applicable Pricing Grid" is hereby amended by replacing the table appearing therein in its entirety with the following table:

	Total Leverage Ratio	Applicable Margin for <u>Eurodollar Loans</u>	Applicable Margin for <u>ABR Loans</u>	Commitment <u>Fee Rate</u>
Level I	Greater than 2.50 to 1.00	2.75%	1.75%	0.45%
Level II	Greater than 2.00 to 1.00 but equal to or less than 2.50 to 1.00	2.50%	1.50%	0.40%
Level III	Greater than 1.50 to 1.00 but equal to or less than 2.00 to 1.00	2.00%	1.00%	0.35%
Level IV	Greater than 1.00 to 1.00 but equal to or less than 1.50 to 1.00	1.75%	0.75%	0.30%
Level V	Equal to or less than 1.00 to 1.00	1.50%	0.50%	0.25%

(c) The definition of “EBIT” is hereby amended by (i) deleting the word “and” immediately preceding clause (c) thereof and substituting “;” in lieu thereof and (ii) inserting the following new clauses (d) and (e) before the second proviso therein:

“(d) for the Borrower’s fiscal quarters ended during the fiscal year ending December 31, 2013, cash charges recorded during such quarters by the Borrower or any of its Subsidiaries in connection with any facility closures, work force reductions, relocations and product consolidation (provided, that the aggregate amount of cash charges permitted to be added back for all such quarters pursuant to this clause (d) shall not exceed \$[29,000,000]) and (e) charges up to the amounts set forth on Schedule 1.1(D) recorded during the fiscal periods specified therein and relating to the items specified therein;”.

(d) The definition of “EBITDA” is hereby amended by (i) deleting the word “and” immediately preceding clause (c) thereof and substituting “;” in lieu thereof and (ii) inserting the following new clauses (d) and (e) before the second proviso therein:

“(d) for the Borrower’s fiscal quarters ended during the fiscal year ending December 31, 2013, cash charges recorded during such quarters by the Borrower or any of its Subsidiaries in connection with any facility closures, work force reductions, relocations and product consolidation (provided, that the aggregate amount of cash charges permitted to be added back for all such quarters pursuant to this clause (d) shall not exceed \$29,000,000) and (e) charges up to the amounts set forth on Schedule 1.1(D) recorded during the fiscal periods specified therein and relating to the items specified therein;”.

(e) The definition of “Indebtedness” is hereby amended by adding the following sentence at the end thereof:

“Notwithstanding anything to the contrary set forth herein, in no event shall payment or any other debt obligations as classified under GAAP of the Borrower pursuant to the ACS Agreement, as in effect on the First Amendment Effective Date, constitute Indebtedness of the Borrower under this Agreement.”

(f) The definition of “Permitted Acquisition” is hereby amended by deleting the ratio “2.0 to 1.0” in clause (f) thereof and substituting in lieu thereof the ratio “2.5 to 1.0”.

3. Amendment to Section 7.6(d) (Restricted Payments). Section 7.6(d) of the Credit Agreement is hereby amended by deleting the ratio “2.00 to 1.0” therein and substituting in lieu thereof the ratio “2.50 to 1.0”.

4. New Schedule to the Credit Agreement. The Credit Agreement is hereby amended by adding Schedule 1.1(D) (Specified Add-Backs) to the Credit Agreement in the form attached hereto as Annex A.

5. Effectiveness. This Amendment shall become effective on the date (the “First Amendment Effective Date”) on which all of the following conditions precedent have been satisfied or waived:

(a) Amendment. The Administrative Agent shall have received a counterpart of this Amendment, executed and delivered by a duly authorized officer of each of the Borrower, the Required Lenders and the Administrative Agent.

(b) Acknowledgement and Consent. The Administrative Agent shall have received an executed Acknowledgement and Confirmation, in the form attached hereto as Annex B, from an authorized officer of each Loan Party.

(c) Representations and Warranties and No Default. The Administrative Agent shall have received a certificate, dated the First Amendment Effective Date and signed by a Responsible Officer of the Borrower, confirming compliance with the conditions set forth in paragraphs (a) and (b) of Section 5.2 of the Credit Agreement as of such date.

(d) Fees. The Administrative Agent shall have received (i) all fees and other amounts due and payable on or prior to the First Amendment Effective Date for which invoices have been presented, including all reasonable out-of-pocket expenses (including reasonable fees, charges and disbursements of counsel) required to be reimbursed or paid by any Loan Party hereunder or under any other Loan Document and (ii) a consent fee payable for the account of each Lender (other than a Defaulting Lender) that has returned an executed signature page to this Amendment to the Administrative Agent at or prior to 5:00 p.m., New York City time on February 12, 2013 (the “Consent Deadline” and each such Lender, a “Consenting Lender”) equal to 0.10% of the sum of (x) the aggregate principal amount of Term Loans, if any, held by such Consenting Lender as of the Consent Deadline and (y) the aggregate amount of the Revolving Commitment, if any, of such Consenting Lender as of the Consent Deadline.

6. Continuing Effect of the Credit Agreement. This Amendment shall not constitute an amendment of any other provision of the Credit Agreement not expressly referred to herein and shall not be construed as a waiver or consent to any further or future action on the part of the Borrower that would require a waiver or consent of the Lenders or the Administrative Agent. Except as expressly amended hereby, the provisions of the Credit Agreement and each other Loan Document are and shall remain in full force and effect. The Borrower and the other parties hereto acknowledge and agree that this Amendment shall constitute a Loan Document.

7. Counterparts. This Amendment may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single instrument. Delivery of an executed counterpart of a signature page of this Amendment by telecopy or electronic transmission shall be effective as delivery of a manually executed counterpart of this Amendment.

8. GOVERNING LAW; WAIVER OF JURY TRIAL. THIS AMENDMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK. EACH PARTY HERETO HEREBY AGREES AS SET FORTH IN SECTION 10.18 OF THE CREDIT AGREEMENT AS IF SUCH SECTION WERE SET FORTH IN FULL HEREIN.

9. Expenses. The Borrower agrees to pay or reimburse the Administrative Agent for all of its reasonable out-of-pocket costs and expenses incurred in connection with this Amendment, any other documents prepared in connection herewith and the transaction contemplated hereby, including, without limitation, the reasonable fees and disbursements of counsel to the Administrative Agent.

[rest of page intentionally left blank]

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be duly executed and delivered by their proper and duly authorized officers as of the day and year first above written.

ACKNOWLEDGEMENT AND CONFIRMATION

Each of the parties hereto hereby acknowledges and consents to the First Amendment, dated as of February , 2013 (the “ Amendment”), to the Credit Agreement, dated as of August 20, 2010 and amended and restated as of March 31, 2011 (as amended, supplemented or modified from time to time, the “Credit Agreement”; capitalized terms used herein, but not defined, shall have the meanings set forth in the Credit Agreement), among ALLSCRIPTS HEALTHCARE SOLUTIONS, INC., a Delaware corporation, ALLSCRIPTS HEALTHCARE, LLC, a North Carolina limited liability company, the several banks and other financial institutions or entities from time to time parties thereto and JPMORGAN CHASE BANK, N.A., as administrative agent, and agrees with respect to each Loan Document to which it is a party:

(a) all of its obligations, liabilities and indebtedness under such Loan Document shall remain in full force and effect on a continuous basis regardless of the effectiveness of the Amendment; and

(b) all of the Liens and security interests created and arising under such Loan Document remain in full force and effect on a continuous basis, and the perfected status and priority of each such Lien and security interest continues in full force and effect on a continuous basis, unimpaired, uninterrupted and undischarged, regardless of the effectiveness of the Amendment, as collateral security for its obligations, liabilities and indebtedness under the Credit Agreement and under its guarantees in the Loan Documents.

THIS ACKNOWLEDGMENT AND CONFIRMATION AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS ACKNOWLEDGMENT AND CONFIRMATION SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

This Acknowledgment and Confirmation may be executed by one or more of the parties to this Acknowledgement and Confirmation on any number of separate counterparts, and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed signature page of this Acknowledgement and Confirmation by email or facsimile transmission shall be effective as delivery of a manually executed counterpart hereof.

ALLSCRIPTS HEALTHCARE SOLUTIONS, INC.
STOCK INCENTIVE PLAN

STOCK OPTION AGREEMENT

Allscripts Healthcare Solutions, Inc., a Delaware corporation (the “Company”), hereby grants to the individual (“Optionee”) named in the Option Award Notice attached hereto (the “Award Notice”) as of the date set forth in the Award Notice (the “Option Date”), pursuant to the provisions of the Allscripts Healthcare Solutions, Inc. 2011 Stock Incentive Plan (the “Plan”), an option to purchase from the Company the number and class of shares of stock set forth in the Award Notice at the price per share set forth in the Award Notice (the “Exercise Price”) (the “Option”), upon and subject to the terms and conditions set forth below, in the Award Notice and in the Plan. For purposes of this Agreement, “Company” shall mean the Company and any Subsidiary thereof, collectively and individually. Capitalized terms not defined herein shall have the meanings specified in the Plan.

1. Option Subject to Acceptance of Agreement. The Option shall be null and void unless Optionee shall accept this Agreement through the Company’s electronic acceptance procedures.

2. Time and Manner of Exercise of Option.

2.1 Maximum Term of Option. In no event may the Option be exercised, in whole or in part, after the expiration date set forth in the Award Notice (the “Expiration Date”).

2.2 Vesting and Exercise of Option. The Option shall become vested and exercisable in accordance with the vesting schedule set forth in the Award Notice (the “Vesting Schedule”). The Option shall be vested and exercisable following a termination of Optionee’s employment according to the following terms and conditions:

(a) Termination as a Result of Optionee’s Death or Disability. If Optionee’s employment with the Company terminates by reason of Optionee’s death or Disability, then the Option, to the extent vested on the effective date of such termination of employment, may thereafter be exercised by Optionee or Optionee’s executor, administrator, legal representative, guardian or similar person until and including the earlier to occur of (i) the date which is one year after the date of such termination of employment and (ii) the Expiration Date.

(b) Termination Other than for Cause, Death or Disability. If Optionee’s employment with the Company is terminated for any reason other than for Cause, death or Disability, the Option, to the extent vested on the effective date of such termination of employment, may thereafter be exercised by Optionee until and including the earlier to occur of (i) the date which is ninety (90) days after the date of such termination of employment and (ii) the Expiration Date.

(c) Termination by Company for Cause. If Optionee’s employment with the Company terminates by reason of the Company’s termination of Optionee’s employment for Cause, then the Option, whether or not vested, shall terminate immediately upon such termination of employment.

(d) Disability. For purpose of this Option, “Disability” shall mean Optionee’s inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months; provided, however, that if the term “Disability,” “disabled,” or a similar term is defined in an employment agreement between the Company and Optionee, the definition in the employment agreement shall apply for purpose of this Option.

(e) Cause. For purposes of this Option, “Cause” shall mean (i) the willful or grossly negligent failure by Optionee to perform his or her duties and obligations in any material respect, other than any such failure resulting from the disability of Optionee, (ii) Optionee’s conviction of a crime or offense involving the property of the Company, or any crime or offense constituting a felony or involving fraud or moral turpitude; (iii) Optionee’s violation of any law, which violation is materially and demonstrably injurious to the operations or reputation of the Company; or (iv) Optionee’s material violation of any generally recognized policy of the Company; provided, however, that if the term “Cause” is defined in an employment agreement between the Company and Optionee, the definition in the employment agreement shall apply for purpose of this Option.

(f) Notwithstanding the terms of this Section 2.2 and Section 3.5 below, in the event an employment agreement between the Company and Optionee provides terms and conditions for vesting and exercisability of the Option following termination of Optionee’s employment and such terms and conditions conflict with with this Section 2.2 or Section 3.5, then the terms of such employment agreement shall govern this Option.

2.3 Method of Exercise. Subject to the limitations set forth in this Agreement, the Option may be exercised by Optionee (a) by giving written notice to the Company specifying the number of whole shares of Common Stock to be purchased and accompanying such notice with payment therefor in full (or arrangement made for such payment to the Company’s satisfaction) either (i) in cash, (ii) by delivery to the Company (either actual delivery or by attestation procedures established by the Company) of shares of Common Stock having a Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (iii) by authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the date of exercise, equal to the amount necessary to satisfy such obligation, (iv) in cash by a broker-dealer acceptable to the Company to whom Optionee has submitted an irrevocable notice of exercise or (v) by a combination of (i), (ii) and (iii), and (b) by executing such documents as the Company may reasonably request. Any fraction of a share of Common Stock which would be required to pay such purchase price shall be disregarded and the remaining amount due shall be paid in cash by Optionee. No shares of Common Stock shall be issued and no certificate representing Common Stock shall be delivered until the full purchase price therefor and any withholding taxes thereon, as described in Section 3.3, have been paid (or arrangement made for such payment to the Company’s satisfaction).

2.4 Termination of Option. In no event may the Option be exercised after it terminates as set forth in this Section 2.4. The Option shall terminate, to the extent not earlier terminated pursuant to Section 2.2 or exercised pursuant to Section 2.3, on the Expiration Date. Upon the termination of the Option, the Option and all rights hereunder shall immediately become null and void.

3. Additional Terms and Conditions of Option.

3.1 Nontransferability of Option. The Option may not be transferred by Optionee other than by will or the laws of descent and distribution, pursuant to the designation of one or more beneficiaries on the form prescribed by the Company or, to the extent permitted by the Company, to a trust or entity established by the Optionee for estate planning purposes, a charitable organization designated by the Optionee or pursuant to a qualified domestic relations order, in each case, without consideration. Except to the extent permitted by the foregoing sentence, (i) during Optionee's lifetime the Option is exercisable only by Optionee or Optionee's legal representative, guardian or similar person and (ii) the Option may not be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of the Option, the Option and all rights hereunder shall immediately become null and void.

3.2 Investment Representation. Optionee hereby represents and covenants that (a) any shares of Common Stock purchased upon exercise of the Option will be purchased for investment and not with a view to the distribution thereof within the meaning of the Securities Act of 1933, as amended (the "Securities Act"), unless the subsequent sale has been registered under the Securities Act and any applicable state securities laws; (b) any subsequent sale of any such shares shall be made either pursuant to an effective registration statement under the Securities Act and any applicable state securities laws, or pursuant to an exemption from registration under the Securities Act and such state securities laws; and (c) if requested by the Company, Optionee shall submit a written statement, in a form satisfactory to the Company, to the effect that such representation (x) is true and correct as of the date of any purchase of any shares hereunder or (y) is true and correct as of the date of any sale of any such shares, as applicable. As a further condition precedent to any exercise of the Option, Optionee shall comply with all regulations and requirements of any regulatory authority having control of or supervision over the issuance or delivery of the shares and, in connection therewith, shall execute any documents which the Board or the Committee shall in its sole discretion deem necessary or advisable.

3.3 Withholding Taxes. (a) The Company shall have the right to require, prior to the issuance or delivery of any shares of Common Stock, upon the exercise of the Option, payment by Optionee of any federal, state, local or other taxes which may be required to be withheld or paid in connection with such exercise of the Option (the "Required Tax Payments").

(b) Optionee may satisfy his or her obligation to advance the Required Tax Payments by any of the following means: (1) a cash payment to the Company, (2) delivery (either actual delivery or by attestation procedures established by the Company) to the Company of previously owned whole shares of Common Stock having an aggregate Fair Market Value, determined as of the Tax Date, equal to the Required Tax Payments, (3) authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered or an

amount of cash which would otherwise be payable to the Optionee having an aggregate Fair Market Value, determined as of the Tax Date, equal to the Required Tax Payments, (4) except as may be prohibited by applicable law, a cash payment by a broker-dealer acceptable to the Company to whom Optionee has submitted an irrevocable notice of exercise or (5) any combination of (1), (2) and (3). Shares of Common Stock to be delivered or withheld may not have an aggregate Fair Market Value in excess of the amount determined by applying the minimum statutory withholding rate. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by Optionee.

3.4 Adjustment. In the event of any stock split, stock dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a regular cash dividend, the terms of the Option, including the number and class of securities subject hereto and the Exercise Price, shall be appropriately adjusted by the Committee, such adjustments to be made without an increase in the aggregate Exercise Price and in accordance with Section 409A of the Code. The decision of the Committee regarding any such adjustment shall be final, binding and conclusive.

3.5 Change in Control. Unless otherwise provided in another written agreement between Optionee and the Company, in the event of a Change in Control in which the successor company (including the parent of any surviving corporation in a merger) assumes or substitutes the Option, if Optionee's employment with such successor company (or a subsidiary thereof) is terminated within 24 months following such Change in Control (or within three months prior thereto in connection with the Change in Control) without Cause by the Company or the successor company or by Optionee for Good Reason, all restrictions, limitations and other conditions applicable to the Option outstanding as of the date of such termination of employment (or as of the date of the Change in Control if termination occurred prior to and in connection with the Change in Control) shall lapse and the Option shall become fully vested.

(a) For purposes of this Section 3.5, "Good Reason" shall mean (i) any significant diminution in Optionee's responsibilities from and after the date of the Change in Control, (ii) any material reduction in the annual salary or target incentive cash compensation of Optionee from and after the date of the Change in Control or (iii) any requirement after the date of the Change in Control (or prior thereto in connection with the Change in Control) to relocate to a location that is more than fifty (50) miles from the principal work location of Optionee; provided, however, that the occurrence of any such condition shall not constitute Good Reason unless Optionee provides written notice to the Company of the existence of such condition not later than 90 days after the initial existence of such condition, and the Company shall have failed to remedy such condition within 30 days after receipt of such notice; further provided, however, that if the term "Good Reason," "Constructive Discharge," or a similar term is defined in an employment agreement between the Company and Optionee, the definition in the employment agreement shall apply for purpose of this Option.

3.6 Compliance with Applicable Law. The Option is subject to the condition that if the listing, registration or qualification of the shares subject to the Option upon any securities exchange or under any law, or the consent or approval of any governmental body, or the taking of any other action is necessary or desirable as a condition of, or in connection with, the purchase or issuance of shares hereunder, the Option may not be exercised, in whole or in part, and such shares may not be issued, unless such listing, registration, qualification, consent, approval or other action shall have been effected or obtained, free of any conditions not acceptable to the Company. The Company agrees to use reasonable efforts to effect or obtain any such listing, registration, qualification, consent, approval or other action.

3.7 Issuance or Delivery of Shares. Upon the exercise of the Option, in whole or in part, the Company shall issue or deliver, subject to the conditions of this Section 3, the number of shares of Common Stock purchased against full payment therefor. Such issuance shall be evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company. The Company shall pay all original issue or transfer taxes and all fees and expenses incident to such issuance, except as otherwise provided in Section 3.3.

3.8 Option Confers No Rights as Stockholder. Optionee shall not be entitled to any privileges of ownership with respect to shares of Common Stock subject to the Option unless and until such shares are purchased and issued upon the exercise of the Option, in whole or in part, and Optionee becomes a stockholder of record with respect to such issued shares. Optionee shall not be considered a stockholder of the Company with respect to any such shares not so purchased and issued.

3.9 Option Confers No Rights to Continued Employment. In no event shall the granting of the Option or its acceptance by Optionee, or any provision of this Agreement or the Plan, give or be deemed to give Optionee any right to continued employment by the Company, any Subsidiary or any affiliate of the Company or affect in any manner the right of the Company, any Subsidiary or any affiliate of the Company to terminate the employment of any person at any time.

4. Miscellaneous Provisions.

4.1 Decisions of Board or Committee. The Board or the Committee shall have the right to resolve all questions which may arise in connection with the Option or its exercise. Any interpretation, determination or other action made or taken by the Board or the Committee regarding the Plan, this Agreement or the Award Notice shall be final, binding and conclusive.

4.2 Successors. This Agreement shall be binding upon and inure to the benefit of any successor or successors of the Company and any person or persons who shall, upon the death of Optionee, acquire any rights hereunder in accordance with this Agreement or the Plan.

4.3 Notices. All notices, requests or other communications provided for in this Agreement shall be made, if to the Company, to Allscripts Healthcare Solutions, Inc., Attn: General Counsel, 222 Merchandise Mart Plaza, Suite 2024, Chicago, IL 60654, and if to

Optionee, to the last known mailing address of Optionee contained in the records of the Company. All notices, requests or other communications provided for in this Agreement shall be made in writing either (a) by personal delivery, (b) by facsimile or electronic mail with confirmation of receipt, (c) by mailing in the United States mails or (d) by express courier service. The notice, request or other communication shall be deemed to be received upon personal delivery, upon confirmation of receipt of facsimile or electronic mail transmission or upon receipt by the party entitled thereto if by United States mail or express courier service; provided, however, that if a notice, request or other communication sent to the Company is not received during regular business hours, it shall be deemed to be received on the next succeeding business day of the Company.

4.4 Partial Invalidity. The invalidity or unenforceability of any particular provision of this Agreement shall not effect the other provisions hereof and this Agreement shall be construed in all respects as if such invalid or unenforceable provisions were omitted.

4.5 Governing Law. This Agreement, the Option and all determinations made and actions taken pursuant hereto and thereto, to the extent not governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware and construed in accordance therewith without giving effect to principles of conflicts of laws.

4.6 Counterparts. The Award Notice may be executed in two counterparts, each of which shall be deemed an original and both of which together shall constitute one and the same instrument.

4.7 Agreement Subject to the Plan. This Agreement is subject to the provisions of the Plan, and shall be interpreted in accordance therewith. Optionee hereby acknowledges receipt of a copy of the Plan, and by accepting this Agreement in accordance with the Company's electronic acceptance procedures, he or she agrees to be bound by the terms and conditions of this Agreement, the Award Notice and the Plan.

*ALLSCRIPTS HEALTHCARE SOLUTIONS, INC.***Performance-Based Restricted Stock Unit Award Agreement**Performance-Based Vesting – Relative TSR

THIS AGREEMENT is made as of [] (the “Grant Date”), by and between Allscripts Healthcare Solutions, Inc., a Delaware corporation (“Company”), and [] (the “Participant”).

WHEREAS, the Participant is expected to perform valuable services for the Company and the Company considers it desirable and in its best interests that the Participant be given a proprietary interest in the Company and an incentive to advance the interests of the Company by possessing units that are settled in shares of the Company’s Common Stock, \$.01 par value per share (the “Common Stock”), in accordance with the Company’s 2011 Stock Incentive Plan (the “Plan”).

NOW THEREFORE, in consideration of the foregoing premises, it is agreed by and between the parties as follows:

1. **Grant of Performance-Based Restricted Stock Units.**

- (a) Grant. Subject to the terms and conditions set forth in this Agreement and the Plan, the Company hereby grants to the Participant a target award of [] performance-based restricted stock units (the “Performance-Based Restricted Stock Unit Award”), which shall vest and become unrestricted in accordance with Section 2 hereof.
- (b) Transferability. Performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award and not then vested and unrestricted may not be sold, transferred, pledged, assigned, alienated, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, alienate, hypothecate or encumber, or otherwise dispose of such performance-based restricted stock units, the Performance-Based Restricted Stock Unit Award shall immediately become null and void.

2. **Vesting.**

- (a) Performance-Based Vesting. Subject to this Section 2, the Performance-Based Restricted Stock Unit Award shall vest and become unrestricted in accordance with Exhibit A hereto.
- (b) Accelerated Vesting for Termination following a Change in Control. In the event of a Change in Control (as defined in the Plan), (i) all unearned performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall be deemed to be earned based on relative TSR (as such term is

defined in Exhibit A hereto), the number of which shall be determined based on the market price of the Company's Common Stock being the closing price on the date of the consummation of the Change in Control and the market price of the Company's Comparison Group (as such term is defined in Exhibit A hereto) being an average of the closing prices for the 30-day period ending five business days prior to such consummation, and (ii) all such earned performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall remain unvested and shall continue to vest in accordance with their original vesting schedule. If the Participant's employment with such successor company (or a subsidiary thereof) is terminated within 24 months following such Change in Control (or within six months prior thereto in connection with the Change in Control) without Cause by the Company or the successor company or by the Participant for Good Reason, all earned and unvested performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award outstanding as of the date of such termination of employment (or as of the date of the Change in Control if termination occurred prior to and in connection with the Change in Control) shall vest and be distributed.

(c) Settlement of Performance-Based Restricted Stock Units. Upon the date performance-based restricted stock units subject to this Agreement become vested and unrestricted, one share of Common Stock shall be issuable for each performance-based restricted stock unit that vests on such date, subject to the terms and conditions of the Plan and this Agreement. Thereafter, the Company will transfer such shares of Common Stock to the Participant upon satisfaction of any required tax withholding obligations.

(d) Other Defined Terms.

Cause. "Cause" shall mean (i) the willful or grossly negligent failure by the Participant to perform his or her duties and obligations in any material respect, other than any such failure resulting from the disability of the Participant, (ii) the Participant's conviction of a crime or offense involving the property of the Company, or any crime or offense constituting a felony or involving fraud or moral turpitude; (iii) the Participant's violation of any law, which violation is materially and demonstrably injurious to the operations or reputation of the Company; or (iv) the Participant's material violation of any generally recognized policy of the Company; provided, however, that if the term "Cause" is defined in an employment agreement between the Company and the Participant, the definition in the employment agreement shall apply for purpose of this Agreement.

Good Reason. "Good Reason" shall mean (i) any significant diminution in the Participant's responsibilities from and after the date of the Change in Control, (ii) any material reduction in the annual salary or target incentive cash compensation of the Participant from and after the date of the Change in Control or (iii) any requirement after the date of the Change in Control (or prior thereto in connection with the Change in Control) to relocate to a location that is more than

fifty (50) miles from the principal work location of the Participant; provided, however, that the occurrence of any such condition shall not constitute Good Reason unless the Participant provides written notice to the Company of the existence of such condition not later than 90 days after the initial existence of such condition, and the Company shall have failed to remedy such condition within 30 days after receipt of such notice.

3. **No Rights as Stockholder; Dividend Equivalents.** The Participant shall not have any rights of a stockholder of the Company with respect to any shares of Common Stock issuable upon the vesting of performance-based restricted stock units subject to this Agreement (including the right to vote and to receive dividends and other distributions paid with respect to shares of Common Stock), unless and until, and only to the extent, the Performance-Based Restricted Stock Unit Award is settled by the issuance of such shares of Common Stock to the Participant. Notwithstanding the foregoing, at such time as the restrictions lapse, an amount equal to any cash dividends that would have been payable to the Participant if the shares of Common Stock underlying the performance-based restricted stock units subject to this Agreement had been issued to the Participant during the restriction period shall be paid in cash to the Participant with respect to the actual number of performance-based restricted stock units that have vested. This Section 3 will not apply with respect to record dates for dividends occurring prior to the Grant Date or after the restriction period has lapsed.
4. **Termination of Employment.**
- (a) Subject to Section 2 and Sections 4(b) and 4(c), if the Participant's employment with the Company (or an affiliate of the Company if such affiliate is the Participant's employer) is terminated other than due to death and other than by the Company due to the Disability (as defined below) of the Participant, the performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award which are unearned as of the date of termination shall be forfeited by the Participant and such performance-based restricted stock units shall be cancelled by the Company.
 - (b) Subject to Section 2 and Section 4(c), if the Participant's employment with the Company (or an affiliate of the Company if such affiliate is the Participant's employer) is terminated due to the death or Disability of the Participant, the performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award which are unearned as of the date of termination shall be deemed to be earned at 100% of target level and the number of performance-based restricted stock units so earned shall vest and be distributed.
 - (c) If, on the date the Participant's employment terminates, there is a written employment agreement in place between the Participant and the Company (or between the Participant and an affiliate of the Company if such affiliate is the Participant's employer), then, in the event of a conflict, the terms of such written employment agreement regarding vesting upon termination shall prevail over the terms of this Agreement (it being understood that any accelerated vesting shall be subject to the satisfaction of the performance conditions as described herein and be based on the level achieved hereunder).

(d) "Disability" shall mean the Participant's being "disabled" as defined in Treas. Reg. §1.409A-3(i)(4)(i).

5. **Adjustment in Event of Happening of Condition.**

In the event that there is any change in the number of issued shares of Common Stock of the Company without new consideration to the Company (such as by stock dividends or stock split-ups), then the number of unvested performance-based restricted stock units subject to this Performance-Based Restricted Stock Unit Award shall be adjusted in proportion to such change in issued shares.

If the outstanding shares of Common Stock of the Company shall be combined, or be changed into another kind of stock of the Company or into equity securities of another corporation, whether through recapitalization, reorganization, sale, merger, consolidation, etc., the Company shall cause adequate provision to be made whereby the unvested performance-based restricted stock units subject to this Agreement shall be adjusted equitably so that the securities received upon vesting shall be the same as if the vesting had occurred immediately prior to such recapitalization, reorganization, sale, merger, consolidation, etc.

Notwithstanding the foregoing, in the event of a sale of the Company through a merger, consolidation or sale of all or substantially all of its assets where all or part of the consideration is stock, cash or other securities or property (a "Transaction"), the Performance-Based Restricted Stock Unit Award shall be assumed or an award of equivalent value shall be substituted by the successor corporation or a parent or subsidiary of the successor corporation in an economically equivalent manner. In the event that the successor corporation refuses or is unable to assume or substitute for the Performance-Based Restricted Stock Unit Award in an economically equivalent manner, then simultaneously with the consummation of the Transaction, the Participant shall fully vest in the Performance-Based Restricted Stock Unit Award at the level deemed to be earned in accordance with Section 2(b) of this Agreement and such number of performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall become unrestricted. For the purposes of this Section 5, the Performance-Based Restricted Stock Unit Award shall be considered assumed in an economically equivalent manner only if, following the Transaction, the Performance-Based Restricted Stock Unit Award confers the right to receive, for each performance-based restricted stock unit subject to the Performance-Based Restricted Stock Unit Award and unvested immediately prior to the Transaction, publicly traded shares of common stock of the successor company substantially equal in fair market value to the per share consideration received by holders of shares of Common Stock in the Transaction. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding.

-
6. **No Right to Continued Employment.** This Agreement shall not be construed as giving the Participant the right to be retained in the employ of the Company.
 7. **Provisions of Plan.** This Performance-Based Restricted Stock Unit Award is granted pursuant to, and subject to the terms and conditions of, the Plan (which is incorporated herein by reference). In the event a provision of this Agreement conflicts with the Plan, the terms of the Plan will prevail. the Participant acknowledges receiving a copy of the Plan and this Agreement. Any capitalized term not defined herein shall have the same meaning as in the Plan.
 8. **Withholding of Taxes; Section 409A.** The Company shall be entitled, if necessary or desirable, to withhold from any amounts due and payable by the Company to the Participant (or to secure payment from the Participant in lieu of withholding) the amount of any withholding or other tax due from the Company ("Required Tax Payments") with respect to any performance-based restricted stock units which become vested and unrestricted under this Agreement, and the Company may defer issuance of Common Stock underlying such performance-based restricted stock units until such amounts are paid or withheld. The Participant shall satisfy his or her Required Tax Payments by any of the following means: (1) a cash payment to the Company, (2) delivery (either actual delivery or by attestation procedures established by the Company) to the Company of previously owned whole shares of Common Stock (for which the Participant has good title, free and clear of all liens and encumbrances) having a Fair Market Value (as defined in the Plan), determined as of the date the obligation to withhold or pay taxes first arises in connection with the Performance-Based Restricted Stock Unit Award (the "Tax Date"), equal to the Required Tax Payments, (3) authorizing the Company to withhold from the shares of Common Stock otherwise to be delivered to the holder pursuant to the Performance-Based Restricted Stock Unit Award, a number of whole shares of Common Stock having a Fair Market Value, determined as of the Tax Date, equal to the Required Tax Payments, (4) a cash payment by a broker-dealer acceptable to the Company through whom the Participant has sold the shares with respect to which the Required Tax Payments have arisen or (5) any combination of (1), (2) and (3). The Compensation Committee shall have sole discretion to disapprove of an election pursuant to any of clauses (2)-(5) for any holder who is not an "officer" (as defined in Rule 16a-1(f) under the Securities Exchange Act of 1934). Unless and until the Company determines otherwise, the method in clause (3) above shall be utilized. Shares of Common Stock to be delivered or withheld may not have a Fair Market Value in excess of the minimum amount of the Required Tax Payments. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by the holder. No certificate representing a share of Common Stock shall be delivered until the Required Tax Payments have been satisfied in full.

It is intended that any amounts payable under this Performance-Based Restricted Stock Unit Award comply with the provisions of Code Section 409A of the Internal Revenue Code of 1986 and the treasury regulations relating thereto so as not to subject the Participant to the payment of interest and tax penalty which may be imposed under Code Section 409A. In furtherance of this interest, to the extent that any regulations or other

guidance issued under Code Section 409A after the date of this Performance-Based Restricted Stock Unit Award would result in the Participant being subject to payment of interest and tax penalty under Code Section 409A, the parties agree to amend this Performance-Based Restricted Stock Unit Award in order to bring this Performance-Based Restricted Stock Unit Award into compliance with Code Section 409A. No amount shall be payable pursuant to a termination of the Participant's employment unless such termination constitutes a separation from service under Section 409A. To the extent any amounts payable upon the Participant's separation from service are nonqualified deferred compensation under Section 409A, and if the Participant is at such time a specified employee under Section 409A, then to the extent required under Section 409A payment of such amounts shall be postponed until six (6) months following the date of the Participant's separation from service (or until any earlier date of the Participant death), upon which date all such postponed amounts shall be paid to the Participant in a lump sum, and any remaining payments due shall be paid as otherwise provided herein. The determination of whether the Participant is a specified employee shall be made by the Company in accordance with Section 409A.

9. **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first above written.

Exhibit A

1. For purposes of this Exhibit:

- The maximum number of performance-based restricted stock units subject to this Agreement is 200% of the target number of [], of which up to 33 1/3% shall be eligible for vesting with respect to attainment of the Performance Measure in each of the three Performance Periods (as such term is defined below), as set forth below but subject to the Alternative Three Year Performance Period Vested Unit Calculation (as such term is defined below).
- The “Performance Measure” is relative “Total Shareholder Return” (as such term is defined below) for each Performance Period.

Following the end of each Performance Period, the Company’s Compensation Committee will certify the level of the Performance Measure achieved by the Company for such Performance Period. The performance-based restricted stock units subject to vesting during a Performance Period will be subject to forfeiture and cancellation by the Company if the Company’s performance during such Performance Period does not meet or exceed the threshold percentile rank of the Performance Measure for such Performance Period. Performance at or above the threshold level will result performance-based restricted stock units becoming vested as set forth below, and shares underlying such vested performance-based restricted stock units shall be distributed following completion of the certification described above.

Notwithstanding the foregoing, following completion of the three-year period commencing on the Grant Date and ending on the third anniversary of the Grant Date (the “Three Year Performance Period”), the Compensation Committee will determine the number of performance-based restricted stock units that would vest if the maximum number of performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award had been subject only to the Three Year Performance Period (the “Alternative Three Year Performance Period Vested Unit Calculation”). If the number of performance-based restricted stock units that vest pursuant to the Alternative Three Year Performance Period Vested Unit Calculation is greater than the number of performance-based restricted stock units that vest under this Agreement in the three Performance Periods described herein without regard to the Alternative Three Year Performance Period Vested Unit Calculation, then such greater number of performance-based restricted stock units shall vest pursuant to the Alternative Three Year Performance Period Vested Unit Calculation, reduced by the number of performance-based restricted stock units previously vested. Shares underlying vested performance-based restricted stock units shall be distributed following completion of the certification described above.

