Allscripts expects second quarter bookings to exceed \$200 million, demonstrating growth over prior quarters

Company expects 2Q 2013 backlog of approximately \$3.1 billion, a Company record

Second quarter 2013 financial results to be released on August 8

CHICAGO – July 10, 2013 – Allscripts (NASDAQ: MDRX) announced preliminary sales results for the second quarter of 2013. Allscripts expects bookings to exceed \$200 million for the three months ended June 30, 2013. This compares positively with bookings of approximately \$194 million for the second quarter of 2012 and approximately \$178 million for the first quarter of 2013, respectively.

In addition, the Company expects total contract backlog as of June 30, 2013 to approximate \$3.1 billion, or approximately 13 percent quarter-over-quarter growth, a Company record. Preliminary second quarter contract backlog includes the five-year extension for Managed IT Services with North Shore-LIJ Health System, as well as several other client extensions signed during the second quarter. The contract renewal at North Shore-LIJ Health System did not contribute to the bookings result for the second quarter.

“I am pleased to report tangible progress with several of our strategic initiatives,” said Paul Black, Allscripts President and Chief Executive Officer. “Our focus on client obligations is beginning to deliver results as we see improving confidence from both inside and outside the Allscripts client base. We are seeing a healthy mix of new agreements with existing clients as well as new client wins, growing our recurring revenue backlog as well as bookings. We look forward to discussing our progress in further detail on August 8th.”
