Form 10-Q for the Fiscal Quarter Ended March 31, 2016

Item 1A. Risk Factors, page 36

1. We note that GI Netsmart Holdings' ("GI") investment in Netsmart JV ("Netsmart") is in the form of Class A preferred units while the company's investment is in the form of Class A common units. We further note that you own approximately 49% of the outstanding equity interests in Netsmart, while GI and rollover equity holders own approximately 47% and 4%, respectively. Please tell us how the percentage ownership in the joint venture was determined. Also, tell us what each party contributed to form the joint venture including the value of any non-cash contributions and how such value was determined. Last, describe for us the purpose and design of Netsmart.

2. Please describe to us your consideration of the guidance in ASC 323-10-20 in determining whether the transaction represented the formation of a joint venture.
3. We note from your prior response that you believe you should consolidate Netsmart under either the variable interest or voting interest models. Please tell us how you considered ASC 810-10-15-14 in determining whether Netsmart has the characteristics of a variable interest entity.
4. Tell us how the CEO of Netsmart is appointed and describe any rights or influence you and/or GI have in that appointment. Also, tell us whether you or GI has any ability to have the CEO removed or replaced. Last, tell us how other management positions are filled or removed.
5. Please describe further the manner in which Netsmart's budget is prepared and tell us who is involved in such process. Tell us how detailed the budget is and how it impacts Netsmart's strategic operating decisions. Describe the frequency and manner in which actual to budget results are reviewed and the process involved when such amounts differ.
6. You have concluded that the budgeting process is the activity that most significantly impacts the economic performance of Netsmart. Please tell us what other activities were considered in your analysis. In this regard, please describe all other activities that significantly impact the economic performance of Netsmart such as product development expenditures, pricing, acquisition or divestitures, hiring and firing of key employees, debt incurrence, etc. For each of the activities identified, please tell us the extent to which you and/or GI has ability to direct such activities.
7. You state on page 36 that certain significant actions to be taken by Netsmart require the consent of both you and GI. Please tell us what significant actions would require consent from both parties and describe other pertinent rights that the other interest-holders have.