2. Additional Definitions.

- a. “Comparison Group” means the companies listed on Appendix 1 to this Exhibit A, as may be adjusted as described below.
- b. “Performance Period” means each of the following three periods:

-
- (i) the one-year period commencing on the Grant Date and ending on the first anniversary of the Grant Date,
 - (ii) the two-year period commencing on the Grant Date and ending on the second anniversary of the Grant Date, and
 - (iii) the three-year period commencing on the Grant Date and ending on the third anniversary of the Grant Date.

c. "Total Shareholder Return" or "TSR" means total shareholder return as applied to the Company or any company in the Comparison Group, meaning stock price appreciation from the beginning to the end of the Performance Period, plus dividends and distributions made or declared (assuming such dividends or distributions are reinvested in the common stock of the Company or any company in the Comparison Group) during the Performance Period, expressed as a percentage return. Except as modified in Section 4(d), for purposes of computing TSR, the stock price at the beginning of the Performance Period will be the average price of a share of common stock over the 30 trading days ending on the first day of the Performance Period, and the stock price at the end of the Performance Period will be the average price of a share of common stock over the 30 trading days ending on the last day of the Performance Period, adjusted for changes in capital structure; provided, however, that TSR will be negative one hundred percent (-100%) if a company: (i) files for bankruptcy, reorganization, or liquidation under any chapter of the U.S. Bankruptcy Code; (ii) is the subject of an involuntary bankruptcy proceeding that is not dismissed within 30 days; (iii) is the subject of a stockholder approved plan of liquidation or dissolution; or (iv) ceases to conduct substantial business operations.

3. Calculation. For purposes of the award, the number of shares earned will be calculated as follows:

FIRST: For the Company and for each other company in the Comparison Group, determine the TSR for the Performance Period.

SECOND: Rank the TSR values determined in the first step from low to high (with the company having the lowest TSR being ranked number 1, the company with the second lowest TSR ranked number 2, and so on) and determine the Company's percentile rank based upon its position in the list by dividing the Company's position by the total number of companies (including the Company) in the Comparison Group and rounding the quotient to the nearest hundredth. For example, if the Company were ranked 60 on the list out of 80 companies (including the Company), its percentile rank would be 75%.

THIRD: Plot the percentile rank for the Company determined in the second step into the appropriate band in the left-hand column of the table below and determine the number of shares earned as a percent of target, which is the figure in the right-hand column of the table below corresponding to that percentile rank. Use linear interpolation between points in the table below to determine the percentile rank and the corresponding share funding if the Company's percentile rank is greater than % and less than % but not exactly one of the percentile ranks listed in the left-hand column. For example, if the Company's percentile rank is %, then % of target shares would be earned.

	<i>Relative TSR %ile Rank</i>	<i>Shares Earned as % Target</i>
Maximum	—P	200%
	—P	—%
	—P	—%
Target	—P	100%
	—P	—%
	—P	—%
Threshold	—P	—%

- Linear interpolation for performance between points shown
- Payout is capped at 100% if absolute Company's TSR is negative
- Payout value capped at 5x target each period

4. Rules. The following rules apply to the computation of the number of shares earned:

a. If the Company's absolute TSR is negative over any of the three Performance Periods, payouts shall not exceed 100% of target for that Performance Period. The aggregate value of the shares earned and settled in each Performance Period, based on the Fair Market Value of such shares as of the date of settlement, shall not exceed five (5) times the target payment value for such performance period.

b. The minimum earnout is zero and the maximum earnout is 200% of target. There is no minimum number of shares or other consideration that recipient will receive, and no shares will be earned if the percentile rank is _____ percentile or lower in a Performance Period.

c. For purposes of computing Total Shareholder Return for the Company and each other company in the Comparison Group, the stock price at the beginning and end of the Performance Period will, subject to Section 2 of the Performance-Based Restricted Stock Unit Award Agreement, be determined as the 30-day average closing price of the stock on each of the 30 consecutive trading days ending on and including the first day or last day of the Performance Period, as the case may be.

d. Companies shall be removed from the Comparison Group if they undergo a Specified Corporate Change. A company that is removed from the Comparison Group before the measurement date will not be included at all in the computation of the performance factor. A company in the Comparison Group will be deemed to have undergone a "Specified Corporate Change" if it:

1. ceases to be a domestically domiciled publicly traded company on a national stock exchange or market system, unless such cessation of such listing is due to a low stock price or low trading volume; or

-
2. has gone private; or
 3. has reincorporated in a foreign (e.g., non-U.S.) jurisdiction, regardless of whether it is a reporting company in that or another jurisdiction; or
 4. has been acquired by another company (whether by a peer company or otherwise, but not including internal reorganizations), or has sold all or substantially all of its assets.

The Company shall rely on press releases, public filings, website postings, and other reasonably reliable information available regarding a peer company in making a determination that a Specified Corporate Change has occurred.

*ALLSCRIPTS HEALTHCARE SOLUTIONS, INC.***Performance-Based Restricted Stock Unit Award Agreement****Performance-Based Vesting – Relative TSR**

THIS AGREEMENT is made as of _____, (the “Grant Date”), by and between Allscripts Healthcare Solutions, Inc., a Delaware corporation (“Company”), and Paul M. Black (“Black”) [as an inducement to accept employment with the Company].

WHEREAS, Black is expected to perform valuable services for the Company and the Company considers it desirable and in its best interests that Black be given a proprietary interest in the Company and an incentive to advance the interests of the Company by possessing units that are settled in shares of the Company’s Common Stock, \$.01 par value per share (the “Common Stock”), in accordance with the Company’s 2011 Stock Incentive Plan (the “Plan”).

NOW THEREFORE, in consideration of the foregoing premises, it is agreed by and between the parties as follows:

1. **Grant of Performance-Based Restricted Stock Units.**

- (a) **Grant.** Subject to the terms and conditions set forth in this Agreement and the Plan, the Company hereby grants to Black a target award of performance-based restricted stock units (the “Performance-Based Restricted Stock Unit Award”), which shall vest and become unrestricted in accordance with Section 2 hereof.
- (b) **Transferability.** Performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award and not then vested and unrestricted may not be sold, transferred, pledged, assigned, alienated, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, alienate, hypothecate or encumber, or otherwise dispose of such performance-based restricted stock units, the Performance-Based Restricted Stock Unit Award shall immediately become null and void.

2. **Vesting.**

- (a) **Performance-Based Vesting.** Subject to this Section 2, the Performance-Based Restricted Stock Unit Award shall vest and become unrestricted in accordance with Exhibit A hereto.
- (b) **Accelerated Vesting for Termination following a Change in Control.** In the event of a Change in Control (as defined in the Plan), (i) all unearned performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall be deemed to be earned based on relative TSR (as such term is defined in Exhibit A hereto), the number of which shall be determined based on

the market price of the Company's Common Stock being the closing price on the date of the consummation of the Change in Control and the market price of the Company's Comparison Group (as such term is defined in Exhibit A hereto) being an average of the closing prices for the 30-day period ending five business days prior to such consummation; provided that if such Change in Control occurs within 24 months after the date on which Black commences employment with the Company, the number of shares deemed to be earned pursuant to this Section 2(b) shall not be less than the target number of shares set forth in Section 1(a) of this Agreement, and (ii) all such earned performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall remain unvested and shall continue to vest in accordance with their original vesting schedule. If Black's employment with such successor company (or a subsidiary thereof) is terminated within 24 months following such Change in Control (or within six months prior thereto in connection with the Change in Control) without Cause by the Company or the successor company or by Black for Constructive Termination, all earned and unvested performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award outstanding as of the date of such termination of employment (or as of the date of the Change in Control if termination occurred prior to and in connection with the Change in Control) shall vest and be distributed.

(c) Settlement of Performance-Based Restricted Stock Units. Upon the date performance-based restricted stock units subject to this Agreement become vested and unrestricted, one share of Common Stock shall be issuable for each performance-based restricted stock unit that vests on such date, subject to the terms and conditions of the Plan and this Agreement. Thereafter, the Company will transfer such shares of Common Stock to Black upon satisfaction of any required tax withholding obligations.

(d) Other Defined Terms.

Cause. "Cause" shall have the meaning set forth in the Employment Agreement, dated December 19, 2012, between the Company and Black (the "Employment Agreement").

Constructive Termination. "Constructive Termination" shall have the meaning set forth in the Employment Agreement.

3. No Rights as Stockholder; Dividend Equivalents. Black shall not have any rights of a stockholder of the Company with respect to any shares of Common Stock issuable upon the vesting of performance-based restricted stock units subject to this Agreement (including the right to vote and to receive dividends and other distributions paid with respect to shares of Common Stock), unless and until, and only to the extent, the Performance-Based Restricted Stock Unit Award is settled by the issuance of such shares of Common Stock to Black. Notwithstanding the foregoing, at such time as the restrictions lapse, an amount equal to any cash dividends that would have been payable to Black if the shares of Common Stock underlying the performance-based restricted stock

units subject to this Agreement had been issued to Black during the restriction period shall be paid in cash to Black with respect to the actual number of performance-based restricted stock units that have vested. This Section 3 will not apply with respect to record dates for dividends occurring prior to the Grant Date or after the restriction period has lapsed.

4. **Termination of Employment.**

- (a) Subject to Section 2 and Sections 4(b) and 4(c), if Black's employment with the Company (or an affiliate of the Company if such affiliate is Black's employer) is terminated other than due to death and other than by the Company due to the Disability (as defined below) of Black, the performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award which are unearned as of the date of termination shall be forfeited by Black and such performance-based restricted stock units shall be cancelled by the Company.
- (b) Subject to Section 2 and Section 4(c), if Black's employment with the Company (or an affiliate of the Company if such affiliate is Black's employer) is terminated due to the death or Disability of Black, the performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award which are unearned as of the date of termination shall be deemed to be earned at 100% of target level and the number of performance-based restricted stock units so earned shall vest and be distributed.
- (c) If, on the date Black's employment terminates, there is a written employment agreement in place between Black and the Company (or between Black and an affiliate of the Company if such affiliate is Black's employer), then, in the event of a conflict, the terms of such written employment agreement regarding vesting upon termination shall prevail over the terms of this Agreement (it being understood that any accelerated vesting shall be subject to the satisfaction of the performance conditions as described herein and be based on the level achieved hereunder).
- (d) "Disability" shall mean Black's being "disabled" as defined in Treas. Reg. §1.409A-3(i)(4)(i).

5. **Adjustment in Event of Happening of Condition.**

In the event that there is any change in the number of issued shares of Common Stock of the Company without new consideration to the Company (such as by stock dividends or stock split-ups), then the number of unvested performance-based restricted stock units subject to this Performance-Based Restricted Stock Unit Award shall be adjusted in proportion to such change in issued shares.

If the outstanding shares of Common Stock of the Company shall be combined, or be changed into another kind of stock of the Company or into equity securities of another corporation, whether through recapitalization, reorganization, sale, merger, consolidation, etc., the Company shall cause adequate provision to be made whereby the unvested

performance-based restricted stock units subject to this Agreement shall be adjusted equitably so that the securities received upon vesting shall be the same as if the vesting had occurred immediately prior to such recapitalization, reorganization, sale, merger, consolidation, etc.

Notwithstanding the foregoing, in the event of a sale of the Company through a merger, consolidation or sale of all or substantially all of its assets where all or part of the consideration is stock, cash or other securities or property (a "Transaction"), the Performance-Based Restricted Stock Unit Award shall be assumed or an award of equivalent value shall be substituted by the successor corporation or a parent or subsidiary of the successor corporation in an economically equivalent manner. In the event that the successor corporation refuses or is unable to assume or substitute for the Performance-Based Restricted Stock Unit Award in an economically equivalent manner, then simultaneously with the consummation of the Transaction, Black shall fully vest in the Performance-Based Restricted Stock Unit Award at the level deemed to be earned in accordance with Section 2(b) of this Agreement and such number of performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award shall become unrestricted. For the purposes of this Section 5, the Performance-Based Restricted Stock Unit Award shall be considered assumed in an economically equivalent manner only if, following the Transaction, the Performance-Based Restricted Stock Unit Award confers the right to receive, for each performance-based restricted stock unit subject to the Performance-Based Restricted Stock Unit Award and invested immediately prior to the Transaction, publicly traded shares of common stock of the successor company substantially equal in fair market value to the per share consideration received by holders of shares of Common Stock in the Transaction. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding.

6. **No Right to Continued Employment.** This Agreement shall not be construed as giving Black the right to be retained in the employ of the Company.
7. **Provisions of Plan.** This Performance-Based Restricted Stock Unit Award is granted pursuant to, and subject to the terms and conditions of, the Plan (which is incorporated herein by reference). In the event a provision of this Agreement conflicts with the Plan, the terms of the Plan will prevail. Black acknowledges receiving a copy of the Plan and this Agreement. Any capitalized term not defined herein shall have the same meaning as in the Plan.
8. **Withholding of Taxes; Section 409A.** The Company shall be entitled, if necessary or desirable, to withhold from any amounts due and payable by the Company to Black (or to secure payment from Black in lieu of withholding) the amount of any withholding or other tax due from the Company ("Required Tax Payments") with respect to any performance-based restricted stock units which become vested and unrestricted under this Agreement, and the Company may defer issuance of Common Stock underlying such performance-based restricted stock units until such amounts are paid or withheld. Black shall satisfy his or her Required Tax Payments by any of the following means: (1) a cash payment to the Company, (2) delivery (either actual delivery or by attestation procedures

established by the Company) to the Company of previously owned whole shares of Common Stock (for which Black has good title, free and clear of all liens and encumbrances) having a Fair Market Value (as defined in the Plan), determined as of the date the obligation to withhold or pay taxes first arises in connection with the Performance-Based Restricted Stock Unit Award (the "Tax Date"), equal to the Required Tax Payments, (3) authorizing the Company to withhold from the shares of Common Stock otherwise to be delivered to the holder pursuant to the Performance-Based Restricted Stock Unit Award, a number of whole shares of Common Stock having a Fair Market Value, determined as of the Tax Date, equal to the Required Tax Payments, (4) a cash payment by a broker-dealer acceptable to the Company through whom Black has sold the shares with respect to which the Required Tax Payments have arisen or (5) any combination of (1), (2) and (3). The Compensation Committee shall have sole discretion to disapprove of an election pursuant to any of clauses (2)-(5) for any holder who is not an "officer" (as defined in Rule 16a-1(f) under the Securities Exchange Act of 1934). Unless and until the Company determines otherwise, the method in clause (3) above shall be utilized. Shares of Common Stock to be delivered or withheld may not have a Fair Market Value in excess of the minimum amount of the Required Tax Payments. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by the holder. No certificate representing a share of Common Stock shall be delivered until the Required Tax Payments have been satisfied in full.

It is intended that any amounts payable under this Performance-Based Restricted Stock Unit Award comply with the provisions of Code Section 409A of the Internal Revenue Code of 1986 and the treasury regulations relating thereto so as not to subject Black to the payment of interest and tax penalty which may be imposed under Code Section 409A. In furtherance of this interest, to the extent that any regulations or other guidance issued under Code Section 409A after the date of this Performance-Based Restricted Stock Unit Award would result in Black being subject to payment of interest and tax penalty under Code Section 409A, the parties agree to amend this Performance-Based Restricted Stock Unit Award in order to bring this Performance-Based Restricted Stock Unit Award into compliance with Code Section 409A. No amount shall be payable pursuant to a termination of Black's employment unless such termination constitutes a separation from service under Section 409A. To the extent any amounts payable upon Black's separation from service are nonqualified deferred compensation under Section 409A, and if Black is at such time a specified employee under Section 409A, then to the extent required under Section 409A payment of such amounts shall be postponed until six (6) months following the date of Black's separation from service (or until any earlier date of Black death), upon which date all such postponed amounts shall be paid to Black in a lump sum, and any remaining payments due shall be paid as otherwise provided herein. The determination of whether Black is a specified employee shall be made by the Company in accordance with Section 409A.

9. **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first above written.

Exhibit A

1. For purposes of this Exhibit:

- The maximum number of performance-based restricted stock units subject to this Agreement is 200% of the target number of _____, of which up to 33 1/3% shall be eligible for vesting with respect to attainment of the Performance Measure in each of the three Performance Periods (as such term is defined below), as set forth below but subject to the Alternative Three Year Performance Period Vested Unit Calculation (as such term is defined below).
- The “Performance Measure” is relative “Total Shareholder Return” (as such term is defined below) for each Performance Period.

Following the end of each Performance Period, the Company’s Compensation Committee will certify the level of the Performance Measure achieved by the Company for such Performance Period. The performance-based restricted stock units subject to vesting during a Performance Period will be subject to forfeiture and cancellation by the Company if the Company’s performance during such Performance Period does not meet or exceed the threshold percentile rank of the Performance Measure for such Performance Period. Performance at or above the threshold level will result performance-based restricted stock units becoming vested as set forth below, and shares underlying such vested performance-based restricted stock units shall be distributed following completion of the certification described above.

Notwithstanding the foregoing, following completion of the three-year period commencing on the Grant Date and ending on the third anniversary of the Grant Date (the “Three Year Performance Period”), the Compensation Committee will determine the number of performance-based restricted stock units that would vest if the maximum number of performance-based restricted stock units subject to the Performance-Based Restricted Stock Unit Award had been subject only to the Three Year Performance Period (the “Alternative Three Year Performance Period Vested Unit Calculation”). If the number of performance-based restricted stock units that vest pursuant to the Alternative Three Year Performance Period Vested Unit Calculation is greater than the number of performance-based restricted stock units that vest under this Agreement in the three Performance Periods described herein without regard to the Alternative Three Year Performance Period Vested Unit Calculation, then such greater number of performance-based restricted stock units shall vest pursuant to the Alternative Three Year Performance Period Vested Unit Calculation, reduced by the number of performance-based restricted stock units previously vested. Shares underlying vested performance-based restricted stock units shall be distributed following completion of the certification described above.

2. Additional Definitions.

- a. “Comparison Group” means the companies listed on Appendix 1 to this Exhibit A, as may be adjusted as described below.
- b. “Performance Period” means each of the following three periods:

-
- (i) the one-year period commencing on the Grant Date and ending on the first anniversary of the Grant Date,
 - (ii) the two-year period commencing on the Grant Date and ending on the second anniversary of the Grant Date, and
 - (iii) the three-year period commencing on the Grant Date and ending on the third anniversary of the Grant Date.

c. "Total Shareholder Return" or "TSR" means total shareholder return as applied to the Company or any company in the Comparison Group, meaning stock price appreciation from the beginning to the end of the Performance Period, plus dividends and distributions made or declared (assuming such dividends or distributions are reinvested in the common stock of the Company or any company in the Comparison Group) during the Performance Period, expressed as a percentage return. Except as modified in Section 4(d), for purposes of computing TSR, the stock price at the beginning of the Performance Period will be the average price of a share of common stock over the 30 trading days ending on the first day of the Performance Period, and the stock price at the end of the Performance Period will be the average price of a share of common stock over the 30 trading days ending on the last day of the Performance Period, adjusted for changes in capital structure; provided, however, that TSR will be negative one hundred percent (-100%) if a company: (i) files for bankruptcy, reorganization, or liquidation under any chapter of the U.S. Bankruptcy Code; (ii) is the subject of an involuntary bankruptcy proceeding that is not dismissed within 30 days; (iii) is the subject of a stockholder approved plan of liquidation or dissolution; or (iv) ceases to conduct substantial business operations.

3. Calculation. For purposes of the award, the number of shares earned will be calculated as follows:

FIRST: For the Company and for each other company in the Comparison Group, determine the TSR for the Performance Period.

SECOND: Rank the TSR values determined in the first step from low to high (with the company having the lowest TSR being ranked number 1, the company with the second lowest TSR ranked number 2, and so on) and determine the Company's percentile rank based upon its position in the list by dividing the Company's position by the total number of companies (including the Company) in the Comparison Group and rounding the quotient to the nearest hundredth. For example, if the Company were ranked 60 on the list out of 80 companies (including the Company), its percentile rank would be 75%.

THIRD: Plot the percentile rank for the Company determined in the second step into the appropriate band in the left-hand column of the table below and determine the number of shares earned as a percent of target, which is the figure in the right-hand column of the table below corresponding to that percentile rank. Use linear interpolation between points in the table below to determine the percentile rank and the corresponding share funding if the Company's percentile rank is greater than % and less than % but not exactly one of the percentile ranks listed in the left-hand column. For example, if the Company's percentile rank is %, then % of target shares would be earned.

	Relative TSR %ile Rank	Shares Earned as % Target
Maximum	P	200%
	P	%
	P	%
Target	P	100%
	P	%
	P	%
Threshold	P	%

- Linear interpolation for performance between points shown
- Payout is capped at 100% if absolute Company's TSR is negative
- Payout value capped at 5x target each period

4. Rules. The following rules apply to the computation of the number of shares earned:

a. If the Company's absolute TSR is negative over any of the three Performance Periods, payouts shall not exceed 100% of target for that Performance Period. The aggregate value of the shares earned and settled in each Performance Period, based on the Fair Market Value of such shares as of the date of settlement, shall not exceed five (5) times the target payment value for such performance period.

b. The minimum earnout is zero and the maximum earnout is 200% of target. There is no minimum number of shares or other consideration that recipient will receive, and no shares will be earned if the percentile rank is _____ percentile or lower in a Performance Period.

c. For purposes of computing Total Shareholder Return for the Company and each other company in the Comparison Group, the stock price at the beginning and end of the Performance Period will, subject to Section 2 of the Performance-Based Restricted Stock Unit Award Agreement, be determined as the 30-day average closing price of the stock on each of the 30 consecutive trading days ending on and including the first day or last day of the Performance Period, as the case may be.

d. Companies shall be removed from the Comparison Group if they undergo a Specified Corporate Change. A company that is removed from the Comparison Group before the measurement date will not be included at all in the computation of the performance factor. A company in the Comparison Group will be deemed to have undergone a "Specified Corporate Change" if it:

1. ceases to be a domestically domiciled publicly traded company on a national stock exchange or market system, unless such cessation of such listing is due to a low stock price or low trading volume; or
2. has gone private; or

-
3. has reincorporated in a foreign (e.g., non-U.S.) jurisdiction, regardless of whether it is a reporting company in that or another jurisdiction; or
 4. has been acquired by another company (whether by a peer company or otherwise, but not including internal reorganizations), or has sold all or substantially all of its assets.

The Company shall rely on press releases, public filings, website postings, and other reasonably reliable information available regarding a peer company in making a determination that a Specified Corporate Change has occurred.

*ALLSCRIPTS HEALTHCARE SOLUTIONS, INC.***Restricted Stock Unit Award Agreement**

THIS AGREEMENT is made as of _____, _____ (the "Grant Date"), by and between Allscripts Healthcare Solutions, Inc., a Delaware corporation ("Company"), and Paul M. Black ("Black") [as an inducement to accept employment with the Company].

WHEREAS, Black is expected to perform valuable services for the Company and the Company considers it desirable and in its best interests that Black be given a proprietary interest in the Company and an incentive to advance the interests of the Company by possessing units that are settled in shares of the Company's Common Stock, \$.01 par value per share (the "Common Stock"), in accordance with the Company's 2011 Stock Incentive Plan (the "Plan").

NOW THEREFORE, in consideration of the foregoing premises, it is agreed by and between the parties as follows:

1. **Grant of Restricted Stock Units.**

- (a) **Grant.** Subject to the terms and conditions set forth in this Agreement and the Plan, the Company hereby grants to Black an award of restricted stock units (the "Restricted Stock Unit Award"), which shall vest and become unrestricted in accordance with Section 2 hereof.
- (b) **Transferability.** Restricted stock units subject to the Restricted Stock Unit Award and not then vested and unrestricted may not be sold, transferred, pledged, assigned, alienated, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, alienate, hypothecate or encumber, or otherwise dispose of such restricted stock units, the Restricted Stock Unit Award shall immediately become null and void.

2. **Vesting.**

- (a) **Vesting.** Subject to this Section 2, the Restricted Stock Unit Award shall vest and become unrestricted in accordance with Exhibit A hereto.
- (b) **Accelerated Vesting for Termination following a Change in Control.** Unless otherwise provided in another written agreement between Black and the Company, in the event of a Change in Control (as defined in the Plan) in which the successor company (including the parent of any surviving corporation in a merger) assumes or substitutes the Restricted Stock Unit Award, if Black's employment with such successor company (or a subsidiary thereof) is terminated within 24 months following such Change in Control (or within six months prior thereto in connection with the Change in Control) without Cause by the Company or the successor company or by Black for Constructive Discharge, all restrictions, limitations and other conditions applicable to the Restricted Stock Unit Award outstanding as of the date of such termination of employment (or as of the date of the Change in Control if termination occurred prior to and in connection with the Change in Control) shall lapse and the restricted stock units shall become free of all restrictions.

-
- (c) **Settlement of Restricted Stock Units.** Upon the date restricted stock units subject to this Agreement become vested and unrestricted, one share of Common Stock shall be issuable for each restricted stock unit that vests on such date, subject to the terms and conditions of the Plan and this Agreement. Thereafter, the Company will transfer such shares of Common Stock to Black upon satisfaction of any required tax withholding obligations.
- (d) **Other Defined Terms.**
Cause. “Cause” shall have the meaning set forth in the Employment Agreement, dated December 19, 2012, between the Company and Black (the “Employment Agreement”).
Constructive Discharge. “Constructive Discharge” shall have the meaning set forth in the Employment Agreement.
3. **No Rights as Stockholder; Dividend Equivalents.** Black shall not have any rights of a stockholder of the Company with respect to any shares of Common Stock issuable upon the vesting of restricted stock units subject to this Agreement (including the right to vote and to receive dividends and other distributions paid with respect to shares of Common Stock), unless and until, and only to the extent, the Restricted Stock Unit Award is settled by the issuance of such shares of Common Stock to Black. Notwithstanding the foregoing, at such time as the restrictions lapse, an amount equal to any cash dividends that would have been payable to Black if the shares of Common Stock underlying the restricted stock units subject to this Agreement had been issued to Black during the restriction period shall be paid in cash to Black with respect to the actual number of restricted stock units that have vested. This Section 3 will not apply with respect to record dates for dividends occurring prior to the Grant Date or after the restriction period has lapsed.
4. **Termination of Unvested Restricted Stock Unit Award.**
- (a) Subject to Section 2 and subsection 4(b) below, if Black’s employment with the Company (or an affiliate of the Company if such affiliate is Black’s employer) is terminated for any reason, the portion of the Restricted Stock Unit Award which is not vested and unrestricted as of the date of termination shall immediately thereafter be forfeited by Black and such portion shall be cancelled by the Company.
- (b) If, on the date Black’s employment terminates, there is a written employment agreement in place between Black and the Company (or between Black and an affiliate of the Company if such affiliate is Black’s employer), then, in the event of a conflict, the terms of such written employment agreement regarding vesting upon termination shall prevail over the terms of this Agreement.

5. **Adjustment in Event of Happening of Condition.**

In the event that there is any change in the number of issued shares of Common Stock of the Company without new consideration to the Company (such as by stock dividends or stock split-ups), then the number of unvested and restricted stock units subject to this Restricted Stock Award shall be adjusted in proportion to such change in issued shares.

If the outstanding shares of Common Stock of the Company shall be combined, or be changed into another kind of stock of the Company or into equity securities of another corporation, whether through recapitalization, reorganization, sale, merger, consolidation, etc., the Company shall cause adequate provision to be made whereby the unvested restricted stock units subject to this Agreement shall be adjusted equitably so that the securities received upon vesting shall be the same as if the vesting had occurred immediately prior to such recapitalization, reorganization, sale, merger, consolidation, etc.

Notwithstanding the foregoing, in the event of a sale of the Company through a merger, consolidation or sale of all or substantially all of its assets where all or part of the consideration is stock, cash or other securities or property (a "Transaction"), the Restricted Stock Unit Award shall be assumed or an award of equivalent value shall be substituted by the successor corporation or a parent or subsidiary of the successor corporation in an economically equivalent manner. In the event that the successor corporation refuses or is unable to assume or substitute for the Restricted Stock Unit Award in an economically equivalent manner, then simultaneously with the consummation of the Transaction, Black shall fully vest in the Restricted Stock Unit Award and all restricted stock units subject to the Restricted Stock Unit Award shall become unrestricted. For the purposes of this Section 5, the Restricted Stock Unit Award shall be considered assumed in an economically equivalent manner only if, following the Transaction, the Restricted Stock Unit Award confers the right to receive, for each restricted stock unit subject to the Restricted Stock Unit Award and unvested immediately prior to the Transaction, publicly traded shares of common stock of the successor company substantially equal in fair market value to the per share consideration received by holders of shares of Common Stock in the Transaction. The determination of such substantial equality of value of consideration shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding.

6. **No Right to Continued Employment.** This Agreement shall not be construed as giving Black the right to be retained in the employ of the Company.

7. **Provisions of Plan.** This Restricted Stock Unit Award is granted pursuant to, and subject to the terms and conditions of, the Plan (which is incorporated herein by reference). In the event a provision of this Agreement conflicts with the Plan, the terms of the Plan will prevail. Black acknowledges receiving a copy of the Plan and this Agreement. Any capitalized term not defined herein shall have the same meaning as in the Plan.

8. **Withholding of Taxes; Section 409A.** The Company shall be entitled, if necessary or desirable, to withhold from any amounts due and payable by the Company to Black (or to secure payment from Black in lieu of withholding) the amount of any withholding or other tax due from the Company ("Required Tax Payments") with respect to any

restricted stock units which become vested and unrestricted under this Agreement, and the Company may defer issuance of Common Stock underlying such restricted stock units until such amounts are paid or withheld. Black shall satisfy his or her Required Tax Payments by any of the following means: (1) a cash payment to the Company, (2) delivery (either actual delivery or by attestation procedures established by the Company) to the Company of previously owned whole shares of Common Stock (for which Black has good title, free and clear of all liens and encumbrances) having a Fair Market Value (as defined in the Plan), determined as of the date the obligation to withhold or pay taxes first arises in connection with the Restricted Stock Unit Award (the "Tax Date"), equal to the Required Tax Payments, (3) authorizing the Company to withhold from the shares of Common Stock otherwise to be delivered to the holder pursuant to the Restricted Stock Unit Award, a number of whole shares of Common Stock having a Fair Market Value, determined as of the Tax Date, equal to the Required Tax Payments, (4) a cash payment by a broker-dealer acceptable to the Company through whom Black has sold the shares with respect to which the Required Tax Payments have arisen or (5) any combination of (1), (2) and (3). The Compensation Committee shall have sole discretion to disapprove of an election pursuant to any of clauses (2)-(5) for any holder who is not an "officer" (as defined in Rule 16a-1(f) under the Securities Exchange Act of 1934). Unless and until the Company determines otherwise, the method in clause (3) above shall be utilized. Shares of Common Stock to be delivered or withheld may not have a Fair Market Value in excess of the minimum amount of the Required Tax Payments. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by the holder. No certificate representing a share of Common Stock shall be delivered until the Required Tax Payments have been satisfied in full.

It is intended that any amounts payable under this Restricted Stock Unit Award comply with the provisions of Code Section 409A of the Internal Revenue Code of 1986 and the treasury regulations relating thereto so as not to subject Black to the payment of interest and tax penalty which may be imposed under Code Section 409A. In furtherance of this interest, to the extent that any regulations or other guidance issued under Code Section 409A after the date of this Restricted Stock Unit Award would result in Black being subject to payment of interest and tax penalty under Code Section 409A, the parties agree to amend this Restricted Stock Unit Award in order to bring this Restricted Stock Unit Award into compliance with Code Section 409A. No amount shall be payable pursuant to a termination of Black's employment unless such termination constitutes a separation from service under Section 409A. To the extent any amounts payable upon Black's separation from service are nonqualified deferred compensation under Section 409A, and if Black is at such time a specified employee under Section 409A, then to the extent required under Section 409A payment of such amounts shall be postponed until six (6) months following the date of Black's separation from service (or until any earlier date of Black's death), upon which date all such postponed amounts shall be paid to Black in a lump sum, and any remaining payments due shall be paid as otherwise provided herein. The determination of whether Black is a specified employee shall be made by the Company in accordance with Section 409A.

9. **Binding Effect.** This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, administrators, successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed on the day and year first above written.

Exhibit A

For purposes of this Exhibit:

- The number of restricted stock units subject to this Agreement is < >, which shall be eligible for vesting, provided that the Performance Measure described below is achieved during the first two quarters in the Company's 2013 fiscal year as set forth below.
- The "Performance Measure" is [*description of performance measure*].

If Black remains continuously employed by the Company or its subsidiaries from the Grant Date through [*description of vesting terms*]

SEPARATION AGREEMENT

This Separation Agreement (this “**Agreement**”) is effective as of the 19th day of December, 2012 (the “**Effective Date**”), by and between Glen E. Tullman (“**Executive**”) and Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (formerly known as Allscripts-Misys Healthcare Solutions, Inc., “**Company**”). Terms used in this Agreement but not specifically defined herein shall have the same meaning as in the Employment Agreement (defined below).

WHEREAS, Company and Executive entered into an Employment Agreement dated July 31, 2010 and amended on June 5, 2012 (the “**Employment Agreement**”); and

WHEREAS, Company and Executive desire to set forth the terms of Executive’s termination of employment, severance benefits, and other matters related thereto.

NOW, THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Termination Date**. As of the close of business on December 19, 2012 (the “**Termination Date**”), Executive’s service as an officer and employment with Company is terminated and Executive irrevocably resigns from all other positions with, and boards of directors of, the Company and any subsidiaries and affiliated companies of Company.
2. **Severance Pay and Benefits**. Executive’s termination of employment is by mutual agreement of the parties and shall be treated as a Termination without Cause pursuant to Section 4.3 of the Employment Agreement. Subject to Executive’s compliance with the terms of this Agreement, Executive shall receive:
 - (a) All Accrued Amounts pursuant to Section 4.5.1 of the Employment Agreement.
 - (b) The other payments and benefits set forth in Section 4.5.1 of the Employment Agreement, which are described and shall be paid or provided in accordance with the terms of **Schedule 1** attached to this Agreement. In consideration of the consulting agreement being entered into concurrently with this Agreement (the “**Consulting Agreement**”), the equity vesting in **Schedule 1** includes three additional months.
 - (c) Reimbursement of reasonable professional fees incurred by Executive in regard to his separation from Company, subject to a maximum of \$25,000, to be paid (i) within fourteen (14) days after Company receives documentation of such expenses and (ii) in accordance with the last paragraph of Section 9.14 of the Employment Agreement.
 - (d) All expenses incurred by Executive prior to the Termination Date that are reimbursable pursuant to Section 3.4 of the Employment Agreement. Such expenses shall be paid (i) within fourteen (14) days after Company receives documentation of such expenses and (ii) in accordance with the last paragraph of Section 9.14 of the Employment Agreement.

-
- (e) Payment of Executive's 2012 personal office expense allowance, payable in accordance with Section 3.3.4 of the Employment Agreement. Such allowance shall be paid in accordance with the last paragraph of Section 9.14 of the Employment Agreement.
3. No Other Payments. Executive expressly acknowledges and agrees that, other than as specifically provided for in this Agreement and on Schedule 1, no additional payments or benefits are due from Company on any basis whatsoever. Notwithstanding the foregoing, the Executive is not releasing (i) Executive's rights and any claim to benefits under any employee pension or welfare benefit plans of the Company or its affiliates or (ii) Executive's rights to indemnification (including the immediate advancement of all legal fees with respect to any claim for indemnification) or reimbursement of expenses under Sections 3.3.6 and 8 of the Employment Agreement or Company's certificate of incorporation or bylaws or applicable insurance policies or (iii) Executive's right to payment under the Consulting Agreement.
4. Release.
- (a) The benefits and payments to Executive provided under this Agreement are subject to Executive's execution of (without revocation) and delivery to Company by the forty-fifth (45th) day following the Termination Date (the "**Consideration Period**") of a release and waiver (the "**Release**") in the form attached hereto as Exhibit A; provided however that if Executive does not execute and deliver a release to Company prior to the expiration of the Consideration Period or if Executive revokes the release in accordance with its terms, Executive shall pay to Company within ten (10) days following the expiration of the Consideration Period or the date such release was revoked, as the case may be, a lump sum payment of all cash severance payments and benefits provided for under Section 2 and on Schedule 1 received by Executive to date and the shares acquired upon settlement of the restricted stock units set forth on Schedule 1 shall be immediately cancelled by the Company; provided further that, prior to the expiration of the Consideration Period and the Release revocation period, the Executive shall not transfer the shares acquired upon settlement of the restricted stock units set forth on Schedule 1 and, in the event of any transfer in violation of this Section 4(a), such shares shall be immediately cancelled by Company.
- (b) Subject to the expiration of the revocation period under the Release and in exchange for Executive's obligations under this Agreement, Company and its predecessors, parents, subsidiaries, divisions, related or affiliated companies, benefit plans, plan administrators and other plan fiduciaries, officers, directors, stockholders, successors, assigns, representatives, agents and counsel hereby agree not to sue Executive for any actions not rising to the level of Non-Released Conduct (as defined below) or based upon the facts that are known on the date of this Agreement by any director of the Company (not including Executive) as of

the date of this Agreement (the “**Known Facts**”), and agrees to release and forever discharge Executive from any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation in any form whatsoever, in law or in equity, which Company has or ever had (from the beginning of time through and including the Effective Date) against Executive, including without limitation on account of or in any way arising out of, relating to or in connection with Executive’s employment by or separation of employment from Company, and any and all claims for damages or injury to any entity, person, property or reputation arising therefrom, and any claim under any federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle of any state, but only to the extent such torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation are based upon Known Facts or do not rise to the level of Non-Released Conduct; provided, however, nothing herein precludes Company from enforcing its rights under this Agreement or its rights to recover taxes, advances or reimbursement of expenses if such taxes, advances or expense reimbursements were provided to Executive in violation of law or then-current Company policy; provided, further, that nothing contained in this Section 4(b) shall apply to, or release Executive from, any obligation or commitment of Executive contained in this Agreement or otherwise arising after the date of this Agreement. “Non-Released Conduct” means (i) any breach of Executive’s duty of loyalty to Company or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (iii) actions under Section 174 of the Delaware General Corporation Law or (iv) actions relating to any transaction from which Executive derived an improper personal benefit.

5. Restrictive Covenants. Executive expressly acknowledges and agrees that Section 5 (“**Noncompetition and Confidentiality**”) of the Employment Agreement is replaced in its entirety by this Section 5. The growth and development of Company and its affiliates and subsidiaries (collectively, the “**Company Group**”) depends to a significant degree on the possession and protection of its customer lists, customer information and other confidential and proprietary information relating to the Company Group’s products, production methods, research and development and marketing. All Company Group employees and others engaged to perform services for the Company Group have a common interest and responsibility in seeing that such customer information and other confidential information is not disclosed to any unauthorized persons or used other than for the Company Group’s benefit. Therefore, in consideration for the payments and benefits provided under Section 2 and on Schedule 1 and other mutual promises contained herein:
- (a) Non-Solicitation; No-Hire. Executive acknowledges that the identity and particular needs of the Company Group’s customers are not generally known in the health care information technology and consulting industry; that the Company Group has near permanent relationships with, and a proprietary interest in the identity of, its customers and their particular needs and requirements; and that documents and information regarding the Company

Group's pricing, sales, costs and specialized requirements of the Company Group's customers are highly confidential and constitute trade secrets. Accordingly, Executive covenants and agrees, which covenant and agreement is the essence of this Section 5 and the benefits and mutual promises provided under this Agreement, that for a period of eighteen (18) months after the Termination Date, Executive will not, except on behalf of the Company Group, directly or indirectly: (i) call on or solicit any Prospects or any accounts or customers of the Company Group which Executive called upon, solicited or sold to while employed by the Company Group, for the purpose of soliciting, selling and/or providing, to any such Prospect, account or customer, any products or services in competition with any products or services then-being sold by the Company Group; and (ii) solicit, or accept if offered to Executive, with or without solicitation, the services of any person who is an Employee of the Company Group, nor solicit any Employee of the Company Group to terminate employment with the Company Group, nor agree to hire any Employee of the Company Group into employment with Executive or any other person or entity. Executive agrees not to solicit in violation of clause (i) above such Prospects, accounts, customers or employees for Executive or for any other person, corporation, partnership or other business entity. "**Prospects**" means entities or individuals which have had direct contact with Executive for the purpose of having such entity or individual enter into a relationship with a member of the Company Group for the purpose of providing products or services to such entity or individual. "Employee" means any person who is or was employed by Company Group during the Employment Period; provided, however, that "Employee" shall not include any person (a) whose employment with Company Group was terminated by Company Group without cause or (b) who was not employed by Company Group at any time during the six (6) month period immediately prior to the Termination Date.

- (b) Non-Interference with Business Relationships. For a period of eighteen (18) months after the Termination Date, Executive will not interact with any person or entity with which the Company Group has a business relationship as of the Termination Date, if such interaction is with the intent of affecting such relationship or potential relationship in a manner adverse to the Company Group.
- (c) Non-Competition. In consideration of Executive's access to and entrustment of Confidential Information (as defined below) and trade secrets, the benefits provided hereunder and other mutual promises contained herein, and as a condition precedent to such benefits provided hereunder, Executive agrees that for a period of eighteen (18) months after the Termination Date, Executive shall not, directly or indirectly, for Executive's own benefit or for the benefit of others, render services for a Competing Organization anywhere within the Restricted Territory. The prohibitions in this Section 5(c) apply regardless of where such services physically are rendered.

For purposes of this Agreement, “**Competing Organization**” means (i) persons or organizations, including Executive, engaged in or, to Executive’s knowledge, about to be engaged in, research or development, production, distribution, marketing, providing or selling electronic medical record or practice management software or revenue cycle management software for ambulatory or acute care environments or (ii) any of the organizations identified in a letter from the Company of even date herewith relating to this subject matter.

For purposes of this Agreement, “**Restricted Territory**” means (i) within the United States and within each country in which the Company Group has conducted business in the prior twenty-four (24) month period, but if such area is determined by judicial action to be too broad, then it shall mean (ii) within the continental United States, but if such area is determined by judicial action to be too broad, then it shall mean (iii) within any geographic region in which Executive has performed services for the Company Group during the last two (2) years of Executive’s employment with the Company Group. Executive agrees that in the event a court determines the length of time or the geographic area or activities prohibited under this Section 5 are too restrictive to be enforceable, the court may reduce the scope of the restriction to the extent necessary to make the restriction enforceable.

(d) Reasonableness of Restriction.

- (i) Executive acknowledges that the foregoing non-solicitation and non-competition restrictions placed upon Executive are necessary and reasonable, and that it has been made clear to Executive that Executive’s compliance with Section 5 of this Agreement is a material condition to the payments and benefits provided to Executive pursuant to Section 2 and Schedule 1 of this Agreement. Executive further acknowledges and agrees that, if Executive breaches any of the requirements of subsections (a), (b) and (c) of this Section 5, the restricted periods set forth therein shall be tolled during the time of such breach.
- (ii) Executive further acknowledges and agrees that the Company Group has attempted to impose the restrictions contained hereunder only to the extent necessary to protect the Company Group from unfair competition. However, should the scope or enforceability of the restrictive covenant be disputed at any time, Executive specifically agrees that a court may modify or enforce the covenant to the full extent it believes to be reasonable under the circumstances existing at the time.

- (e) Non-Disclosure. Executive further agrees that prior to and after the Termination Date, Executive will not use for himself or for others or divulge or convey to any other person (except those persons designated by the Company Group) any Confidential Information (as defined below) obtained by Executive during the period of Executive’s employment with the Company Group or pursuant to Section 9 hereof. Executive agrees to observe all Company policies and procedures that are in effect as of the Termination Date concerning such Confidential Information. Executive agrees that, except as may be permitted by written Company policies, Executive will not remove from Company’s premises any of such Confidential Information without the written authorization of the Company Group. Executive further agrees not to disclose or use after the Termination Date any Confidential Information unless hereafter specifically authorized to do so by the Company Group in writing, except that Executive may

disclose and use such information when necessary in the performance of Executive's duties for the Company Group. Executive's obligations under this Agreement will continue with respect to Confidential Information until such information becomes generally available from public sources through no fault of Executive's. Notwithstanding the foregoing, Executive may disclose Confidential Information if Executive is legally compelled by subpoena or otherwise, or is required by a regulatory body to make any disclosure that is otherwise prohibited by this subsection (e), in which case Executive will promptly notify the Company Group so that the Company Group may seek a protective order or other appropriate remedy if the Company Group deems such protection or remedy necessary under the circumstances. Subject to the foregoing, Executive may furnish only that portion of Confidential Information that Executive is legally compelled or required to disclose.

- (f) Definition of Confidential Information. As used herein, "**Confidential Information**" shall include, but is not limited to, the following categories of information, knowledge, or data currently known relating to the Company Group's business which is not in the public domain or otherwise publicly available (other than as result of a wrongful act of an agent or employee of the Company Group):
- (i) Any information concerning the Company Group's development methodologies or processes, products, suppliers or vendors, services, research and development, new product development, inventions, technological and engineering data, formulas, production plans and methods, and any related technical or manufacturing information;
 - (ii) Any information concerning the Company Group's financial or profit data, pricing and cost formulas, marketing information, sales representative or distributor lists, and any information relating to corporate developments (including possible acquisitions and divestitures);
 - (iii) Any information concerning the Company Group's current or prospective customer lists and arrangements, equipment and methods used or preferred by the Company Group's customers;
 - (iv) Any information concerning the Company Group's use of computer software, source code, object code, or algorithms retained in the Company Group's computer or computer systems;
 - (v) Any information supplied to or acquired by the Company Group under an obligation to keep such information confidential, including without limitation Protected Health Information (PHI) as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA); and
 - (vi) Any information known by Executive to (x) have value to any member of the Company Group and (y) not be generally available to the public.

Executive hereby acknowledges that some of this information may not be a “trade secret” under applicable law. Nevertheless, Executive agrees not to disclose it except as otherwise permitted under this Agreement.

- (g) Injunctive Relief. Executive further expressly acknowledges and agrees that any breach or threatened breach of the provisions of this Section 5 shall entitle any member of the Company Group, in addition to any other legal remedies available to it, to seek injunctive relief, to prevent any violation of this Section 5 without the necessity of any member of the Company Group posting bond or furnishing other security and without proving special damages or irreparable injury. Executive recognizes, acknowledges and agrees that the Company Group’s right to seek such injunctive relief is necessary to protect the Company Group’s interest.
 - (h) Severability. If any provision or provisions of this Section 5 shall be void, unlawful or unenforceable in whole or in part, such provision or provisions shall be deemed stricken from this Agreement, but this Section 5 and Agreement shall not otherwise be affected and the remaining provisions shall continue in full force and effect.
6. Return of Company Property. Executive represents and warrants that, on or before the 14th day following the Termination Date, Executive will return to Company or leave behind in Executive’s office in Chicago, Illinois all formulas, correspondence, reports, computer programs and similar items, customer lists, marketing and sales data and all other materials pertaining to Confidential Information, and all copies thereof, obtained by Executive during the period of Executive’s employment with Company which are in Executive’s possession or under his control. Executive further agrees that he will not make or retain any copies of any of the foregoing. Notwithstanding the foregoing, Executive shall be allowed to retain Executive’s Company-issued laptop if Executive cooperates with Company to ensure that Company shall have access to such laptop to remove from such laptop all software, files and other information pertaining to Company.
7. Non-Disparagement. Executive agrees not to make any adverse or disparaging comments (oral or written, including but not limited to, via any form of electronic media) about Company, its affiliates, or any of their respective officers, directors, managers or employees which may tend to impugn or injure their reputation, goodwill and relationships with their past, present and future customers, employees, vendors, investors and with the business community generally. Company agrees that its executive officers and directors shall not make any adverse or disparaging comments about Executive which may tend to impugn or injure Executive’s reputation and, upon Company having knowledge that an officer of the Company is making adverse or disparaging comments about Executive which may tend to impugn or injure Executive’s reputation, the Company shall promptly instruct such officer to cease making such comments. Nothing in this Section 7 is intended to prohibit, limit or prevent Executive or Company’s officers or directors from providing truthful testimony in a court of law, to a regulatory or law enforcement agency or pursuant to a properly issued subpoena, and such testimony would not be deemed to be a violation of this Section 7. Company and Executive shall agree upon mutually satisfactory initial internal and external statements.

-
8. Change of Control. If, during the period beginning on the Termination Date and ending on the date twelve (12) months after the Termination Date, there is a Change of Control pursuant to clause (i) or (iii) of the definition thereof in the Employment Agreement, Company shall provide to Executive the payments and benefits per Section 4.5.2 of the Employment Agreement within ten (10) business days after such Change of Control (the date such pay and benefits are provided referred to herein as the “**COC Payment Date**”), but with such payments and benefits offset by (a) the payments and benefits previously received by Executive per Section 2 above and (b) the payments and benefits to be received by Executive per Section 2 above on or after the COC Payment Date. Company shall provide written notice to Executive of the Change of Control within five (5) business days after the date that the Change of Control occurs. The payments and benefits provided under this Section 8 are contingent upon Executive’s compliance with the terms of this Agreement, including without limitation Sections 4(a), 5, 6, 7 and 9. For the avoidance of doubt, if this Section 8 triggers Executive’s receipt of payments and benefits pursuant to Section 4.5.2 of the Employment Agreement, the performance-based equity award described in Schedule 1, Row E would vest at target level. Notwithstanding the foregoing provisions in this Section 8, the performance-based equity award described in Schedule 1, Row G shall be subject to the satisfaction of the performance-based vesting conditions contained in such award.
9. Cooperation. Subject to his own employment obligations at the time, Executive agrees to use his best efforts to cooperate with reasonable requests of Company and its counsel with respect to matters with which Executive was directly and substantially involved during his employment with Company. Subject to the foregoing, such cooperation may include appearing from time to time at the offices of Company or Company’s counsel in Chicago, Illinois, for conferences and interviews and in generally providing the officers of Company and its counsel with the full benefit of Executive’s knowledge with respect to any such matter. Executive agrees to render such cooperation at such times as may be mutually agreeable to the parties. The Company shall compensate Executive for Executive’s time at a rate of \$500 per hour. In addition, Company shall reimburse Executive for his reasonable out-of-pocket costs and expenses.
10. Waiver of Any Re-Employment Right. Executive waives all interest in and right to reinstatement or re-employment with Company and any of its affiliates and agrees that any application for re-employment may be rejected without explanation or liability pursuant to this provision.
11. Miscellaneous.
- (a) Binding Effect. This Agreement shall be binding upon each of the parties and upon their respective heirs, administrators, representatives, executors, successors and assigns, and shall inure to the benefit of each party and to their respective heirs, administrators, representatives, executors, successors and assigns.

-
- (b) Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Delaware, without regard to the conflict of law provisions of any jurisdiction.
 - (c) Dispute Resolution. Executive expressly acknowledges and agrees that Section 9.9 (“Dispute Resolution and Arbitration”) of the Employment Agreement remains in full force and effect.
 - (d) Scope of Agreement. This Agreement and, as indicated, the Employment Agreement reflect the entire agreement between Executive and Company with respect to the terms and conditions of Executive’s employment relationship with Company and the termination of such employment relationship and, except as specifically provided herein, supersede all prior agreements and understandings, written or oral relating to the subject matter hereof.
 - (e) Notices. Any notice pertaining to this Agreement shall be in writing and shall be given in accordance with Section 9.6 of the Employment Agreement.
 - (f) Waiver of Breach. The waiver by either party to this Agreement of a breach of any provision of this Agreement shall not operate as or be deemed a waiver of any subsequent breach by such party. Continuation of benefits hereunder by Company following a breach by Executive of any provision of this Agreement shall not preclude Company from thereafter exercising any right that it may otherwise independently have to terminate said benefits based upon the same violation.
 - (g) Amendment. This Agreement may not be modified or amended except by a writing signed by Executive and an authorized member of the Board of Directors of the Company.
 - (h) Counterparts. This Agreement may be signed manually or via electronic signature and in multiple counterparts, each of which shall be deemed an original. Any executed counterpart returned by facsimile or PDF shall be deemed an original executed counterpart.
 - (i) No Third Party Beneficiaries. Unless specifically provided herein, the provisions of this Agreement are for the sole benefit of the parties to this Agreement and are not intended to confer upon any person not a party to this Agreement any rights hereunder.
 - (j) Terms and Construction. Each party has cooperated in the drafting and preparation of this Agreement. The language in all parts of this Agreement shall be in all cases construed according to its fair meaning and not strictly for or against either party.
 - (k) Admissions. Nothing in this Agreement is intended to be, or will be deemed to be, an admission of liability by Executive or Company to each other, or an admission that they or any of their agents, affiliates, or employees have violated any state, federal or local statute, regulation or ordinance or any principle of common law of any jurisdiction, or that they have engaged in any wrongdoing towards each other.

-
- (l) Withholding. Company may withhold from any amounts payable under this Agreement such federal, state and local taxes as may be required to be withheld pursuant to applicable laws or regulations.
 - (m) Calculations. The terms of Schedule 1 are intended to provide Executive the payments and benefits due per the terms of Section 4.5.1 of the Employment Agreement and other applicable compensation-related documents per terms applicable to a termination of Executive's employment without Cause. In the event of manifest error in any calculation reflected on Schedule 1, Company and Executive agree that the calculation shall be corrected and Executive provided the correct payment or benefit.
 - (n) Section 409A of the Code. Executive expressly acknowledges and agrees that Section 9.14 ("**Section 409A of the Code**") of the Employment Agreement remains in full force and effect and shall apply to this Agreement. Executive is a "specified employee" of Company and its affiliates (as defined in Treasury Regulation Section 1.409A-1(i)), and Executive is therefore subject to a delay in payment until the expiration of the six (6) month period following the date of Executive's separation from service from Company (pursuant to Treasury Regulation Section 1.409A-3(i)(2)(ii)) to receive payments provided hereunder to the extent such amounts are subject to Section 409A ("**Section 409A**") of the Internal Revenue Code of 1986, as amended.

EXHIBIT A

GENERAL RELEASE

WHEREAS, this General Release (this “**Release**”) is given by Glen E. Tullman (“**Executive**”) on the date indicated below at Executive’s signature, pursuant to the Separation Agreement between Allscripts Healthcare Solutions, Inc. (the “**Company**”) and Executive dated as of December [], 2012 (the “**Agreement**”); and

WHEREAS, in consideration for the payments and benefits provided by Company to Executive under the Agreement, which are conditioned upon his execution of a release and waiver of claims for the benefit of Company, Executive agrees to execute this Release.

NOW THEREFORE, in consideration of the mutual covenants contained under the Agreement and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, and intending to be legally bound, Executive agrees as follows:

1. In exchange for the benefits described in the Agreement, Executive hereby agrees to WAIVE any and all rights in connection with, and to fully RELEASE and forever discharge Company and its predecessors, parents, subsidiaries, divisions, related or affiliated companies, benefit plans, plan administrators and other plan fiduciaries, officers, directors, stockholders, members, employees, heirs, successors, assigns, representatives, agents and counsel (the “**Released Parties**”) from any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation in any form whatsoever, whether now known or unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, including without limitation on account of or in any way arising out of, relating to or in connection with Executive’s employment by or separation of employment from any of the Released Parties, and any and all claims for damages or injury to any entity, person, property or reputation arising therefrom, claims for wages, employment benefits, tort claims and claims under Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Civil Rights Act of 1866, the Employee Retirement Income Security Act of 1974, the National Labor Relations Act, the Fair Labor Standards Act, the Rehabilitation Act of 1973, the Family and Medical Leave Act of 1993, the Americans with Disabilities Act of 1990 and any other federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle of any state relating to employment, employment contracts, wrongful discharge or any other matter; provided, however, that the foregoing waiver and release shall not apply to (1) Executive’s rights to indemnification and advancement or reimbursement of expenses under Sections 3.3.6 and 8 of the Employment Agreement or Company’s certificate of incorporation or bylaws or applicable insurance policies, (2) Executive’s rights in respect of any benefit or claim to which Executive is entitled under employee pension or welfare benefit plans and programs of the Released Parties in which Executive is a participant prior to the date below, or (3) Executive’s rights to enforce the Agreement.

2. Release of Age Discrimination Claims. In further consideration of the promises made by Company in the Agreement, Executive specifically waives any and all rights in connection with, and fully RELEASES and forever discharges the Released Parties from, any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation in any form whatsoever, whether now known or

unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, arising under the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. Sec. 621, et seq. (“**ADEA**”). Executive further agrees that:

(a) Executive’s waiver of rights under this Release is knowing and voluntary and in compliance with the Older Workers Benefit Protection Act of 1990;

(b) Executive understands the terms of this Release;

(c) the consideration provided in the Agreement represents consideration over and above that to which Executive otherwise would be entitled, that the consideration would not have been provided had Executive not signed this Release, and that the consideration is in exchange for the signing of this Release;

(d) Company is hereby advising Executive in writing to consult with Executive’s attorney prior to executing this Release;

(e) Company is giving Executive a period of at least forty-five (45) days within which to consider this Release;

(f) following the execution of this Release, Executive has seven (7) days in which to revoke this Release by written notice. To be effective, the revocation must be made in writing and delivered to and received by the Chairman of the Board of Directors, Allscripts Healthcare Solutions, Inc., 222 Merchandise Mart Plaza, Suite 2024, Chicago, Illinois 60654, no later than 5:00 p.m. Central Time on the seventh day after Executive executes this Release. An attempted revocation not actually received by the Chairman of the Board of Directors before the revocation deadline will not be effective; and

(g) this entire Release shall be void and of no force and effect if Executive chooses to so revoke, and, if Executive chooses not to so revoke, this Release shall then become fully effective and enforceable.

This Section 2 does not waive rights or claims that may arise under the ADEA after the date Executive signs this Release.

3. Proceedings; No Admissions.

(a) Executive hereby represents and warrants that he has no pending claims against any of the Released Parties with any municipal, state, federal or other governmental or nongovernmental entity. Notwithstanding anything to the contrary, this Release shall not prevent Executive from (A) initiating or causing to be initiated on Executive’s behalf any complaint, charge, claim or proceeding against any of the Released Parties before any local, state or federal agency, court or other body challenging the validity of the waiver of Executive’s claims under the ADEA contained in this Release (but no other portions of the waivers and releases described in Sections 1 or 2); or (B) initiating or participating in an investigation or proceeding conducted by the Equal Employment Opportunity Commission with respect to the ADEA.

(b) Both parties acknowledge and agree that this Release does not constitute, is not intended to be, and shall not be construed, interpreted or treated in any respect as, and shall not be admissible in any proceeding as, an admission of liability, error, violation, omission or wrongdoing by either party for any purpose whatsoever. Further, both parties acknowledge and agree that there has been no determination that either party has violated any federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle. Executive further acknowledges that no precedent, practice, policy or usage shall be established by this Release or the offer to Executive of compensation and benefits in the Agreement.

4. Effect of Claim. Executive also understands and agrees that in the event Executive, by himself, or in conjunction with Executive's heirs, spouse, family members, executors, or administrators attempt to institute or do institute any charge, claim, suit or action against any of the Released Parties in violation of this Release, Executive shall be obligated, as an express condition of bringing such action, to tender back to Company the full amount of the compensation and benefits that Executive has received under the Agreement; and Executive further agrees that Executive will pay all of the Released Parties' costs, expenses and fees of defending against such action, including, among other things, reasonable attorneys' fees. The immediately prior sentence does not apply to claims under ADEA or to challenge the release of ADEA claims under this Release; provided, however, nothing in this Release is intended to reflect any party's belief that Executive's waiver of claims under ADEA is invalid or unenforceable under this Release, it being the intent of Executive and Company that such claims are waived. This Section 4 does not grant Executive an option to return the money and institute an action. Instead this paragraph merely creates an additional term and condition precedent to bringing an action regardless of the fact that such action is expressly barred by this Release, and is without merit.

IN WITNESS WHEREOF, Executive has executed and delivered this Release on the date set forth below.

Date: _____

SEPARATION AGREEMENT

This Separation Agreement (this “**Agreement**”) is effective as of the 19th day of December, 2012 (the “**Effective Date**”), by and between Lee Shapiro (“**Executive**”) and Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (formerly known as Allscripts-Misys Healthcare Solutions, Inc., “**Company**”). Terms used in this Agreement but not specifically defined herein shall have the same meaning as in the Employment Agreement (defined below).

WHEREAS, Company and Executive entered into an Employment Agreement dated March 17, 2008 and amended on July 31, 2010 and June 5, 2012 (the “**Employment Agreement**”); and

WHEREAS, Company and Executive desire to set forth the terms of Executive’s termination of employment, severance benefits and other matters related thereto.

NOW, THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Termination Date.** As of the close of business on December 19, 2012 (the “**Termination Date**”), Executive’s service as an officer and employment with Company is terminated and Executive irrevocably resigns from all other positions with, and boards of directors of, the Company and any subsidiaries and affiliated companies of Company.
2. **Severance Pay and Benefits.** Executive’s termination of employment is by mutual agreement of the parties and shall be treated as a Termination without Cause pursuant to Section 4.3 of the Employment Agreement. Subject to Executive’s compliance with the terms of this Agreement, Executive shall receive:
 - (a) Payment of any Base Salary amounts that have accrued but have not yet been paid as of the Termination Date, payment for any vacation that has accrued but not been used as of the Termination Date and the unpaid Performance Bonus, if any, with respect to the Fiscal Year preceding the Fiscal Year in which the Termination Date occurs, pursuant to Section 4.5.1 of the Employment Agreement.
 - (b) The other payments and benefits set forth in Section 4.5.1 of the Employment Agreement, which are described and shall be paid or provided in accordance with the terms of Schedule 1 attached to this Agreement. In consideration of the consulting agreement being entered into concurrently with this Agreement (the “**Consulting Agreement**”), the equity vesting in Schedule 1 includes six additional months.
 - (c) Reimbursement of reasonable professional fees incurred by Executive in regard to his separation from Company, subject to a maximum of \$10,000, to be paid (i) within fourteen (14) days after Company receives documentation of such expenses and (ii) in accordance with the last paragraph of Section 10.14 of the Employment Agreement.

-
- (d) All expenses incurred by Executive prior to the Termination Date that are reimbursable pursuant to Section 3.4 of the Employment Agreement. Such expenses shall be paid (i) within fourteen (14) days after Company receives documentation of such expenses and (ii) in accordance with the last paragraph of Section 10.14 of the Employment Agreement.
3. No Other Payments. Executive expressly acknowledges and agrees that, other than as specifically provided for in this Agreement and on Schedule 1, no additional payments or benefits are due from Company on any basis whatsoever. Notwithstanding the foregoing, the Executive is not releasing (i) Executive's rights and any claim to benefits under any employee pension or welfare benefit plans of the Company or its affiliates or (ii) Executive's rights to indemnification (including the immediate advancement of all legal fees with respect to any claim for indemnification) or reimbursement of expenses under Sections 3.3.5 and 9 of the Employment Agreement or Company's certificate of incorporation or bylaws or applicable insurance policies or (iii) Executive's right to payment under the Consulting Agreement.
4. Release.
- (a) The benefits and payments to Executive provided under this Agreement are subject to Executive's execution of (without revocation) and delivery to Company by the forty-fifth (45th) day following the Termination Date (the "**Consideration Period**") of a release and waiver (the "**Release**") in the form attached hereto as Exhibit A; provided however that if Executive does not execute and deliver a release to Company prior to the expiration of the Consideration Period or if Executive revokes the release in accordance with its terms, the shares acquired upon settlement of the restricted stock units set forth on Schedule 1 shall be immediately cancelled by the Company; provided further that, prior to the expiration of the Consideration Period and the Release revocation period, the Executive shall not transfer the shares acquired upon settlement of the restricted stock units set forth on Schedule 1 and, in the event of any transfer in violation of this Section 4(a), such shares shall be immediately cancelled by Company.
- (b) Subject to the expiration of the revocation period under the Release and in exchange for Executive's obligations under this Agreement, Company and its predecessors, parents, subsidiaries, divisions, related or affiliated companies, benefit plans, plan administrators and other plan fiduciaries, officers, directors, stockholders, successors, assigns, representatives, agents and counsel hereby agree not to sue Executive for any actions not rising to the level of Non-Released Conduct (as defined below) or based upon the facts that are known on the date of this Agreement by any director of the Company (not including Mr. Tullman) as of the date of this Agreement (the "**Known Facts**"), and agrees to release and forever discharge Executive from any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys' fees, and compensation in any form whatsoever, in law or in equity, which Company has or ever had (from the beginning of time through and including the

Effective Date) against Executive, including without limitation on account of or in any way arising out of, relating to or in connection with Executive's employment by or separation of employment from Company, and any and all claims for damages or injury to any entity, person, property or reputation arising therefrom, and any claim under any federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle of any state, but only to the extent such torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys' fees, and compensation are based upon Known Facts or do not rise to the level of Non-Released Conduct; provided, however, nothing herein precludes Company from enforcing its rights under this Agreement or its rights to recover taxes, advances or reimbursement of expenses if such taxes, advances or expense reimbursements were provided to Executive in violation of law or then-current Company policy; provided, further, that nothing contained in this Section 4(b) shall apply to, or release Executive from, any obligation or commitment of Executive contained in this Agreement or otherwise arising after the date of this Agreement. "Non-Released Conduct" means (i) any breach of Executive's duty of loyalty to Company or its stockholders, (ii) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (iii) actions under Section 174 of the Delaware General Corporation Law or (iv) actions relating to any transaction from which Executive derived an improper personal benefit.

5. Restrictive Covenants. Executive expressly acknowledges and agrees that Section 5 ("**Noncompetition and Confidentiality**") of the Employment Agreement is replaced in its entirety by this Section 5. The growth and development of Company and its affiliates and subsidiaries (collectively, the "**Company Group**") depends to a significant degree on the possession and protection of its customer lists, customer information and other confidential and proprietary information relating to the Company Group's products, production methods, research and development and marketing. All Company Group employees and others engaged to perform services for the Company Group have a common interest and responsibility in seeing that such customer information and other confidential information is not disclosed to any unauthorized persons or used other than for the Company Group's benefit. Therefore, in consideration for the payments and benefits provided under Section 2 and on Schedule 1 and other mutual promises contained herein:
- (a) Non-Solicitation; No-Hire. Executive acknowledges that the identity and particular needs of the Company Group's customers are not generally known in the health care information technology and consulting industry; that the Company Group has near permanent relationships with, and a proprietary interest in the identity of, its customers and their particular needs and requirements; and that documents and information regarding the Company Group's pricing, sales, costs and specialized requirements of the Company Group's customers are highly confidential and constitute trade secrets. Accordingly, Executive covenants and agrees, which covenant and agreement is the essence of this Section 5 and the benefits and mutual promises provided under this Agreement, that for a period of eighteen (18) months after the

Termination Date, Executive will not, except on behalf of the Company Group, directly or indirectly: (i) call on or solicit any Prospects or any accounts or customers of the Company Group which Executive called upon, solicited or sold to while employed by the Company Group, for the purpose of soliciting, selling and/or providing, to any such Prospect, account or customer, any products or services in competition with any products or services then-being sold by the Company Group; and (ii) solicit, or accept if offered to Executive, with or without solicitation, the services of any person who is an Employee of the Company Group, nor solicit any Employee of the Company Group to terminate employment with the Company Group, nor agree to hire any Employee of the Company Group into employment with Executive or any other person or entity. Executive agrees not to solicit in violation of clause (i) above such Prospects, accounts, customers or employees for Executive or for any other person, corporation, partnership or other business entity. “**Prospects**” means entities or individuals which have had direct contact with Executive for the purpose of having such entity or individual enter into a relationship with a member of the Company Group for the purpose of providing products or services to such entity or individual. “Employee” means any person who is or was employed by Company Group during the Employment Period; provided, however, that “Employee” shall not include any person (a) whose employment with Company Group was terminated by Company Group without cause or (b) who was not employed by Company Group at any time during the six (6) month period immediately prior to the Termination Date.

- (b) Non-Interference with Business Relationships. For a period of eighteen (18) months after the Termination Date, Executive will not interact with any person or entity with which the Company Group has a business relationship as of the Termination Date, if such interaction is with the intent of affecting such relationship or potential relationship in a manner adverse to the Company Group.
- (c) Non-Competition. In consideration of Executive’s access to and entrustment of Confidential Information (as defined below) and trade secrets, the benefits provided hereunder and other mutual promises contained herein, and as a condition precedent to such benefits provided hereunder, Executive agrees that for a period of eighteen (18) months after the Termination Date, Executive shall not, directly or indirectly, for Executive’s own benefit or for the benefit of others, render services for a Competing Organization anywhere within the Restricted Territory. The prohibitions in this Section 5(c) apply regardless of where such services physically are rendered.

For purposes of this Agreement, “**Competing Organization**” means (i) persons or organizations, including Executive, engaged in or, to Executive’s knowledge, about to be engaged in, research or development, production, distribution, marketing, providing or selling electronic medical record or practice management software or revenue cycle management software for ambulatory or acute care environments or (ii) any of the organizations identified in a letter from the Company of even date herewith relating to this subject matter.

For purposes of this Agreement, “**Restricted Territory**” means (i) within the United States and within each country in which the Company Group has conducted business in the prior twenty-four (24) month period, but if such area is determined by judicial action to be too broad, then it shall mean (ii) within the continental United States, but if such area is determined by judicial action to be too broad, then it shall mean (iii) within any geographic region in which Executive has performed services for the Company Group during the last two (2) years of Executive’s employment with the Company Group. Executive agrees that in the event a court determines the length of time or the geographic area or activities prohibited under this Section 5 are too restrictive to be enforceable, the court may reduce the scope of the restriction to the extent necessary to make the restriction enforceable.

(d) Reasonableness of Restriction.

- (i) Executive acknowledges that the foregoing non-solicitation and non-competition restrictions placed upon Executive are necessary and reasonable, and that it has been made clear to Executive that Executive’s compliance with Section 5 of this Agreement is a material condition to the payments and benefits provided to Executive pursuant to Section 2 and Schedule 1 of this Agreement. Executive further acknowledges and agrees that, if Executive breaches any of the requirements of subsections (a), (b) and (c) of this Section 5, the restricted periods set forth therein shall be tolled during the time of such breach.
- (ii) Executive further acknowledges and agrees that the Company Group has attempted to impose the restrictions contained hereunder only to the extent necessary to protect the Company Group from unfair competition. However, should the scope or enforceability of the restrictive covenant be disputed at any time, Executive specifically agrees that a court may modify or enforce the covenant to the full extent it believes to be reasonable under the circumstances existing at the time.

- (e) Non-Disclosure. Executive further agrees that prior to and after the Termination Date, Executive will not use for himself or for others or divulge or convey to any other person (except those persons designated by the Company Group) any Confidential Information (as defined below) obtained by Executive during the period of Executive’s employment with the Company Group or thereafter pursuant to Section 9. Executive agrees to observe all Company policies and procedures that are in effect as of the Termination Date concerning such Confidential Information. Executive agrees that, except as may be permitted by written Company policies, Executive will not remove from Company’s premises any of such Confidential Information without the written authorization of the Company Group. Executive further agrees not to disclose or use after the Termination Date any Confidential Information unless hereafter specifically authorized to do so by the Company Group in writing, except that Executive may disclose and use such information when necessary in the performance of Executive’s duties for the Company Group. Executive’s obligations under this Agreement will continue with respect to Confidential Information until such

information becomes generally available from public sources through no fault of Executive's. Notwithstanding the foregoing, Executive may disclose Confidential Information if Executive is legally compelled by subpoena or otherwise, or is required by a regulatory body to make any disclosure that is otherwise prohibited by this subsection (e), in which case Executive will promptly notify the Company Group so that the Company Group may seek a protective order or other appropriate remedy if the Company Group deems such protection or remedy necessary under the circumstances. Subject to the foregoing, Executive may furnish only that portion of Confidential Information that Executive is legally compelled or required to disclose.

- (f) Definition of Confidential Information. As used herein, "**Confidential Information**" shall include, but is not limited to, the following categories of information, knowledge, or data currently known relating to the Company Group's business which is not in the public domain or otherwise publicly available (other than as result of a wrongful act of an agent or employee of the Company Group):
- (i) Any information concerning the Company Group's development methodologies or processes, products, suppliers or vendors, services, research and development, new product development, inventions, technological and engineering data, formulas, production plans and methods, and any related technical or manufacturing information;
 - (ii) Any information concerning the Company Group's financial or profit data, pricing and cost formulas, marketing information, sales representative or distributor lists, and any information relating to corporate developments (including possible acquisitions and divestitures);
 - (iii) Any information concerning the Company Group's current or prospective customer lists and arrangements, equipment and methods used or preferred by the Company Group's customers;
 - (iv) Any information concerning the Company Group's use of computer software, source code, object code, or algorithms retained in the Company Group's computer or computer systems;
 - (v) Any information supplied to or acquired by the Company Group under an obligation to keep such information confidential, including without limitation Protected Health Information (PHI) as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA); and
 - (vi) Any information known by Executive to (x) have value to any member of the Company Group and (y) not be generally available to the public.

Executive hereby acknowledges that some of this information may not be a "trade secret" under applicable law. Nevertheless, Executive agrees not to disclose it except as otherwise permitted under this Agreement.

-
- (g) Injunctive Relief. Executive further expressly acknowledges and agrees that any breach or threatened breach of the provisions of this Section 5 shall entitle any member of the Company Group, in addition to any other legal remedies available to it, to seek injunctive relief, to prevent any violation of this Section 5 without the necessity of any member of the Company Group posting bond or furnishing other security and without proving special damages or irreparable injury. Executive recognizes, acknowledges and agrees that the Company Group's right to seek such injunctive relief is necessary to protect the Company Group's interest.
- (h) Severability. If any provision or provisions of this Section 5 shall be void, unlawful or unenforceable in whole or in part, such provision or provisions shall be deemed stricken from this Agreement, but this Section 5 and Agreement shall not otherwise be affected and the remaining provisions shall continue in full force and effect.
6. Return of Company Property. Executive represents and warrants that, on or before the 14th day following the expiration of the consulting period set forth in the Consulting Agreement, Executive will return to Company or leave behind in Executive's office in Chicago, Illinois all formulas, correspondence, reports, computer programs and similar items, customer lists, marketing and sales data and all other materials pertaining to Confidential Information, and all copies thereof, obtained by Executive during the period of Executive's employment with Company which are in Executive's possession or under his control. Executive further agrees that he will not make or retain any copies of any of the foregoing. Notwithstanding the foregoing, Executive shall be allowed to retain Executive's Company-issued laptop if Executive cooperates with Company to ensure that Company shall have access to such laptop to remove from such laptop all software, files and other information pertaining to Company.
7. Non-Disparagement. Executive agrees not to make any adverse or disparaging comments (oral or written, including but not limited to, via any form of electronic media) about Company, its affiliates, or any of their respective officers, directors, managers or employees which may tend to impugn or injure their reputation, goodwill and relationships with their past, present and future customers, employees, vendors, investors and with the business community generally. Company agrees that its executive officers and directors shall not make any adverse or disparaging comments about Executive which may tend to impugn or injure Executive's reputation and, upon Company having knowledge that an officer of the Company is making adverse or disparaging comments about Executive which may tend to impugn or injure Executive's reputation, the Company shall promptly instruct such officer to cease making such comments. Nothing in this Section 7 is intended to prohibit, limit or prevent Executive or Company's officers or directors from providing truthful testimony in a court of law, to a regulatory or law enforcement agency or pursuant to a properly issued subpoena, and such testimony would not be deemed to be a violation of this Section 7. Company and Executive shall agree upon mutually satisfactory initial internal and external statements.

-
8. Change of Control. If, during the period beginning on the Termination Date and ending on the date twelve (12) months after the Termination Date, there is a Change of Control pursuant to clause (i) or (iii) of the definition thereof in the Employment Agreement, Company shall provide to Executive the payments and benefits per Section 4.5.2 of the Employment Agreement within ten (10) business days after such Change of Control (the date such pay and benefits are provided referred to herein as the “**COC Payment Date**”), but with such payments and benefits offset by (a) the payments and benefits previously received by Executive per Section 2 above and (b) the payments and benefits to be received by Executive per Section 2 above on or after the COC Payment Date. Company shall provide written notice to Executive of the Change of Control within five (5) business days after the date that the Change of Control occurs. The payments and benefits provided under this Section 8 are contingent upon Executive’s compliance with the terms of this Agreement, including without limitation Sections 4(a), 5, 6, 7 and 9. For the avoidance of doubt, if this Section 8 triggers Executive’s receipt of payments and benefits pursuant to Section 4.5.2 of the Employment Agreement, the performance-based equity award described in Schedule 1, Row E would vest at target level.
9. Cooperation. Subject to his own employment obligations following the expiration of the Consulting Period, Executive agrees to use his best efforts to cooperate with reasonable requests of Company and its counsel with respect to matters with which Executive was directly and substantially involved during his employment with Company. Subject to the foregoing, such cooperation may include appearing from time to time at the offices of Company or Company’s counsel in Chicago, Illinois, for conferences and interviews and in generally providing the officers of Company and its counsel with the full benefit of Executive’s knowledge with respect to any such matter. Executive agrees to render such cooperation at such times as may be mutually agreeable to the parties. Following the expiration of the Consulting Period, Company shall compensate Executive for Executive’s time at a rate of \$500 per hour.
10. Waiver of Any Re-Employment Right. Executive waives all interest in and right to reinstatement or re-employment with Company and any of its affiliates and agrees that any application for re-employment may be rejected without explanation or liability pursuant to this provision.
11. Miscellaneous.
- (a) Binding Effect. This Agreement shall be binding upon each of the parties and upon their respective heirs, administrators, representatives, executors, successors and assigns, and shall inure to the benefit of each party and to their respective heirs, administrators, representatives, executors, successors and assigns.
- (b) Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Delaware, without regard to the conflict of law provisions of any jurisdiction.

-
- (c) Dispute Resolution. Executive expressly acknowledges and agrees that Section 10.9 (“Dispute Resolution and Arbitration”) of the Employment Agreement remains in full force and effect.
 - (d) Scope of Agreement. This Agreement and, as indicated, the Employment Agreement reflect the entire agreement between Executive and Company with respect to the terms and conditions of Executive’s employment relationship with Company and the termination of such employment relationship and, except as specifically provided herein, supersede all prior agreements and understandings, written or oral relating to the subject matter hereof.
 - (e) Notices. Any notice pertaining to this Agreement shall be in writing and shall be given in accordance with Section 10.6 of the Employment Agreement.
 - (f) Waiver of Breach. The waiver by either party to this Agreement of a breach of any provision of this Agreement shall not operate as or be deemed a waiver of any subsequent breach by such party. Continuation of benefits hereunder by Company following a breach by Executive of any provision of this Agreement shall not preclude Company from thereafter exercising any right that it may otherwise independently have to terminate said benefits based upon the same violation.
 - (g) Amendment. This Agreement may not be modified or amended except by a writing signed by Executive and an authorized member of the Board of Directors of the Company.
 - (h) Counterparts. This Agreement may be signed manually or via electronic signature and in multiple counterparts, each of which shall be deemed an original. Any executed counterpart returned by facsimile or PDF shall be deemed an original executed counterpart.
 - (i) No Third Party Beneficiaries. Unless specifically provided herein, the provisions of this Agreement are for the sole benefit of the parties to this Agreement and are not intended to confer upon any person not a party to this Agreement any rights hereunder.
 - (j) Terms and Construction. Each party has cooperated in the drafting and preparation of this Agreement. The language in all parts of this Agreement shall be in all cases construed according to its fair meaning and not strictly for or against either party.
 - (k) Admissions. Nothing in this Agreement is intended to be, or will be deemed to be, an admission of liability by Executive or Company to each other, or an admission that they or any of their agents, affiliates, or employees have violated any state, federal or local statute, regulation or ordinance or any principle of common law of any jurisdiction, or that they have engaged in any wrongdoing towards each other.

-
- (l) Withholding. Company may withhold from any amounts payable under this Agreement such federal, state and local taxes as may be required to be withheld pursuant to applicable laws or regulations.
 - (m) Calculations. The terms of Schedule 1 are intended to provide Executive the payments and benefits due per the terms of Section 4.5.1 of the Employment Agreement and other applicable compensation-related documents per terms applicable to a termination of Executive's employment without Cause. In the event of manifest error in any calculation reflected on Schedule 1, Company and Executive agree that the calculation shall be corrected and Executive provided the correct payment or benefit.
 - (n) Section 409A of the Code. Executive expressly acknowledges and agrees that Section 10.14 ("**Section 409A of the Code**") of the Employment Agreement remains in full force and effect and shall apply to this Agreement. Executive is a "specified employee" of Company and its affiliates (as defined in Treasury Regulation Section 1.409A-1(i)), and Executive is therefore subject to a delay in payment until the expiration of the six (6) month period following the date of Executive's separation from service from Company (pursuant to Treasury Regulation Section 1.409A-3(i)(2)(ii)) to receive payments provided hereunder to the extent such amounts are subject to Section 409A ("**Section 409A**") of the Internal Revenue Code of 1986, as amended.

EXHIBIT A
GENERAL RELEASE

WHEREAS, this General Release (this “**Release**”) is given by Lee Shapiro (“**Executive**”) on the date indicated below at Executive’s signature, pursuant to the Separation Agreement between Allscripts Healthcare Solutions, Inc. (the “**Company**”) and Executive dated as of December __, 2012 (the “**Agreement**”); and

WHEREAS, in consideration for the payments and benefits provided by Company to Executive under the Agreement, which are conditioned upon his execution of a release and waiver of claims for the benefit of Company, Executive agrees to execute this Release.

NOW THEREFORE, in consideration of the mutual covenants contained under the Agreement and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, and intending to be legally bound, Executive agrees as follows:

1. In exchange for the benefits described in the Agreement, Executive hereby agrees to WAIVE any and all rights in connection with, and to fully RELEASE and forever discharge Company and its predecessors, parents, subsidiaries, divisions, related or affiliated companies, benefit plans, plan administrators and other plan fiduciaries, officers, directors, stockholders, members, employees, heirs, successors, assigns, representatives, agents and counsel (the “**Released Parties**”) from any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation in any form whatsoever, whether now known or unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, including without limitation on account of or in any way arising out of, relating to or in connection with Executive’s employment by or separation of employment from any of the Released Parties, and any and all claims for damages or injury to any entity, person, property or reputation arising therefrom, claims for wages, employment benefits, tort claims and claims under Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Civil Rights Act of 1866, the Employee Retirement Income Security Act of 1974, the National Labor Relations Act, the Fair Labor Standards Act, the Rehabilitation Act of 1973, the Family and Medical Leave Act of 1993, the Americans with Disabilities Act of 1990 and any other federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle of any state relating to employment, employment contracts, wrongful discharge or any other matter; provided, however, that the foregoing waiver and release shall not apply to (1) Executive’s rights to indemnification and advancement or reimbursement of expenses under Sections 3.3.5 and 9 of the Employment Agreement or Company’s certificate of incorporation or bylaws or applicable insurance policies, (2) Executive’s rights in respect of any benefit or claim to which Executive is entitled under employee pension or welfare benefit plans and programs of the Released Parties in which Executive is a participant prior to the date below, or (3) Executive’s rights to enforce the Agreement.

2. Release of Age Discrimination Claims. In further consideration of the promises made by Company in the Agreement, Executive specifically waives any and all rights in connection with, and fully RELEASES and forever discharges the Released Parties from, any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys' fees, and compensation in any form whatsoever, whether now known or unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, arising under the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. Sec. 621, et seq. ("ADEA"). Executive further agrees that:

(a) Executive's waiver of rights under this Release is knowing and voluntary and in compliance with the Older Workers Benefit Protection Act of 1990;

(b) Executive understands the terms of this Release;

(c) the consideration provided in the Agreement represents consideration over and above that to which Executive otherwise would be entitled, that the consideration would not have been provided had Executive not signed this Release, and that the consideration is in exchange for the signing of this Release;

(d) Company is hereby advising Executive in writing to consult with Executive's attorney prior to executing this Release;

(e) Company is giving Executive a period of at least forty-five (45) days within which to consider this Release;

(f) following the execution of this Release, Executive has seven (7) days in which to revoke this Release by written notice. To be effective, the revocation must be made in writing and delivered to and received by the Chairman of the Board of Directors, Allscripts Healthcare Solutions, Inc., 222 Merchandise Mart Plaza, Suite 2024, Chicago, Illinois 60654, no later than 5:00 p.m. Central Time on the seventh day after Executive executes this Release. An attempted revocation not actually received by the Chairman of the Board of Directors before the revocation deadline will not be effective; and

(g) this entire Release shall be void and of no force and effect if Executive chooses to so revoke, and, if Executive chooses not to so revoke, this Release shall then become fully effective and enforceable.

This Section 2 does not waive rights or claims that may arise under the ADEA after the date Executive signs this Release.

3. Proceedings: No Admissions.

(a) Executive hereby represents and warrants that he has no pending claims against any of the Released Parties with any municipal, state, federal or other governmental or nongovernmental entity. Notwithstanding anything to the contrary, this Release shall not prevent Executive from (A) initiating or causing to be initiated on Executive's behalf any complaint, charge, claim or proceeding against any of the Released Parties before any local, state or federal agency, court or other body challenging the validity of the waiver of Executive's claims under the ADEA contained in this Release (but no other portions of the waivers and releases described in Sections 1 or 2); or (B) initiating or participating in an investigation or proceeding conducted by the Equal Employment Opportunity Commission with respect to the ADEA.

(b) Both parties acknowledge and agree that this Release does not constitute, is not intended to be, and shall not be construed, interpreted or treated in any respect as, and shall not be admissible in any proceeding as, an admission of liability, error, violation, omission or wrongdoing by either party for any purpose whatsoever. Further, both parties acknowledge and agree that there has been no determination that either party has violated any federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle. Executive further acknowledges that no precedent, practice, policy or usage shall be established by this Release or the offer to Executive of compensation and benefits in the Agreement.

4. Effect of Claim. Executive also understands and agrees that in the event Executive, by himself, or in conjunction with Executive's heirs, spouse, family members, executors, or administrators attempt to institute or do institute any charge, claim, suit or action against any of the Released Parties in violation of this Release, Executive shall be obligated, as an express condition of bringing such action, to tender back to Company the full amount of the compensation and benefits that Executive has received under the Agreement; and Executive further agrees that Executive will pay all of the Released Parties' costs, expenses and fees of defending against such action, including, among other things, reasonable attorneys' fees. The immediately prior sentence does not apply to claims under ADEA or to challenge the release of ADEA claims under this Release; provided, however, nothing in this Release is intended to reflect any party's belief that Executive's waiver of claims under ADEA is invalid or unenforceable under this Release, it being the intent of Executive and Company that such claims are waived. This Section 4 does not grant Executive an option to return the money and institute an action. Instead this paragraph merely creates an additional term and condition precedent to bringing an action regardless of the fact that such action is expressly barred by this Release, and is without merit.

IN WITNESS WHEREOF, Executive has executed and delivered this Release on the date set forth below.

EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (this “**Agreement**”) is made as of this 17th day of June, 2011 (the “**Signing Date**”), to become effective the 11th day of July, 2011 (the “**Effective Date**”), by and between Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Company**”), and Clifford B. Meltzer (“**Executive**”).

RECITALS

WHEREAS, commencing on the Effective Date, Company desires to employ Executive subject to the terms and conditions of this Agreement; and

WHEREAS, Executive desires to be employed by Company subject to the terms and conditions of this Agreement.

NOW THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

1. Employment.

Company hereby agrees to employ Executive, and Executive hereby accepts employment, as the Executive Vice President, Solutions Development of Company, pursuant to the terms of this Agreement. Executive shall have the duties and responsibilities and perform such administrative and managerial services of that position as are delegated or assigned to Executive by the Chief Executive Officer from time to time. Executive shall carry out Executive’s responsibilities hereunder on a full-time basis for and on behalf of Company; provided that Executive shall be entitled to devote time to personal investments, civic and charitable activities, and personal education and development, so long as such activities do not interfere with or conflict with Executive’s duties hereunder. Notwithstanding the foregoing, Executive agrees that, during the term of this Agreement, Executive shall not act as an officer of any entity other than Company without the prior written consent of Company.

2. Term.

The term of Executive’s employment by Company under this Agreement (the “**Employment Period**”) shall commence on the Effective Date and shall continue in effect through the third anniversary of the Effective Date, unless earlier terminated as provided herein. Thereafter, unless Company or Executive shall elect not to renew the Employment Period upon the expiration of the initial term or any renewal term, which election shall be made by providing written notice of nonrenewal to the other party at least ninety (90) days prior to the expiration of the then current term, the Employment Period shall be extended for an additional twelve (12) months. If Company elects not to renew the Employment Period at the end of the initial

term or any renewal term, such nonrenewal shall be treated as a termination of the Employment Period and Executive's employment without Cause by Company for the limited purpose of determining the payments and benefits available to Executive (i.e., Executive shall be entitled to the severance benefits set forth in Section 4.5.1). If Executive elects not to renew the Employment Period, the same shall constitute a termination of Executive's employment and the Employment Period by Executive without Constructive Discharge, and Executive shall only be entitled to the payments and benefits set forth in Section 4.5.3.

3. Compensation and Benefits.

In consideration for the services Executive shall render under this Agreement, Company shall provide or cause to be provided to Executive the following compensation and benefits:

3.1 Base Salary. During the Employment Period, Company shall pay to Executive an annual base salary at a rate of \$425,000 per annum, subject to all appropriate federal and state withholding taxes, which base salary shall be payable in accordance with Company's normal payroll practices and procedures. Executive's base salary shall be reviewed annually by the Chief Executive Officer of Company (the "**CEO**"), who shall recommend any increases to the Compensation Committee (the "**Compensation Committee**") of the Board of Directors of Company (the "**Board**"), and may be increased in the sole discretion of the Board or Compensation Committee based on Executive's performance during the preceding calendar year. Executive's base salary, as such base salary may be increased annually hereunder, is hereinafter referred to as the "**Base Salary**."

3.2 Performance Bonus. Executive shall be eligible to receive cash bonuses in accordance with this Section 3.2 (each a "**Performance Bonus**"). The amount and payment of any Performance Bonus shall be subject to a recommendation by the CEO to the Compensation Committee, and such Performance Bonus shall be determined in the sole discretion of, and based upon criteria selected by, the Compensation Committee. Subject to the foregoing exercise of discretion, Executive's annual target Performance Bonus shall be 85% of Executive's Base Salary (the "**Target Performance Bonus**"), but may, based on performance, be less than or exceed such amount. Performance Bonuses shall be paid according to the terms of the bonus plan or program in which Executive participates from time to time.

3.3 Benefits. During the Employment Period and as otherwise provided hereunder, Executive shall be entitled to the following:

3.3.1 Vacation. Executive shall be entitled four (4) weeks per calendar year of paid vacation in accordance with Company's vacation policy for similarly-situated employees.

3.3.2 Participation in Benefit Plans. Executive shall be entitled to health and/or dental benefits, including immediate coverage for Executive and Executive's eligible dependents, which are generally available to similarly situated employees and as provided by Company in accordance with its group health insurance plan coverage. In addition, Executive shall be entitled to participate in any profit sharing plan, retirement plan, group life insurance plan or other insurance plan or medical expense plan maintained by Company for its salaried employees generally, in accordance with the general eligibility criteria therein.

3.4 Expenses. Company shall reimburse Executive for proper and necessary expenses incurred by Executive in the performance of Executive's duties under this Agreement from time to time upon Executive's submission to Company of invoices of such expenses in reasonable detail and subject to all standard policies and procedures of Company with respect to such expenses.

3.5 Stock Awards. Executive shall be eligible to participate in any applicable stock bonus, stock option, or similar plan implemented by Company and generally available to its senior executive employees. The amount of any awards made thereunder shall be in the sole discretion of the Board or Compensation Committee. Subject to Board or Compensation Committee approval, Company shall grant to Executive, as soon as practicable on or after the Effective Date, awards of Company restricted stock units ("**RSUs**"), under a Company stock incentive plan, with an aggregate grant-date value of \$1,350,000, which awards shall be subject to vesting as follows: (i) RSUs with a grant value of \$850,000 shall vest, subject to Executive's continued employment, 25% on each of the first four anniversaries of the Effective Date; and (ii) RSUs with a grant value of \$500,000 shall vest subject to Executive's continued employment over three years following the Effective Date and the satisfaction of performance conditions established by the Compensation Committee.

3.6 Payment upon a Change of Control. If a Change of Control (defined below) occurs, and, prior to the Change of Control, Company or representatives of the third party effecting the Change of Control (as applicable) do not offer Executive a Comparable Job (defined below) following the Change of Control and, on or within ten (10) days following the Change of Control, Executive terminates Executive's employment and the Employment Period, then, so long as Executive has remained continuously employed from the Effective Date through the date of such Change of Control and subject to Section 4.7, (i) all unvested Company equity awards held by Executive shall vest upon the Change of Control, and (ii) Company shall pay Executive, within twenty (20) days following the occurrence of the Change of Control, a cash lump sum equal to the sum of Executive's Base Salary and Target Performance Bonus (collectively, the "**Change of Control Payment & Benefits**"). For purposes of this Agreement, a "**Comparable Job**" shall mean employment following the Change of Control (A) with substantially the same duties and responsibilities as were held by Executive prior to the Change of Control (excluding, for this purpose, changes following the Change of Control (x) to Executive's reporting responsibilities and (y) arising by reason of Company ceasing to be a public company), (B) at the same location at which Executive provides services prior to the Change of Control or a location within fifty (50) miles of such location and (C) at the same or increased Base Salary and Target Performance Bonus levels as were in effect prior to the Change of Control.

4. Termination of Services Prior To Expiration of Agreement.

Executive's employment hereunder and the Employment Period may be terminated at any time as follows (the effective date of such termination hereinafter referred to as the "**Termination Date**"):

4.1 Termination upon Death or Disability of Executive.

4.1.1 Executive's employment hereunder and the Employment Period shall terminate immediately upon the death of Executive. In such event, all rights of Executive and/or Executive's estate (or named beneficiary) shall cease except for the right to receive payment of the amounts set forth in Section 4.5.4 of the Agreement.

4.1.2 Company may terminate Executive's employment hereunder and the Employment Period upon the disability of Executive. For purposes of this Agreement, Executive shall be deemed to be "disabled" if Executive, as a result of illness or incapacity, shall be unable to perform substantially Executive's required duties for a period of three (3) consecutive months or for any aggregate period of three (3) months in any six (6) month period. In the event of a dispute as to whether Executive is disabled, Company may refer Executive to a licensed practicing physician of Company's choice, and Executive agrees to submit to such tests and examination as such physician shall deem appropriate to determine Executive's capacity to perform the services required to be performed by Executive hereunder. In such event, the parties hereby agree that the decision of such physician as to the disability of Executive shall be final and binding on the parties. Any termination of the Employment Period under this Section 4.1.2 shall be effected without any adverse effect on Executive's rights to receive benefits under any disability policy of Company, but shall not be treated as a termination without Cause.

4.2 Termination by Company for Cause. Company may terminate Executive's employment hereunder and the Employment Period for Cause (as defined herein) upon written notice to Executive, which termination shall be effective on the date specified by Company in such notice; provided, however, that Executive shall have a period of ten (10) days (or such longer period not to exceed thirty (30) days as would be reasonably required for Executive to cure such action or inaction) after the receipt of the written notice from Company to cure the particular action or inaction, to the extent a cure is possible. For purposes of this Agreement, the term "**Cause**" shall mean:

4.2.1 the willful or grossly negligent failure by Executive to perform Executive's duties and obligations hereunder in any material respect, other than any such failure resulting from the disability of Executive;

4.2.2 Executive's conviction of a crime or offense involving the property of Company, or any crime or offense constituting a felony or involving fraud or moral turpitude; provided that, in the event that Executive is arrested or indicted for a crime or offense related to any of the foregoing, then Company may, at its option, place Executive on paid leave of absence, pending the final outcome of such arrest or indictment;

4.2.3 Executive's violation of any law, which violation is materially and demonstrably injurious to the operations or reputation of Company; or

4.2.4 Executive's material violation of any generally recognized policy of Company or Executive's refusal to follow the lawful directions of the CEO.

4.3 Termination by Company without Cause; Termination by Executive without Constructive Discharge. Executive may terminate Executive's employment and the Employment Period at any time for any reason upon thirty (30) days' prior written notice to Company. Company may terminate Executive's employment and the Employment Period without Cause upon thirty (30) days' prior written notice to Executive. Upon termination of Executive's employment with Company for any reason, Executive shall be deemed to have resigned from all positions with the other members of Company and its subsidiaries (provided, that any such deemed resignations shall not affect Executive's entitlement (if any) to severance pay and benefits hereunder).

4.4 Termination by Executive for Constructive Discharge.

4.4.1 Executive may terminate Executive's employment and the Employment Period, in accordance with the process set forth below, as a result of a Constructive Discharge. For purposes of this Agreement "**Constructive Discharge**" shall mean the occurrence of any of the following after the Effective Date:

- (i) a failure of Company to meet its obligations in any material respect under this Agreement, including, without limitation, (x) any reduction in the Base Salary or (y) any failure to pay the Base Salary (other than, in the case of clause (y), the inadvertent failure to pay a de minimis amount of the Base Salary, which payment is immediately made by Company upon notice from Executive); or
- (ii) a material diminution in or other substantial adverse alteration in the nature or scope of Executive's responsibilities with Company from those in effect on the Effective Date (excluding, for this purpose, changes following a Change of Control (x) to Executive's reporting responsibilities and (y) arising by reason of Company ceasing to be a public company).

4.4.2 For purposes of this Agreement, a "**Change of Control**" shall mean any one of the following events following the Effective Date:

- (i) the date of acquisition by any person or group other than Company or any subsidiary of Company (and other than any employee benefit plans (or related trust) of Company or any of its subsidiaries) of beneficial ownership of securities possessing more than thirty percent (30%) of the total combined voting power of Company's then outstanding voting securities which generally entitle the holder thereof to vote for the election of directors ("**Voting Power**"), provided, however, that no Change of Control shall be deemed to have occurred solely by reason of any such acquisition by a corporation with respect to which, after such acquisition, more than sixty percent (60%) of the then outstanding shares of common stock of such corporation and the Voting Power of such corporation are then beneficially owned, directly or indirectly, by the persons who were the beneficial owners of the stock and Voting Power of Company immediately before such acquisition, in substantially the same proportions as their ownership immediately before such acquisition; or

-
- (ii) the date the individuals who constitute the Board as of the Effective Date (the “**Incumbent Board**”) cease for any reason other than their deaths to constitute at least a majority of the Board; provided that any individual who becomes a director after the Effective Date whose election or nomination for election by Company’s stockholders was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered, for purposes of this Section, as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of Company (as such terms are used in Rule 14a-11 under the 1934 Act (defined below)); or
 - (iii) Company effects (a) a merger or consolidation of Company with one or more corporations or entities, as a result of which the holders of the outstanding Voting Stock of Company immediately prior to such merger, reorganization or consolidation hold less than 50% of the Voting Power of the surviving or resulting corporation or entity immediately after such merger or consolidation; (b) a liquidation or dissolution of Company; or (c) a sale or other disposition of all or substantially all of the assets of Company other than to an entity of which Company owns at least 50% of the Voting Power.

4.4.3 For purposes of the foregoing definition, the terms “beneficially owned” and “beneficial ownership” and “person” shall have the meanings ascribed to them in SEC rules 13d-5(b) under the 1934 Act, and “group” means two or more persons acting together in such a way to be deemed a person for purposes of Section 13(d) of the 1934 Act. Further, notwithstanding anything herein to the contrary, the definition of Change of Control set forth herein shall not be broader than the definition of “change in control event” as set forth under Section 409A of the Code, and the guidance promulgated thereunder, and if a transaction or event does not otherwise fall within such definition of change in control event, it shall not be deemed a Change of Control for purposes of this Agreement.

4.4.4 In the event of the occurrence of a Constructive Discharge, Executive shall have the right to terminate Executive’s employment hereunder and receive the benefits set forth in Section 4.5.1 below, upon delivery of written notice to Company no later than the close of business on the sixtieth (60th) day following the effective date of the Constructive Discharge; provided, however, that such termination shall not be effective until the expiration of thirty (30) days after receipt by Company of such written notice if Company has not cured such Constructive Discharge within the 30-day period. If Company so effects a cure, the Constructive Discharge notice shall be deemed rescinded and of no force or effect. Notwithstanding the foregoing, such notice and lapse of time shall not be required with respect to any event or circumstance which is the same or substantially the same as an event or circumstance with respect to which notice and an opportunity to cure has been given within the previous six (6) months. The Termination Date of a Constructive Discharge shall be the date of the Executive’s “separation from service” (within the meaning of Treas. Reg. Section 1.409A-1(h)).

4.5 Rights upon Termination. Upon termination of Executive's employment and the Employment Period, the following shall apply:

4.5.1 Termination by Company Without Cause or for Constructive Discharge. If Company terminates Executive's employment and the Employment Period without Cause, or if Executive terminates Executive's employment and the Employment Period as a result of a Constructive Discharge, in each case either (x) prior to a Change of Control, or (y) after the second anniversary of a Change of Control, Executive shall be entitled to receive payment of any Base Salary amounts that have accrued but have not been paid as of the Termination Date, and the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner that it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period). In addition, subject to Sections 4.5.2 and 4.7, below, Company shall, subject to Section 7.14, be obligated to pay Executive (or provide Executive with) the following benefits as severance:

- (i) an amount equal to Executive's Base Salary, payable in twelve (12) equal monthly installments commencing on the Termination Date, such amount to be payable regardless of whether Executive obtains other employment and is compensated therefor (but only so long as Executive is not in violation of Section 5 hereof) (with the first two installments to be paid on the sixtieth (60th) day following the Termination Date and the remaining ten (10) installments being paid on the ten following monthly anniversaries of such date); and
- (ii) continuation of Executive's then current enrollment (including family enrollment, if applicable) in all health and/or dental insurance benefits set forth in Section 3.3.2 for a period of twelve (12) months following the Termination Date, with Executive's contribution to such plans as if Executive were employed by Company, such contributions to be paid by Executive in the same period (e.g., monthly, bi-weekly, etc.) as all other employees of Company; provided, however that Company may terminate such coverage if payment from Executive is not made within ten (10) days of the date on which Executive receives written notice from Company that such payment is due; and provided, further, that such benefits may be discontinued earlier to the extent that Executive becomes entitled to comparable benefits from a subsequent employer; and
- (iii) upon the Termination Date (or, for awards subject to the satisfaction of a performance condition, subject to the satisfaction of such performance condition and upon the satisfaction of such performance condition, and based on the level of performance achieved) a portion of any unvested stock option, restricted stock unit or other equity award granted to Executive shall vest, which portion shall be the number of shares equal to (a) plus (b) (such sum not to exceed the number of shares that result in the full vesting of any such award) as follows:

(a) the number of shares that would have vested to Executive per the applicable award as of the one-year anniversary of the Termination Date had Executive remained continuously employed by Company through such date; plus

(b) the number of shares resulting from the following formula: (x) the number of shares of such award that would vest on the normal vesting date of such award, multiplied by (y) a fraction, the numerator of which is the number of days elapsed since the last regular vesting date of such award (or the grant date, if no portion of such award has yet vested), and the denominator of which is the number of days between the last regular vesting date (or grant date, as the case may be) and the normal vesting date.

4.5.2 Severance Upon Termination following a Change of Control. If, within the period beginning on the date of a Change of Control through the second anniversary of the Change of Control, Executive terminates Executive's employment and the Employment Period pursuant to Section 4.4 or Company terminates Executive's employment pursuant to Section 4.3, then Executive shall, subject to Section 4.7, receive the payment and benefits provided in Section 4.5.1; provided, however, that in place of the twelve (12) monthly payments provided for in Section 4.5.1(i), Executive shall receive a lump sum amount of cash equal to the sum of (x) Executive's Base Salary plus (y) Executive's Target Performance Bonus, with such lump sum paid on the sixtieth (60th) day following the Termination Date, such amount reduced by any Change of Control payment received by Executive pursuant to Section 3.6.

4.5.3 Termination With Cause by Company or Without Constructive Discharge by Executive. If Company terminates Executive's employment and the Employment Period with Cause, or if Executive terminates Executive's employment and the Employment Period other than as a result of a Constructive Discharge, Company shall be obligated to pay Executive (i) any Base Salary amounts that have accrued but have not been paid as of the Termination Date; and (ii) subject to Section 7.14, the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.5.4 Termination Upon Death or Disability. If Executive's employment and the Employment Period are terminated because of the death or disability of Executive, Company shall, subject to Section 7.14, be obligated to pay Executive or, if applicable, Executive's estate, the following amounts: (i) earned but unpaid Base Salary; and (ii) the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.6 Effect of Notice of Termination. Any notice of termination by Company, whether for Cause or without Cause, may specify that, during the notice period, Executive need not attend to any business on behalf of Company.

4.7 Requirement of a Release; Exclusivity of Severance Payments under this Agreement. As a condition to the receipt of the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment, Executive shall execute and deliver to Company (without revoking) a general release of employment claims against Company and its affiliates in a form reasonably satisfactory to Company within forty-five (45) days following the Termination Date (provided, that Executive shall not be required to release any rights under this Agreement). In addition, the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment shall constitute the exclusive payments in the nature of severance or termination pay or salary continuation which shall be due to Executive upon a termination of employment and shall be in lieu of any other such payments under any severance plan, program, policy or other arrangement which has heretofore been or shall hereafter be established by Company or any of its affiliates.

5. Restrictive Covenants. The growth and development of Company and its affiliates and subsidiaries (collectively, "Allscripts") depends to a significant degree on the possession and protection of its customer lists, customer information and other confidential and proprietary information relating to Allscripts' products, production methods, services, pricing, costs, research and development and marketing. All Allscripts employees and others engaged to perform services for Allscripts have a common interest and responsibility in seeing that such customer information and other confidential information is not disclosed to any unauthorized persons or used other than for Allscripts' benefit. Therefore, in consideration for Company's employment of Executive, Company grants Executive access to its confidential information and customer relationships, and for other good and valuable consideration, including, without limitation, compensation, benefits and bonus payments, the receipt and sufficiency of which are hereby acknowledged, Executive agrees as follows:

5.1 Non-Solicitation; No-Hire. Executive acknowledges that the identity and particular needs of Allscripts' customers are not generally known in the health care information technology and consulting industry and were not known to Executive prior to Executive's employment with Allscripts; that Allscripts has near permanent relationships with, and a proprietary interest in the identity of, its customers and their particular needs and requirements; and that documents and information regarding Allscripts' pricing, sales, costs and specialized requirements of Allscripts' customers are highly confidential and constitute trade secrets. Accordingly, Executive covenants and agrees, which covenant and agreement is the essence of this Section 5 and the benefits and mutual promises provided under this Agreement, that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not, except on behalf of Allscripts during and within the authorized scope of Executive's employment with Allscripts, directly or indirectly: (i) call on, solicit or otherwise deal with any accounts, customers or prospects of Allscripts which Executive calls upon, contacts, solicits, sells to, or about which Executive learned Confidential Information (as defined herein) while employed by Allscripts, for the purpose of soliciting, selling and/or providing, to any such account, customer or prospect, any

products or services similar to or in competition with any products or services then-being represented or sold by Allscripts; and (ii) solicit, or accept if offered to Executive, with or without solicitation, the services of any person who is an employee of Allscripts, nor solicit any employee of Allscripts to terminate employment with Allscripts, nor agree to hire any employee of Allscripts into employment with Executive or any other person or entity. Executive agrees not to solicit, directly or indirectly, such accounts, customers, prospects or employees for Executive or for any other person or entity. For purposes of this paragraph, "prospects" means entities or individuals which have had more than de minimus contact with a member of Allscripts in the context of entering into a relationship with a member of Allscripts being a provider of products or services to such entity or individual.

5.2 Non-Interference with Business Relationships. Executive covenants and agrees, which covenant and agreement is the essence of this Section 5 and the benefits and mutual promises provided under this Agreement, during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not interact with any person or entity with which Allscripts has a business relationship, or with which Allscripts is preparing to have a business relationship, with the intent of affecting such relationship or intended relationship in a manner adverse to Allscripts.

5.3 Non-Competition. Executive agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive shall not, directly or indirectly, for Executive's own benefit or for the benefit of others, render services for a Competing Organization in connection with Competing Products or Services anywhere within the Restricted Territory. These prohibitions apply regardless of where such services physically are rendered.

For purposes of this Agreement, "Competing Products or Services" means products, processes, or services of any person or organization other than Allscripts, in existence or under development, which are substantially the same, may be substituted for, or applied to substantially the same end use as any product, process, or service of Allscripts with which Executive works or worked during the time of Executive's employment with Allscripts or about which Executive acquires or acquired Confidential Information through Executive's work with Allscripts.

For purposes of this Agreement, "Competing Organization" means persons or organizations, including Executive, engaged in, or about to become engaged in research or development, production, distribution, marketing, providing or selling of a Competing Product or Service.

For purposes of this Agreement, "Restricted Territory" means (i) within the United States and within each country in which Allscripts has conducted business in the prior twenty-four (24) month period, but if such area is determined by judicial action to be too broad, then it shall mean (ii) within the continental United States, but if such area is determined by judicial action to be too broad, then it shall mean (iii) within any geographic region in which Executive has been assigned during the last two (2) years of Executive's employment with Allscripts. Executive agrees that in the event a court determines the length of time or the geographic area or activities prohibited under this Section 5 are too restrictive to be enforceable, the court may reduce the scope of the restriction to the extent necessary to make the restriction enforceable.

5.4 Reasonableness of Restriction. Executive acknowledges that the foregoing non-solicitation and non-competition restrictions placed upon Executive are necessary and reasonable to avoid the improper disclosure or use of Confidential Information, and that it has been made clear to Executive that Executive's compliance with Section 5 of this Agreement is a material condition to Executive's employment by Company. Executive further acknowledges and agrees that, if Executive breaches any of the requirements of Section 5.1, 5.2 or 5.3, the twelve (12) month restricted period set forth therein shall be tolled during the time of such breach.

Executive further acknowledges and agrees that Allscripts has attempted to impose the restrictions contained hereunder only to the extent necessary to protect Allscripts from unfair competition and the unauthorized use or disclosure of Confidential Information. However, should the scope or enforceability of any restrictive covenant be disputed at any time, Executive specifically agrees that a court may modify or enforce the covenant to the full extent it believes to be reasonable under the circumstances existing at the time.

5.5 Non-Disclosure. Executive further agrees that, other than as needed to fulfill the authorized scope of Executive's duties with Allscripts, Executive will not during the Employment Period or thereafter use for himself or for others or divulge or convey to any other person (except those persons designated by Allscripts) any Confidential Information obtained by Executive during the period of Executive's employment with Allscripts. Executive agrees to observe all Company policies and procedures concerning such Confidential Information. Executive agrees that, except as may be permitted by written Company policies, Executive will not remove from Company's premises any of such Confidential Information without the written authorization of Company. Executive's obligations under this Agreement will continue with respect to Confidential Information until such information becomes generally available from public sources through no fault of Executive's. During the Employment Period and thereafter Executive shall not disclose to any person the terms and conditions of Executive's employment by Allscripts, except: (i) to close family members, (ii) to legal and accounting professionals who require the information to provide a service to Executive, (iii) as required by law or (iv) in order to inform a prospective or actual subsequent employer of Executive's duties and obligations under this Agreement. If Executive is requested, becomes legally compelled by subpoena or otherwise, or is required by a regulatory body to make any disclosure that is prohibited by this Section 5.5, Executive will promptly notify Company so that Allscripts may seek a protective order or other appropriate remedy if Allscripts deems such protection or remedy necessary under the circumstances. Subject to the foregoing, Executive may furnish only that portion of Confidential Information that Executive is legally compelled or required to disclose. The restrictions set forth herein are in addition to and not in lieu of any obligations Executive may have by law with respect to Confidential Information, including any obligations Executive may have under the Uniform Trade Secrets Act and/or similar statutes as applicable in the state of Executive's residence and/or the state of Executive's primary work location.

5.6 Definition of Confidential Information. As used herein, "Confidential Information" shall include, but is not limited to, the following categories of information, knowledge, or data currently known or later developed or acquired relating to Allscripts' business or received by Allscripts in confidence from or about third parties, in each case when the same is not in the public domain or otherwise publicly available (other than as result of a wrongful act of an agent or employee of Allscripts):

5.6.1 Any information concerning Allscripts' products, business, business relationships, business plans or strategies, marketing plans, contract provisions, actual or prospective suppliers or vendors, services, actual or anticipated research or development, new product development, inventions, prototypes, models, solutions, discussion guides, documentation, techniques, actual or planned patent applications, technological or engineering data, formulae, processes, designs, production plans or methods, or any related technical or manufacturing know-how or other information;

5.6.2 Any information concerning Allscripts' financial or profit data, pricing or cost formulas, margins, marketing information, sales representative or distributor lists, or any information relating to corporate developments (including possible acquisitions or divestitures);

5.6.3 Any information concerning Allscripts' current or prospective customer lists or arrangements, equipment or methods used or preferred by Allscripts' customers, or the patients of customers;

5.6.4 Any information concerning Allscripts' use of computer software, source code, object code, or algorithms or architecture retained in or related to Allscripts' computer or computer systems;

5.6.5 Any personal or performance information about any Allscripts' employee;

5.6.6 Any information supplied to or acquired by Allscripts under an obligation to keep such information confidential, including without limitation Protected Health Information (PHI) as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA);

5.6.7 Any information, whether or not designated as confidential, obtained or observed by Executive or other Allscripts employees during training sessions related to Executive's work for Allscripts; and

5.6.8 Any other information treated as trade secrets or otherwise confidential by Allscripts.

Executive hereby acknowledges that some of this information may not be a "trade secret" under applicable law. Nevertheless, Executive agrees not to disclose it.

5.7 Inventions, Discoveries, and Work for Hire. Executive recognizes and agrees that all ideas, works of authorship, inventions, patents, copyrights, designs, processes (e.g., development processes), methodologies (e.g., development methodologies), machines, manufactures, compositions of matter, enhancements, and other developments or improvements and any derivative works based thereon, including, without limitation, potential marketing and sales relationships, research, plans for products or services, marketing plans, computer software (including source code and object code), computer programs, original works of authorship, characters, know-how, trade secrets, information, data, developments, discoveries, improvements, modifications, technology and algorithms, whether or not subject to patent or copyright protection (the "**Inventions**") that (i) were made, conceived, developed, authored or created by Executive, alone or with others, during the time of Executive's employment, whether

or not during working hours, that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, (ii) were used by Executive or other personnel of Allscripts during the time of Executive's employment, even if such Inventions were made, conceived, developed, authored or created by Executive prior to the start of Executive's employment, (iii) are made, conceived, developed, authored or created by Executive, alone or with others, within two (2) years from the Termination Date and that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, or (iv) result from any work performed by Executive for Allscripts, (collectively with (i)-(iii), the "**Company Inventions**") are the sole and exclusive property of Company.

Notwithstanding the foregoing, Company Inventions do not include any Inventions made, conceived, developed, authored or created by Executive, alone or with others, for which no equipment, supplies, facility or trade secret information of Allscripts was used and which were developed entirely on Executive's own time, unless (1) the Invention relates (A) to the business of Allscripts, or (B) to the actual or demonstrably anticipated research or development of Allscripts, or (2) the Company Invention results from any work performed by Executive for Allscripts.

For the avoidance of doubt, Executive expressly disclaims any and all right title and interest in and to all Company Inventions. Executive acknowledges that Executive has and shall forever have no right, title or interest in or to any patents, copyrights, trademarks, industrial designs or other rights in connection with any Company Inventions.

Executive hereby assigns to Company all present and future right, title and interest Executive has or may have in and to the Company Inventions. Executive further agrees that (i) Executive will promptly disclose all Company Inventions to Allscripts; and (ii) all of the Company Inventions, to the extent protectable under copyright laws, are "works made for hire" as that term is defined by the Copyright Act, 17 U.S.C. § 101, *et seq.*

At the request of and without charge to Company, Executive will do all things deemed by Company to be reasonably necessary to perfect title to the Company Inventions in Company and to assist in obtaining for Company such patents, copyrights or other protection in connection therewith as may be provided under law and desired by Company, including but not limited to executing and signing any and all relevant applications, assignments, or other instruments. Executive further agrees to provide, at Company's request, declarations or affidavits and to give testimony, in depositions, hearings or trials, in support of inventorship. These obligations continue even after the Termination Date. Company agrees that Executive will be reimbursed for reasonable expenses incurred in providing such assistance to Company. In the event Company is unable, after reasonable effort, to secure Executive's signature on any document or documents needed to apply for or prosecute any patent, copyright or other right or protection relating to any Company Invention, for any reason whatsoever, Executive hereby irrevocably designates and appoints Company and its duly authorized officers and agents as Executive's agent and attorney-in-fact to act for and on Executive's behalf to execute and file any such application or other document and to do all other lawfully permitted acts to further the prosecution and issuance of patents, copyrights, or similar protections thereon with the same legal force and effect as if executed by Executive.

For purposes of this Agreement, a Company Invention shall be deemed to have been made during Executive's employment if, during such period, the Company Invention was conceived, in part or in whole, or first actually reduced to practice or fixed in a tangible medium during Executive's employment with Company. Executive further agrees and acknowledges that any patent or copyright application filed within one (1) year after the Termination Date shall be presumed to relate to a Company Invention made during the term of Executive's employment unless Executive can provide evidence to the contrary.

5.8 Prior Employment. Executive hereby agrees that during the course and scope of the employment relationship with Company, Executive shall neither disclose nor use any confidential information, invention, or work of authorship derived from, developed or obtained in any prior employment relationship and understands that any such disclosure or use would be injurious to the economic and legal interests of Company. Executive further represents and agrees that, if any prior employer commences any legal proceeding in connection with any restrictive covenant, non-solicitation, non-disclosure, or non-competition agreement, (i) Executive shall be entirely responsible for his own legal fees in connection with the defense of same; and (ii) Executive shall indemnify and hold harmless Company, its affiliates, suppliers, vendors, customers and clients from any costs and liability arising therefrom including, but not limited to, legal fees, expenses, licenses, royalty payments, and any other damages.

5.9 Return of Data. In the event of the termination of Executive's employment with Company for any reason whatsoever, Executive agrees to deliver promptly to Company all formulas, correspondence, reports, computer programs and similar items, customer lists, marketing and sales data and all other materials pertaining to Confidential Information, and all copies thereof, obtained by Executive during the period of Executive's employment with Company which are in Executive's possession or under his control. Executive further agrees that he will not make or retain any copies of any of the foregoing and will so represent to Company upon termination of his employment.

5.10 Non-Disparagement. Executive agrees that during the Employment Period and for a period of twenty-four (24) months thereafter, Executive will not make any statement, nor imply any meaning through his action or inaction, if such statement or implication would be adverse to the interests of Allscripts, its customers or its vendors; nor will Executive take any action that may reasonably cause Allscripts, its customers or its vendors embarrassment or humiliation, nor otherwise cause or contribute to Allscripts, its customers or its vendors being held in disrepute by the public or Allscripts' customers, vendors or employees. The restrictions of this Section 5.10 shall apply to, but are not limited to, communication via the internet or other electronic means, such as social media web sites, electronic bulletin boards, blogs, email messages, text messages or any other electronic message.

5.11 Injunctive Relief and Additional Remedies for Breach. Executive further expressly acknowledges and agrees that any breach or threatened breach of the provisions of this Section 5 shall entitle any member of Allscripts, in addition to any other legal remedies available to it, to obtain injunctive relief, to prevent any violation of this Section 5 without the necessity of any member of Allscripts posting bond or furnishing other security and without proving special damages or irreparable injury. Executive recognizes, acknowledges and agrees that such injunctive relief is necessary to protect Allscripts' interest. Executive understands that in

addition to any other remedies available to Allscripts at law or in equity or under this Agreement for violation of this Agreement, other agreements or compensatory or benefit arrangements Executive has with Allscripts may include provisions that specify certain consequences thereunder that will result from Executive's violation of this Agreement, which consequences may include repaying Allscripts or foregoing certain equity awards or monies, and any such consequences shall not be considered by Executive or any trier of fact as a forfeiture, penalty, duplicative remedy or exclusive remedy. Notwithstanding Section 7.9, the exclusive venue for any action for injunctive or declaratory relief with respect to this Section 5 shall be the state or federal courts located in Cook County, Illinois. The Company and Executive hereby irrevocably consent to any such courts' exercise of jurisdiction over them for such purpose.

5.12 Notification to Third Parties. Company may, at any time during or after the termination of Executive's employment with Company, notify any person, corporation, partnership or other business entity employing or engaging Executive or evidencing an intention to employ or engage Executive as to the existence and provisions of this Agreement.

6. No Set-Off or Mitigation.

Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any set-off, counterclaim, recoupment, defense or other claim, right or action which Company may have against Executive or others. In no event shall Executive be obligated to seek other employment or take any other action by way of mitigation of the amounts payable to Executive under any of the provisions of this Agreement and, except as otherwise provided herein, such amounts shall not be reduced whether or not Executive obtains other employment.

7. Miscellaneous.

7.1 Valid Obligation. This Agreement has been duly authorized, executed and delivered by Company and has been duly executed and delivered by Executive and is a legal, valid and binding obligation of Company and of Executive, enforceable in accordance with its terms.

7.2 No Conflicts. Executive represents and warrants that the performance by Executive of Executive's duties hereunder will not violate, conflict with, or result in a breach of any provision of any agreement to which Executive is a party.

7.3 Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Illinois, without reference to Illinois' choice of law statutes or decisions.

7.4 Severability. The provisions of this Agreement shall be deemed severable, and the invalidity or unenforceability of any one or more of the provisions hereof shall not affect the validity or enforceability of any other provision. In the event any clause of this Agreement is deemed to be invalid, the parties shall endeavor to modify that clause in a manner which carries out the intent of the parties in executing this Agreement.

7.5 No Waiver. The waiver of a breach of any provision of this Agreement by any party shall not be deemed or held to be a continuing waiver of such breach or a waiver of any subsequent breach of any provision of this Agreement or as nullifying the effectiveness of such provision, unless agreed to in writing by the parties.

7.6 Notices. All demands, notices, requests, consents and other communications required or permitted under this Agreement shall be in writing and shall be personally delivered or sent by facsimile machine (with a confirmation copy sent by one of the other methods authorized in this Section), or by commercial overnight delivery service, to the parties at the addresses set forth below:

To Company: Allscripts Healthcare Solutions, Inc.
 222 Merchandise Mart Plaza
 Suite 2024
 Chicago, IL 60654
 Attention: General Counsel

To Executive: At the address and/or fax number most recently contained in Company's records

Notices shall be deemed given upon the earliest to occur of (i) receipt by the party to whom such notice is directed, if hand delivered; (ii) if sent by facsimile machine, on the day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) such notice is sent if sent (as evidenced by the facsimile confirmed receipt) prior to 5:00 p.m. Central Time and, if sent after 5:00 p.m. Central Time, on the day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) after which such notice is sent; or (iii) on the first business day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) following the day the same is deposited with the commercial carrier if sent by commercial overnight delivery service. Each party, by notice duly given in accordance therewith may specify a different address for the giving of any notice hereunder.

7.7 Assignment of Agreement. This Agreement shall be binding upon and inure to the benefit of Executive and Company, their respective successors and permitted assigns and Executive's heirs and personal representatives. Neither party may assign any rights or obligations hereunder to any person or entity without the prior written consent of the other party. This Agreement shall be personal to Executive for all purposes.

7.8 Entire Agreement; Amendments. Except as otherwise provided herein, this Agreement contains the entire understanding between the parties, and there are no other agreements or understandings between the parties with respect to Executive's employment by Company and Executive's obligations thereto. Executive acknowledges that Executive is not relying upon any representations or warranties concerning Executive's employment by Company except as expressly set forth herein. No amendment or modification to the Agreement shall be valid except by a subsequent written instrument executed by the parties hereto.

7.9 Dispute Resolution and Arbitration. The following procedures shall be used in the resolution of disputes:

7.9.1 Dispute. In the event of any dispute or disagreement between the parties under this Agreement (excluding an action for injunctive or declaratory relief as provided in Section 5.11), the disputing party shall provide written notice to the other party that such dispute exists. The parties will then make a good faith effort to resolve the dispute or disagreement. If the dispute is not resolved upon the expiration of fifteen (15) days from the date a party receives such notice of dispute, the entire matter shall then be submitted to arbitration as set forth in Section 7.9.2.

7.9.2 Arbitration. If the dispute or disagreement between the parties has not been resolved in accordance with the provisions of Section 7.9.1 above, then any such controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration to be held in Chicago, Illinois, in accordance with the rules of the American Arbitration Association then in effect. Any decision rendered herein shall be final and binding on each of the parties and judgment may be entered thereon in the appropriate state or federal court. The arbitrators shall be bound to strict interpretation and observation of the terms of this Agreement. Company shall pay the costs of arbitration.

7.10 Survival. For avoidance of doubt, the provisions of Sections 4.5, 5 and 7 of this Agreement shall survive the expiration or earlier termination of the Employment Period.

7.11 Headings. Section headings used in this Agreement are for convenience of reference only and shall not be used to construe the meaning of any provision of this Agreement.

7.12 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but both of which together shall constitute one and the same instrument.

7.13 Taxes. Executive shall be solely responsible for taxes imposed on Executive by reason of any compensation and benefits provided under this Agreement and all such compensation and benefits shall be subject to applicable withholding.

7.14 Section 409A of the Code. It is intended that this Agreement will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the Agreement is subject thereto, and the Agreement shall be interpreted on a basis consistent with such intent. If an amendment of the Agreement is necessary in order for it to comply with Section 409A, the parties hereto will negotiate in good faith to amend the Agreement in a manner that preserves the original intent of the parties to the extent reasonably possible. No action or failure by Company in good faith to act, pursuant to this Section 7.14, shall subject Company to any claim, liability, or expense, and Company shall not have any obligation to indemnify or otherwise protect Executive from the obligation to pay any taxes pursuant to Section 409A of the Code.

In addition, notwithstanding any provision to the contrary in this Agreement, if Executive is deemed on the date of Executive's "separation from service" (within the meaning of Treas. Reg. Section 1.409A-1(h)) to be a "specified employee" (within the meaning of Treas. Reg. Section 1.409A-1(i)), then with regard to any payment that is required to be delayed pursuant to Section 409A(a)(2)(B) of the Code (the "**Delayed Payments**"), such payment shall not be made prior to the earlier of (i) the expiration of the six (6) month period measured from the date of Executive's "separation from service" and (ii) the date of Executive's death. Any payments due

under this Agreement other than the Delayed Payments shall be paid in accordance with the normal payment dates specified herein. In no case will the delay of any of the Delayed Payments by Company constitute a breach of Company's obligations under this Agreement. For all purposes under this Agreement, reference to Executive's "termination of employment" (and corollary terms) with Company shall be construed to refer to Executive's "separation from service" (as determined under Treas. Reg. Section 1.409A-1(h), as uniformly applied by Company) with Company.

In addition, to the extent that any reimbursement or in-kind benefit under this Agreement or under any other reimbursement or in-kind benefit plan or arrangement in which Executive participates during the term of Executive's employment under this Agreement or thereafter provides for a "deferral of compensation" within the meaning of Section 409A of the Code, (i) the amount eligible for reimbursement or in-kind benefit in one calendar year may not affect the amount eligible for reimbursement or in-kind benefit in any other calendar year (except that a plan providing medical or health benefits may impose a generally applicable limit on the amount that may be reimbursed or paid), (ii) the right to reimbursement or an in-kind benefit is not subject to liquidation or exchange for another benefit, and (iii) subject to any shorter time periods provided herein, any such reimbursement of an expense or in-kind benefit must be made on or before the last day of the calendar year following the calendar year in which the expense was incurred.

7.15 Payment by Subsidiaries. Executive acknowledges and agrees that Company may satisfy its obligations to make payments to Executive under this Agreement by causing one or more of its subsidiaries to make such payments to Executive. Executive agrees that any such payment made by any such subsidiary shall fully satisfy and discharge Company's obligation to make such payment to Executive hereunder (but only to the extent of such payment).

**FIRST AMENDMENT TO EMPLOYMENT AGREEMENT
CLIFFORD B. MELTZER**

THIS FIRST AMENDMENT TO EMPLOYMENT AGREEMENT (this “**Amendment**”) is made and entered into as of May 8, 2012 (the “**Amendment Date**”), by and between Allscripts Healthcare Solutions, Inc. (“**Company**”) and Clifford B. Meltzer (“**Executive**”).

WHEREAS, Company and Executive entered into an Employment Agreement dated June 17, 2011 (the “**Employment Agreement**”);

WHEREAS, Company and Executive desire to amend certain provisions of the Employment Agreement; and

WHEREAS, this Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument and any signature delivered via facsimile or electronic file will be the same as an original signature.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged by each party, the parties agree that as of the Amendment Date, the Employment Agreement is amended as follows:

1. The foregoing recitations shall form a part of this Amendment and are incorporated herein verbatim by reference. Unless otherwise indicated, capitalized terms shall have the same meaning as referenced in the Employment Agreement

2. Section 4.5.1(i) is replaced in its entirety with the following:

(i) an amount equal to Executive’s Base Salary plus Executive’s Target Performance Bonus, payable in twelve (12) equal monthly installments commencing on the Termination Date, such amount to be payable regardless of whether Executive obtains other employment and is compensated therefor (but only so long as Executive is not in violation of Section 5 hereof) (with the first two installments to be paid on the sixtieth (60th) day following the Termination Date and the remaining ten (10) installments being paid on the ten following monthly anniversaries of such date); and

3. Section 4.5.2 is replaced in its entirety with the following:

4.5.2 Severance Upon Termination following a Change of Control. If, within the period beginning on the date of a Change of Control through the second anniversary of the Change of Control, Executive terminates Executive’s employment and the Employment Period pursuant to Section 4.4 or Company terminates Executive’s employment pursuant to Section 4.3, then

Executive shall, subject to Section 4.7, receive the payment and benefits provided in Section 4.5.1; provided, however, that (A) in place of the twelve (12) monthly payments provided for in Section 4.5.1(i), Executive shall receive a lump sum amount of cash equal to two (2) times the sum of (x) Executive's Base Salary plus (y) Executive's Target Performance Bonus, with such lump sum paid on the sixtieth (60th) day following the Termination Date, such amount reduced by any payment received by Executive pursuant to Section 3.6, and (B) in place of the equity vesting provided for in Section 4.5.1(iii), all unvested equity awards held by Executive shall vest upon the Termination Date.

Anything in this Agreement to the contrary notwithstanding, if (A) a Change of Control occurs, (B) Executive's employment with Company is terminated by Company without Cause or if Executive terminates his employment as a result of a Constructive Discharge, in either case within one hundred eighty (180) days prior to the date on which the Change of Control occurs, and (C) it is reasonably demonstrated by Executive that such termination of employment or events constituting Constructive Discharge was (x) at the request of a third party who had taken steps reasonably calculated to effect a Change of Control or (y) otherwise arose in connection with or in anticipation of a Change of Control, then for all purposes of this Agreement such Change of Control shall be deemed to have occurred during the Term of Employment and the Termination Date shall be deemed to have occurred after the Change of Control, so that Executive is entitled to the vesting and other benefits provided by this Section 4.5.2. If Executive is entitled to additional vesting of any equity awards that were cancelled as a result of Executive's termination of employment prior to the Change of Control, Company or its successor shall deliver to Executive the consideration Executive would have received in the Change of Control had the cancelled equity awards been outstanding and vested at the time of the Change of Control. Any additional amounts due Executive as a result of the application of this paragraph to a termination prior to a Change of Control shall be paid to Executive under this Section 4.5.2. in a lump sum on the sixtieth (60th) day following the Change of Control.

4. The last sentence of the second paragraph of Section 7.14 is replaced in its entirety with the following:

For the provision of payments and benefits under this Agreement upon termination of employment, reference to Executive's "termination of employment" (and corollary terms) with Company shall be construed to refer to Executive's "separation from service" from Company (as determined under Treas. Reg. Section 1.409A-1(h), as uniformly applied by Company) in tandem with Executive's termination of employment with Company.

5. A new paragraph is added to the end of Section 7.14, as follows:

If the sixty (60)-day period following a “separation from service” begins in one calendar year and ends in a second calendar year (a “ **Crossover 60-Day Period**”), then any severance payments that would otherwise occur during the portion of the Crossover 60-Day Period that falls within the first year will be delayed and paid in a lump sum during the portion of the Crossover 60-Day Period that falls within the second year.

6. In all other respects, the Employment Agreement is ratified and confirmed and remains in full force and effect.

Signature page follows.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound, have hereunto executed this Amendment as of the day and year first written above.

EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (this “**Agreement**”) is made as of this 14th day of July, 2011 (the “**Signing Date**”), to become effective the 19th day of July, 2011 (the “**Effective Date**”), by and between Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Company**”), and Stephen Shute (“**Executive**”).

RECITALS

WHEREAS, commencing on the Effective Date, Company desires to employ Executive subject to the terms and conditions of this Agreement; and

WHEREAS, Executive desires to be employed by Company subject to the terms and conditions of this Agreement.

NOW THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

1. Employment.

Company hereby agrees to employ Executive, and Executive hereby accepts employment, as the Executive Vice President, Sales of Company, pursuant to the terms of this Agreement. Executive shall have the duties and responsibilities and perform such administrative and managerial services of that position as are delegated or assigned to Executive by the Chief Executive Officer of Company (the “**CEO**”) from time to time. Executive shall carry out Executive’s responsibilities hereunder on a full-time basis for and on behalf of Company; provided that Executive shall be entitled to devote time to personal investments, civic and charitable activities, and personal education and development, so long as such activities do not interfere with or conflict with Executive’s duties hereunder. Notwithstanding the foregoing, Executive agrees that, during the term of this Agreement, Executive shall not act as an officer of any entity other than Company without the prior written consent of Company.

2. Term.

The term of Executive’s employment by Company under this Agreement (the “**Employment Period**”) shall commence on the Effective Date and shall continue in effect through the third anniversary of the Effective Date, unless earlier terminated as provided herein. Thereafter, unless Company or Executive shall elect not to renew the Employment Period upon the expiration of the initial term or any renewal term, which election shall be made by providing written notice of nonrenewal to the other party at least ninety (90) days prior to the expiration of the then current term, the Employment Period shall be extended for an additional twelve (12) months. If Company elects not to renew the Employment Period at the end of the initial

term or any renewal term, such nonrenewal shall be treated as a termination of the Employment Period and Executive's employment without Cause by Company for the limited purpose of determining the payments and benefits available to Executive (i.e., Executive shall be entitled to the severance benefits set forth in Section 4.5.1). If Executive elects not to renew the Employment Period, the same shall constitute a termination of Executive's employment and the Employment Period by Executive without Constructive Discharge, and Executive shall only be entitled to the payments and benefits set forth in Section 4.5.3.

3. Compensation and Benefits.

In consideration for the services Executive shall render under this Agreement, Company shall provide or cause to be provided to Executive the following compensation and benefits:

3.1 Base Salary. During the Employment Period, Company shall pay to Executive an annual base salary at a rate of \$425,000 per annum, subject to all appropriate federal and state withholding taxes, which base salary shall be payable in accordance with Company's normal payroll practices and procedures. Executive's base salary shall be reviewed annually by the CEO, who shall recommend any increases to the Compensation Committee (the "**Compensation Committee**") of the Board of Directors of Company (the "**Board**"), and may be increased in the sole discretion of the Board or Compensation Committee based on Executive's performance during the preceding calendar year. Executive's base salary, as such base salary may be increased hereunder, is hereinafter referred to as the "**Base Salary**."

3.2 Bonuses.

3.2.1 Performance Bonus. Executive shall be eligible to receive cash bonuses in accordance with this Section 3.2.1 (each a "**Performance Bonus**"). The amount and payment of any Performance Bonus shall be subject to a recommendation by the CEO to the Compensation Committee, and such Performance Bonus shall be determined in the sole discretion of, and based upon criteria selected by, the Compensation Committee. Subject to the foregoing exercise of discretion, Executive's annual target Performance Bonus shall be 50% of Executive's Base Salary (the "**Target Performance Bonus**"), but may, based on performance, be less than or exceed such amount. Performance Bonuses shall be paid according to the terms of the bonus plan or program in which Executive participates from time to time.

3.2.2 Sales Bonus. Executive shall be eligible to receive cash bonuses in accordance with this Section 3.2.2 (each a "**Sales Bonus**") based upon the extent to which annual sales of Company meet or exceed budgeted sales target(s) for such calendar year. The amount and payment of any Sales Bonus shall be subject to a recommendation by the CEO to the Compensation Committee, and such Sales Bonus shall be determined in the sole discretion of, and based upon criteria selected by, the Compensation Committee. Subject to the foregoing exercise of discretion, Executive's annual target Sales Bonus shall be 50% of Executive's Base Salary (the "**Target Sales Bonus**"), but may, based on performance, be less than or exceed such amount but with a maximum bonus of 100% of Executive's Base Salary. Sales Bonuses shall be paid according to the terms of any applicable bonus plan or program in which Executive participates from time to time.

3.2.3 Sign-On Bonus. On Company's first regular payroll date following the Effective Date, Company shall pay Executive a sign-on bonus of \$50,000, subject to all appropriate federal and state withholding taxes.

3.3 Benefits. During the Employment Period and as otherwise provided hereunder, Executive shall be entitled to the following:

3.3.1 Vacation. Executive shall be entitled four (4) weeks per calendar year of paid vacation in accordance with Company's vacation policy for similarly-situated employees.

3.3.2 Participation in Benefit Plans. Executive shall be entitled to health and/or dental benefits, including immediate coverage for Executive and Executive's eligible dependents, which are generally available to similarly situated employees and as provided by Company in accordance with its group health insurance plan coverage. In addition, Executive shall be entitled to participate in any profit sharing plan, retirement plan, group life insurance plan or other insurance plan or medical expense plan maintained by Company for its salaried employees generally, in accordance with the general eligibility criteria therein.

3.4 Expenses. Company shall reimburse Executive for proper and necessary expenses incurred by Executive in the performance of Executive's duties under this Agreement from time to time upon Executive's submission to Company of invoices of such expenses in reasonable detail and subject to all standard policies and procedures of Company with respect to such expenses.

3.5 Stock Awards.

3.5.1 Executive shall be eligible to participate in any applicable stock bonus, stock option, or similar plan implemented by Company and generally available to its senior executive employees. The amount of any awards made thereunder shall be in the sole discretion of the Board or Compensation Committee.

3.5.2 Subject to Board or Compensation Committee approval, Company shall grant to Executive, as soon as practicable on or after the Effective Date, awards of Company restricted stock units ("**RSUs**") under a Company stock incentive plan with an aggregate grant-date value of \$750,000, which awards shall be subject to vesting as follows: (i) RSUs with a grant-date value of \$375,000 shall vest, subject to Executive's continued employment, 25% on each of the first four anniversaries of the Effective Date; and (ii) RSUs with a grant-date value of \$375,000 shall vest over a three-year period following the Effective Date (the "**Performance-Based RSUs**"), subject to Executive's continued employment and satisfaction of certain performance conditions. For two-thirds of the Performance-Based RSUs, the performance conditions shall relate to the Company's 2011 revenue and adjusted operating profit goals per the Company's 2011 business plan. For one-third of the Performance-Based RSUs, the performance conditions shall relate to the Company's Relative Total Shareholder Return (TSR) goals.

3.6 Payment upon a Change of Control.

3.6.1 If a Change of Control (defined below) occurs, and, prior to the Change of Control, Company or representatives of the third party effecting the Change of Control (as applicable) do not offer Executive a Comparable Job (defined below) following the Change of Control and, on or within ten (10) days following the Change of Control, Executive terminates Executive's employment and the Employment Period, then, so long as Executive has remained continuously employed from the Effective Date through the date of such Change of Control and subject to Section 4.7, (i) all unvested Company equity awards held by Executive shall vest upon the Change of Control, and (ii) Company shall pay Executive, within twenty (20) days following the occurrence of the Change of Control, a cash lump sum equal to the sum of Executive's Base Salary and Target Performance Bonus (collectively, the "**Change of Control Payment & Benefits**"). For purposes of this Agreement, a "**Comparable Job**" shall mean employment following the Change of Control (A) with substantially the same duties and responsibilities as were held by Executive prior to the Change of Control (excluding, for this purpose, changes following the Change of Control (x) to Executive's reporting responsibilities and (y) arising by reason of Company ceasing to be a public company), (B) at the same location at which Executive provides services prior to the Change of Control or a location within fifty (50) miles of such location and (C) at the same or increased Base Salary and Target Performance and Sales Bonus levels as were in effect prior to the Change of Control.

3.6.2 For purposes of this Agreement, a "**Change of Control**" shall mean any one of the following events following the Effective Date:

- (i) the date of acquisition by any person or group other than Company or any subsidiary of Company (and other than any employee benefit plans (or related trust) of Company or any of its subsidiaries) of beneficial ownership of securities possessing more than thirty percent (30%) of the total combined voting power of Company's then outstanding voting securities which generally entitle the holder thereof to vote for the election of directors ("**Voting Power**"), provided, however, that no Change of Control shall be deemed to have occurred solely by reason of any such acquisition by a corporation with respect to which, after such acquisition, more than sixty percent (60%) of the then outstanding shares of common stock of such corporation and the Voting Power of such corporation are then beneficially owned, directly or indirectly, by the persons who were the beneficial owners of the stock and Voting Power of Company immediately before such acquisition, in substantially the same proportions as their ownership immediately before such acquisition; or
- (ii) the date the individuals who constitute the Board as of the Effective Date (the "**Incumbent Board**") cease for any reason other than their deaths to constitute at least a majority of the Board; provided that any individual who becomes a director after the Effective Date whose election or nomination for election by Company's stockholders was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered, for purposes of this Section, as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of Company (as such terms are used in Rule 14a-11 under the 1934 Act (defined below)); or

-
- (iii) Company effects (a) a merger or consolidation of Company with one or more corporations or entities, as a result of which the holders of the outstanding Voting Stock of Company immediately prior to such merger, reorganization or consolidation hold less than 50% of the Voting Power of the surviving or resulting corporation or entity immediately after such merger or consolidation; (b) a liquidation or dissolution of Company; or (c) a sale or other disposition of all or substantially all of the assets of Company other than to an entity of which Company owns at least 50% of the Voting Power.

3.6.3 For purposes of the foregoing definition, the terms “**beneficially owned**” and “**beneficial ownership**” and “**person**” shall have the meanings ascribed to them in SEC rules 13d-5(b) under the 1934 Act, and “**group**” means two or more persons acting together in such a way to be deemed a person for purposes of Section 13(d) of the 1934 Act. Further, notwithstanding anything herein to the contrary, the definition of Change of Control set forth herein shall not be broader than the definition of “change in control event” as set forth under Section 409A of the Code, and the guidance promulgated thereunder, and if a transaction or event does not otherwise fall within such definition of change in control event, it shall not be deemed a Change of Control for purposes of this Agreement.

4. Termination of Services Prior To Expiration of Agreement.

Executive’s employment hereunder and the Employment Period may be terminated at any time as follows (the effective date of such termination hereinafter referred to as the “**Termination Date**”):

4.1 Termination upon Death or Disability of Executive.

4.1.1 Executive’s employment hereunder and the Employment Period shall terminate immediately upon the death of Executive. In such event, all rights of Executive and/or Executive’s estate (or named beneficiary) shall cease except for the right to receive payment of the amounts set forth in Section 4.5.4 of the Agreement.

4.1.2 Company may terminate Executive’s employment hereunder and the Employment Period upon the disability of Executive. For purposes of this Agreement, Executive shall be deemed to be “**disabled**” if Executive, as a result of illness or incapacity, shall be unable to perform substantially Executive’s required duties for a period of three (3) consecutive months or for any aggregate period of three (3) months in any six (6) month period. In the event of a dispute as to whether Executive is disabled, Company may refer Executive to a licensed practicing physician acceptable to both Executive and Company, and Executive agrees to submit to such tests and examination as such physician shall deem appropriate to determine Executive’s capacity to perform the services required to be performed by Executive hereunder. In such event, the parties hereby agree that the decision of such physician as to the disability of Executive shall be final and binding on the parties. Any termination of the Employment Period under this Section 4.1.2 shall be effected without any adverse effect on Executive’s rights to receive benefits under any disability policy of Company, but shall not be treated as a termination without Cause.

4.2 Termination by Company for Cause. Company may terminate Executive's employment hereunder and the Employment Period for Cause (as defined herein) upon written notice to Executive, which termination shall be effective on the date specified by Company in such notice; provided, however, that Executive shall have a period of ten (10) days (or such longer period not to exceed thirty (30) days as would be reasonably required for Executive to cure such action or inaction) after the receipt of the written notice from Company to cure the particular action or inaction, to the extent a cure is possible. For purposes of this Agreement, the term "**Cause**" shall mean:

4.2.1 the willful or grossly negligent failure by Executive to perform Executive's duties and obligations hereunder in any material respect, other than any such failure resulting from the disability of Executive;

4.2.2 Executive's conviction of a crime or offense involving the property of Company, or any crime or offense constituting a felony or involving fraud or moral turpitude; provided that, in the event that Executive is arrested or indicted for a crime or offense related to any of the foregoing, then Company may, at its option, place Executive on paid leave of absence, pending the final outcome of such arrest or indictment;

4.2.3 Executive's violation of any law, which violation is materially and demonstrably injurious to the operations or reputation of Company; or

4.2.4 Executive's material violation of any generally recognized policy of Company or Executive's refusal to follow the lawful directions of the CEO.

4.3 Termination by Company without Cause; Termination by Executive without Constructive Discharge. Executive may terminate Executive's employment and the Employment Period at any time for any reason upon thirty (30) days' prior written notice to Company. Company may terminate Executive's employment and the Employment Period without Cause upon thirty (30) days' prior written notice to Executive. Upon termination of Executive's employment with Company for any reason, Executive shall be deemed to have resigned from all positions with the other members of Company and its subsidiaries (provided, that any such deemed resignations shall not affect Executive's entitlement (if any) to severance pay and benefits hereunder).

4.4 Termination by Executive for Constructive Discharge.

4.4.1 Executive may terminate Executive's employment and the Employment Period, in accordance with the process set forth below, as a result of a Constructive Discharge. For purposes of this Agreement "**Constructive Discharge**" shall mean the occurrence of any of the following after the Effective Date:

-
- (i) a failure of Company to meet its obligations in any material respect under this Agreement, including, without limitation, (x) any reduction in the Base Salary or (y) any failure to pay the Base Salary (other than, in the case of clause (y), the inadvertent failure to pay a de minimis amount of the Base Salary, which payment is immediately made by Company upon notice from Executive);
 - (ii) a material diminution in or other substantial adverse alteration in the nature or scope of Executive's responsibilities with Company from those in effect on the Effective Date (excluding, for this purpose, changes following a Change of Control (x) to Executive's reporting responsibilities and (y) arising by reason of Company ceasing to be a public company); or
 - (iii) without Executive's prior written agreement, Executive's principal place of business is moved to a location that is more than fifty (50) miles from Company's offices located in Chicago, Illinois.

4.4.2 In the event of the occurrence of a Constructive Discharge, Executive shall have the right to terminate Executive's employment hereunder and receive the benefits set forth in Section 4.5.1 below, upon delivery of written notice to Company no later than the close of business on the sixtieth (60th) day following the effective date of the Constructive Discharge; provided, however, that such termination shall not be effective until the expiration of thirty (30) days after receipt by Company of such written notice if Company has not cured such Constructive Discharge within the 30-day period. If Company so effects a cure, the Constructive Discharge notice shall be deemed rescinded and of no force or effect. Notwithstanding the foregoing, such notice and lapse of time shall not be required with respect to any event or circumstance which is the same or substantially the same as an event or circumstance with respect to which notice and an opportunity to cure has been given within the previous six (6) months. The Termination Date of a Constructive Discharge shall be the date of the Executive's "separation from service" (within the meaning of Treas. Reg. Section 1.409A-1(h)).

4.5 Rights upon Termination. Upon termination of Executive's employment and the Employment Period, the following shall apply:

4.5.1 Termination by Company Without Cause or for Constructive Discharge. If Company terminates Executive's employment and the Employment Period without Cause, or if Executive terminates Executive's employment and the Employment Period as a result of a Constructive Discharge, in each case either (x) prior to a Change of Control, or (y) after the second anniversary of a Change of Control, Executive shall be entitled to receive payment of any Base Salary amounts that have accrued but have not been paid as of the Termination Date, and the unpaid Performance Bonus and unpaid Sales Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus and Sales Bonus, if any, to be determined in the manner that it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period). In addition, subject to Sections 4.5.2 and 4.7, below, Company shall, subject to Section 7.14, be obligated to pay Executive (or provide Executive with) the following benefits as severance:

-
- (i) an amount equal to Executive's Base Salary, payable in twelve (12) equal monthly installments commencing on the Termination Date, such amount to be payable regardless of whether Executive obtains other employment and is compensated therefor (but only so long as Executive is not in violation of Section 5 hereof) (with the first two installments to be paid on the sixtieth (60th) day following the Termination Date and the remaining ten (10) installments being paid on the ten following monthly anniversaries of such date); and
 - (ii) continuation of Executive's then current enrollment (including family enrollment, if applicable) in all health and/or dental insurance benefits set forth in Section 3.3.2 for a period of twelve (12) months following the Termination Date, with Executive's contribution to such plans as if Executive were employed by Company, such contributions to be paid by Executive in the same period (e.g., monthly, bi-weekly, etc.) as all other employees of Company (but deductions from Executive's monthly severance payments may be deemed acceptable for this purpose in the discretion of Company); provided, however that Company may terminate such coverage if payment from Executive is not made within the COBRA grace period or ten (10) days of the date on which Executive receives written notice from Company that such payment is due, whichever period ends later; and provided, further, that such benefits may be discontinued earlier to the extent that Executive becomes entitled to comparable benefits from a subsequent employer; in addition, this benefit is contingent upon timely election of COBRA continuation coverage and will run concurrent with the COBRA period; and
 - (iii) upon the sixtieth (60th) day following the Termination Date (or, for awards subject to the satisfaction of a performance condition, subject to the satisfaction of such performance condition and upon the satisfaction of such performance condition (but no earlier than the sixtieth (60th) day following the Termination Date), and based on the level of performance achieved) a portion of any unvested stock option, restricted stock unit or other equity award granted to Executive shall vest, which portion shall be the number of shares equal to (a) plus (b) (such sum not to exceed the number of shares that result in the full vesting of any such award) as follows:
 - (a) the number of shares that would have vested to Executive per the applicable award as of the one-year anniversary of the Termination Date had Executive remained continuously employed by Company through such date; plus
 - (b) the number of shares resulting from the following formula: (x) the number of shares of such award that would vest on the normal vesting date of such award, multiplied by (y) a fraction, the numerator of which is the number of days elapsed since the last regular vesting date of such award (or the grant date, if no portion of such award has yet vested), and the denominator of which is the number of days between the last regular vesting date (or grant date, as the case may be) and the normal vesting date.

4.5.2 Severance Upon Termination following a Change of Control. If, within the period beginning on the date of a Change of Control through the second anniversary of the Change of Control, Executive terminates Executive's employment and the Employment Period pursuant to Section 4.4 or Company terminates Executive's employment pursuant to Section 4.3, then Executive shall, subject to Section 4.7, receive the payment and benefits provided in Section 4.5.1; provided, however, that in place of the twelve (12) monthly payments provided for in Section 4.5.1(i), Executive shall receive a lump sum amount of cash equal to the sum of (x) Executive's Base Salary, plus (y) Executive's Target Performance Bonus, plus (z) Executive's Target Sales Bonus, with such lump sum paid on the sixtieth (60th) day following the Termination Date, such amount reduced by any Change of Control payment received by Executive pursuant to Section 3.6.

4.5.3 Termination With Cause by Company or Without Constructive Discharge by Executive. If Company terminates Executive's employment and the Employment Period with Cause, or if Executive terminates Executive's employment and the Employment Period other than as a result of a Constructive Discharge, Company shall be obligated to pay Executive (i) any Base Salary amounts that have accrued but have not been paid as of the Termination Date; and (ii) subject to Section 7.14, the unpaid Performance Bonus and unpaid Sales Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus and Sales Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.5.4 Termination Upon Death or Disability. If Executive's employment and the Employment Period are terminated because of the death or disability of Executive, Company shall, subject to Section 7.14, be obligated to pay Executive or, if applicable, Executive's estate, the following amounts: (i) earned but unpaid Base Salary; and (ii) the unpaid Performance Bonus or Sales Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus and Sales Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.6 Effect of Notice of Termination. Any notice of termination by Company, whether for Cause or without Cause, may specify that, during the notice period, Executive need not attend to any business on behalf of Company.

4.7 Requirement of a Release; Exclusivity of Severance Payments under this Agreement. As a condition to the receipt of the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment, Executive shall execute and deliver to Company (without revoking) a general release of employment claims against Company and its affiliates in a form reasonably satisfactory to Company within forty-five (45) days following the Termination Date (provided,

that Executive shall not be required to release any rights under this Agreement). In addition, the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment shall constitute the exclusive payments in the nature of severance or termination pay or salary continuation which shall be due to Executive upon a termination of employment and shall be in lieu of any other such payments under any severance plan, program, policy or other arrangement which has heretofore been or shall hereafter be established by Company or any of its affiliates.

5. Restrictive Covenants.

The growth and development of Company and its affiliates and subsidiaries (collectively, "Allscripts") depends to a significant degree on the possession and protection of its customer list, customer information and other confidential and proprietary information relating to Allscripts' products, services, methods, pricing, costs, research and development and marketing. All Allscripts employees and others engaged to perform services for Allscripts have a common interest and responsibility in seeing that such customer information and other confidential information is not disclosed to any unauthorized persons or used other than for Allscripts' benefit. This Section 5 expresses a common understanding concerning Company's and Executive's mutual responsibilities. Therefore, in consideration for Company's agreement to employ Executive and grant Executive access to its confidential information and customer relationships, and for other good and valuable consideration from Company, including, without limitation, compensation, benefits, raises, bonus payments or promotions, the receipt and sufficiency of which are hereby acknowledged, Executive covenants and agrees as follows, which covenant and agreement is essential to this Agreement and Executive's employment with Company:

5.1 Non-Solicitation; No-Hire. Executive acknowledges that the identity and particular needs of Allscripts' customers are not generally known in the health care information technology and consulting industry and were not known to Executive prior to Executive's employment with Allscripts; that Allscripts has near permanent relationships with, and a proprietary interest in the identity of, its customers and their particular needs and requirements; and that documents and information regarding Allscripts' pricing, sales, costs and specialized requirements of Allscripts' customers are highly confidential and constitute trade secrets. Accordingly, Executive covenants and agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not, except on behalf of Allscripts during and within the authorized scope of Executive's employment with Allscripts, directly or indirectly: (i) call on, solicit or otherwise deal with any accounts, customers or prospects of Allscripts which Executive called upon, contacted, solicited, sold to, or about which Executive learned Confidential Information (as defined herein) while employed by Allscripts, for the purpose of soliciting, selling and/or providing, to any such account, customer or prospect, any products or services similar to or in competition with any products or services then-being represented or sold by Allscripts; and (ii) solicit, or accept if offered to Executive, with or without solicitation, the services of any person who is an employee of Allscripts, nor solicit any employee of Allscripts to terminate employment with Allscripts, nor agree to hire on behalf of Executive or any entity or other person any employee of Allscripts into employment with Executive or any other person or entity. Executive agrees not to solicit, directly or indirectly, such accounts, customers, prospects or

employees for Executive or for any other person or entity. For purposes of this paragraph, “**prospects**” means entities or individuals which have had more than de minimus contact with Allscripts in the context of entering into a relationship with Allscripts being a provider of products or services to such entity or individual.

5.2 Non-Interference with Business Relationships. Executive covenants and agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not interact with any person or entity with which Allscripts has a business relationship, or with which Allscripts is preparing to have a business relationship, with the intent of affecting such relationship or intended relationship in a manner adverse to Allscripts.

5.3 Non-Competition. Executive agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive shall not, directly or indirectly, for Executive’s own benefit or for the benefit of others, render services for a Competing Organization in connection with Competing Products or Services anywhere within the Restricted Territory. These prohibitions apply regardless of where such services physically are rendered.

For purposes of this Agreement, “**Competing Products or Services**” means products, processes, or services of any person or organization other than Allscripts, in existence or under development, which are substantially the same, may be substituted for, or applied to substantially the same end use as any product, process, or service of Allscripts with which Executive works or worked during the time of Executive’s employment with Allscripts or about which Executive acquires or acquired Confidential Information through Executive’s work with Allscripts.

For purposes of this Agreement, “**Competing Organization**” means persons or organizations, including Executive, engaged in, or about to become engaged in research or development, production, distribution, marketing, providing or selling of a Competing Product or Service.

For purposes of this Agreement, “**Restricted Territory**” means either: (i) during Executive’s employment with Allscripts, anywhere in the world; or (ii) after cessation of Executive’s employment with Allscripts, then, in descending order of preference based on legal enforceability, (A) within the United States (including its territories) and within each country in which Allscripts has conducted business or directed material resources in soliciting business in the prior twenty-four (24) month period, (B) within the United States (including its territories) and within any other country that at any time was within the scope of Executive’s employment with Allscripts, (C) within any country that at any time during the last two (2) years of Executive’s employment with Allscripts was within the scope of such employment, or (D) within any geographic region(s) that at any time during the last two (2) years of Executive’s employment with Allscripts was within the scope of such employment. Executive agrees that in the event a court determines the length of time or the geographic area or activities prohibited under this Section 5 are too restrictive to be enforceable, the court may reduce the scope of the restriction to the extent necessary to make the restriction enforceable.

5.4 Reasonableness of Restriction. Executive acknowledges that the foregoing non-solicitation, non-competition and non-interference restrictions placed upon Executive are necessary and reasonable to avoid the improper disclosure or use of Confidential Information, and that it has been made clear to Executive that Executive's compliance with Section 5 of this Agreement is a material condition to Executive's employment by Company. Executive further acknowledges and agrees that, if Executive breaches any of the requirements of Section 5.1, 5.2 or 5.3, the twelve (12) month restricted period set forth therein shall be tolled during the time of such breach.

Executive further acknowledges and agrees that Allscripts has attempted to impose the restrictions contained hereunder only to the extent necessary to protect Allscripts from unfair competition and the unauthorized use or disclosure of Confidential Information. However, should the scope or enforceability of any restrictive covenant be disputed at any time, Executive specifically agrees that a court may modify or enforce the covenant to the full extent it believes to be reasonable under the circumstances existing at the time.

5.5 Non-Disclosure. Executive further agrees that, other than as needed to fulfill the authorized scope of Executive's duties with Allscripts, Executive will not during the Employment Period or thereafter use for himself or for others or divulge or convey to any other person (except those persons designated by Allscripts) any Confidential Information obtained by Executive during the period of Executive's employment with Allscripts. Executive agrees to observe all Company policies and procedures concerning such Confidential Information. Executive agrees that, except as may be permitted by written Company policies, Executive will not remove from Company's premises any of such Confidential Information without the written authorization of Company. Executive's obligations under this Agreement will continue with respect to Confidential Information until such information becomes generally available from public sources through no fault of Executive's. During the Employment Period and thereafter Executive shall not disclose to any person the terms and conditions of Executive's employment by Allscripts, except: (i) to close family members, (ii) to legal and accounting professionals who require the information to provide a service to Executive, (iii) as required by law or (iv) in order to inform a prospective or actual subsequent employer of Executive's duties and obligations under this Agreement. If Executive is requested, becomes legally compelled by subpoena or otherwise, or is required by a regulatory body to make any disclosure that is prohibited by this Section 5.5, Executive will promptly notify Company so that Allscripts may seek a protective order or other appropriate remedy if Allscripts deems such protection or remedy necessary under the circumstances. Subject to the foregoing, Executive may furnish only that portion of Confidential Information that Executive is legally compelled or required to disclose. The restrictions set forth herein are in addition to and not in lieu of any obligations Executive may have by law with respect to Confidential Information, including any obligations Executive may have under the Uniform Trade Secrets Act and/or similar statutes as applicable in the state of Executive's residence and/or the state of Executive's primary work location.

5.6 Definition of Confidential Information. As used herein, "**Confidential Information**" shall include, but is not limited to, the following categories of information, knowledge, or data currently known or later developed or acquired relating to Allscripts' business or received by Allscripts in confidence from or about third parties, in each case when the same is not in the public domain or otherwise publicly available (other than as result of a wrongful act of an agent or employee of Allscripts):

5.6.1 Any information concerning Allscripts' products, business, business relationships, business plans or strategies, marketing plans, contract provisions, actual or prospective suppliers or vendors, services, actual or anticipated research or development, new product development, inventions, prototypes, models, solutions, discussion guides, documentation, techniques, actual or planned patent applications, technological or engineering data, formulae, processes, designs, production plans or methods, or any related technical or manufacturing know-how or other information;

5.6.2 Any information concerning Allscripts' financial or profit data, pricing or cost formulas, margins, marketing information, sales representative or distributor lists, or any information relating to corporate developments (including possible acquisitions or divestitures);

5.6.3 Any information concerning Allscripts' current or prospective customer lists or arrangements, equipment or methods used or preferred by Allscripts' customers, or the patients of customers;

5.6.4 Any information concerning Allscripts' use of computer software, source code, object code, or algorithms or architecture retained in or related to Allscripts' computer or computer systems;

5.6.5 Any personal or performance information about any Allscripts' employee;

5.6.6 Any information supplied to or acquired by Allscripts under an obligation to keep such information confidential, including without limitation Protected Health Information (PHI) as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA);

5.6.7 Any information, whether or not designated as confidential, obtained or observed by Executive or other Allscripts employees during training sessions related to Executive's work for Allscripts; and

5.6.8 Any other information treated as trade secrets or otherwise confidential by Allscripts.

Executive hereby acknowledges that some of this information may not be a "trade secret" under applicable law. Nevertheless, Executive agrees not to disclose it.

5.7 Inventions, Discoveries, and Work for Hire. Executive recognizes and agrees that all ideas, works of authorship, inventions, patents, copyrights, designs, processes (e.g., development processes), methodologies (e.g., development methodologies), machines, manufactures, compositions of matter, enhancements, and other developments or improvements and any derivative works based thereon, including, without limitation, potential marketing and sales relationships, research, plans for products or services, marketing plans, computer software (including source code and object code), computer programs, original works of authorship, characters, know-how, trade secrets, information, data, developments, discoveries,

improvements, modifications, technology and algorithms, whether or not subject to patent or copyright protection (the “**Inventions**”) that (i) were made, conceived, developed, authored or created by Executive, alone or with others, during the time of Executive’s employment, whether or not during working hours, that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, (ii) were used by Executive or other personnel of Allscripts during the time of Executive’s employment, even if such Inventions were made, conceived, developed, authored or created by Executive prior to the start of Executive’s employment, (iii) are made, conceived, developed, authored or created by Executive, alone or with others, within two (2) years from the Termination Date and that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, or (iv) result from any work performed by Executive for Allscripts, (collectively with (i)-(iii), the “**Company Inventions**”) are the sole and exclusive property of Company.

Notwithstanding the foregoing, Company Inventions do not include any Inventions made, conceived, developed, authored or created by Executive, alone or with others, for which no equipment, supplies, facility or trade secret information of Allscripts was used and which were developed entirely on Executive’s own time, unless (1) the Invention relates (A) to the business of Allscripts, or (B) to the actual or demonstrably anticipated research or development of Allscripts, or (2) the Company Invention results from any work performed by Executive for Allscripts.

For the avoidance of doubt, Executive expressly disclaims any and all right title and interest in and to all Company Inventions. Executive acknowledges that Executive has and shall forever have no right, title or interest in or to any patents, copyrights, trademarks, industrial designs or other rights in connection with any Company Inventions.

Executive hereby assigns to Company all present and future right, title and interest Executive has or may have in and to the Company Inventions. Executive further agrees that (i) Executive will promptly disclose all Company Inventions to Allscripts; and (ii) all of the Company Inventions, to the extent protectable under copyright laws, are “works made for hire” as that term is defined by the Copyright Act, 17 U.S.C. § 101, *et seq.*

At the request of and without charge to Company, Executive will do all things deemed by Company to be reasonably necessary to perfect title to the Company Inventions in Company and to assist in obtaining for Company such patents, copyrights or other protection in connection therewith as may be provided under law and desired by Company, including but not limited to executing and signing any and all relevant applications, assignments, or other instruments. Executive further agrees to provide, at Company’ request, declarations or affidavits and to give testimony, in depositions, hearings or trials, in support of inventorship. These obligations continue even after the Termination Date. Company agrees that Executive will be reimbursed for reasonable expenses incurred in providing such assistance to Company. In the event Company is unable, after reasonable effort, to secure Executive’s signature on any document or documents needed to apply for or prosecute any patent, copyright or other right or protection relating to any Company Invention, for any reason whatsoever, Executive hereby irrevocably designates and appoints Company and its duly authorized officers and agents as Executive’s agent and attorney-in-fact to act for and on Executive’s behalf to execute and file any such application or other document and to do all other lawfully permitted acts to further the prosecution and issuance of patents, copyrights, or similar protections thereon with the same legal force and effect as if executed by Executive.

For purposes of this Agreement, a Company Invention shall be deemed to have been made during Executive's employment if, during such period, the Company Invention was conceived, in part or in whole, or first actually reduced to practice or fixed in a tangible medium during Executive's employment with Company. Executive further agrees and acknowledges that any patent or copyright application filed within one (1) year after the Termination Date shall be presumed to relate to a Company Invention made during the term of Executive's employment unless Executive can provide evidence to the contrary.

5.8 Prior Employment. Executive hereby agrees that during the course and scope of the employment relationship with Company, Executive shall neither disclose nor use any confidential information, invention, or work of authorship derived from, developed or obtained in any prior employment relationship, and understands that any such disclosure or use would be injurious to the economic and legal interests of Company. Executive represents he has informed Company of, and provided Company with copies of, any non-competition, non-solicitation, confidentiality, work-for-hire or similar agreements to which Executive is subject or may be bound. Executive further represents and agrees that, if any prior employer commences any legal proceeding in connection with any restrictive covenant, non-solicitation, non-disclosure, or non-competition agreement, (i) Executive shall be entirely responsible for his own legal fees in connection with the defense of same; and (ii) Executive shall indemnify and hold harmless Company, its affiliates, suppliers, vendors, customers and clients from any costs and liability arising therefrom including, but not limited to, legal fees, expenses, licenses, royalty payments, and any other damages.

5.9 Return of Data. In the event of the termination of Executive's employment with Company for any reason whatsoever, Executive agrees to deliver promptly to Company all formulas, correspondence, reports, computer programs and similar items, customer lists, marketing and sales data and all other materials pertaining to Confidential Information, and all copies thereof, obtained by Executive during the period of Executive's employment with Company which are in Executive's possession or under his control. Executive further agrees that he will not make or retain any copies of any of the foregoing and will so represent to Company upon termination of his employment.

5.10 Non-Disparagement. Executive agrees that during the Employment Period and for a period of twenty-four (24) months thereafter, Executive will not make any statement, nor imply any meaning through Executive's action or inaction, if such statement or implication would be adverse to the interests of Allscripts, its customers or its vendors or may reasonably cause any of the foregoing embarrassment or humiliation; nor will Executive otherwise cause or contribute to any of the foregoing being held in disrepute by the public or any other Allscripts customer(s), vendor(s) or employee(s). The restrictions of this Section 5.10 shall apply to, but are not limited to, communication via the Internet, any intranet, or other electronic means, such as social media web sites, electronic bulletin boards, blogs, email messages, text messages or any other electronic message.

5.11 Injunctive Relief and Additional Remedies for Breach. Executive further expressly acknowledges and agrees that any breach or threatened breach of the provisions of this Section 5 shall entitle Allscripts, in addition to any other legal remedies available to it, to obtain injunctive relief, to prevent any violation of this Section 5 without the necessity of Allscripts posting bond or furnishing other security and without proving special damages or irreparable injury. Executive recognizes, acknowledges and agrees that such injunctive relief is necessary to protect Allscripts' interest. Executive understands that in addition to any other remedies available to Allscripts at law or in equity or under this Agreement for violation of this Agreement, other agreements or compensatory or benefit arrangements Executive has with Allscripts may include provisions that specify certain consequences thereunder that will result from Executive's violation of this Agreement, which consequences may include repaying Allscripts or foregoing certain equity awards or monies, and any such consequences shall not be considered by Executive or any trier of fact as a forfeiture, penalty, duplicative remedy or exclusive remedy. Notwithstanding Section 7.9, the exclusive venue for any action for injunctive or declaratory relief with respect to this Section 5 shall be the state or federal courts located in Cook County, Illinois. Company and Executive hereby irrevocably consent to any such courts' exercise of jurisdiction over them for such purpose.

5.12 Notification to Third Parties. Company may, at any time during or after the termination of Executive's employment with Company, notify any person, corporation, partnership or other business entity employing or engaging Executive or evidencing an intention to employ or engage Executive as to the existence and provisions of this Agreement.

6. No Set-Off or Mitigation.

Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any set-off, counterclaim, recoupment, defense or other claim, right or action which Company may have against Executive or others. In no event shall Executive be obligated to seek other employment or take any other action by way of mitigation of the amounts payable to Executive under any of the provisions of this Agreement and, except as otherwise provided herein, such amounts shall not be reduced whether or not Executive obtains other employment.

7. Miscellaneous.

7.1 Valid Obligation. This Agreement has been duly authorized, executed and delivered by Company and has been duly executed and delivered by Executive and is a legal, valid and binding obligation of Company and of Executive, enforceable in accordance with its terms.

7.2 No Conflicts. Executive represents and warrants that the performance by Executive of Executive's duties hereunder will not violate, conflict with, or result in a breach of any provision of any agreement to which Executive is a party.

7.3 Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Illinois, without reference to Illinois' choice of law statutes or decisions.

relying upon any representations or warranties concerning Executive's employment by Company except as expressly set forth herein. No amendment or modification to the Agreement shall be valid except by a subsequent written instrument executed by the parties hereto.

7.9 Dispute Resolution and Arbitration. The following procedures shall be used in the resolution of disputes:

7.9.1 Dispute. In the event of any dispute or disagreement between the parties under this Agreement (excluding an action for injunctive or declaratory relief as provided in Section 5.11), the disputing party shall provide written notice to the other party that such dispute exists. The parties will then make a good faith effort to resolve the dispute or disagreement. If the dispute is not resolved upon the expiration of fifteen (15) days from the date a party receives such notice of dispute, the entire matter shall then be submitted to arbitration as set forth in Section 7.9.2.

7.9.2 Arbitration. If the dispute or disagreement between the parties has not been resolved in accordance with the provisions of Section 7.9.1 above, then any such controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration to be held in Chicago, Illinois, in accordance with the rules of the American Arbitration Association then in effect. Any decision rendered herein shall be final and binding on each of the parties and judgment may be entered thereon in the appropriate state or federal court. The arbitrators shall be bound to strict interpretation and observation of the terms of this Agreement. Company shall pay the costs of arbitration.

7.10 Survival. For avoidance of doubt, the provisions of Sections 4.5, 5 and 7 of this Agreement shall survive the expiration or earlier termination of the Employment Period.

7.11 Headings. Section headings used in this Agreement are for convenience of reference only and shall not be used to construe the meaning of any provision of this Agreement.

7.12 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but both of which together shall constitute one and the same instrument.

7.13 Taxes. Executive shall be solely responsible for taxes imposed on Executive by reason of any compensation and benefits provided under this Agreement and all such compensation and benefits shall be subject to applicable withholding.

7.14 Section 409A of the Code. It is intended that this Agreement will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the Agreement is subject thereto, and the Agreement shall be interpreted on a basis consistent with such intent. If an amendment of the Agreement is necessary in order for it to comply with Section 409A, the parties hereto will negotiate in good faith to amend the Agreement in a manner that preserves the original intent of the parties to the extent reasonably possible. No action or failure by Company in good faith to act, pursuant to this Section 7.14, shall subject Company to any claim, liability, or expense, and Company shall not have any obligation to indemnify or otherwise protect Executive from the obligation to pay any taxes pursuant to Section 409A of the Code.

In addition, notwithstanding any provision to the contrary in this Agreement, if Executive is deemed on the date of Executive's "**separation from service**" (within the meaning of Treas. Reg. Section 1.409A-1(h)) to be a "**specified employee**" (within the meaning of Treas. Reg. Section 1.409A-1(i)), then with regard to any payment that is required to be delayed pursuant to Section 409A(a)(2)(B) of the Code (the "**Delayed Payments**"), such payment shall not be made prior to the earlier of (i) the expiration of the six (6) month period measured from the date of Executive's "separation from service" and (ii) the date of Executive's death. Any payments due under this Agreement other than the Delayed Payments shall be paid in accordance with the normal payment dates specified herein. In no case will the delay of any of the Delayed Payments by Company constitute a breach of Company's obligations under this Agreement. For all purposes under this Agreement, reference to Executive's "termination of employment" (and corollary terms) with Company shall be construed to refer to Executive's "separation from service" (as determined under Treas. Reg. Section 1.409A-1(h), as uniformly applied by Company) with Company.

In addition, to the extent that any reimbursement or in-kind benefit under this Agreement or under any other reimbursement or in-kind benefit plan or arrangement in which Executive participates during the term of Executive's employment under this Agreement or thereafter provides for a "deferral of compensation" within the meaning of Section 409A of the Code, (i) the amount eligible for reimbursement or in-kind benefit in one calendar year may not affect the amount eligible for reimbursement or in-kind benefit in any other calendar year (except that a plan providing medical or health benefits may impose a generally applicable limit on the amount that may be reimbursed or paid), (ii) the right to reimbursement or an in-kind benefit is not subject to liquidation or exchange for another benefit, and (iii) subject to any shorter time periods provided herein, any such reimbursement of an expense or in-kind benefit must be made on or before the last day of the calendar year following the calendar year in which the expense was incurred.

7.15 Payment by Subsidiaries. Executive acknowledges and agrees that Company may satisfy its obligations to make payments to Executive under this Agreement by causing one or more of its subsidiaries to make such payments to Executive. Executive agrees that any such payment made by any such subsidiary shall fully satisfy and discharge Company's obligation to make such payment to Executive hereunder (but only to the extent of such payment).

**FIRST AMENDMENT TO EMPLOYMENT AGREEMENT
STEPHEN SHUTE**

THIS FIRST AMENDMENT TO EMPLOYMENT AGREEMENT (this “**Amendment**”) is made and entered into as of May 4, 2012 (the “**Amendment Date**”), by and between Allscripts Healthcare Solutions, Inc. (“**Company**”) and Stephen Shute (“**Executive**”).

WHEREAS, Company and Executive entered into an Employment Agreement dated July 14, 2011 (the “**Employment Agreement**”);

WHEREAS, Company and Executive desire to amend certain provisions of the Employment Agreement; and

WHEREAS, this Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument and any signature delivered via facsimile or electronic file will be the same as an original signature.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and other good and valuable consideration, the receipt of which is hereby acknowledged by each party, the parties agree that as of the Amendment Date, the Employment Agreement is amended as follows:

1. The foregoing recitations shall form a part of this Amendment and are incorporated herein verbatim by reference. Unless otherwise indicated, capitalized terms shall have the same meaning as referenced in the Employment Agreement

2. Section 4.5.1(i) is replaced in its entirety with the following:

(i) an amount equal to the sum of (A) Executive’s Base Salary plus (B) Executive’s Target Performance Bonus plus (C) Executive’s Target Sales Bonus, payable in twelve (12) equal monthly installments commencing on the Termination Date, such amount to be payable regardless of whether Executive obtains other employment and is compensated therefor (but only so long as Executive is not in violation of Section 5 hereof) (with the first two installments to be paid on the sixtieth (60th) day following the Termination Date and the remaining ten (10) installments being paid on the ten following monthly anniversaries of such date); and

3. Section 4.5.2 is replaced in its entirety with the following:

4.5.2 Severance Upon Termination following a Change of Control. If, within the period beginning on the date of a Change of Control through the second anniversary of the Change of Control, Executive terminates Executive’s employment and the Employment Period pursuant to Section 4.4 or Company terminates Executive’s employment pursuant to Section 4.3, then

Executive shall, subject to Section 4.7, receive the payment and benefits provided in Section 4.5.1; provided, however, that (A) in place of the twelve (12) monthly payments provided for in Section 4.5.1(i), Executive shall receive a lump sum amount of cash equal to two (2) times the sum of (x) Executive's Base Salary plus (y) Executive's Target Performance Bonus plus (z) Executive's Target Sales Bonus, with such lump sum paid on the sixtieth (60th) day following the Termination Date, such amount reduced by any payment received by Executive pursuant to Section 3.6, and (B) in place of the equity vesting provided for in Section 4.5.1(iii), all unvested equity awards held by Executive shall vest upon the Termination Date.

Anything in this Agreement to the contrary notwithstanding, if (A) a Change of Control occurs, (B) Executive's employment with Company is terminated by Company without Cause or if Executive terminates his employment as a result of a Constructive Discharge, in either case within one hundred eighty (180) days prior to the date on which the Change of Control occurs, and (C) it is reasonably demonstrated by Executive that such termination of employment or events constituting Constructive Discharge was (x) at the request of a third party who had taken steps reasonably calculated to effect a Change of Control or (y) otherwise arose in connection with or in anticipation of a Change of Control, then for all purposes of this Agreement such Change of Control shall be deemed to have occurred during the Term of Employment and the Termination Date shall be deemed to have occurred after the Change of Control, so that Executive is entitled to the vesting and other benefits provided by this Section 4.5.2. If Executive is entitled to additional vesting of any equity awards that were cancelled as a result of Executive's termination of employment prior to the Change of Control, Company or its successor shall deliver to Executive the consideration Executive would have received in the Change of Control had the cancelled equity awards been outstanding and vested at the time of the Change of Control. Any additional amounts due Executive as a result of the application of this paragraph to a termination prior to a Change of Control shall be paid to Executive under this Section 4.5.2. in a lump sum on the sixtieth (60th) day following the Change of Control.

4. The last sentence of the second paragraph of Section 7.14 is replaced in its entirety with the following:

For the provision of payments and benefits under this Agreement upon termination of employment, reference to Executive's "termination of employment" (and corollary terms) with Company shall be construed to refer to Executive's "separation from service" from Company (as determined under Treas. Reg. Section 1.409A-1(h), as uniformly applied by Company) in tandem with Executive's termination of employment with Company.

5. A new paragraph is added to the end of Section 7.14, as follows:

If the sixty (60)-day period following a "separation from service" begins in one calendar year and ends in a second calendar year (a "**Crossover 60-Day Period**"), then any severance payments that would otherwise occur during the portion of the Crossover 60-Day Period that falls within the first year will be delayed and paid in a lump sum during the portion of the Crossover 60-Day Period that falls within the second year.

6. In all other respects, the Employment Agreement is ratified and confirmed and remains in full force and effect.

Signature page follows.

SEPARATION AGREEMENT

This Separation Agreement (this “**Agreement**”) is effective as of the 1st day of January, 2013 (the “**Effective Date**”), by and between W. David Morgan (“**Executive**”) and Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Company**”). Terms used in this Agreement but not specifically defined herein shall have the same meaning as in the Employment Agreement (defined below).

WHEREAS, Company and Executive entered into an Employment Agreement dated May 16, 2012 (the “**Employment Agreement**”), a copy of which is attached hereto as Exhibit A; and

WHEREAS, Company and Executive desire to set forth the terms of Executive’s remaining employment with Company, his termination of employment, severance benefits, and other matters related thereto.

NOW, THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Termination Date. Executive’s employment with Company will terminate effective as of the close of business on June 3, 2013 (the “**Termination Date**”). As of the Termination Date, Executive’s employment with Company is terminated and Executive irrevocably resigns from all other positions with any subsidiaries and affiliated companies of Company.

2. Employment Agreement. Executive’s Employment Agreement remains in full force and effect until the Termination Date, except as modified by this Agreement. Executive expressly waives his right to any payment or benefits pursuant to Sections 3.6 and 4.5.2 (“**Payment upon a Change of Control with No Comparable Job**” and “**Severance Upon Termination following a Change of Control**,” respectively) of the Employment Agreement, and such sections are hereby deleted from the Employment Agreement.

3. Transition Period. During the period beginning on the Effective Date and ending on the Termination Date (the “**Transition Period**”), the parties agree to the following:

(a) Duties. Executive shall serve as Company’s Senior Vice President, Finance and have the duties and responsibilities, and perform such administrative and managerial services, as shall be reasonably delegated or assigned to Executive by the Chief Financial Officer of Company or his delegate, which duties shall generally include, but not be limited to, the diligent and cooperative transition of Executive’s duties to another or others as directed. Notwithstanding the foregoing, Company shall have the right to relieve Executive of any or all duties to be performed prior to the Termination Date.

(b) Salary and Benefits. Executive shall continue to receive his Base Salary as in effect on the Effective Date and to participate in any benefit plans that were provided to Executive under Section 3.3 (“**Benefits**”) of the Employment Agreement.

(c) Expenses. Company shall reimburse Executive for proper and necessary expenses incurred by Executive during the Transition Period in the performance of his duties under this Agreement from time to time per the standard policies and procedures of Company with respect to such expenses.

(d) Transition Bonus. Provided Executive has remained employed by Company through the Termination Date, Company shall pay the Executive a transition bonus of \$37,009 (the “**Transition Bonus**”), subject to all appropriate federal and state withholding taxes. The Transition Bonus shall be paid on Company’s first regular payroll date following the sixtieth (60th) day after the Termination Date.

(e) Termination of Employment during Transition Period.

(i) If during the Transition Period Executive’s employment with Company terminates pursuant to Section 4.1 or 4.2 of the Employment Agreement (“**Termination upon Death or Disability of Executive**” or “**Termination by Company for Cause**,” respectively), or Executive’s employment is terminated by the Company without Cause pursuant to Section 4.3 of the Employment Agreement (“**Termination by Company without Cause; Termination by Executive without Constructive Discharge**”), then this Agreement shall be void *ab initio* and the provisions of the Employment Agreement shall be in full force and effect and control the terms of such termination.

(ii) If during the Transition Period Executive voluntarily resigns his employment with Company pursuant to Section 4.3 of the Employment Agreement, the provisions of Section 4.5.3 of the Employment Agreement (“**Termination With Cause by Company or Without Constructive Discharge by Executive**”) shall control the terms of such termination and Executive shall receive no severance benefits; *provided that*, if Executive gives Company sixty (60) days’ prior written notice of his voluntary resignation, then, subject to Executive’s compliance with the terms of this Agreement, including without limitation Sections 6(b), 7, 8, 9, 10 and 12, Company shall pay to Executive:

(1) The payments and benefits set forth in Sections 4.5.1(i), 4.5.1(iii) and 4.5.1(iv) of the Employment Agreement, which shall be paid or provided as specified therein, following the date of Executive’s termination due to voluntary resignation (the “**Voluntary Resignation Date**”); and

(2) If Executive voluntarily resigns prior to his receipt of the Retention Bonus under Section 3.2.2 of the Employment Agreement, an amount equal to the Retention Bonus on the sixtieth (60th) day following the Voluntary Resignation Date.

(iii) Notwithstanding anything contained in this Agreement or the Employment Agreement to the contrary, Executive shall have no right to terminate employment pursuant to Section 4.4 of the Employment Agreement (“**Termination by Executive for Constructive Discharge**”).

4. Severance Benefits after the Transition Period. Subject to Executive's compliance with the terms of this Agreement, including without limitation Sections 6(b), 7, 8, 9, 10 and 12, after the Termination Date, Executive shall receive the payments and benefits set forth in Section 4.5.1 of the Employment Agreement, which are described and shall be paid or provided in accordance with Schedule 1 attached to this Agreement.

5. No Other Payments. Executive expressly acknowledges and agrees that, other than as specifically provided for in this Agreement, including benefits due to Executive under any employee benefit plan, no additional payments or benefits, including severance payments or benefits, are due from Company on any basis whatsoever.

6. Release.

(a) The pay and benefits provided under Sections 3(b)-(d) of this Agreement are subject to Executive's execution of (without revocation) and delivery to Company by the forty-fifth (45th) day following the Effective Date of a release and waiver of all claims (the "**Release**") up to the date of the Release with such Release in the form attached hereto as Exhibit B.

(b) The pay and benefits provided under Section 3(e)(ii) or 4 of this Agreement are subject to Executive's execution of (without revocation) and delivery to the Company by the forty-fifth (45th) day following the Voluntary Resignation Date or Termination Date, as applicable, of a Release providing a release and waiver of all claims up to the date of the Release; the Release shall be provided to Executive by Company and shall be substantially in the form attached hereto as Exhibit B.

7. Restrictive Covenants. Executive expressly acknowledges and agrees that Section 5 ("**Restrictive Covenants**") of the Employment Agreement remains in full force and effect as provided therein.

8. Return of Company Property. Executive represents and warrants that, on or before the Termination Date or Voluntary Resignation Date, as applicable, Executive shall return to Company all Company property and information in any form (whether, paper, electronic media or otherwise), and not retain copies of any such property or information (excluding, however, information relating solely to Executive's own employment, compensation and benefits).

9. Non-Disparagement. Executive agrees not to make any adverse or disparaging comments (oral or written, including but not limited to, via any form of electronic media) about Company, its affiliates, or any of their respective officers, directors, managers or employees which may tend to impugn or injure their reputation, goodwill and relationships with their past, present and future customers, employees or vendors or with the business community generally. Nothing in this Section 9 is intended to prohibit, limit or prevent Executive from providing truthful testimony in a court of law, to a regulatory or law enforcement agency or pursuant to a properly issued subpoena, and such testimony would not be deemed to be a violation of this Section 9.

10. Cooperation. Executive agrees to cooperate, subject to reimbursement by Company of reasonable out of pocket costs and expenses, with Company and its counsel with respect to any matter (including any litigation, investigation or governmental proceeding) which relates to matters with which Executive was involved during his employment with Company.

Such cooperation shall include appearing from time to time at the offices of Company or Company's counsel for conferences and interviews and in generally providing the officers of Company and its counsel with the full benefit of Executive's knowledge with respect to any such matter. Executive agrees to render such cooperation in a timely fashion and at such times and places as may be mutually agreeable to the parties.

11. Waiver of Any Re-Employment Right. Executive waives all interest in and right to reinstatement or re-employment with Company and any of its affiliates and agrees that any application for re-employment may be rejected without explanation or liability pursuant to this provision.

12. Nondisclosure. Executive shall not disclose or cause to be disclosed the terms of this Agreement or the negotiations leading to it to any person (other than to his spouse, attorneys or tax advisors, who shall also be bound by this nondisclosure provision), except pursuant to a lawful subpoena or as otherwise required by law.

13. Miscellaneous.

(a) Binding Effect. This Agreement shall be binding upon each of the parties and upon their respective heirs, administrators, representatives, executors, successors and assigns, and shall inure to the benefit of each party and to their respective heirs, administrators, representatives, executors, successors and assigns.

(b) Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Illinois, without regard to the conflict of law provisions of any jurisdiction.

(c) Dispute Resolution. Executive expressly acknowledges and agrees that Section 7.9 ("**Dispute Resolution and Arbitration**") of the Employment Agreement remains in full force and effect and shall apply to this Agreement.

(d) Scope of Agreement. This Agreement and, as indicated, the Employment Agreement reflect the entire agreement between Executive and Company with respect to the terms and conditions of Executive's employment relationship with Company and the termination of such employment relationship and, except as specifically provided herein, supersede all prior agreements and understandings, written or oral relating to the subject matter hereof.

(e) Notices. Any notice pertaining to this Agreement shall be in writing and shall be given in accordance with Section 7.6 of the Employment Agreement.

(f) Waiver of Breach. The waiver by either party to this Agreement of a breach of any provision of this Agreement shall not operate as or be deemed a waiver of any subsequent breach by such party. Continuation of benefits hereunder by Company following a breach by Executive of any provision of this Agreement shall not preclude Company from thereafter exercising any right that it may otherwise independently have to terminate said benefits based upon the same violation.

(g) Amendment. This Agreement may not be modified or amended except by a writing signed by the parties to this Agreement. In the event the parties amend this Agreement to extend the Termination Date hereunder, Schedule 1 attached hereto shall be concurrently amended to reflect the adjusted equity vesting and forfeitures resulting from the extended Termination Date.

(h) Counterparts. This Agreement may be signed in multiple counterparts, each of which shall be deemed an original. Any executed counterpart returned by facsimile or PDF shall be deemed an original executed counterpart.

(i) No Third Party Beneficiaries. Unless specifically provided herein, the provisions of this Agreement are for the sole benefit of the parties to this Agreement and are not intended to confer upon any person not a party to this Agreement any rights hereunder.

(j) Terms and Construction. Each party has cooperated in the drafting and preparation of this Agreement. The language in all parts of this Agreement shall be in all cases construed according to its fair meaning and not strictly for or against either party.

(k) Admissions. Nothing in this Agreement is intended to be, or will be deemed to be, an admission of liability by Executive or Company to each other, or an admission that they or any of their agents, affiliates, or employees have violated any state, federal or local statute, regulation or ordinance or any principle of common law of any jurisdiction, or that they have engaged in any wrongdoing towards each other.

(l) Withholding. Company may withhold from any amounts payable under this Agreement such federal, state and local taxes as may be required to be withheld pursuant to applicable laws or regulations.

(m) Severability. The holding of any provision of this Agreement to be illegal, invalid or unenforceable by a court of competent jurisdiction shall not affect any other provisions of this Agreement, which shall remain in full force and effect.

(n) Section 409A of the Code. Executive expressly acknowledges and agrees that Section 7.14 (“**Section 409A of the Code**”) of the Employment Agreement remains in full force and effect and shall apply to this Agreement. Executive is a “specified employee” of Company and its affiliates (as defined in Treasury Regulation Section 1.409A-1(i)), and Executive is therefore subject to a delay in payment until six months after the date of Executive’s separation from service from Company (pursuant to Treasury Regulation Section 1.409A-3(i)(2)(ii)) to receive payments provided hereunder to the extent such amounts are subject to, and not exempt from, Section 409A. If the sixty (60)-day period following a “separation from service” begins in one calendar year and ends in a second calendar year (a “**Crossover 60-Day Period**”), then any severance payments that would otherwise occur during the portion of the Crossover 60-Day Period that falls within the first year will be delayed and paid in a lump sum during the portion of the Crossover 60-Day Period that falls within the second year. The Company shall not have any obligation to indemnify or otherwise protect Executive from the obligation to pay any taxes pursuant to Section 409A.

EXHIBIT A
EMPLOYMENT AGREEMENT

EXHIBIT B
GENERAL RELEASE

WHEREAS, this General Release (this “**Release**”) is given by W. David Morgan (“**Executive**”) on the date indicated below at Executive’s signature, pursuant to the Separation Agreement between Allscripts Healthcare Solutions, Inc. (the “**Company**”) and Executive dated as of January , 2013 (the “**Agreement**”); and

WHEREAS, in consideration for the payments and benefits provided by Company to Executive under the Agreement, which are conditioned upon his execution of a release and waiver of claims for the benefit of Company, Executive agrees to execute this Release.

NOW THEREFORE, in consideration of the mutual covenants contained under the Agreement and other good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, and intending to be legally bound, Executive agrees as follows:

1. In exchange for the benefits described in the Agreement, Executive hereby agrees to WAIVE any and all rights in connection with, and to fully RELEASE and forever discharge Company and its predecessors, parents, subsidiaries, divisions, related or affiliated companies, benefit plans, plan administrators and other plan fiduciaries, officers, directors, stockholders, members, employees, heirs, successors, assigns, representatives, agents and counsel (the “**Released Parties**”) from any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs, expenses, attorneys’ fees, and compensation in any form whatsoever, whether now known or unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, including without limitation on account of or in any way arising out of, relating to or in connection with Executive’s employment by or separation of employment from any of the Released Parties, and any and all claims for damages or injury to any entity, person, property or reputation arising therefrom, claims for wages, employment benefits, tort claims and claims under Title VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Civil Rights Act of 1866, the Employee Retirement Income Security Act of 1974 (except that Executive does not waive his right to receive notices and vested monies and benefits due under any employee retirement or medical benefit plan), the National Labor Relations Act, the Fair Labor Standards Act, the Rehabilitation Act of 1973, the Family and Medical Leave Act of 1993, the Americans with Disabilities Act of 1990 and any other federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle of any state relating to employment, employment contracts, wrongful discharge or any other matter; provided, however, that the foregoing waiver and release shall not apply to Executive’s rights in respect of any benefit or claim to which Executive is entitled under employee pension or welfare benefit plans and programs of the Released Parties in which Executive is a participant prior to the date below, or to Executive’s rights to enforce the Agreement.

1. Release of Age Discrimination Claims . In further consideration of the promises made by Company in the Agreement, Executive specifically WAIVES any and all rights in connection with, and fully RELEASES and forever discharges the Released Parties from, any and all torts, contracts, claims, suits, actions, causes of action, demands, rights, damages, costs,

expenses, attorneys' fees, and compensation in any form whatsoever, whether now known or unknown, in law or in equity, which Executive has or ever had (from the beginning of time through and including the date hereof) against any of the Released Parties, arising under the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. Sec. 621, *et seq.* ("ADEA"). Executive further agrees that:

(a) Executive's waiver of rights under this Release is knowing and voluntary and in compliance with the Older Workers Benefit Protection Act of 1990;

(b) Executive understands the terms of this Release;

(c) the consideration provided in the Agreement represents consideration over and above that to which Executive otherwise would be entitled, that the consideration would not have been provided had Executive not signed this Release, and that the consideration is in exchange for the signing of this Release;

(d) Company is hereby advising Executive in writing to consult with Executive's attorney prior to executing this Release;

(e) Company is giving Executive a period of at least forty-five (45) days within which to consider this Release;

(f) following the execution of this Release Executive has seven (7) days in which to revoke this Release by written notice. To be effective, the revocation must be made in writing and delivered to and received by the Senior Vice President, Human Resources, Allscripts Healthcare Solutions, Inc., 8529 Six Forks Road, Raleigh, NC 27615, no later than 4:00 p.m. on the seventh day after Executive executes this Release. An attempted revocation not actually received by the Chief Executive Officer before the revocation deadline will not be effective; and

(g) this entire Release shall be void and of no force and effect if Executive chooses to so revoke, and, if Executive chooses not to so revoke, this Release shall then become fully effective and enforceable.

This Section 2 does not waive rights or claims that may arise under the ADEA after the date Executive signs this Release. In addition, nothing in this Release shall in any way affect Executive's right to indemnification and expense advancement to the extent provided by Company's operating agreement or other applicable policies; provided, however, that Company shall not be liable, and shall not provide a defense and indemnification for any claim wherein Executive has not satisfied the applicable standard of conduct set forth in such operating agreement or other applicable policies, or wherein Executive has committed any acts of fraud, embezzlement or gross misconduct.

2. Proceedings; No Admissions.

(a) Executive hereby represents and warrants that he has no pending claims against any of the Released Parties with any municipal, state, federal or other governmental or nongovernmental entity. Notwithstanding anything to the contrary, this Release shall not prevent Executive from (A) initiating or causing to be initiated on Executive's behalf any complaint,

charge, claim or proceeding against any of the Released Parties before any local, state or federal agency, court or other body challenging the validity of the waiver of Executive's claims under the ADEA contained in this Release (but no other portions of the waivers and releases described in Sections 1 or 2); or (B) initiating or participating in an investigation or proceeding conducted by the Equal Employment Opportunity Commission with respect to the ADEA.

(b) Both parties acknowledge and agree that this Release does not constitute, is not intended to be, and shall not be construed, interpreted or treated in any respect as, and shall not be admissible in any proceeding as, an admission of liability, error, violation, omission or wrongdoing by either party for any purpose whatsoever. Further, both parties acknowledge and agree that there has been no determination that either party has violated any federal, state or local law, statute, ordinance, guideline, regulation, order or common-law principle. Executive further acknowledges that no precedent, practice, policy or usage shall be established by this Release or the offer to Executive of compensation and benefits in the Agreement.

3. **Effect of Claim.** Executive also understands and agrees that in the event Executive, by himself, or in conjunction with Executive's heirs, spouse, family members, executors, or administrators attempt to institute or do institute any charge, claim, suit or action against any of the Released Parties in violation of this Release, Executive shall be obligated, as an express condition of bringing such action, to tender back to Company the full amount of the compensation and benefits that Executive has received under the Agreement; and Executive further agrees that Executive will pay all of the Released Parties' costs, expenses and fees of defending against such action, including, among other things, reasonable attorneys' fees. The immediately prior sentence does not apply to claims under ADEA or to challenge the release of ADEA claims under this Release; provided, however, nothing in this Release is intended to reflect any party's belief that Executive's waiver of claims under ADEA is invalid or unenforceable under this Release, it being the intent of Executive and Company that such claims are waived. This Section 3 does not grant Executive an option to return the money and institute an action. Instead this paragraph merely creates an additional term and condition precedent to bringing an action regardless of the fact that such action is expressly barred by this Release, and is without merit.

4. **Executive's Right to Enforce Agreement.** Nothing in this Release shall be construed as a waiver or release by Executive of any claim or right to enforce the terms of the Agreement or to bring a claim for damages arising out of Company's breach of the Agreement.

IN WITNESS WHEREOF, Executive has executed and delivered this Release on the date set forth below.

Date: _____

EMPLOYMENT AGREEMENT

THIS EMPLOYMENT AGREEMENT (this “**Agreement**”) is made as of this 10th day of October, 2012 (the “**Signing Date**”), to become effective the 29th day of October, 2012 (the “**Effective Date**”), by and between Allscripts Healthcare Solutions, Inc., a corporation organized and existing under the laws of the State of Delaware (“**Company**”), and Richard Poulton (“**Executive**”).

RECITALS

WHEREAS, commencing on the Effective Date, Company desires to employ Executive subject to the terms and conditions of this Agreement; and

WHEREAS, Executive desires to be employed by Company subject to the terms and conditions of this Agreement.

NOW THEREFORE, in consideration of the foregoing premises, of the mutual agreements and covenants contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

1. Employment.

Company hereby agrees to employ Executive, and Executive hereby accepts employment, as the Chief Financial Officer of Company, pursuant to the terms of this Agreement. Executive shall have the duties and responsibilities and perform such administrative and managerial services of that position as are delegated or assigned to Executive by the Chief Executive Officer of Company (the “**CEO**”) or his delegate from time to time. Executive shall carry out Executive’s responsibilities hereunder on a full-time basis for and on behalf of Company; provided that Executive shall be entitled to devote time to personal investments, civic and charitable activities, and personal education and development, so long as such activities do not interfere with or conflict with Executive’s duties hereunder. Notwithstanding the foregoing, Executive agrees that, during the term of this Agreement, Executive shall not act as an officer of any entity other than Company without the prior written consent of Company.

2. Term.

The term of Executive’s employment by Company under this Agreement (the “**Employment Period**”) shall commence on the Effective Date and shall continue in effect through the third (3rd) anniversary of the Effective Date, unless earlier terminated as provided herein. Thereafter, unless Company or Executive shall elect not to renew the Employment Period upon the expiration of the initial term or any renewal term, which election shall be made by providing written notice of nonrenewal to the other party at least ninety (90) days prior to the expiration of the then current term, the Employment Period shall be extended for an additional twelve (12) months. If Company elects not to renew the Employment Period at the end of the

initial term or any renewal term, such nonrenewal shall be treated as a termination of the Employment Period and Executive's employment without Cause by Company for the limited purpose of determining the payments and benefits available to Executive (i.e., Executive shall be entitled to the severance benefits set forth in Section 4.5.1). If Executive elects not to renew the Employment Period, the same shall constitute a termination of Executive's employment and the Employment Period by Executive without Constructive Discharge, and Executive shall only be entitled to the payments and benefits set forth in Section 4.5.3.

3. Compensation and Benefits.

In consideration for the services Executive shall render under this Agreement, Company shall provide or cause to be provided to Executive the following compensation and benefits:

3.1 Base Salary. During the Employment Period, Company shall pay to Executive an annual base salary at a rate of \$450,000 per annum, subject to all appropriate federal and state withholding taxes, which base salary shall be payable in accordance with Company's normal payroll practices and procedures. Executive's base salary shall be reviewed annually by the CEO, who shall recommend any increases to the Compensation Committee (the "**Compensation Committee**") of the Board of Directors of Company (the "**Board**"), and may be increased in the sole discretion of the Board or Compensation Committee based on Executive's performance during the preceding calendar year. Executive's base salary, as such base salary may be increased hereunder, is hereinafter referred to as the "**Base Salary**."

3.2 Bonuses.

3.2.1 Performance Bonus. Executive shall be eligible to receive cash bonuses in accordance with this Section 3.2.1 (each a "**Performance Bonus**"). The amount and payment of any Performance Bonus shall be subject to a recommendation by the CEO to the Compensation Committee, and such Performance Bonus shall be determined in the sole discretion of, and based upon criteria selected by, the Compensation Committee. Subject to the foregoing exercise of discretion, Executive's annual target Performance Bonus shall be 100% of Executive's Base Salary (the "**Target Performance Bonus**"), but may, based on performance, be less than or exceed such amount. Performance Bonuses shall be paid according to the terms of the bonus plan or program in which Executive participates from time to time.

3.2.2 2012 Performance Bonus. For the performance period of calendar year 2012, Executive's Performance Bonus shall be paid at a rate of no less than 75% of Executive's Target Performance Bonus.

3.2.3 One-Time Payment. In June 2013, Executive shall receive a payment of \$750,000, subject to all appropriate federal and state withholding taxes. If Executive resigns prior to the one-year anniversary of the Effective Date, and provided such resignation is not due to Constructive Discharge (as defined below) or a no Comparable Job situation per Section 3.6 below, Executive shall repay to Company, within ten (10) days after such resignation, the net amount of such payment received by Executive.

3.3 Benefits. During the Employment Period and as otherwise provided hereunder, Executive shall be entitled to the following:

3.3.1 Vacation. Executive shall be entitled to participate in the Company's vacation policy for similarly-situated employees.

3.3.2 Participation in Benefit Plans. Executive shall be entitled to health and/or dental benefits, including immediate coverage for Executive and Executive's eligible dependents, which are generally available to similarly situated employees and as provided by Company in accordance with its group health insurance plan coverage. In addition, Executive shall be entitled to participate in any profit sharing plan, retirement plan, group life insurance plan or other insurance plan or medical expense plan maintained by Company for its salaried employees generally, in accordance with the general eligibility criteria therein.

3.4 Expenses. Company shall reimburse Executive for proper and necessary expenses incurred by Executive in the performance of Executive's duties under this Agreement from time to time upon Executive's submission to Company of invoices of such expenses in reasonable detail and subject to all standard policies and procedures of Company with respect to such expenses.

3.5 Stock Awards.

3.5.1 Executive shall be eligible to participate in any applicable stock bonus, stock option, or similar plan implemented by Company and generally available to its senior executive employees. The amount of any awards made thereunder shall be in the sole discretion of the Board or Compensation Committee.

3.5.2 Company shall grant to Executive, as soon as practicable on or after the Effective Date: (i) awards of Company restricted stock units ("RSUs") under a Company stock incentive plan with an aggregate grant-date value of \$1,000,000, which awards shall vest, subject to Executive's continued employment, 25% on each of the first four anniversaries of the grant date (the "**New-Hire Equity Grant**"); and (ii) awards of Company RSUs under a Company stock incentive plan with an aggregate grant-date value of \$1,000,000, which awards shall vest, subject to Executive's continued employment, 25% on each of the first four anniversaries of the grant-date (the "**2012 Long-Term Incentive**").

3.6 Resignation following a Change of Control.

3.6.1 If a Change of Control (defined below) occurs, and, prior to the Change of Control, Company or representatives of the third party effecting the Change of Control (as applicable) do not offer Executive a Comparable Job (defined below) following the Change of Control and, on or within ten (10) days following the Change of Control, Executive terminates Executive's employment and the Employment Period, then, so long as Executive has remained continuously employed from the Effective Date through the date of such Change of Control and subject to Sections 4.7 and 7.14, (i) all unvested Company equity awards held by Executive shall vest upon the Change of Control, (ii) Company shall pay Executive a cash lump sum equal to the sum of Executive's Base Salary and Target Performance Bonus, and (iii) to the extent not yet paid to Executive, Company shall pay Executive the guaranteed 2012 bonus payment, per

Section 3.2.2 above, and the \$750,000 payment, per Section 3.2.3 above; with each payment per clauses (ii) and (iii) paid on the sixtieth (60th) day following the Termination Date. For purposes of this Agreement, a “**Comparable Job**” shall mean employment following the Change of Control (A) with substantially the same duties and responsibilities as were held by Executive prior to the Change of Control (excluding, for this purpose, changes following the Change of Control (x) to Executive’s reporting responsibilities and (y) arising by reason of Company ceasing to be a public company), (B) at the same location at which Executive provides services prior to the Change of Control or a location within fifty (50) miles of such location and (C) at the same or increased Base Salary and Target Performance Bonus levels as were in effect prior to the Change of Control.

3.6.2 For purposes of this Agreement, a “**Change of Control**” shall mean any one of the following events following the Effective Date:

- (i) the date of acquisition by any person or group other than Company or any subsidiary of Company (and other than any employee benefit plans (or related trust) of Company or any of its subsidiaries) of beneficial ownership of securities possessing more than thirty percent (30%) of the total combined voting power of Company’s then outstanding voting securities which generally entitle the holder thereof to vote for the election of directors (“**Voting Power**”), provided, however, that no Change of Control shall be deemed to have occurred solely by reason of any such acquisition by a corporation with respect to which, after such acquisition, more than sixty percent (60%) of the then outstanding shares of common stock of such corporation and the Voting Power of such corporation are then beneficially owned, directly or indirectly, by the persons who were the beneficial owners of the stock and Voting Power of Company immediately before such acquisition, in substantially the same proportions as their ownership immediately before such acquisition; or
- (ii) the date the individuals who constitute the Board as of immediately following the Effective Date (the “**Incumbent Board**”) cease for any reason other than their deaths to constitute at least a majority of the Board; provided that any individual who becomes a director after the Effective Date whose election or nomination for election by Company’s stockholders was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered, for purposes of this Section, as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the directors of Company (as such terms are used in Rule 14a-11 under the 1934 Act (defined below)); or
- (iii) Company effects (a) a merger or consolidation of Company with one or more corporations or entities, as a result of which the holders of the outstanding Voting Stock of Company immediately prior to such merger, reorganization or consolidation hold less than 50% of the Voting Power of

the surviving or resulting corporation or entity immediately after such merger or consolidation; (b) a liquidation or dissolution of Company; or (c) a sale or other disposition of all or substantially all of the assets of Company other than to an entity of which Company owns at least 50% of the Voting Power.

3.6.3 For purposes of the foregoing definition, the terms “**beneficially owned**” and “**beneficial ownership**” and “**person**” shall have the meanings ascribed to them in SEC rules 13d-5(b) under the 1934 Act, and “**group**” means two or more persons acting together in such a way to be deemed a person for purposes of Section 13(d) of the 1934 Act. Further, notwithstanding anything herein to the contrary, the definition of Change of Control set forth herein shall not be broader than the definition of “change in control event” as set forth under Section 409A of the Code, and the guidance promulgated thereunder, and if a transaction or event does not otherwise fall within such definition of change in control event, it shall not be deemed a Change of Control for purposes of this Agreement.

4. Termination of Services Prior To Expiration of Agreement.

Executive’s employment hereunder and the Employment Period may be terminated at any time as follows (the effective date of such termination hereinafter referred to as the “**Termination Date**”):

4.1 Termination upon Death or Disability of Executive.

4.1.1 Executive’s employment hereunder and the Employment Period shall terminate immediately upon the death of Executive. In such event, all rights of Executive and/or Executive’s estate (or named beneficiary) shall cease except for the right to receive payment of the amounts set forth in Section 4.5.4 of the Agreement.

4.1.2 Company may terminate Executive’s employment hereunder and the Employment Period upon the disability of Executive. For purposes of this Agreement, Executive shall be deemed to be “**disabled**” if Executive, as a result of illness or incapacity, shall be unable to perform substantially Executive’s required duties for a period of three (3) consecutive months or for any aggregate period of three (3) months in any six (6) month period. In the event of a dispute as to whether Executive is disabled, Company may refer Executive to a licensed practicing physician of Company’s choice, and Executive agrees to submit to such tests and examination as such physician shall deem appropriate to determine Executive’s capacity to perform the services required to be performed by Executive hereunder. In such event, the parties hereby agree that the decision of such physician as to the disability of Executive shall be final and binding on the parties. Any termination of the Employment Period under this Section 4.1.2 shall be effected without any adverse effect on Executive’s rights to receive benefits under any disability policy of Company, but shall not be treated as a termination without Cause.

4.2 Termination by Company for Cause. Company may terminate Executive’s employment hereunder and the Employment Period for Cause (as defined herein) upon written notice to Executive, which termination shall be effective on the date specified by Company in such notice; provided, however, that Executive shall have a period of ten (10) days (or such

longer period not to exceed thirty (30) days as would be reasonably required for Executive to cure such action or inaction) after the receipt of the written notice from Company to cure the particular action or inaction, to the extent a cure is possible. For purposes of this Agreement, the term “ **Cause**” shall mean:

4.2.1 the willful or grossly negligent failure by Executive to perform Executive’s duties and obligations hereunder in any material respect, other than any such failure resulting from the disability of Executive;

4.2.2 Executive’s conviction of a crime or offense involving the property of Company, or any crime or offense constituting a felony or involving fraud or moral turpitude; provided that, in the event that Executive is arrested or indicted for a crime or offense related to any of the foregoing, then Company may, at its option, place Executive on paid leave of absence, pending the final outcome of such arrest or indictment;

4.2.3 Executive’s violation of any law, which violation is materially and demonstrably injurious to the operations or reputation of Company; or

4.2.4 Executive’s material violation of any generally recognized policy of Company or Executive’s refusal to follow the lawful directions of the CEO, or Executive’s insubordination to Executive’s supervisor.

4.3 Termination by Company without Cause; Termination by Executive without Constructive Discharge. Executive may terminate Executive’s employment and the Employment Period at any time for any reason upon thirty (30) days’ prior written notice to Company. Company may terminate Executive’s employment and the Employment Period without Cause upon thirty (30) days’ prior written notice to Executive. Upon termination of Executive’s employment with Company for any reason, Executive shall be deemed to have resigned from all positions with the other members of Company and its subsidiaries (provided, that any such deemed resignations shall not affect Executive’s entitlement (if any) to severance pay and benefits hereunder).

4.4 Termination by Executive for Constructive Discharge.

4.4.1 Executive may terminate Executive’s employment and the Employment Period, in accordance with the process set forth below, as a result of a Constructive Discharge. For purposes of this Agreement “ **Constructive Discharge**” shall mean the occurrence of any of the following:

- (i) a failure of Company to meet its obligations in any material respect under this Agreement, including, without limitation, (x) any reduction in the Base Salary or (y) any failure to pay the Base Salary (other than, in the case of clause (y), the inadvertent failure to pay a de minimis amount of the Base Salary, which payment is immediately made by Company upon notice from Executive);

-
- (ii) a material diminution in or other substantial adverse alteration in the nature or scope of Executive's responsibilities with Company from those in effect on the Effective Date (excluding, for this purpose, changes following a Change of Control (x) to Executive's reporting responsibilities and (y) arising by reason of Company ceasing to be a public company); or
 - (iii) without Executive's prior written agreement, Executive's principal place of business is moved to a location that is more than fifty (50) miles from Company's offices located in Chicago, Illinois.

4.4.2 In the event of the occurrence of a Constructive Discharge, Executive shall have the right to terminate Executive's employment hereunder and receive the benefits set forth in Section 4.5.1 below, upon delivery of written notice to Company no later than the close of business on the sixtieth (60th) day following the effective date of the Constructive Discharge; provided, however, that such termination shall not be effective until the expiration of thirty (30) days after receipt by Company of such written notice if Company has not cured such Constructive Discharge within the 30-day period. If Company so effects a cure, the Constructive Discharge notice shall be deemed rescinded and of no force or effect. Notwithstanding the foregoing, such notice and lapse of time shall not be required with respect to any event or circumstance which is the same or substantially the same as an event or circumstance with respect to which notice and an opportunity to cure has been given within the previous six (6) months. The Termination Date of a Constructive Discharge shall be the date of the Executive's "separation from service" (within the meaning of Treas. Reg. Section 1.409A-1(h)).

4.5 Rights upon Termination. Upon termination of Executive's employment and the Employment Period, the following shall apply:

4.5.1 Termination by Company Without Cause or for Constructive Discharge. If Company terminates Executive's employment and the Employment Period without Cause, or if Executive terminates Executive's employment and the Employment Period as a result of a Constructive Discharge, in each case either (x) prior to a Change of Control, or (y) after the second anniversary of a Change of Control, Executive shall be entitled to receive payment of any Base Salary amounts that have accrued but have not been paid as of the Termination Date, and the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner that it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period). In addition, subject to Sections 4.5.2 and 4.7, below, Company shall, subject to Section 7.14, be obligated to pay Executive (or provide Executive with) the following benefits as severance:

- (i) an amount equal to Executive's Base Salary plus Executive's Target Performance Bonus, payable in twelve (12) equal monthly installments commencing on the Termination Date, such amount to be payable regardless of whether Executive obtains other employment and is compensated therefor (but only so long as Executive is not in violation of Section 5 hereof) (with the first two installments to be paid on the sixtieth (60th) day following the Termination Date and the remaining ten (10) installments being paid on the ten (10) following monthly anniversaries of

such date); provided, however, that if the Termination Date is prior to the one-year anniversary of the Effective Date then an amount equal to two (2) times Executive's Base Salary shall be substituted for the Executive's Base Salary above;

- (ii) continuation of Executive's then current enrollment (including family enrollment, if applicable) in all health and/or dental insurance benefits set forth in Section 3.3.2 for a period of twelve (12) months following the Termination Date, with Executive's contribution to such plans as if Executive were employed by Company, such contributions to be paid by Executive in the same period (e.g., monthly, bi-weekly, etc.) as all other employees of Company (but deductions from Executive's monthly severance payments may be deemed acceptable for this purpose in the discretion of Company); provided, however that Company may terminate such coverage if payment from Executive is not made within the COBRA grace period or ten (10) days of the date on which Executive receives written notice from Company that such payment is due, whichever period ends later; and provided, further, that such benefits may be discontinued earlier to the extent that Executive becomes entitled to comparable benefits from a subsequent employer; in addition, this benefit is contingent upon timely election of COBRA continuation coverage and will run concurrent with the COBRA period;
- (iii) subject to the terms of any equity award that may exclude special vesting treatment upon a resignation for Constructive Discharge, upon the sixtieth (60th) day following the Termination Date (or, for awards subject to the satisfaction of a performance condition, subject to the satisfaction of such performance condition and upon the satisfaction of such performance condition (but no earlier than the sixtieth (60th) day following the Termination Date), and based on the level of performance achieved) a portion of any unvested stock option, restricted stock unit or other equity award granted to Executive shall vest, which portion shall be the number of shares equal to (a) plus (b) (such sum not to exceed the number of shares that result in the full vesting of any such award) as follows:

- (a) the number of shares that would have vested to Executive per the applicable award as of the one-year anniversary of the Termination Date had Executive remained continuously employed by Company through such date; plus

- (b) the number of shares resulting from the following formula: (x) the number of shares of such award that would vest on the next vesting date of such award immediately following the Termination Date, multiplied by (y) a fraction, the numerator of which is the number of days elapsed since the last vesting date of such award (or the grant date, if no portion of such award has yet vested), and the denominator of which is the number of days between the last vesting date (or grant date, as the case may be) and the next vesting date; and

-
- (iv) to the extent not yet paid to Executive, payment of the guaranteed 2012 bonus payment, per Section 3.2.2 above, and payment of the \$750,000 payment, per Section 3.2.3 above, with each paid on the sixtieth (60th) day following the Termination Date.

4.5.2 Severance Upon Termination following a Change of Control. If, within the period beginning on the date of a Change of Control through the second anniversary of the Change of Control, Executive terminates Executive's employment and the Employment Period pursuant to Section 4.4 or Company terminates Executive's employment pursuant to Section 4.3, then Executive shall, subject to Sections 4.7 and 7.14, receive the payment and benefits provided in Section 4.5.1; provided, however, that (A) in place of the twelve (12) monthly payments provided for in Section 4.5.1(i), Executive shall receive a lump sum amount of cash equal to two (2) times the sum of (x) Executive's Base Salary plus (y) Executive's Target Performance Bonus, with such lump sum paid on the sixtieth (60th) day following the Termination Date, and (B) in place of the equity vesting provided for in Section 4.5.1(iii), all unvested equity awards held by Executive shall vest upon the Termination Date.

Anything in this Agreement to the contrary notwithstanding, if (A) a Change of Control occurs, (B) Executive's employment with Company is terminated by Company without Cause or if Executive terminates his employment as a result of a Constructive Discharge, in either case within one hundred eighty (180) days prior to the date on which the Change of Control occurs, and (C) it is reasonably demonstrated by Executive that such termination of employment or events constituting Constructive Discharge was (x) at the request of a third party who had taken steps reasonably calculated to effect a Change of Control or (y) otherwise arose in connection with or in anticipation of a Change of Control, then for all purposes of this Agreement such Change of Control shall be deemed to have occurred during the Employment Period and the Termination Date shall be deemed to have occurred after the Change of Control, so that Executive is entitled to the vesting and other benefits provided by this Section 4.5.2. If Executive is entitled to additional vesting of any equity awards that were cancelled as a result of Executive's termination of employment prior to the Change of Control, Company or its successor shall deliver to Executive the consideration Executive would have received in the Change of Control had the cancelled equity awards been outstanding and vested at the time of the Change of Control. Any additional amounts due Executive as a result of the application of this paragraph to a termination prior to a Change of Control shall be paid to Executive under this Section 4.5.2. in a lump sum on the sixtieth (60th) day following the Change of Control.

4.5.3 Termination With Cause by Company or Without Constructive Discharge by Executive. If Company terminates Executive's employment and the Employment Period with Cause, or if Executive terminates Executive's employment and the Employment Period other than as a result of a Constructive Discharge, Company shall be obligated to pay Executive (i) any Base Salary amounts that have accrued but have not been paid as of the Termination Date; and (ii) subject to Section 7.14, the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.5.4 Termination Upon Death or Disability. If Executive's employment and the Employment Period are terminated because of the death or disability of Executive, Company shall, subject to Section 7.14, be obligated to pay Executive or, if applicable, Executive's estate, the following amounts: (i) earned but unpaid Base Salary; and (ii) the unpaid Performance Bonus, if any, with respect to the calendar year preceding the calendar year in which the Termination Date occurs (such Performance Bonus, if any, to be determined in the manner it would have been determined, and payable at the time it would have been payable, under Section 3.2 had there been no termination of the Employment Period).

4.6 Effect of Notice of Termination. Any notice of termination by Company, whether for Cause or without Cause, may specify that, during the notice period, Executive need not attend to any business on behalf of Company.

4.7 Requirement of a Release; Exclusivity of Severance Payments under this Agreement. As a condition to the receipt of the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment, Executive shall execute and deliver to Company (without revoking) a general release of claims against Company and its affiliates in a form reasonably satisfactory to Company within forty-five (45) days following the Termination Date (provided, that Executive shall not be required to release any rights under this Agreement). In addition, the severance payments and termination benefits to be provided to Executive pursuant to this Section 4 upon termination of Executive's employment shall constitute the exclusive payments in the nature of severance or termination pay or salary continuation which shall be due to Executive upon a termination of employment and shall be in lieu of any other such payments under any severance plan, program, policy or other arrangement which has heretofore been or shall hereafter be established by Company or any of its affiliates.

5. Restrictive Covenants.

The growth and development of Company and its affiliates and subsidiaries (collectively, "Allscripts") depends to a significant degree on the possession and protection of its customer list, customer information and other confidential and proprietary information relating to Allscripts' products, services, methods, pricing, costs, research and development and marketing. All Allscripts employees and others engaged to perform services for Allscripts have a common interest and responsibility in seeing that such customer information and other confidential information is not disclosed to any unauthorized persons or used other than for Allscripts' benefit. This Section 5 expresses a common understanding concerning Company's and Executive's mutual responsibilities. Therefore, in consideration for Company's agreement to employ Executive and grant Executive access to its confidential information and customer relationships, and for other good and valuable consideration from Company, including, without limitation, compensation, benefits, raises, bonus payments or promotions, the receipt and sufficiency of which are hereby acknowledged, Executive covenants and agrees as follows, which covenant and agreement is essential to this Agreement and Executive's employment with Company:

5.1 Non-Solicitation; No-Hire. Executive acknowledges that the identity and particular needs of Allscripts' customers are not generally known in the health care information technology and consulting industry and were not known to Executive prior to Executive's employment with Allscripts; that Allscripts has near permanent relationships with, and a proprietary interest in the identity of, its customers and their particular needs and requirements; and that documents and information regarding Allscripts' pricing, sales, costs and specialized requirements of Allscripts' customers are highly confidential and constitute trade secrets. Accordingly, Executive covenants and agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not, except on behalf of Allscripts during and within the authorized scope of Executive's employment with Allscripts, directly or indirectly: (i) call on, solicit or otherwise deal with any accounts, customers or prospects of Allscripts which Executive called upon, contacted, solicited, sold to, or about which Executive learned Confidential Information (as defined herein) while employed by Allscripts, for the purpose of soliciting, selling and/or providing, to any such account, customer or prospect, any products or services similar to or in competition with any products or services then-being represented or sold by Allscripts; and (ii) solicit, or accept if offered to Executive, with or without solicitation, the services of any person who is an employee of Allscripts, nor solicit any employee of Allscripts to terminate employment with Allscripts, nor agree to hire on behalf of Executive or any entity or other person any employee of Allscripts into employment with Executive or any other person or entity. Executive agrees not to solicit, directly or indirectly, such accounts, customers, prospects or employees for Executive or for any other person or entity. For purposes of this paragraph, "**prospects**" means entities or individuals which have had more than de minimus contact with Allscripts in the context of entering into a relationship with Allscripts being a provider of products or services to such entity or individual.

5.2 Non-Interference with Business Relationships. Executive covenants and agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive will not interact with any person or entity with which Allscripts has a business relationship, or with which Allscripts is preparing to have a business relationship, with the intent of affecting such relationship or intended relationship in a manner adverse to Allscripts.

5.3 Non-Competition. Executive agrees that during the Employment Period and for a period of twelve (12) months after the Termination Date, regardless of the reason for such termination, Executive shall not, directly or indirectly, for Executive's own benefit or for the benefit of others, render services for a Competing Organization in connection with Competing Products or Services anywhere within the Restricted Territory. These prohibitions apply regardless of where such services physically are rendered.

For purposes of this Agreement, "**Competing Products or Services**" means products, processes, or services of any person or organization other than Allscripts, in existence or under development, which are substantially the same, may be substituted for, or applied to substantially the same end use as any product, process, or service of Allscripts with which Executive works or worked during the time of Executive's employment with Allscripts or about which Executive acquires or acquired Confidential Information through Executive's work with Allscripts.

For purposes of this Agreement, “**Competing Organization**” means persons or organizations, including Executive, engaged in, or about to become engaged in research or development, production, distribution, marketing, providing or selling of a Competing Product or Service.

For purposes of this Agreement, “**Restricted Territory**” means either: (i) during Executive’s employment with Allscripts, anywhere in the world; or (ii) after cessation of Executive’s employment with Allscripts, then, in descending order of preference based on legal enforceability, (A) within the United States (including its territories) and within each country in which Allscripts has conducted business or directed material resources in soliciting business in the prior twenty-four (24) month period, (B) within the United States (including its territories) and within any other country that at any time was within the scope of Executive’s employment with Allscripts, (C) within any country that at any time during the last two (2) years of Executive’s employment with Allscripts was within the scope of such employment, or (D) within any geographic region(s) that at any time during the last two (2) years of Executive’s employment with Allscripts was within the scope of such employment. Executive agrees that in the event a court determines the length of time or the geographic area or activities prohibited under this Section 5 are too restrictive to be enforceable, the court may reduce the scope of the restriction to the extent necessary to make the restriction enforceable.

5.4 Reasonableness of Restriction. Executive acknowledges that the foregoing non-solicitation, non-competition and non-interference restrictions placed upon Executive are necessary and reasonable to avoid the improper disclosure or use of Confidential Information, and that it has been made clear to Executive that Executive’s compliance with Section 5 of this Agreement is a material condition to Executive’s employment by Company. Executive further acknowledges and agrees that, if Executive breaches any of the requirements of Section 5.1, 5.2 or 5.3, the twelve (12) month restricted period set forth therein shall be tolled during the time of such breach.

Executive further acknowledges and agrees that Allscripts has attempted to impose the restrictions contained hereunder only to the extent necessary to protect Allscripts from unfair competition and the unauthorized use or disclosure of Confidential Information. However, should the scope or enforceability of any restrictive covenant be disputed at any time, Executive specifically agrees that a court may modify or enforce the covenant to the full extent it believes to be reasonable under the circumstances existing at the time.

5.5 Non-Disclosure. Executive further agrees that, other than as needed to fulfill the authorized scope of Executive’s duties with Allscripts, Executive will not during the Employment Period or thereafter use for himself or for others or divulge or convey to any other person (except those persons designated by Allscripts) any Confidential Information obtained by Executive during the period of Executive’s employment with Allscripts. Executive agrees to observe all Company policies and procedures concerning such Confidential Information. Executive agrees that, except as may be permitted by written Company policies, Executive will not remove from Company’s premises any of such Confidential Information without the written authorization of Company. Executive’s obligations under this Agreement will continue with respect to Confidential Information until such information becomes generally available from public sources through no fault of Executive’s. During the Employment Period and thereafter

Executive shall not disclose to any person the terms and conditions of Executive's employment by Allscripts, except: (i) to close family members, (ii) to legal and accounting professionals who require the information to provide a service to Executive, (iii) as required by law or (iv) in order to inform a prospective or actual subsequent employer of Executive's duties and obligations under this Agreement. If Executive is requested, becomes legally compelled by subpoena or otherwise, or is required by a regulatory body to make any disclosure that is prohibited by this Section 5.5, Executive will promptly notify Company so that Allscripts may seek a protective order or other appropriate remedy if Allscripts deems such protection or remedy necessary under the circumstances. Subject to the foregoing, Executive may furnish only that portion of Confidential Information that Executive is legally compelled or required to disclose. The restrictions set forth herein are in addition to and not in lieu of any obligations Executive may have by law with respect to Confidential Information, including any obligations Executive may have under the Uniform Trade Secrets Act and/or similar statutes as applicable in the state of Executive's residence and/or the state of Executive's primary work location.

5.6 Definition of Confidential Information. As used herein, "**Confidential Information**" shall include, but is not limited to, the following categories of information, knowledge, or data currently known or later developed or acquired relating to Allscripts' business or received by Allscripts in confidence from or about third parties, in each case when the same is not in the public domain or otherwise publicly available (other than as result of a wrongful act of an agent or employee of Allscripts):

5.6.1 Any information concerning Allscripts' products, business, business relationships, business plans or strategies, marketing plans, contract provisions, actual or prospective suppliers or vendors, services, actual or anticipated research or development, new product development, inventions, prototypes, models, solutions, discussion guides, documentation, techniques, actual or planned patent applications, technological or engineering data, formulae, processes, designs, production plans or methods, or any related technical or manufacturing know-how or other information;

5.6.2 Any information concerning Allscripts' financial or profit data, pricing or cost formulas, margins, marketing information, sales representative or distributor lists, or any information relating to corporate developments (including possible acquisitions or divestitures);

5.6.3 Any information concerning Allscripts' current or prospective customer lists or arrangements, equipment or methods used or preferred by Allscripts' customers, or the patients of customers;

5.6.4 Any information concerning Allscripts' use of computer software, source code, object code, or algorithms or architecture retained in or related to Allscripts' computer or computer systems;

5.6.5 Any personal or performance information about any Allscripts' employee;

5.6.6 Any information supplied to or acquired by Allscripts under an obligation to keep such information confidential, including without limitation Protected Health Information (PHI) as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA);

5.6.7 Any information, whether or not designated as confidential, obtained or observed by Executive or other Allscripts employees during training sessions related to Executive's work for Allscripts; and

5.6.8 Any other information treated as trade secrets or otherwise confidential by Allscripts.

Executive hereby acknowledges that some of this information may not be a "trade secret" under applicable law. Nevertheless, Executive agrees not to disclose it.

5.7 Inventions, Discoveries, and Work for Hire. Executive recognizes and agrees that all ideas, works of authorship, inventions, patents, copyrights, designs, processes (e.g., development processes), methodologies (e.g., development methodologies), machines, manufactures, compositions of matter, enhancements, and other developments or improvements and any derivative works based thereon, including, without limitation, potential marketing and sales relationships, research, plans for products or services, marketing plans, computer software (including source code and object code), computer programs, original works of authorship, characters, know-how, trade secrets, information, data, developments, discoveries, improvements, modifications, technology and algorithms, whether or not subject to patent or copyright protection (the "**Inventions**") that (i) were made, conceived, developed, authored or created by Executive, alone or with others, during the time of Executive's employment, whether or not during working hours, that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, (ii) were used by Executive or other personnel of Allscripts during the time of Executive's employment, even if such Inventions were made, conceived, developed, authored or created by Executive prior to the start of Executive's employment, (iii) are made, conceived, developed, authored or created by Executive, alone or with others, within two (2) years from the Termination Date and that relate to the business of Allscripts or to the actual or demonstrably anticipated research or development of Allscripts, or (iv) result from any work performed by Executive for Allscripts, (collectively with (i)-(iii), the "**Company Inventions**") are the sole and exclusive property of Company.

Notwithstanding the foregoing, Company Inventions do not include any Inventions made, conceived, developed, authored or created by Executive, alone or with others, for which no equipment, supplies, facility or trade secret information of Allscripts was used and which were developed entirely on Executive's own time, unless (1) the Invention relates (A) to the business of Allscripts, or (B) to the actual or demonstrably anticipated research or development of Allscripts, or (2) the Company Invention results from any work performed by Executive for Allscripts.

For the avoidance of doubt, Executive expressly disclaims any and all right title and interest in and to all Company Inventions. Executive acknowledges that Executive has and shall forever have no right, title or interest in or to any patents, copyrights, trademarks, industrial designs or other rights in connection with any Company Inventions.

Executive hereby assigns to Company all present and future right, title and interest Executive has or may have in and to the Company Inventions. Executive further agrees that (i) Executive will promptly disclose all Company Inventions to Allscripts; and (ii) all of the Company Inventions, to the extent protectable under copyright laws, are “works made for hire” as that term is defined by the Copyright Act, 17 U.S.C. § 101, *et seq.*

At the request of and without charge to Company, Executive will do all things deemed by Company to be reasonably necessary to perfect title to the Company Inventions in Company and to assist in obtaining for Company such patents, copyrights or other protection in connection therewith as may be provided under law and desired by Company, including but not limited to executing and signing any and all relevant applications, assignments, or other instruments. Executive further agrees to provide, at Company’ request, declarations or affidavits and to give testimony, in depositions, hearings or trials, in support of inventorship. These obligations continue even after the Termination Date. Company agrees that Executive will be reimbursed for reasonable expenses incurred in providing such assistance to Company. In the event Company is unable, after reasonable effort, to secure Executive’s signature on any document or documents needed to apply for or prosecute any patent, copyright or other right or protection relating to any Company Invention, for any reason whatsoever, Executive hereby irrevocably designates and appoints Company and its duly authorized officers and agents as Executive’s agent and attorney-in-fact to act for and on Executive’s behalf to execute and file any such application or other document and to do all other lawfully permitted acts to further the prosecution and issuance of patents, copyrights, or similar protections thereon with the same legal force and effect as if executed by Executive.

For purposes of this Agreement, a Company Invention shall be deemed to have been made during Executive’s employment if, during such period, the Company Invention was conceived, in part or in whole, or first actually reduced to practice or fixed in a tangible medium during Executive’s employment with Company. Executive further agrees and acknowledges that any patent or copyright application filed within one (1) year after the Termination Date shall be presumed to relate to a Company Invention made during the term of Executive’s employment unless Executive can provide evidence to the contrary.

5.8 Prior Employment. Executive hereby agrees that during the course and scope of the employment relationship with Company, Executive shall neither disclose nor use any confidential information, invention, or work of authorship derived from, developed or obtained in any prior employment relationship, and understands that any such disclosure or use would be injurious to the economic and legal interests of Company. Executive represents he has informed Company of, and provided Company with copies of, any non-competition, non-solicitation, confidentiality, work-for-hire or similar agreements to which Executive is subject or may be bound. Executive further represents and agrees that, if any prior employer commences any legal proceeding in connection with any restrictive covenant, non-solicitation, non-disclosure, or non-competition agreement, (i) Executive shall be entirely responsible for his own legal fees in connection with the defense of same; and (ii) Executive shall indemnify and hold harmless Company, its affiliates, suppliers, vendors, customers and clients from any costs and liability arising therefrom including, but not limited to, legal fees, expenses, licenses, royalty payments, and any other damages.

5.9 Return of Data. In the event of the termination of Executive's employment with Company for any reason whatsoever, Executive agrees to deliver promptly to Company all formulas, correspondence, reports, computer programs and similar items, customer lists, marketing and sales data and all other materials pertaining to Confidential Information, and all copies thereof, obtained by Executive during the period of Executive's employment with Company which are in Executive's possession or under his control. Executive further agrees that he will not make or retain any copies of any of the foregoing and will so represent to Company upon termination of his employment.

5.10 Non-Disparagement. Executive agrees that during the Employment Period and for a period of twenty-four (24) months thereafter, Executive will not make any statement, nor imply any meaning through Executive's action or inaction, if such statement or implication would be adverse to the interests of Allscripts, its customers or its vendors or may reasonably cause any of the foregoing embarrassment or humiliation; nor will Executive otherwise cause or contribute to any of the foregoing being held in disrepute by the public or any other Allscripts customer(s), vendor(s) or employee(s). The restrictions of this Section 5.10 shall apply to, but are not limited to, communication via the Internet, any intranet, or other electronic means, such as social media web sites, electronic bulletin boards, blogs, email messages, text messages or any other electronic message.

5.11 Injunctive Relief and Additional Remedies for Breach. Executive further expressly acknowledges and agrees that any breach or threatened breach of the provisions of this Section 5 shall entitle Allscripts, in addition to any other legal remedies available to it, to obtain injunctive relief, to prevent any violation of this Section 5 without the necessity of Allscripts posting bond or furnishing other security and without proving special damages or irreparable injury. Executive recognizes, acknowledges and agrees that such injunctive relief is necessary to protect Allscripts' interest. Executive understands that in addition to any other remedies available to Allscripts at law or in equity or under this Agreement for violation of this Agreement, other agreements or compensatory or benefit arrangements Executive has with Allscripts may include provisions that specify certain consequences thereunder that will result from Executive's violation of this Agreement, which consequences may include repaying Allscripts or foregoing certain equity awards or monies, and any such consequences shall not be considered by Executive or any trier of fact as a forfeiture, penalty, duplicative remedy or exclusive remedy. Notwithstanding Section 7.9, the exclusive venue for any action for injunctive or declaratory relief with respect to this Section 5 shall be the state or federal courts located in Cook County, Illinois. Company and Executive hereby irrevocably consent to any such courts' exercise of jurisdiction over them for such purpose.

5.12 Notification to Third Parties. Company may, at any time during or after the termination of Executive's employment with Company, notify any person, corporation, partnership or other business entity employing or engaging Executive or evidencing an intention to employ or engage Executive as to the existence and provisions of this Agreement.

6. No Set-Off or Mitigation.

Company's obligation to make the payments provided for in this Agreement and otherwise to perform its obligations hereunder shall not be affected by any set-off, counterclaim, recoupment, defense or other claim, right or action which Company may have against Executive or others. In no event shall Executive be obligated to seek other employment or take any other action by way of mitigation of the amounts payable to Executive under any of the provisions of this Agreement and, except as otherwise provided herein, such amounts shall not be reduced whether or not Executive obtains other employment.

7. Miscellaneous.

7.1 Valid Obligation. This Agreement has been duly authorized, executed and delivered by Company and has been duly executed and delivered by Executive and is a legal, valid and binding obligation of Company and of Executive, enforceable in accordance with its terms.

7.2 No Conflicts. Executive represents and warrants that the performance by Executive of Executive's duties hereunder will not violate, conflict with, or result in a breach of any provision of any agreement to which Executive is a party.

7.3 Applicable Law. This Agreement shall be construed in accordance with the laws of the State of Illinois, without reference to Illinois' choice of law statutes or decisions.

7.4 Severability. The provisions of this Agreement shall be deemed severable, and the invalidity or unenforceability of any one or more of the provisions hereof shall not affect the validity or enforceability of any other provision. In the event any clause of this Agreement is deemed to be invalid, the parties shall endeavor to modify that clause in a manner which carries out the intent of the parties in executing this Agreement.

7.5 No Waiver. The waiver of a breach of any provision of this Agreement by any party shall not be deemed or held to be a continuing waiver of such breach or a waiver of any subsequent breach of any provision of this Agreement or as nullifying the effectiveness of such provision, unless agreed to in writing by the parties.

7.6 Notices. All demands, notices, requests, consents and other communications required or permitted under this Agreement shall be in writing and shall be personally delivered or sent by facsimile machine (with a confirmation copy sent by one of the other methods authorized in this Section), or by commercial overnight delivery service, to the parties at the addresses set forth below:

To Company: Allscripts Healthcare Solutions, Inc.
222 Merchandise Mart Plaza
Suite 2024
Chicago, IL 60654
Attention: Company Secretary or General Counsel

To Executive: At the address and/or fax number most recently contained in Company's records

Notices shall be deemed given upon the earliest to occur of (i) receipt by the party to whom such notice is directed, if hand delivered; (ii) if sent by facsimile machine, on the day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) such notice is sent if sent (as evidenced by the facsimile confirmed receipt) prior to 5:00 p.m. Central Time and, if sent after 5:00 p.m. Central Time, on the day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) after which such notice is sent; or (iii) on the first business day (other than a Saturday, Sunday or legal holiday in the jurisdiction to which such notice is directed) following the day the same is deposited with the commercial carrier if sent by commercial overnight delivery service. Each party, by notice duly given in accordance therewith may specify a different address for the giving of any notice hereunder.

7.7 Assignment of Agreement. This Agreement shall be binding upon and inure to the benefit of Executive and Company, their respective successors and permitted assigns and Executive's heirs and personal representatives. Neither party may assign any rights or obligations hereunder to any person or entity without the prior written consent of the other party. This Agreement shall be personal to Executive for all purposes.

7.8 Entire Agreement; Amendments. Except as otherwise provided herein, this Agreement contains the entire understanding between the parties, and there are no other agreements or understandings between the parties with respect to Executive's employment by Company and Executive's obligations thereto. Executive acknowledges that Executive is not relying upon any representations or warranties concerning Executive's employment by Company except as expressly set forth herein. No amendment or modification to the Agreement shall be valid except by a subsequent written instrument executed by the parties hereto.

7.9 Dispute Resolution and Arbitration. The following procedures shall be used in the resolution of disputes:

7.9.1 Dispute. In the event of any dispute or disagreement between the parties under this Agreement (excluding an action for injunctive or declaratory relief as provided in Section 5.11), the disputing party shall provide written notice to the other party that such dispute exists. The parties will then make a good faith effort to resolve the dispute or disagreement. If the dispute is not resolved upon the expiration of fifteen (15) days from the date a party receives such notice of dispute, the entire matter shall then be submitted to arbitration as set forth in Section 7.9.2.

7.9.2 Arbitration. If the dispute or disagreement between the parties has not been resolved in accordance with the provisions of Section 7.9.1 above, then any such controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be settled by arbitration to be held in Chicago, Illinois, in accordance with the rules of the American Arbitration Association then in effect. Any decision rendered herein shall be final and binding on each of the parties and judgment may be entered thereon in the appropriate state or federal court. The arbitrators shall be bound to strict interpretation and observation of the terms of this Agreement. Company shall pay the costs of arbitration.

7.10 Survival. For avoidance of doubt, the provisions of Sections 4.5, 5 and 7 of this Agreement shall survive the expiration or earlier termination of the Employment Period.

7.11 Headings. Section headings used in this Agreement are for convenience of reference only and shall not be used to construe the meaning of any provision of this Agreement.

7.12 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but both of which together shall constitute one and the same instrument. Signatures delivered via facsimile or electronic file shall be the same as original signatures.

7.13 Taxes. Executive shall be solely responsible for taxes imposed on Executive by reason of any compensation and benefits provided under this Agreement and all such compensation and benefits shall be subject to applicable withholding.

7.14 Section 409A of the Code. It is intended that this Agreement will comply with Section 409A of the Code (and any regulations and guidelines issued thereunder) to the extent the Agreement is subject thereto, and the Agreement shall be interpreted on a basis consistent with such intent. If an amendment of the Agreement is necessary in order for it to comply with Section 409A, the parties hereto will negotiate in good faith to amend the Agreement in a manner that preserves the original intent of the parties to the extent reasonably possible. No action or failure by Company in good faith to act, pursuant to this Section 7.14, shall subject Company to any claim, liability, or expense, and Company shall not have any obligation to indemnify or otherwise protect Executive from the obligation to pay any taxes pursuant to Section 409A of the Code.

In addition, notwithstanding any provision to the contrary in this Agreement, if Executive is deemed on the date of Executive's "**separation from service**" (within the meaning of Treas. Reg. Section 1.409A-1(h)) to be a "**specified employee**" (within the meaning of Treas. Reg. Section 1.409A-1(i)), then with regard to any payment that is required to be delayed pursuant to Section 409A(a)(2)(B) of the Code (the "**Delayed Payments**"), such payment shall not be made prior to the earlier of (i) the expiration of the six (6) month period measured from the date of Executive's "separation from service" and (ii) the date of Executive's death. Any payments due under this Agreement other than the Delayed Payments shall be paid in accordance with the normal payment dates specified herein. In no case will the delay of any of the Delayed Payments by Company constitute a breach of Company's obligations under this Agreement. For the provision of payments and benefits under this Agreement upon termination of employment, reference to Executive's "termination of employment" (and corollary terms) with Company shall be construed to refer to Executive's "separation from service" from Company (as determined under Treas. Reg. Section 1.409A-1(h), as uniformly applied by Company) in tandem with Executive's termination of employment with Company.

In addition, to the extent that any reimbursement or in-kind benefit under this Agreement or under any other reimbursement or in-kind benefit plan or arrangement in which Executive participates during the term of Executive's employment under this Agreement or thereafter provides for a "deferral of compensation" within the meaning of Section 409A of the Code, (i) the amount eligible for reimbursement or in-kind benefit in one calendar year may not affect the amount eligible for reimbursement or in-kind benefit in any other calendar year (except that a plan providing medical or health benefits may impose a generally applicable limit on the amount that may be reimbursed or paid), (ii) the right to reimbursement or an in-kind benefit is not

subject to liquidation or exchange for another benefit, and (iii) subject to any shorter time periods provided herein, any such reimbursement of an expense or in-kind benefit must be made on or before the last day of the calendar year following the calendar year in which the expense was incurred.

If the sixty (60)-day period following a “separation from service” begins in one calendar year and ends in a second calendar year (a “ **Crossover 60-Day Period**”), then any severance payments that would otherwise occur during the portion of the Crossover 60-Day Period that falls within the first year will be delayed and paid in a lump sum during the portion of the Crossover 60-Day Period that falls within the second year.

7.15 Payment by Subsidiaries. Executive acknowledges and agrees that Company may satisfy its obligations to make payments to Executive under this Agreement by causing one or more of its subsidiaries to make such payments to Executive. Executive agrees that any such payment made by any such subsidiary shall fully satisfy and discharge Company’s obligation to make such payment to Executive hereunder (but only to the extent of such payment).

CERTIFICATION

I, Paul M. Black, certify that:

1. I have reviewed this annual report on Form 10-K of Allscripts Healthcare Solutions, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting;
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's Board of Directors (or persons performing the equivalent functions):
 - a. all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting, which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b. any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
